- One filter and one replacement cartridge are being provided per household initially. Each filter is good for approximately 100 gallons of water. The filter has an indicator on it that will turn from green to red when it needs to be replaced. The filters do have a two to five-year, non-replaceable battery that operates the indicator light.

- There is a detailed video posted on www.michigan.gov/flintwater that explains how to properly install a water filter cartridge.

**Resources for homebound individuals**

- Homebound individuals can contact 2-1-1 for assistance. Those contacts are being provided to volunteers who are responding to needs.
- The Plumbers and Pipefitters Union has agreed to provide free water filter installation to homebound residents needing assistance. This is being coordinated through 2-1-1.

**Pets**

- The same precautions in place for humans, should be followed for pets.
- There are a variety of diseases and issues that could mimic signs/symptoms of a lead-related issue, which is why it's critical to work with your veterinarian to properly diagnose your pet.
- If you have any concerns about your animal's health, you should work with a licensed veterinarian.

Michelle-

Looks like no power point is available but these are some key points he could put up on a projector/handout to his congregation.

*Will this work? Are you able to get back to the Pastor with this information?*

His contact info is not in the below email

Thanks

Here are external stakeholder talking points. We currently don't have a PowerPoint available.

--Ron

- It is essential that all Flint residents have the water in their homes tested as soon as possible. Free water testing kits are available at Fire Stations 1, 3, 5, 6, and 8. Water samples should be returned to the fire stations for testing.

- Water resource sites, where residents can pick up free bottled water, test kits, filter cartridges, and water testing kits are open daily from 9 a.m. to 9 p.m. and are located at:

  - Fire Station #1 located at 310 East 5th St. in Flint, MI 48502
  - Fire Station #3 located at 1525 Martin Luther King Ave. in Flint, MI 48503
  - Fire Station #5 located at 3402 Western Rd. in Flint, MI 48506
  - Fire Station #6 located at 716 West Pierson Rd. in Flint, MI 48505
  - Fire Station #8 located at 202 East Atherton Rd. in Flint, MI 48507

- Identification is not required to receive any of these resources.

- Water response teams consisting of volunteers are making deliveries to homes that need the most assistance; for example homes that do not have filters yet or residents that are homebound. The water response teams are handing out bottled water, water filters, replacement cartridges, and water testing kits.

- Volunteers are still needed to participate in water response teams going door-to-door handing out bottled water, filters, water testing kits, and replacement cartridges. Volunteers join teams of city, county, and state personnel and members of the American Red Cross.

- Persons wishing to volunteer or make financial donations can visit www.helpforflint.com for more information.

- For additional information and updates about the water emergency, go to www.michigan.gov/FlintWater.

- Flint residents, both English- or Spanish-speaking, can also call 2-1-1 to receive the latest updates and information about the Flint water emergency. United Way 2-1-1 is an information and referral service that is available 24 hours a day, seven days a week

**Filters**

- Until water is declared safe, residents are directed to continue to follow established safety protocols. These recommendations include that all homes obtain a water filter and use filtered water for drinking and cooking.

- Out of an abundance of caution, until we know the water from the tap is safe, vulnerable populations, including children under six and pregnant or nursing women, should drink bottled water.

- When used properly water filters remove 99 percent of lead in water. Residents are urged to use filtered water for drinking, food preparation, brushing teeth, and watering pets. Unfiltered water may be used for bathing and cleaning.

- One filter and one replacement cartridge are being provided per household initially. Each filter is good for approximately 100 gallons of water. The filter has an indicator on it that will turn from green to red when it needs to be replaced. The filters do have a two to five-year, non-replaceable battery that operates the indicator light.

- There is a detailed video posted on www.michigan.gov/flintwater that explains how to properly install a water filter cartridge.

**Resources for homebound individuals**

- Homebound individuals can contact 2-1-1 for assistance. Those contacts are being provided to volunteers who are responding to needs.

- The Plumbers and Pipefitters Union has agreed to provide free water filter installation to homebound residents needing assistance. This is being coordinated through 2-1-1.

## Pets

**Subject:** Re: Flint Water Crisis Partner Updated Activities

Ms. Michael,

We recently surveyed 120 of the over 900 Flint families being served by the TANF program by our agency. The survey showed:

PATH Clients Survey
Water Testing Data
66.6% water NOT tested = 80/120

This statistic is very disturbing to us. Based on discussion with our clients we believe the factors contributing to the low rate include:

- Lack of transportation (many of our clients use the bus)
- Concerns that the results will be valid (trust issues)
- Lack of education on Lead issues

Our 900 families visit our office from several times a week to once a month. We are willing to help facilitate pick-up of the test kits, instructions on use, and return of kits. To implement this, we would need access to the testing kits. Of course, we will document the families/addresses that the kits are distributed to. These families include pregnant women and parents with children, many under three. **We believe that a quality response in this emergency includes bringing services to where the families are already accessing services.**

I am working out of the office this week, so my phone contact number is 810-964-8878. I will respond to any emails concerning the Flint water response..

**Subject:** Re: Sentinel Sampling Translation

Hi Meegan -- I'm actually the person who asked for the source file. From what I understand, it's the document used with the graphics. It's easier for the translation company to make a clear document with graphics if they have the source file. If we don't have it, it should be fine as so far we've had a source document for some and not for others.

Re the final translations, yes I can ask that they all be PDF.

Best,
Karen

Hi Meegan -- I'm actually the person who asked for the source file. From what I understand, it's the document used with the graphics. It's easier for the translation company to make a clear document with graphics if they have the source file. If we don't have it, it should be fine as so far we've had a source document for some and not for others.

Re the final translations, yes I can ask that they all be PDF.

Best,
Karen

Also, Trevor has asked that ALL translation documents be sent in PDF form. Is that a problem?

I don't. I'm not sure who made that document.

Meegan, do you know who made this document?

Do we have the 'source file' for the attached document? ? It's better for the translation company if we have the source files for the graphics. (If we don't have it, they've been able to create most of our translations without it.)

Thanks,
Tony

**Cc:** "Burgess, Louis (MDE)" <burgessl@michigan.gov>
**Subject: RE: Bus Question for Kevin**

Jaime

I talked to Ken. Here is the answer that you can pass along to them:

If they want to do that (which is a unique situation), they need to:

1. Driver must have CDL tractor trailer license (a school bus driver license will not suffice)
2. Driver must keep a log book and adhere to regulations for distance and daily driving time
3. There can be no passengers on the bus, only water and the driver

He suggests looking at renting a U Haul or other truck to deliver the water as opposed to using a school bus. His concern is with the rare occurrence that an accident happen and trying to justify using the bus to transport water.

I would agree with Ken that we suggest they look at another option for getting the water to Flint. Ken's point of contact for the above information was Inspector Coplin with MSP.

Hope this helps

**Subject:** Bus Question for Kevin

Kevin,

Can you answer this for me?

Steve Sobay from Menominee Schools (906-290-0453) called someone here at the SEOC today – message was hand delivered to me. The school held a water-drive and would like to know if its legal to use the school buses to deliver the water to Flint. My guess is that the decision is based on contract they have with their transportation department. Since your unit oversees bussing concerns, I thought I would run that by you. Thoughts?

Thanks,

Jaime Malnar

Kevin and Marla, it appears that Jaime did not check her personal email. She sent an email from the SEOC address asking if there was closure.

Can someone call the numbers below and relay the message to Steve? And then close it out in MiCIMS. It may or may not be a task in MiCIMS.

**Subject:** Bus Question for Kevin

Kevin,

Can you answer this for me?

Steve Sobay from Menominee Schools (906-290-0453) called someone here at the SEOC today – message was hand delivered to me. The school held a water-drive and would like to know if its legal to use the school buses to deliver the water to Flint. My guess is that the decision is based on contract they have with their transportation department. Since your unit oversees bussing concerns, I thought I would run that by you. Thoughts?

Thanks,

Jaime Malnar

**Cc:** Fort, Ross (MDE); Burgess, Louis (MDE); Ruple, Karen (MDE)
**Subject:** Notes from Conference call with Tahira Rashid USEd regarding Flint

On the call: Tahira Rashid (USEd), Bill Witt, Shereen Tabrizi, Steve Best and Mike Radke (MDE)

Shereen provided a status update on Title III, Immigrant and related activities. Noted that translation seems to be an acute need. Districts are coordinating translation of materials with GISD. Requested flexibility in using supplemental grant funds to assist with translations.

Bill Witt Provided a status report on SIG and Mi Excel (state system of support for Priority and Focus schools). Noted that MDE may build in some possible extra points for the competitive SIG grants

favorable to districts like Flint area addressing a major issue. Similarly with the 4% School improvement set aside funding, supports and services. Requested flexibility from USEd to assist in this process.

Steve Best requested similar flexibility regrading other competitive grants such as Math/Science partnerships.

Mike Radke noted that Title I-A and II-A are formula grants. MDE is providing as much flexibility as we believe allowed in using these grants. Additional funds as well as flexibility in using the funds would be helpful.

Noted that there are major efforts by multiple local, state and federal agencies/organizations to coordinate supports to Flint area schools and communities. Given the limited funds and nearly unlimited needs, this coordination is being encouraged. GISD seems to be playing this coordination role for schools and is similarly coordinating with other agencies responsible for other aspects, issues and solutions.

Tahira, Indicated she would forward these requests to appropriate staff at USEd and follow up with Michigan.

Corrections to these notes?
Mike

Hey Louis,

I am trying to quantify some sections of the appeal and am hoping you can help me.

Can you provide me the number of schools and food programs are in the city of flint and how many have been contacted for this incident?

Thanks,

**To:** Baker, Zachary (MSP) <BakerZ@michigan.gov>; Burgess, Louis (MDE) <burgessl@michigan.gov>
**Subject:** RE: Request

Here is the data, per request (Those within Flint zip code, not necessarily within City of Flint limits):

SNP (School Nutrition Program): 58 school sites participating
CACFP (Child and Adult Care Food Program): 66 participating sites
FDCH (Family Day Care Homes): 120 participating sites

Louis: Do we have confirmation or listing of those that have been contacted? I recall an email from Marla going out, but do not recall scope of that email.

Hope this helps

Kevin

Hey Louis,

I am trying to quantify some sections of the appeal and am hoping you can help me.

Can you provide me the number of schools and food programs are in the city of flint and how many have been contacted for this incident?

Thanks,

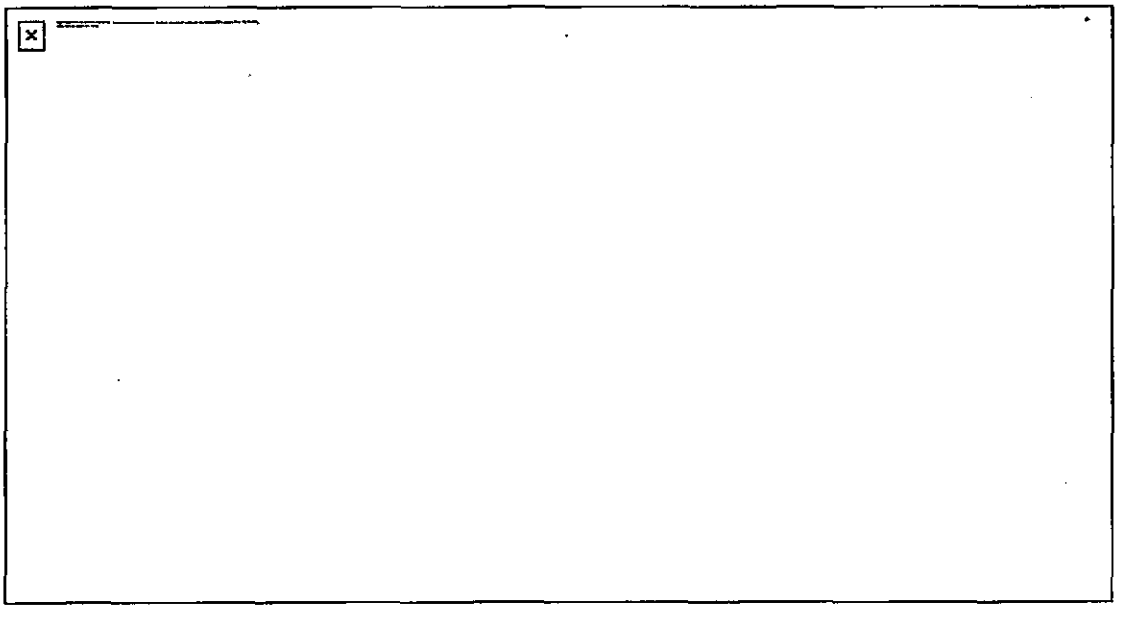
# VIDEO: How volunteers are helping Flint



Volunteers at the Food Bank of Eastern Michigan are working hard to collect donations in order to help the families of Flint. Last Thursday, Governor Snyder visited with the many dedicated volunteers and helped sort cans of food.

Good nutrition is critically important for Flint's children. Foods that are high in calcium, vitamin C, and iron can help limit the effects of lead exposure. To donate or volunteer at the Food Bank of Eastern Michigan, visit www.fbem.org.

**Click here to watch the video and learn more about how the Food Bank of Eastern Michigan is helping Flint's families.**

## LISTEN IN: Governor Snyder's tele-town hall with Flint residents

Governor Snyder hosted his third town hall with Flint residents on Thursday, Feb. 11, answering their questions directly. ***Click here to listen to the call.***

**Subject:** SEOC updates (please read)

Jaime and Aimee, I think that you are both here tomorrow. I will be in Clare. I will call you both to check on things. Some changes. You will hear lots about FOIA.

The SEOC answer is: 1100 emails; ~50 documents. I have them on the desktop. The SEOC email should get the request.

I need one of you to bring two folders (Janice can make if the afternoon person stops and asks her): SEOC Documents; SEOC notes. We have to keep all hand written notes. Keep folders on the desk top.

I have added a phone list; leave that on top. Janice can update if you find we need other numbers.

For the weekend: Marla will cover the 0930 calls and I will cover the 1600 calls.

Have fun.

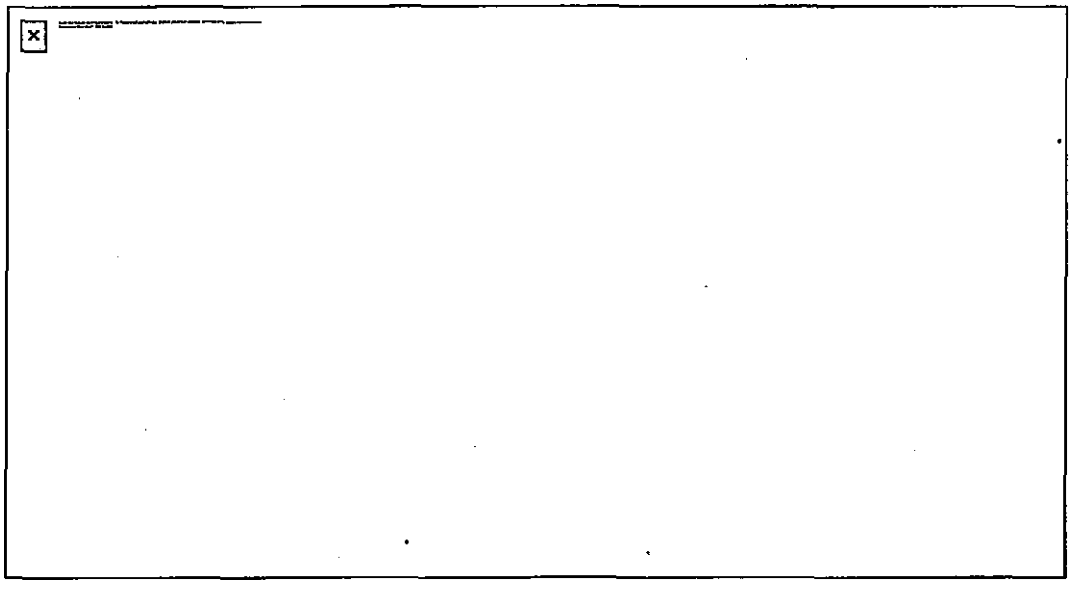
# VIDEO: What Governor Snyder's FY17 budget means for Michigan



Gov. Rick Snyder's FY 2017 budget calls for critical investments for the Flint water crisis, statewide infrastructure and the Detroit Public Schools. The governor's recommendation also addresses the skyrocketing costs of specialty medications that Michigan residents depend on for better health outcomes.

This budget also stays committed to the Governor's core statewide priorities of education, talent and economic development, health and human services, and public safety.

The proposed FY 2017 budget makes key investments to strengthen the state for all of

Michigan's families. **Click here to learn more about the top 6 takeaways from the Governor's FY 2017 state budget.**

**Click a tweet to tweet it out:**

The #MIBudget @OneToughNerd proposed yesterday makes key investments to strengthen Michigan for all families --> www.mi.gov/MIBudget

--> @OneToughNerd's #MIBudget includes $72 million a year for Detroit Public Schools. It is time to act now --> www.mi.gov/MIBudget

--> @onetoughnerd's significant investment in #Flint families is the right thing to do. #FlintFWD #MIBudget www.mi.gov/MIBudget

Louis

---

Dear Ms. Gerrish,

The State of Michigan is reaching out to the families of all children affected by the Flint water crisis. The state is coordinating nutritional information for families and wants to make sure that all families get the important information on the link between proper nutrition and lead poisoning. We have been informed that the Carman-Ainsworth

Community Schools ' Early Head Start program is serving 13 children that live in the City of Flint. We are requesting that you send the children's names and addresses. It is not necessary to include dates of birth.

If you have any questions about this request please contact Louis Burgess, Assistant Director, Office of School Support Services, Michigan Department of Education (517.335.3672; burgess@michigan.gov).

Marla Moss

**Subject:** Agency Events for the week of 2/8/16

**Importance:** High

Please send the Planning Group a bullet list of important events that your agency will be participating in this week by noon on Monday February 8, 2016. (i.e. Meeting with community agencies to identify future POD sites or meet with federal partners to outline long term recovery).

We will be compiling a list on Monday afternoon for the Governor's office.

Thanks!

Planning Group Chief, State Emergency Operations Center
Michigan State Police/Emergency Management and Homeland Security

**Subject:** Action: Potential Jobs Program

**Importance:** High

All:

We're working on a potential jobs program with MTED and the US Department of Labor to hire and/or train dislocated workers (laid off, etc.) to support humanitarian operations going forward. Is there any interest from your agency to fill roles with dislocated workers for the ongoing activities your agency is responsible for? At a minimum, we are looking at staffing needs for up to a year (potentially longer, depending on the situation). To be clear, this program is not hiring people for/from other agencies to defer the cost; it is to provide temporary jobs to support humanitarian operations.

If so, could you please provide a quick list of what those needs might be? If there are equipment needs (vehicle, supplies, etc.) to perform the job, include those as well. No need to expand on job description at this point. These are just potential ideas; nothing is set in stone.

We have already put together a list of needs to encompass 2 warehouses, 5 POD hubs, rapid response delivery teams, basic local EOC staffing, and a list of miscellaneous jobs (including translators, plumber apprenticeships, social/medical case worker training, etc.).

Please submit your potential interest to me by **2 pm Sunday, February 7.** If you have any questions, don't hesitate to ask.

Thanks,
Brianna Briggs

Subject: SEOC Briefing - 2/5/16 09:30

SEOC Update Briefing 2/5/16 @ 09:30

- Operations working on answering questions from the town meeting held recently
- No significant weather over the next 3 days
- DEQ & DHHS went out to high lead homes (17 of them). Health official was with them for guidance. This will continue today.
- MDARD event occurring right now to demonstrate what inspectors are looking for at food establishments. 3:00 meeting today to discuss coordination of testing schools.

- Human Services reminded everyone to check their requests/task assignments.
- MSP nothing to report
- Natl Guard has solved lighting issue in pod 5
- DTMB working on a response for service providers using the automated system to volunteer services
- MDOT bringing in portable light towers and replacing message boards with hard signs at 2 pods
- New warehouse is being prepped this morning should be open tomorrow to receive loose donations. Not yet made public.
- Working on bus vouchers for those that need transportation to be tested
- Monday there will be 2 auditors from the State office here to understand the process
- Capt K in Flint today
- Next call 16:00
- Sit reps due 17:00

**Subject:** New question:

Two weeks ago we were advised to avoid marked state cars in Flint area. Kyle is going to Flint tomorrow to the school for the deaf, and then a community panel.

Is there any concern over driving a marked state car? Next row up, to your left, there are MSP safety personnel. Usually a LT in uniform.

Any issue with a deputy Supe driving a state car to Flint?

**Subject:** *State cybersecurity is up to you*

You have likely seen the media reports regarding the threats being made through Twitter and YouTube to attack and take down Michigan.gov and other websites related to state government and the City of Flint. The State of Michigan team consisting of DTMB, MSP and the National Guard is working closely with our federal and private partners to identify any threats and mitigate any potential attempts to interrupt our services.

Effective cybersecurity is a complete team effort. It is imperative that every one of us, as state employees and general citizens, are following proper security protocols in order to stay safe. Recent data shows that 95 percent of cyber breaches are caused by human error such as emailing sensitive documents, clicking on phishing scams and inappropriately using flash drives.

You have learned about the ways that cyber criminals attempt to gain access through your Security Mentor training. Here are a few tips to serve as a reminder on how to protect you both personally and professionally.

- Choose strong passwords and change them often. A strong password uses a combination of letters, numbers, and symbols (when allowed) and does not include a person's name or other commonly known information such as their children's or pet's names.
- Do not use the same password for multiple accounts.
- Be aware of possible phishing attacks. If you receive an email claiming to be from an email provider, bank, or other frequented website that asks you to change your account password or update account information, make sure the email is legitimate. To be safe, go directly to websites to change your password, and type the link yourself rather than clicking on links embedded in emails.
- Be on the lookout for other people accessing your personal accounts. Monitor email and social media accounts for suspicious messages or messages appearing from you, but that you did not send. Monitor bank and credit card accounts for unauthorized charges.
- Be observant in state office buildings for anything unusual. Do not let in anyone without a valid state ID. If you see any unusual behavior contact central control at 517-373-0196.

As always, if you receive an email or a phone call that seems unusual, please report it to 517-335-1722 or abuse@michigan.gov.

## MSP-EOC-MDEDUCTN

**From:** Burgess, Louis (MDE)
**Sent:** Friday, January 15, 2016 1:45 PM
**To:** Howell, Thomas (CEPI); Anderson, Trina (CEPI)
**Subject:** RE: has anyone determined number of children 0-12 in Flint?

Tom and Trina, I do not think that there is a coordination of data asks. We have had a daily presence at the state emergency operations center, and I have responded to all requests for information or tasks that come from that.

Independently, each department is pursuing related tasks. DEQ is the lead on water testing. They were getting lists of places from LARA. I sent them a list of all schools with a Flint, Mt. Morris, or Burton address. I used the EEM to pull. Mike Zimmer was calling his SEOC rep and asking for info. I sent him what we had already provided. Then today, Nick Lyons office has reached out to Wendy Larvick for school buildings in Flint. Wendy got Brian Ciloski to pull schools and PSAs from EEM (but no non-publics).

This request for a break down on students and staff in buildings come from the Commander of the Incident. So we are responding by asking you the best way to get the info. Once we get the info we announce to everyone in the SEOC and we post on the Command Info System. We are working to de-conflict the requests, but when asked we go get.

I thought to ask you as the quickest way through this. I was also going to ask Dave Judd, because I think they just did a pull for data showing building level details. We have staff in the SEOC that can pull the data, but they don't know what to do. I am thinking there is an easy way to pull.

Because of the importance of responding in a timely manner, I was looking for the quickest way through to the solution.

Louis

**Subject:** RE: has anyone determined number of children 0-12 in Flint?

...and we have provided lists of facilities that were used to calculate costs associated with water testing to SBO. Are we sure we are coordinated on data asks? Why doesn't MDE have anyone who can do its own data analysis??? There are MANY users at MDE of the CEPI data sets.

That said, we will help, but geez...

Louis –
Is the ask for the number of children age 0-12 in any buildings in Flint/Mt. Morris/burton, or is it for total headcounts and total staff counts?

**Subject:** Fwd: has anyone determined number of children 0-12 in Flint?

Tom, who is best person at CEPI that can help us get the pupil count of buildings in Flint?

THe real question is for those that are on Flint water, but we should provide a count for any building in Flint, Mt. Morris, and Burton addresses.

Do you have any info on staff by building? REP?

**To:** Larvick, Wendy (MDE)
**Subject:** Re: Flint publics and PSAs with elem students

We have been working to make sure that they don't just worry about the Flint Public Schools. SO this is good. It just points out that what we do in the SEOC does not always get back up to the director. FOr instance, I keep Kyle and Marty informed. I do not know what gets to Brian. Probably same with Nick Lyon.

THis effort may seem redundant, but I think that is OK because we have to ensure that we are addressing every single school.

Thanks for sending to me.

Louis

Wendy, I send this spreadsheet to the SEOC. I told our rep to make sure that the DHHS SEOC reps know that this was passed to Nick's office. Richard Thelen, EMC for the DHS part of DHHS, is our branch chief for the Flint Water crises. Jennifer Terrill is from the DCH part of DHHS, and is branch chief for a different branch. (THe SEOC is organized into functional branches to streamline daily reporting.). We report through Richard THelen.

I had posted three different EEM derived spreadsheets for the SEOC: schools; PSAs, and non-publics.

I want to make sure our SEOC team and the other people working there know about this. We will get it posted into the reporting system.

Number of FDCH providers across the state is about 5000. We have about 1000 day care centers across the state.

The original spreadsheet listed about 20 or so day care centers in the City of Flint.

I believe there are about 70 day care home providers in the day care homes in Flint. I do not have Mid Mich spreadsheet yet – just ACD.

Hope this helps.

**MSP-EOC-MDEDUCTN**

**From:** State of Michigan <MISOM@govsubscriptions.michigan.gov>
**Sent:** Thursday, January 14, 2016 5:29 PM
**To:** MSP-EOC-MDEDUCTN
**Subject:** Volunteer Opportunity in Flint

The State Emergency Operations Center (SEOC) is coordinating a response to the ongoing health and safety issues in the city of Flint's drinking water. Teams from the Michigan State Police, Genesee County Sheriff's Department, Michigan Department of Health and Human Services, and volunteer organizations have been delivering bottled water, water filters, replacement cartridges and water testing kits at homes in the city of Flint since Tuesday.

To help with this critical work, the SEOC is looking for volunteers to expand this effort and continue this distribution during the upcoming holiday weekend. Teams are being assembled for shifts on Saturday, January 16; Sunday, January 17; and Monday, January 18, 2016. If you are interested in volunteering your time for this critical work, please complete the information in one of the attached surveys (depending on which day you are volunteering).

To volunteer on Saturday, January 16, https://www.surveymonkey.com/r/28NVJBL

To volunteer on Sunday, January 17, https://www.surveymonkey.com/r/26NMJKK

To volunteer on Monday, January 18, https://www.surveymonkey.com/r/26P7P5G

Volunteers will begin their assignment at the Local Emergency Operations Center located in the Genesee County Administration Building located at 1101 Beach St, Flint at 9 a.m. and end by 4 p.m. Parking is available at the corner of Beach Street and 8th Street. Lunch will be provided. This is strictly a volunteer effort, as all three days will be unpaid. Volunteers are responsible for their own transportation; mileage reimbursement for personal vehicles is not authorized. Volunteers should dress for working outdoors and wear foot attire appropriate for walking.

This opportunity is for state employees and their immediate family members 16 years of age or older only, others looking to assist should volunteer through the American Red Cross in Flint. The volunteer coordination center for the Red Cross is located at 1401 S. Grand Traverse, Flint, MI. They are open from 9 a.m. to 7 p.m.

For more information on the state's response efforts, visit www.michigan.gov/flintwater.

**Subject:** RE: Flint Water Crisis: Go Fund Me idea

Patty and Liz, I forwarded Liz's idea to our representative (Aimee Alaniz) in the Emergency Operations Center. She spoke with the Branch Chief for Human Operations and the Logistic Branch Chief. In addition she provided some insight from CPT Kelenske, the state's Incident Commander.

The State is working to counter the adverse media attention and the negative perception of the state. They are working to show that the state is working in conjunction with county officials and local volunteers in a big state effort. If anyone wants to donate to the Flint Water cause you can call 211 (statewide, not just in Flint) or give to the United Way of Genesee County. A third option is to donate to the American Red Cross and specify that you are donating for the Flint water crises. The governor may send out a message to state workers, this has not been confirmed. Many folks are actively working on this project including the Governor's office.

At this time it would not be good idea to go forward with the Go Fund Me project.

I have spoken with Liz on this.

Hi Patty,

I am not sure who the appropriate person is to ask so I am starting with you. Jesse and I have been thinking of a way to do something for the Flint Community but weren't really sure what we felt was a good idea. Then when I saw Kyle's message that cautioned about driving SOM vehicles or wearing SOM clothing my heart just broke to think that there is resentment in the community towards State workers. Since Jesse and I both work for the State, we think it would be a good idea to set-up a Go Fund Me Page for SOM workers. If every SOM employee made a donation we could raise a good chunk of money and it could be given to the relief efforts from SOM employees. Maybe this would not only help the community, but also show that SOM employees are just people too and that we do care about the Flint Community.

In order to do this though we would need to be able to send the link to the page to all SOM employees, which is where Jesse and I are unsure on what the proper protocol would be? I wanted to speak with you first to not only ask your opinion, but also to ask who I should contact to really get the ball rolling? Or is this something SOM employees are not permitted to do?

Aimee, this is a request from some MDE employees to start a Go Fund Me page. I have no idea who we should ask about this initiative. My gut says that perhaps the JIC rep. I am sure they do not want independent initiatives from state workers.

Can you ask around. I will call you in a few minutes.

**Sent:** Monday, January 11, 2016 12:07 PM
**To:** MDE-All Staff <MDE-AllStaff@michigan.gov>
**Subject:** Flint water crises

Colleagues,

As you know, the Governor has declared a state of emergency for Genesee County due to the ongoing health and safety issues caused by lead in the City of Flint's drinking water. The State has established an incident command operations center at the State Emergency Operations Center (SEOC). Louis Burgess, our Emergency Management Coordinator, and other staff have been representing MDE at the SEOC. This is currently operating seven days a week. MDE leadership is being kept up to date of the State's on-going efforts in Flint. A Joint Information Center (JIC) has been established. All messages regarding Flint and water safety issues are to be coordinated through the JIC.

Any MDE staff conducting business in the Flint area should be aware that there is some resentment towards the State concerning the handling of the water crises. Staff should not travel in State-owned cars through Flint neighborhoods. Any MDE logo clothing should be avoided. (This is more an issue for uniformed staff of other state agencies.)

State officials from the Department of Environmental Quality have been working with schools, child care centers, and other institutions to ensure that they are taking proper safety precautions related to water. The State is actively coordinating water filter distribution, water quality testing, blood level testing, and distribution of bottled water with local county emergency managers. MDE staff in the Office of School Support Services have also been working with child nutrition program providers since last October. OSSS staff continues to reach out to Flint-area MDE-approved child nutrition program providers (both school meals and Child and Adult Care food programs) to ensure they are aware of available resources regarding water quality.

The State is maintaining an up-to-date website on the Flint water crises at http://Michigan.gov/Flintwater. The "Taking Action of Flint Water" link on the MDE Homepage (left side) will take you to the same webpage.

If you have any communication going out to the field that is related to the Flint water crises, you should coordinate your message with Marty Ackley. Marty will coordinate with the JIC to ensure that we have a consistent, accurate message.

If you have any questions on the Flint water crises, feel free to contact me or Louis. If you are interested in this issue, be aware that Dr. Eden Wells will be making a presentation on the Flint water crises tomorrow at the State Board meeting (Tuesday, January 12). Dr. Wells is the Chief Medical Executive of the Michigan Department of Health and Human Services (MDHHS).

**Subject:** Re: SEOC update

There is an increased emphasis on the situation. These other state agencies have oversight responsibility. I think we send the emails for a couple reasons:

-add a question about help. Are they getting enough info and help. We can use the emails as a redundant source of info/help.

-gives our child nutrition contacts a means to ask questions.

-the link to the handout is good info.

On Jan 7, 2016, at 1:46 PM, Moss, Marla (MDE) <MossM1@michigan.gov> wrote:

> I just talked with Colleen Nelson from LARA – she works with Licensed day care centers. I called to inquire if they worked with the licensed centers. She said that LARA sent out notices to all licensed centers that water filters were available at no charge to them. DHHS sent LARA a list of the centers who picked them up. LARA called the ones that didn't and reminded them. So, I'm beginning to think that maybe our emails might not need to be sent. It sounds like DHHS and LARA have worked with centers in that area. And, then below, it sounds like DEQ has been working with other schools besides Flint. Thoughts?

**Subject:** SEOC update

Kyle, I spoke with DEQ. They are working with ALL schools and institutions in the Flint area. They have a list provided by LARA that includes all schools. I will be able to review the list.

DEQ is actively reaching out to these folks to help get them tested as necessary. I think the letter to Genesee ISD should tell them that DEQ is reaching out on this issue. We can say we are available to help them if necessary. But this is being actively worked at the county level.

City of Flint Schools requested that 13 buildings get tested. Aoo of the 13 have been tested. They recently asked for two more buildings to be tested. I will see if I can get a list.

Louis

**Subject: RE: draft objectives for next week**

Thanks your revision is better.

The MDARD-DHHS nutrition message Kathy and I decided on yesterday is:

- Eat foods high in iron, calcium and vitamin C.
  - Good sources of iron include:
    - Lean red meats, fish, and chicken
    - Cereals with added iron
    - Dried fruits (raisins, prunes)
  - Good sources of calcium include:
    - Milk
    - Yogurt
    - Cheese
    - Green leafy vegetables (spinach, kale, collard greens)
  - Good sources of vitamin C include:
    - Oranges, orange juice
    - Grapefruit, grapefruit juice
    - Tomatoes, tomato juice
    - Green peppers

Would you want to add to your objective "Maximize participation in existing Child Nutrition Programs and emphasize foods high in iron, calcium, and vitamin C (MDE)"

If you have someone more closely involved with the food program we could include them for ideas how to do this. I really don't think it needs to be a lot of work, like labeling the food items on the trayline with "high in iron!" "high in calcium!" "high in vitamin C!"

What do you think?

Kay.

**Subject:** Re: SEOC update

There is an increased emphasis on the situation. These other state agencies have oversight responsibility. I think we send the emails for a couple reasons:

-add a question about help. Are they getting enough info and help. We can use the emails as a redundant source of info/help.

-gives our child nutrition contacts a means to ask questions.

-the link to the handout is good info.

Kyle, I spoke with DEQ. They are working with ALL schools and institutions in the Flint area. They have a list provided by LARA that includes all schools. I will be able to review the list.

DEQ is actively reaching out to these folks to help get them tested as necessary. I think the letter to Genesee ISD should tell them that DEQ is reaching out on this issue. We can say we are available to help them if necessary. But this is being actively worked at the county level.

City of Flint Schools requested that 13 buildings get tested. Aoo of the 13 have been tested. They recently asked for two more buildings to be tested. I will see if I can get a list.

I think that make sense...I will turn it over to you after I talk about Dr. Wells' presentation. I think we should send something out...Susan Broman was a little worked up yesterday b/c they had a meeting with other early childhood folks and Dr. Wells, and felt like they were not in the loop? Anyway, don't be surprised if she or her team asks questions, and if you could discuss the work on ensuring daycare centers are covered, that'd be great.

I can send the e-mail...let's try to send out on Monday after LT when Directors have heard the update. Do you think we'll have to get it approved through the JIC?

**Subject:** proposed message for KG to send to MDE ALL on Flint water crises

Colleagues,

As you know the Governor has declared a state of emergency for Genesee County due to the ongoing health and safety issues caused by lead in the city of Flint's drinking water. The state has established an incident command at the State Emergency Operations Center (SEOC). Louis Burgess, our Emergency Management Coordinator, has been representing MDE at the SEOC. He is keeping the MDE leadership team informed of the State's on-going efforts in Flint. A Joint Information Center (JIC) has been established. All messages regarding Flint and water safety issues are to be coordinated through the JIC.

State officials from the Department of Environmental Quality and the Department of Licensing and Regulatory Affairs have been working with schools, child care centers, and other institutions to ensure that they are taking proper safety precautions related to water. MDE staff in the Office of School Support Services have also been working with child nutrition program providers since last October. OSSS staff continues to reach out to Flint-area MDE approved child nutrition program providers (both school meals and Child and Adult Care food programs) to ensure they are aware of available resources regarding water quality.

If you have any communication to the field that is related to the Flint water crises you should coordinate your message with Marty Ackley. Marty will coordinate with the JIC to ensure that we have a consistent, accurate message.

If you have any questions on the Flint water crises feel free to contact me or Louis. If you are interested in this issue, please be aware that Dr. Eden Well will be making a presentation on the Flint water crises at the next State Board meeting (Tuesday, January 12). Dr. Wells is the Chief Medical Executive of the Michigan Department of Health and Human Services (MDHHS).

**Subject:** Re: SEOC update

There is an increased emphasis on the situation. These other state agencies have oversight responsibility. I think we send the emails for a couple reasons:

-add a question about help. Are they getting enough info and help. We can use the emails as a redundant source of info/help.

-gives our child nutrition contacts a means to ask questions.

-the link to the handout is good info.

**Subject:** SEOC update

Kyle, I spoke with DEQ. They are working with ALL schools and institutions in the Flint area. They have a list provided by LARA that includes all schools. I will be able to review the list.

DEQ is actively reaching out to these folks to help get them tested as necessary. I think the letter to Genesee ISD should tell them that DEQ is reaching out on this issue. We can say we are available to help them if necessary. But this is being actively worked at the county level.

City of Flint Schools requested that 13 buildings get tested. Aoo of the 13 have been tested. They recently asked for two more buildings to be tested. I will see if I can get a list.

**Subject:** RE: *draft objectives for next week*

Tom,

Generally, we are OK with the objectives.

Number 12 needs to be refined:

12. Develop a plan for nutrition education and availability.

MDE is responsible for child nutrition programs, but not public nutrition which is under DHHS. I think you need some more specificity here. *I believe the intent is to address public nutrition concerns and education, not what we are doing* in schools and child care institutions.

*Louis*

**Subject:** Potential Assistance Programs
**Attachments:** non_stafford_act_recovery_guide.pdf

State Emergency Management Coordinator:

As discussed in this morning's briefing, your agency has been identified to research potential assistance programs (private, state, federal, etc.) that may be available to address the short- and long-term recovery needs in response to the Flint water incident. Earl Zuelke, FEMA Long-Term Recovery, has made contact with some federal agencies to assist with this research. Feel free to touch base with him in the SEOC.

Attached is a copy of the Non-Stafford Act Recovery Guide. Appendix 2 (pg. 24-26) provides a list of some potential federal programs. This list is **not** all-encompassing; however, it will provide a starting point if any of these programs may apply to the response and recovery for this incident.

Provide the following information, *at a minimum*, on potential assistance programs for individuals and/or government support in response to this incident:

- Program Name
- Agency Responsible for program
- Point of Contact
- Type of Support (Individual or Government)
- Eligibility Guidelines
- Benefits Available
- Application Process

This information shall be submitted to Brianna Briggs, the Recovery Branch Chief, at briggsb3@michigan.gov by **COB Friday, January 15.**

Let Brianna (cell phone below) know if you have any questions on this request.

Thank you,

Brianna Briggs
Recovery Branch Director

Kyle, I spoke with DEQ. They are working with ALL schools and institutions in the Flint area. They have a list provided by LARA that includes all schools. I will be able to review the list.

DEQ is actively reaching out to these folks to help get them tested as necessary. I think the letter to Genesee ISD should tell them that DEQ is reaching out on this issue. We can say we are available to help them if necessary. But this is being actively worked at the county level.

City of Flint Schools requested that 13 buildings get tested. Aoo of the 13 have been tested. They recently asked for two more buildings to be tested. I will see if I can get a list.

**Subject:** Re: SEOC update

There is an increased emphasis on the situation. These other state agencies have oversight responsibility. I think we send the emails for a couple reasons:

-add a question about help. Are they getting enough info and help. We can use the emails as a redundant source of info/help.

-gives our child nutrition contacts a means to ask questions.

-the link to the handout is good info.

**Subject:** Flint Water Crises update

Kyle and Marla,

Here are my notes from today's briefing. I will likely be here all day. Next briefing at 2:45 p.m.

1. Nine public affairs officers were in attendance at the session. They were in the main briefing, and then had a separate breakout. The PAO's were invited. We were not invited. I have sent Marty the contact info for the primary PIO for the Flint Water issue (Ron Leix, MSP PIO). No department is to release anything without coordinating with the MSP PIO. The Joint Information Center (JIC) has been established.

2. CPT Chris Kalenske: Opening comments. The Governors direction is: "The state is moving forward to fix this." The purpose of today is to create an operational awareness and get all the same information out to state, city, county officials and agencies. An incident command structure is being created to identify all the players, create a specific incident action plan with specific tasks, and promote the long term recovery. "There is no trust in state government" in Flint and other areas on this issue.

3. Dr. Eden Wells. She spoke quickly. I will summarize her comments and try and get her hard copy report. The state has a website with up to date information: Michigan.gov/flintwater.

a. Lead is a neurotoxin; the oldest known neuro-toxin and affects everything in the body
b. Developing brains of children are affected (board member Lisa Pugh did her dissertation on this.); children with poor nutrition are especially affected
c. There are known short and long term effects (ulcers, comas, seizures, death); developmental impact on the brain; decreased coordination, developmental delays; lower IQs; behavior disorders
d. Initially levels above 10 mgs per deciliter (I may not have this measurements exact)was a concern; now they are using 5 as the factor to show concern. Measurements greater than 5 is a call for action; greater than 45 is considered critical.
e. "There is no safe level of lead."
f. Lead prevention programs are underway; called CLIP: Child Lead Protection Program. Screens all children between ages of 1 and 2. Medicaid will pay for tests for children as old as 6.
    i. Initially tests are a finder prick (drop of blood)
    ii. Confirmation tests may include a blood draw; painful; but is used to confirm levels in children
g. Lead exists in the environment: gas, paint, pipes in older cities; dates back to 1967 when standards were put in place. Older urban areas will continue to have this concern. The soil has levels of lead.
h. Levels of lead in children always spike in July, August, and September when more children play outside and are exposed to lead.
i. Longitudinal testing showed that Genesee County areas had decreasing levels of lead reported until 3Q of 2014. The initial increase coincided with the usual summer increase in measurements. It was not statistically significant, so they missed the first indicators.
j. These two zip codes have been most affected: 48503 and 48504. Considered to be high risk areas; areas are older urban areas with older homes, which have older fixtures.
k. Enhanced testing is now being conducted in this area.
l. State goal is to remove sources as treatment.
m. Filters: filters are being provided to anyone that asks for them. (Initially they tried to restrict to specific areas.) Program in place to replace filters and any device used to filter the water. They have had to provide lots of training on proper use of filters, recycling, and how to get new devices. Filters were provided starting 10/1/2015. 11,415 filters provided; 235 pitchers; 1,500 replacmeent filters
n. Initial goal was one filter per household
o. Actual numbers of person treated or in serious difficulty is small. Only 2 people treated with direct exposure to bad tap water.
p. 181 children aged 0-5 identified for tests; 109 provided case management through DHHS. 24 children being monitored.
q. Emphasis on health education

4. DEQ briefer: George Krisnian (guess on his last name.); Genesee Coordinator

    a. Briefed the sequence of events that lead to crises
    b. Prior to 1967 source of water was Flint River
    c. Switch to Detroit provider in 1967: Detroit Water and Sewerage Department (DWSD); Flint River was always the back up and was tested annually; tests showed no concern.
    d. In April 2013 Flint notified DWSD that would switch water source on 4/17/2014
    e. Testing of new water sourcesshowed some concerns; the water qualify worsened over time
    f. Testing at Flint Community Schools resulted in banning of drinking fountains as water source.
    g. Water filters provided for free
    h. On-going resident lead testing programs

5. SEOC questions:
    a. Are there other concerns besides lead? Copper is a concern. Filter program should address all known contaminants.

b. They have to identify and remove older water fixtures; the water may in fact be potable coming from the source, but it becomes contaminated as it goes through the system. From draw from the river to exit out a fixture, it can take seven days, during which the water absorbs lead from piles and fixtures.
c. Lead will be an issue for all older urban locations with aging pipe infrastructure.

**Subject: RE: Specific citation on serving water**

It is part of the Healthy Hunger Free Kids Act of 2010 - schools are now required to have potable water during meal service in the serving area. Started in School Year 2011. See attached waiver from MWRO.

If you have time, call me regarding the pupil transportation issue with Dearborn.

Marla, can I get the specific USDA requirement on serving water that is being waived?

I will send other RFIs if anything else comes up.

**Execution:**

**Key Locations**

| Team | Assembly Area | Hours of Operation |
|---|---|---|
| OGCS/MSP | LEOC<br>Genesee County Administration Building | 0830-1600 |

| | | |
|---|---|---|
| | 1101 Beach St, Flint | |
| ARC | ARC<br>*1401 S Grand Traverse St, Flint* | 0730-1600 |
| Warehouse | 4315 North Clio Road, Flint | 0700-1900 |

**Critical Task:** Assemble, coordinate, and monitor WRTs

***OGCS/MSP Process:***

1. Assign team leaders, team members, and routes to teams
2. Team Member check in
3. Conduct pre-deployment briefing to include team mission assignments, concept of operations, deployment locations, replenishment process, reporting process, and safety briefings (refer to OGCS_MSP WRT Volunteer Assembly Information V2.0_011816 for detailed information on volunteer processing at LEOC)
5. Provide training to new team members
6. Issue vest and badge to team members
7. Execute morning distribution assignment
8. Lunch served between 1230-1330
9. WRT OIC and Team Leaders midday brief
10. Execute afternoon distribution assignment
11. Conduct post-deployment debrief with team leaders and members
12. Collect vest and badge from team members

**Sample Script for Team Members:**

*We're here to make sure you have all the resources you need. We have bottled water, a faucet and replacement filter, and a water test kit. Your water sample will assist in monitoring the lead and copper in the water system. Make sure to submit the water sample. The instructions are included here with the bottle, but make sure to submit within 14 days. If you need assistance or have other questions, you can call 211.*

**Execution Support:**

**Product Replenishment Process:**

| Team | Replenishment Trigger | Replenishment Location | Process |
|---|---|---|---|
| GCSO/MSP | 0 Distribution Kits Remaining | Distribution Route: exact location determined by Team Leader | 1. Contact warehouse to request replenishment truck<br>2. Coordinate replenishment location with warehouse<br>3. Exchange replenishment truck with empty truck |
| ARC | 0 Distribution Kits Remaining | Clio Warehouse | Replenish ERV at warehouse |

**Warehouse**

**Tactics:**

1. Load a minimum of 2 trucks in preparation for replenishment requests with product loads corresponding to Team Typing Matrix

**Lunch**

OGCS/MSP WRTs lunches will be provided by the ARC and coordinated by LEOC Logistics.

**Reporting:**

**Tactics:**

1. All WRTs will utilize iPads as the primary reporting method and the WRT Distribution Tracking Tool as a secondary method if iPads fail.

6. Declaration Request For: ☐ Major Disaster (Stafford Act Sec. 401) ☒ Emergency (Stafford Act Sec. 501(a))

7. Incident Period: Beginning Date _____ End Date _____ or ☒ Continuing

*If requesting a "continuing" incident period, enclose an official statement from a qualified Federal Government agency acknowledged as a national authority in a specific incident field (e.g., United States Geological Survey for seismic incidents, the National Weather Service for flooding).*

7b. Type of Incident (Check all that apply)

☐ Drought ☐ Earthquake ☐ Explosion ☐ Fire ☐ Flood ☐ Hurricane ☐ Landslide ☐ Mudslide

☐ Severe Storm (rain, high water, wind-driven rain, hail, lightning) ☐ Snowstorm (Must include Enclosure D: Historic and Current Snowfall Data) ☐ Straight-Line Winds

☐ Tidal Wave ☐ Tornado ☐ Tropical Depression ☐ Tropical Storm ☐ Tsunami ☐ Volcanic Eruption ☐ Winter Storm

☒ Other (please specify) Public Health

8. Description of damages (Short description of impacts of disaster on affected area and population). Include additional details in enclosed Governor's or Tribal Chief Executive's cover letter.

In early May 2014, the City of Flint switched from the Detroit Water and Sewerage Department (DWSD) to water from its own water treatment plant drawn from the Flint River as its primary water source. The different characteristics of the water resulted in leaching of lead from lead pipes in the city's water infrastructure into the water supply. Increased exposure to lead can cause immediate negative health effects. However, the main health concerns are long-term effects in children such as developmental and cognitive delays, and behavioral disorders. Increased water lead levels and elevated blood lead levels in young children were observed in the City of Flint and confirmed by the State Chief Medical Officer. Based on the 2010 U.S. census data, the population of the City of Flint is 99,002. Census data puts the percentage of the total population under the age of 5 at 8% or approximately 8,200. Children in under 6 are high-risk stage of growth for lead exposure. Approximately 2,182 residents have been tested for lead blood levels as a result of this incident with 43 exhibiting EBL. The 2010 census data identifies 40,017 households and 51,321 housing units within the City of Flint. All of these households obtain their potable water from the city.

9. Description of the nature and amount of State and local or Indian tribal government resources which have been or will be committed. Include additional details in enclosed Governor's or Tribal Chief Executive's cover letter.

All appropriate local, regional and state resources were used to their maximum in responding to and recovering from this public health emergency. This included equipment, personnel, materials and supplies, facilities, technical expertise (including emergency contracting, as appropriate), and financial resources. When local and regional resources (including partner voluntary relief organizations and other community-based organizations) were not sufficient to address incident conditions, or very specialized resources were required to perform specialized response and/or recovery functions, State of Michigan resources were activated to address capability shortfalls. State agencies actively involved in the response and recovery activities in the SEOC and/or field include the Michigan Departments of State Police, Agriculture and Rural Development, Attorney General, Civil Rights, Corrections, Education, Environmental Quality, Health and Human Services, Insurance and Financial Services, Licensing and Regulatory Affairs, Military and Veterans Affairs, Natural Resources, and Talent and Economic Development. Details are in the cover letter.

10. Joint Preliminary Damage Assessment*

☐ Individual Assistance Dates Performed **Requested** _____ **Start** _____ **End** _____

Individual Assistance Accessibility Problems (Areas that could not be accessed, and why)
N/A

☐ Public Assistance Dates Performed **Requested** _____ **Start** _____ **End** _____

Public Assistance Accessibility Problems (Areas that could not be accessed, and why)
N/A

11. Programs and Areas Requested

Individual Assistance ☐ N/A ☒ Individuals and Households Program ☐ Crisis Counseling Program ☐ Disaster Unemployment Assistance

☐ All ☐ Disaster Case Management ☐ Disaster Legal Services

For the following jurisdictions, specify programs and areas (counties, parishes, independent cities; for Indian tribal government, list tribe(s) and/or tribal area(s)) If additional space is needed, please enclose additional documentation).

Townships of Mt. Morris, Flint and Genesee; Cities of Flint and Burton; County of Genesee
We request all available programs. The Individual and Households Program will be needed to assist residents/water service customers with an estimated $53,000,000 to repair damaged lead service lines on private property.

For States, identify Federally-recognized Tribes in the requested counties (if applicable).
N/A

Please see **Enclosure A: Supplemental Information for Individual Assistance** for additional information in support of this request*.

**Not Required for Emergency Declaration Request*

11. Programs and Areas Requested (Continued)

Public Assistance ☐ N/A ☐ Debris Removal (Category A) ☒ Emergency Protective Measures (Category B) ☐ Permanent Work (Categories C-G)* (not available for Emergency Declaration Requests)

For the following jurisdictions, specify programs and areas (counties, parishes, independent cities; for Indian tribal government, list tribe(s) and/or tribal area(s)). If additional space is needed or your request includes different categories of work for different jurisdictions; please enclose additional documentation.

Townships of Mt. Morris, Flint and Genesee; Cities of Flint and Burton; County of Genesee
We request all available programs. Emergency Protective Measures have been and will continue to be implemented with estimated costs in the range of $41,000,000.

For States, identify Federally-recognized Tribes included in the requested counties (if applicable).

N/A

Please see **Enclosure B: Supplemental Information for Public Assistance** for additional information in support of this request*.

**Indemnification for Debris Removal Activity**

☒ I do not anticipate the need for debris removal.

☐ I anticipate the need for debris removal, which poses an immediate threat to lives, public health and safety. Pursuant to Sections 403 and 407 of the Stafford Act, 42 U.S.C. §§ 5170b & 5173, the State or Indian tribal government agrees to indemnify and hold harmless the United States of America for any claims arising from the removal of debris or wreckage for this disaster. The State or Indian tribal government agrees that debris removal from public and private property will not occur until the landowner signs an unconditional authorization for the removal of debris.

**Request for Direct Federal Assistance**

☐ I do not request direct Federal assistance at this time.

☒ I request direct Federal assistance for work and services to save lives and protect property, and:

a. I request the following type(s) of assistance:

Emergency work and protective measures to save lives, protect public health and safety and to protect property, for state and local governments; including but not limited to the provision of food, water and other consumable commodities. Assistance from CDC, EPA, HHS, HUD, SBA and any other agencies with responsibilities related to health, nutrition, and water infrastructure.

b. List of reasons why State and local or Indian tribal government cannot perform, or contract for, required work and services.

State and local resources can not meet the demand for filters, cartridges, water, and water testing at each residence; or the physical and mental health or nutrition needs of the affected population of 40,509 households with approximately 99,002 residents. The city is not able to repair its water system and the state has responded, but the response needs far exceed the state's capability, in addition to continuing response to other disasters, including the 2014 flooding in metro Detroit.

c. In accordance with 44 C.F.R. § 206.208, the State or Indian tribal government agrees that it will, with respect to direct Federal assistance: (1) Provide without cost to the United States all lands, easements, and rights-of-ways necessary to accomplish the approved work; (2) Hold and save the United States free from damages due to the requested work, and shall indemnify the Federal Government against any claims arising from such work; (3) Provide reimbursement to FEMA for the non-Federal share of the cost of such work in accordance with the provisions of the FEMA-State or FEMA-Tribe Agreement ; and (4) Assist the performing Federal agency in all support and local jurisdictional matters.

**Request for Snow Assistance**

☒ N/A ☐ I request snow assistance.

Snow assistance for the following jurisdictions (Specify counties, independent cities or tribes and/or tribal areas).

Please see **Enclosure D: Historic and Current Snowfall Data** for additional information in support of this request*.

*Not Required for Emergency Declaration Request

11. Programs and Areas Requested (Continued)

*Hazard Mitigation** ☐ *Statewide* **OR**

For the following specific counties, parishes, independent cities or tribes and/or tribal areas.
N/A

12. Mitigation Plan Information*

a. Mitigation Plan Expiration Date April 23, 2019 b. Type of Plan ☐ Enhanced ☒ Standard

13. Other Federal Agency Programs

☐ I do not anticipate requirements from Other Federal Agencies ☒ I do anticipate requirements from Other Federal Agencies

Please see **Enclosure C:** Requirements for Other Federal Agency Programs for additional information in support of this request*.

14. Findings and Certifications

☒ I certify the following:

a. I have determined that this incident is of such severity and magnitude that effective response is beyond the capabilities of the State and the affected local government or Indian tribal government and that supplementary federal assistance is necessary.

b. In response to this incident, I have taken appropriate action under State or tribal law and have directed the execution of the State or Tribal Emergency Plan on Jan 5, 2016 in accordance with the Stafford Act.

c. The State and local governments, or Indian tribal government will assume all applicable non-Federal share of costs required by the Stafford Act.

15. List of Enclosures and Supporting Documentation

☒ Cover Letter ☐ Enclosure A (Individual Assistance)* ☐ Enclosure B (Public Assistance)*

☐ Enclosure C (Requirements for Other Federal Agency Programs) ☐ Enclosure D (Historic and Current Snowfall Data)

☐ Additional Supporting Documentation _____

[redacted]

Governor's or Tribal Chief Executive's Signature

Jan 14, 2016
Date

If anyone except the Governor or Tribal Chief Executive signs this document, please provide the documentation that establishes that this individual has the legal authority to act on behalf of the Governor or Tribal Chief Executive.

*Not Required for Emergency Declaration Request

# Introduction

## Purpose of the Guide

This guide provides a framework or strategy for government and non-government disaster recovery stakeholders at all levels to assess, plan for, and support the recovery of communities following events that do not rise to the level of or receive a Stafford Act declaration (herein referred to as "non-Stafford Act events"). To support this overall objective, this guide focuses on achieving three major goals:

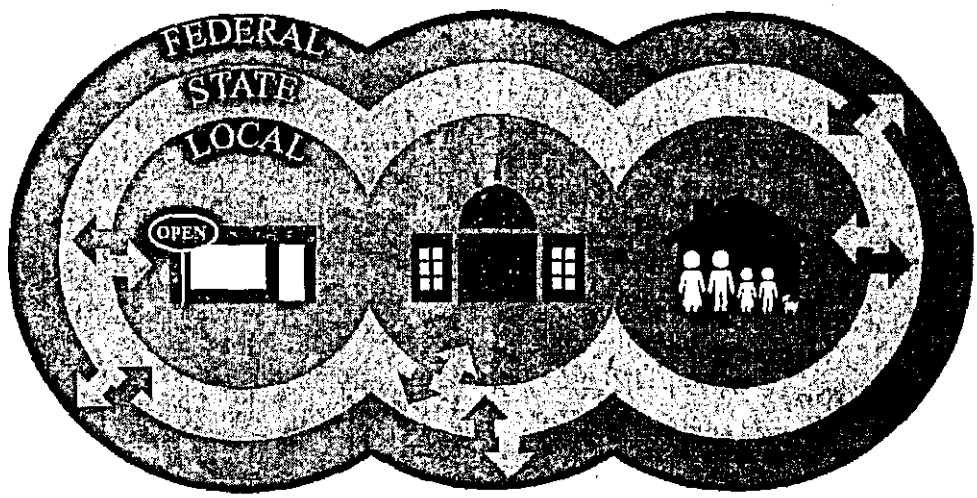
1. Emphasize the importance of local, State, and Tribal governments in assessing and addressing the needs of affected communities following non-Stafford Act disasters
2. Encourage the development of engaged partnerships between emergency management and non-emergency management stakeholders
3. Provide a framework that supports unified recovery-focused coordination between local, Tribal, State, and Federal agencies, non-governmental organizations, and the private sector

These objectives are intended to provide recovery stakeholders the means to identify and coordinate the resources necessary to support sustainable recovery solutions at the State, Tribal, and local level utilizing the principles of the National Disaster Recovery Framework (NDRF).

For the purposes of this document, non-Stafford Act events are defined as events that have recovery requirements exceeding the capability of individuals and the local community, but do not exceed the capabilities of the State.

## Background

Subsequent to a Stafford Act declaration, the State and Federal government coordinate available resources to assist individuals and communities recover from the disaster. Although resources made available through specific Stafford Act authorities would not be provided in a non-Stafford Act event, many resources are available to States, Tribes, and local governments that can be used to support the recovery of the whole community.



The impact of concentrated damage can be overwhelming, even to well-resourced or resilient communities. Often times systems are disrupted, need exceeds individual resources, regular service providers are overwhelmed, and networks necessary to address disaster related needs do not exist. With capabilities exceeded, outside resources and expertise may be required to support the local community.

State agencies may have programs or grants that can generally be *re-prioritized* to meet identified recovery needs and goals. Federal presence, if warranted, is typically limited to technical assistance following non-Stafford Act events; however, a limited number of Federal agencies like the Small Business Administration (SBA) and the United States Department of Agriculture (USDA) do maintain programs or authorities that can directly support the needs of impacted communities outside Stafford Act declaration.

## Principles and Concepts of the National Disaster Recovery Framework

The resources and needs of impacted States, Tribes, and communities may differ following a non-Stafford Act event; however, the nine core principles and the key concepts set forth in the NDRF can be equally applied to any event and any jurisdiction to holistically support recovery. For more information visit the National Disaster Recovery Framework website at www.fema.gov/national-disaster-recovery-framework .

**Core Principles:**

- Individual and family empowerment
- Leadership and local primacy
- Pre-disaster recovery planning
- Partnerships and inclusiveness
- Public information
- Unity of effort
- Timeliness and flexibility
- Resilience and sustainability
- Psychological and emotional recovery

**Key Concepts:**

**Structure**
The NDRF provides a scalable structure for organizing recovery operations around the needs of the community through the six identified Recovery Support Functions (RSFs);

- Community Planning and Capacity Building
- Economic
- Health and Social Services
- Housing
- Infrastructure
- Natural and Cultural Resources

These sector-specific functions can be developed at any level of government to facilitate problem solving and foster coordination among recovery stakeholders.

**Planning**
Recovery planning is set forth in the NDRF as a critical activity that should begin prior to an event and extend through all phases of the emergency management cycle. Successful recovery planning requires active engagement with and between all levels government, nongovernmental organizations, the private sector, and the community itself in order to increase post-disaster collaboration and unified decision-making.

**Leadership**
The NDRF outlines leadership positions at the local, State, and Tribal levels through Local Disaster Recovery Managers, State Disaster Recovery Coordinators, and Tribal Disaster Recovery Coordinators. Individuals in these positions are intended to serve as the primary point of contact for recovery for their jurisdiction, and are responsible for organizing, coordinating, and advancing recovery in all phases of the emergency management cycle.

Following a non-Stafford Act event, the State may also request the support of a Federal Disaster Recovery Coordinator or recovery advisor/liaison to provide technical assistance. When deployed or engaged, these representatives support the State by providing relevant subject matter expertise, and facilitating enhanced coordination between Federal agencies and State recovery leadership.

When combined with the full involvement of all stakeholders and realistic and well-communicated expectations, the concepts and principles outlined in the NDRF can be used as building blocks to develop resiliency and support a successful recovery following a non-Stafford Act event.

## General Recovery Needs

Understanding the needs of a community is critical to the development of appropriate structures, plans, and partnerships to support recovery. Specific needs will vary by event and community, and need to be assessed holistically following an event. Categorizing needs prior to an event may be helpful in identifying recovery partners and programs. Examples may include:

**Individual needs**

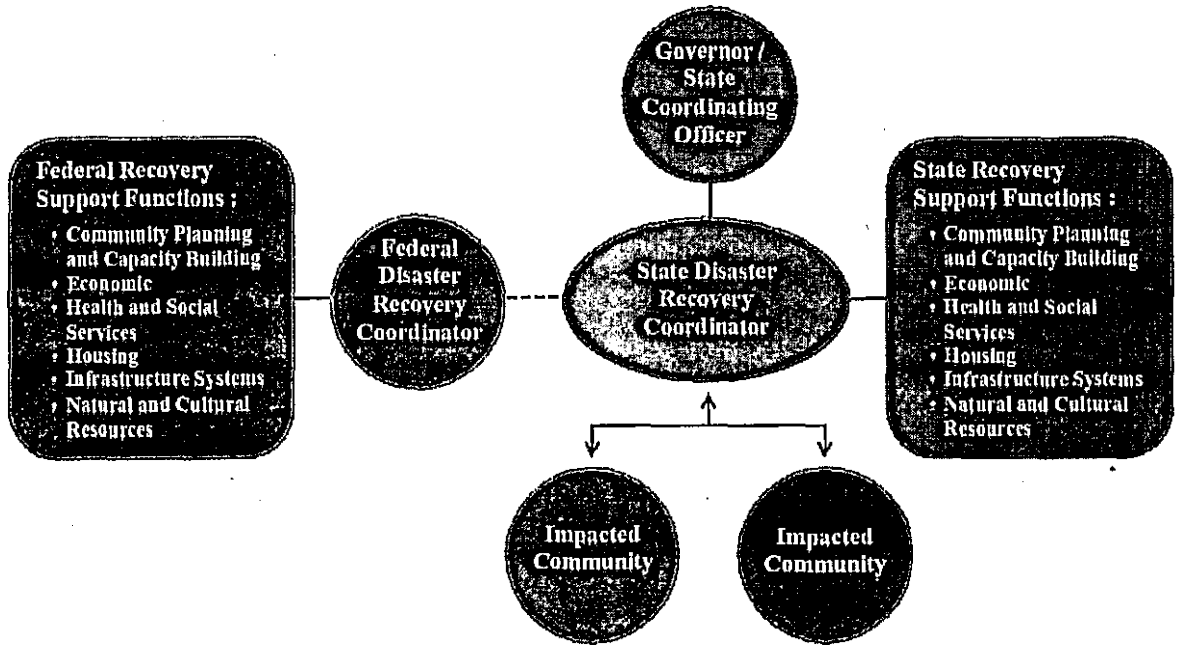
- Temporary housing (rental assistance or other temporary housing)
- Home repair/rebuild assistance (real property and mechanicals)
- Medical, dental, funeral assistance (including the replacement of damaged durable medical equipment)
- Personal property (clothing, household items, furniture, appliances) replacement assistance
- Transportation or vehicle replacement assistance
- Replacement of job related tools and specialized/protective clothing
- Moving and storage assistance
- Legal assistance
- Insurance claims assistance
- Mental health needs
- Employment related assistance
- Food replacement
- Agricultural support for farmers and ranchers
- Assistance to mitigate against the effects of future events

**Government needs**

- Recovery planning support
- Debris removal cost recoupment
- Legal and contract support
- Economic/Business stabilization support
- Reimbursement for emergency protective measures taken in the response phase
- Assistance to support repairs to roads, bridges, and other infrastructure
- Assistance to support necessary repairs to water and utility networks
- Assistance for damaged public buildings
- Support for public healthcare facilities
- Assistance for damaged equipment
- Insurance claims assistance
- Support to ensure environmental and historic considerations are taken throughout recovery
- Assistance to mitigate against the effects of future events

# Non-Stafford Act Recovery Support Structure

The NDRF can provide a structure to support unified coordination between all governmental and non-governmental recovery stakeholders following non-Stafford Act events. While it is expected that the State and affected community will work together to scale this structure according to specific recovery needs, the structure defined in the NDRF may be helpful in defining and aligning the roles of local and State governmental and non-governmental recovery stakeholders.



The recovery structure defined in the NDRF centers around multi-agency coordination facilitated by the Disaster Recovery Coordinators/Manager and the RSF Coordinating Agencies. Multi-agency coordination is a process that allows all levels of government and all disciplines to work together more efficiently and effectively. Multi-agency coordination is a National Incident Management System (NIMS) compliant method of providing coordination to multidisciplinary, policy-level decision makers brought together to support incident level operations. This organizational concept is particularly relevant at the State and Federal levels where organizational leadership is brought together to identify resources to support needs in the impacted jurisdiction.

## Local Non-Stafford Act Recovery Support Structure

Successful recovery coordination efforts stem from well-planned, well-coordinated and inclusive local recovery efforts. The local recovery support structure is made up of operational elements brought together to establish and prioritize recovery goals, develop community focused recovery plans, ensure clear and consistent public messaging, and support resource coordination.

Overall leadership for the local recovery coordination group is provided by the Local Disaster Recovery Manager (LDRM), identified by local emergency management or by the office of the senior elected official. This facilitative role centers on coordinating operational elements to meet recovery goals.

Local recovery Coordinating agencies/organizations are designated based on relevant authorities, roles, resources or capabilities. These agencies can support the LDRM and the overall recovery effort by ensuring coordination and providing resources and subject matter expertise in their given functional area.

Potential local leadership and Coordinating agencies may include:

**Leadership**

*City/County office of Emergency Management or the office of senior elected leadership*

**Coordinating Agencies/Organizations**

*City/County Department of Commerce or Planning and Development Commission*
*City/County Department of Public Works and Engineering*
*City/ County Department of Health or Department of Human Services*
*City/County Department of Emergency Management*
*Local Housing Authority*
*City/County Parks Department*

The local recovery structure must also coordinate with keystone partners from local faith and community based organizations, the private sector, educational institutions, and regular service providers that support children, elders, people with disabilities, and people with other functional and access needs. These community leaders provide essential support on an every-day-basis. Understanding the roles of these individuals and organizations allows local recovery leadership to identify needs and leverage resources more effectively.

Appreciating the actual capabilities and needs of a community is essential to supporting and enabling local actions.

Many non-governmental organizations have disaster programs which play a pivotal role in supporting the recovery of impacted individuals and communities. These organizations coordinate through local, State, and national coalitions known as Voluntary Organizations Active in Disaster (VOAD). VOAD member agencies can support a variety of needs including:

- Individual and community needs assessments
- Case management training and support
- Construction (repair/rebuild) support and coordination
- Long Term Recovery Group (LTRG) formation support
- Debris removal from private property
- Grant assistance
- Resource identification and fundraising support
- Disaster mental health or emotional and spiritual care
- Youth focused resiliency programs
- Support for faith leaders in impacted areas
- Coordination of spontaneous volunteers
- Donations management support
- Information and referral support

More information on Voluntary Organizations Active in Disaster can be found at http://www.NVOAD.org

## State/Tribal Non-Stafford Act Recovery Support Structure

The State/Tribal recovery support structure is designed to augment recovery resources. This often requires the re-prioritization of resources so the intent and priorities of senior elected leadership must be made clear at the outset. Individual State/Tribal agencies may contribute operational elements to support local recovery operations; however, State/Tribal-level recovery coordination is conducted by policy-level decision makers with the authority to commit resources on behalf of their agency.

Leadership for the State/Tribal recovery coordination group is provided by the State/Tribal Disaster Recovery Coordinator (SDRC or TDRC), identified by State/Tribal emergency management, the office of the Governor, or Tribal leadership. The person in this role is responsible for facilitating coordination with and between State/Tribal agencies and the impacted jurisdictions(s).

State RSF Coordinating agencies are designated based on relevant authorities, roles, resources or capabilities and can support the SDRC/TDRC and the overall recovery effort by ensuring coordination with and between the impacted communities and State agencies working within their functional area(s) (RSF).

Potential State leadership and Coordinating agencies may include:

**Leadership**

*State Emergency Management or the Governor's Office*

**Coordinating Agencies**

*State Department of Commerce or Economic Opportunity*
*State Department of Transportation*
*State Department of Health and Human Services*
*State Emergency Management Agency*
*State Department of Housing*
*State Department of Natural Resources*

Additional State agencies and organizations may be identified as supporting agencies when their specific capabilities, resources, or programs can be used to support impacted communities. When scaling the State/Tribal recovery structure, recovery leadership must consider the actual needs of impacted communities and the mechanisms necessary to coordinate the broad range of support available through regular State programs and non-governmental organization partners.

## Federal Non-Stafford Act Recovery Support Structure

The Federal recovery support structure following non-Stafford Act events does not change from that outlined in the NDRF. This structure is scalable and it may not be necessary for staff to be physically present in the state to provide support. Additional information on the Federal recovery support structure can be found in the NDRF.

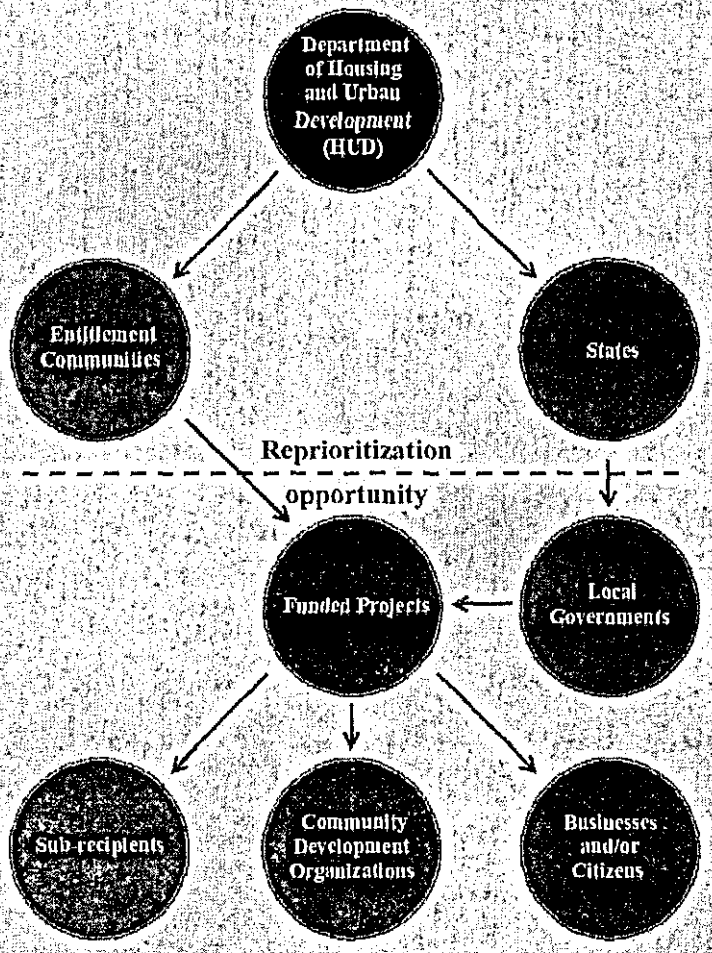
The following list of Federal agencies represents some of the resources and technical assistance that may be available to support impacted jurisdictions, States/Territories, and Tribes following non-Stafford events:

*Department of Commerce*
*Department of Defense, U.S. Army Corps of Engineers*
*Department of Health and Human Services*
*Department of Homeland Security, Federal Emergency Management Agency*
*Department of Housing and Urban Development*
*Department of the Interior*
*United States Department of Agriculture*

State recovery leadership and State Recovery Support Function leads are encouraged to coordinate with Federal agencies through regional or field offices as appropriate, to discuss authorities relevant to disaster recovery and better understand how non-disaster programs already being administered may have relevance following an event. More information on Federal recovery programs can be found on the National Disaster Recovery Program Database and at DisasterAssistance.gov

## Non-Stafford Act Programs in Action:

### Department of Housing and Urban Development Community Development Block Grants (CDBG)



This flow chart outlines how CDBG funding is allocated to benefit programs and communities. Funds flow from the U.S. Department of Housing and Urban Development to major urban areas (Entitlement Communities) and States. These funds are then allocated to approved projects or communities according to priorities or State formulas.

Following a disaster, States and Entitlement Communities can shift funding priorities (at dotted line), for unused funds, and approve projects that support individual and community recovery needs. All approved projects must meet certain criteria and address specific program goals; however, CDBG funds are flexible and can be used to meet a variety of needs.

# Governmental, Non-Profit, and Private-Sector Coordination

Integrating and coordinating with governmental, non-governmental and private-sector associations and their member agencies/organizations can be key to successfully addressing the needs of impacted communities. These partners may include sector-specific associations with missions directly or indirectly related to emergency management. Associations can support planning, coordination, and the development of agreements/understandings that support and leverage the capacity of member agencies. Additionally, associations can develop or improve overarching recovery coordination processes that independent organizations may not have the capacity to develop on their own.

## GOVERNMENTAL ASSOCIATIONS

Governmental Associations provide coordination between agencies of all types and are engaged at the national, regional, State, and local levels. These organizations can provide additional coordination, lessons learned, and programmatic/subject matter support via peer-to-peer networks of government entities (mutual aid). Engagement with government associations can encourage resiliency through the development, promotion, and coordination of tools and best practices. Examples of government associations include:

- Council of State Community Development Agencies
- Emergency management associations (such as the National Emergency Management Association, the International Association of Emergency Managers, and local, county, and State associations of emergency managers)
- City/County Manager Associations
- National Association of Regional Councils
- National League of Cities
- State and national associations of county or municipal governments
- State and national associations of health departments (such as National Association of County and City Health Officials)
- State and national public works associations (such as the American Public Works Association)
- Tribal Associations

**EXAMPLE:**

**International Association of Emergency Managers**

The International Association of Emergency Managers (IAEM) serves to advance the profession by promoting the principles of emergency management; to serve members by providing information, networking and professional development opportunities; and to advance the emergency management profession.

*Learn more at www.IAEM.com*

## NON-PROFIT AGENCIES, ORGANIZATIONS

Non-profit agencies, organizations, and associations can play a critical role following non-Stafford Act events. These key partners provide outside resources, and training that can help local non-profit, faith-based, and community-based organizations to maximize the support they provide in an affected community. This support is generally coordinated through member organizations and provided via peer-to-peer networks similar to mutual aid. Non-profit associations can be helpful to State and local governments working to expand their capacity by supporting the identification of member

organizations and helping to explain the resources and missions of their members and provide introductions. Examples of nonprofit associations include:

- Academic Associations
- American Planning Association (APA)
- State and national offices of civic organizations (such as Lions Club International, Kiwanis International, and Rotary Clubs)
- Disability service and advocacy organizations (such as the State Protection and Advocacy Agency, and the local Centers for Independent Living)
- Faith-based associations
- Foundation Associations (such as the Council on Foundations and the Association of Small Foundations
- Disaster Long Term Recovery Groups (LTRG)
- State and National Non-profit Associations
- Non-profit legal associations (such as the American Bar Association, the Legal Services Corporation, and the National Legal Defender Association)
- Trade unions
- Voluntary Organizations Active in Disaster (such as National VOAD and State VOAD)
- Community Organizations Active in Disaster (COAD)
- State and National offices of youth councils and organizations (such as the Boys and Girls clubs, Future Farmers of America, 4H clubs, and the Boy Scouts and Girl Scouts of America)

**EXAMPLE:**

**The Extension Disaster Education Network (EDEN)**

EDEN links Extension educators from across the U.S. and various disciplines, enabling them to use and share resources to reduce the impact of disasters.

Learn more at eden.lsu.edu

### THE PRIVATE SECTOR

By actively engaging private sector partners *prior* to an event, and working to establish mutually-supportive relationships, recovery leadership can better take into account the needs and resources of the whole community and support successful recovery.

By working to establish public-private partnerships, recovery leadership can develop relationships with key stakeholders who have insight into economic and community needs as well as access to potential resources. While well-developed mutually supportive relationships with individual business partners is a goal, private sector associations and trade groups can help to provide recovery leadership with more information on the resources and needs of their membership and facilitate introductions to key stakeholders. Examples of private-sector associations include:

- Business Associations
- Professional Associations
- Local, State, and National Chambers of Commerce

**EXAMPLE:**

**The Business Civic Leadership Center (BCLC)**

BCLC helps businesses communicate and collaborate with each other and with the nonprofit and government sectors to make disaster relief, recovery, and reconstruction activities more effective.

Learn more at bclc.uschamber.com/program/dis

# Pre-Event Recovery Coordination and Non-Stafford Act Capacity Development

Pre-disaster recovery planning, coordination and capacity development is set forth in the NDRF as key to the successful recovery of communities affected by disaster. This is particularly true of non-Stafford Act events, where a premium is placed on coordination in order to maximize the impact of available resources. By identifying recovery leadership, defining roles, engaging with partners, expanding partnerships, planning, training, and exercising prior to an event, States can develop the resources and structure necessary to support impacted communities following any event.

## Resource and Guidance Development

- Identify recovery leadership at all levels of government and define positions, authorities, roles, and responsibilities.
    - Determine how the State/Tribal/local Disaster Recovery Coordinator or equivalent will be identified, and what the specific authorities, roles, and responsibilities of the position will be.
    - Identify State/Tribal/local Recovery Support Function Coordinating agencies and define the authorities, roles, and responsibilities of these positions.
    - Develop guidance to support local jurisdictions in identifying and developing recovery leadership.
- Identify traditional and non-traditional State, Tribal, and Federal non-Stafford Act programs that can be used to support the needs of impacted communities.
    - Promote agency-specific policy development by all identified recovery stakeholders.
    - Promote the development and maintenance of State/Tribal and local recovery resource lists that outline the potential assistance available from state and or local agencies and recovery partners.
- Support the development of non-Stafford Act recovery coordination plans as part of each jurisdictions broader recovery plan.
    - Promote the inclusion of all governmental, non-governmental, and private sector stakeholders in the development and maintenance of recovery plans and partnerships.
    - Plan for the needs of individuals with disabilities and others with access and functional needs, children and seniors as a fundamental aspect of the recovery plan rather than as a supplement, annex, or separate plan.
- Promote the development of engaged recovery-focused partnerships at all levels and between all sectors of government, non-governmental organizations and the private sector.
    - Develop recovery-focused memorandums of understanding (MOU) or memorandums of agreement (MOA) between state agencies and agencies with identified recovery roles.
    - Develop recovery-focused mutual aid and Emergency Management Assistance Compact (EMAC) agreements with other States, Tribes, or local jurisdictions as appropriate.

- Promote the development of local, State, and National non-governmental organization consortiums (such as State/National VOADs, COADs, Inter-faith Councils, Disability related advocacy groups, and Private Sector networks).
- Work with government agencies to encourage collaboration between local, State and Tribal governments.

## Pre-Disaster Coordination

- Promote non-Stafford Act support forums for idea and information sharing between recovery stakeholders at all levels.
  - Gather and disseminate lessons learned and best practices from other non-Stafford Act recovery operations to Federal, Tribal, State, local, non-governmental, and private sector partners.
- Organize State agencies with identified recovery roles according to RSFs or state recovery structure.
  - Promote the development of recovery taskforces according to identified RSFs
  - Support the identification and coordination of agency functions, roles, and capacity to support non-Stafford Act disasters.
- Insure that non-governmental organization partners are fully integrated into State, Tribal, and local coordination and capacity building initiatives.

# Post-Event Recovery Coordination

Defining, coordinating and addressing the needs of an impacted community following a non-Stafford Act event requires active coordination and planning between all levels of government and with all sectors of society. This section outline steps that States, Tribes, and local communities can take to conduct a more accurate needs assessments, develop appropriate goals, and enhance multi-agency coordination.

## Community Impact Assessment

- Ensure coordination with departments/organizations active in the response phase to discuss the current situation, activity to date, major areas of concern, and the transition to recovery. (i.e. share damage assessment numbers and identified community impacts, share known locations of displaced/evacuated residents)
- Conduct comprehensive damage and impact assessment to identify potential community needs and strategic recovery challenges across the 6 Recovery Support Function areas. Examples may include:
    - Convene a multidisciplinary impact assessment team to ensure that assessments are as efficient and comprehensive as possible. The team should be composed of governmental, non-governmental, and private sector stakeholders representing all identified RSFs.
    - Coordinate with existing community information and referral networks (2-1-1, 3-1-1, etc.) to support the identification of community needs.
    - Insure that assessments provide a base line need in each of the identified functional areas (i.e. Total number of damaged homes, number of homes with failed structural elements, and the number of destroyed homes).
    - Provide State/Tribal and Federal technical/subject-matter/policy support as appropriate to support local needs assessments.
- Coordinate local and State/Tribal governmental and non-governmental agencies/organizations to identify existing individual and community resources that can be used to support recovery – including insurance, continuity of business plans/support, locally administered programs, and donated/volunteer resources.
- Seek out the input of elected leadership, governmental agency/office leadership, faith leaders, faith and community based organization leadership, key private sector stakeholders, and individuals from the impacted community in order to identify community structures and priorities.
- Provide State and Federal technical/subject-matter support as appropriate to support local assessments.

## Non-Stafford Act Planning and Recovery Strategy Development

- Develop State and local recovery strategies that support the needs, plans, and goals of impacted communities.
    - Engage local leadership and RSF taskforce stakeholders to support the development of local recovery strategies.
    - Involve the impacted community (public) during the development of the recovery strategy – considerations should be taken to include non-English speaking populations, people with limited resources, and people with access and functional needs.
    - Insure that recovery strategies take into account the specific needs of seniors, people with disabilities, and people with limited resources.
    - Insure that case management and other coordinative elements are incorporated into each community's recovery strategy in order to maximize impact and avoid overlap or gaps in service.
    - Request or provide State/Tribal/ Federal technical, subject-matter, and policy support as appropriate to support the development of local recovery strategies.
    - Develop a State recovery strategy to ensure the unified coordination of State/Tribal and Federal agencies supporting impacted jurisdictions.
- Support the development of local Business Recovery Plans for individual impacted businesses
- Support the development of Individual Recovery Plans for impacted survivors
    - Ensure that case management is available to assist impacted survivors to identify and coordinate resources necessary to support the holistic sustainable recovery solutions.
- Support ongoing recovery planning at the State and local level to align available resources with identified goals, priorities, and progress.
    - Promote local leadership in recovery planning.
    - Involve all recovery stakeholders in recovery planning initiatives. Include local and State/Tribal governmental agencies, non-governmental organizations, and local service providers.
    - Ensure that all recovery plans are in line with the goals and strategies of the impacted community.
    - Provide a mechanism for continued State and Federal technical assistance support as appropriate.
    - Ensure that State recovery planning is scaled to meet the coordination needs of supporting state agencies and takes into account the evolving needs of affected jurisdictions.
    - Promote public feedback opportunities to insure that recovery strategies and priorities continue to be in line with the needs of the community –considerations should be taken to include non-English speaking populations, people with limited resources, and people with access and functional needs.

## Non-Stafford Act Coordination and Support

- Ensure that recovery leadership at the local, State and Tribal levels is adequate to support the recovery needs, strategies, and plans of impacted communities.
    - Assess the need to identify or assign a Local Disaster Recovery Manager (LDRM).
    - Assess the need to identify/assign, and deploy a State/Tribal Disaster Recovery Coordinator (SDRC/TDRC).
    - Assess the need for Federal technical assistance.
- Promote the development of Recovery Support Functions and recovery focused multi-agency coordination groups at the local, State, and Tribal levels as appropriate.
    - Implement RSF task forces as appropriate
    - Promote the broad inclusion of current and potential recovery partners – to include non-governmental organizations and the private-sector to ensure that technical support and programmatic resources are known, available, and coordinated.
    - Promote coordination between counterpart local, state, and national non-governmental and private-sector partners to maximize an understanding of available support and ensure coordination.
    - Promote the development of Long Term Recovery Groups (LTRG) and the use of case management to coordinate long-term unmet needs assistance to disaster survivors.
    - Identify the need for Federal RSF support to local and State/Tribal recovery functions.
- Ensure that the appropriate technical assistance is available from the State and through mutual aid networks to support local recovery assessment, planning, and program administration.
    - Coordinate and/or deploy technical assistance teams, made up of identified State/Tribal recovery partners, to support local communities in the assessment of disaster impacts and the development of local recovery strategies.
    - Identify the potential for peer-to-peer/mutual aid assistance to support local recovery coordination and planning efforts.
    - Ensure the development of an interface between local, State/Tribal, and Federal agencies to streamline policy discussions and promote an understanding of the processes and requirements associated with requesting and administering supplemental assistance.
    - Assess the need for Federal technical or programmatic advisors to support State/Tribal and local recovery efforts.
- Ensure that all non-Stafford Act programmatic assistance (financial and in-kind) is available to and coordinated with local recovery leadership.
    - Ensure that supplemental support is in alignment with identified local goals, strategies, and plans to maximize impact, identify gaps, and avoid duplication.
    - Identify additional State/Tribal and local programs that can be used, reprioritized, or altered to support the needs of affected communities identified in the assessment process.
    - Assess the need for and, if needed, request additional non-Stafford Act assistance from the State/Tribe or other Federal agencies.

# Appendix 1: Case Study – State of Illinois, 2012 Spring Tornadoes

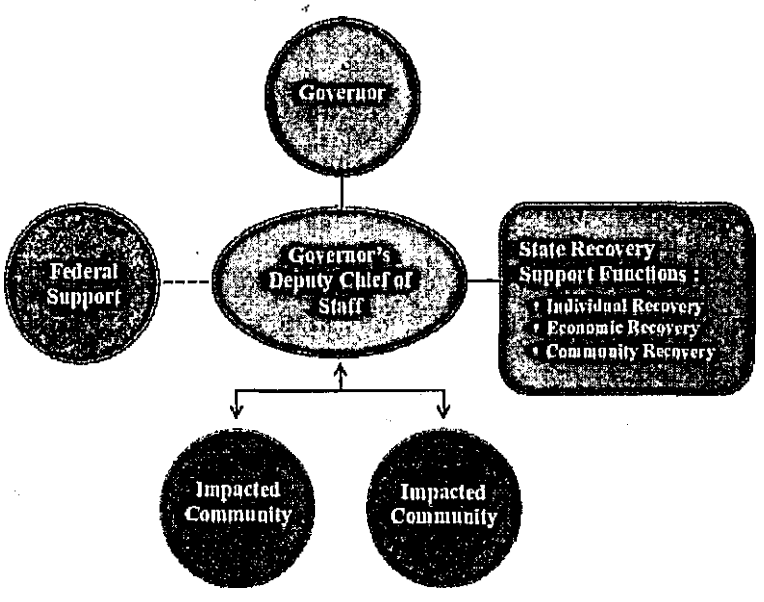
## Overview:

In the early hours of February 29, severe storms and tornadoes tore through Gallatin, Massac, Saline, Union, and Williamson counties of Illinois. Around 5a.m. an EF4 tornado touched down in the City of Harrisburg in Saline County, and an EF3 tornado touched down in the Village of Ridgway in Gallatin County. The State estimated that 440 homes were impacted by the event, of which 176 were destroyed or suffered major damage. Eight people in Harrisburg lost their lives as a result of the tornado, making this the deadliest Illinois disaster in nearly a decade.

Subsequent to the determination that the event did not exceed the capabilities of the State of Illinois, FEMA Region V deployed two specialists to provide technical assistance in support of State efforts to identify and coordinate recovery assistance around the needs and goals of the impacted communities.

## Strategy:

On March 25, 2012 the Governor's office held a meeting with twenty-three State agencies to outline the intent of leadership and begin coordinating state recovery support. Three Recovery Support Functions (RSFs) were outlined according to the goals of the state and the impacted communities, and leadership was assigned.



**State RSFs and assigned State agency leads:**

- Individual Recovery – Illinois Emergency Management Agency
- Economic Recovery – Illinois Department of Commerce and Economic Opportunity
- Community Recovery – Illinois Department of Commerce and Economic Opportunity

Over the ensuing week, RSF leads coordinated with local, State, Federal, and non-governmental partners to conduct comprehensive needs assessments in the impacted area and identify sources of non-Stafford Act assistance.

On April 2, 2012 the Governor's office issued a press release announcing $13 million in State assistance available to support recovery needs in the impacted communities. This package, made up of reprioritized existing State and Federal programs and block-grants, addressed needs in all three identified State RSFs.

Following the announcement, State agency representatives met in the affected communities to outline programmatic requirements, coordinate assistance, and support the development of a unified local recovery plan.

## Key Elements and Lessons Learned:

**Local needs assessments and recovery goals are critical to the identification and coordination of potential recovery support.** Recovery efforts share many similarities; however, the impact of a disaster on a community is ultimately complex and unique. By conducting holistic community recovery assessments and engaging with the public, recovery leadership will be better equipped to set appropriate recovery goals, establish structures, and inform outside partners of needs. The State can support this effort by offering/providing technical expertise from state agencies, or helping to coordinate mutual aid support from experienced jurisdictions outside of the impacted area.

**Senior leadership must clearly state recovery goals and priorities.** Since support available to impacted communities following non-Stafford Act events is primarily accomplished through re-prioritizing existing funds, programs, and personnel, senior elected leadership must make clear the intent to redirect these funds to support impacted communities to agency level decision makers at the outset.

**An understanding of how currently available programs can support the recovery of impacted communities is essential following non-Stafford Act events.** Many of the resources available to support the recovery of impacted jurisdictions following non-Stafford Act events are available through existing programs. Understanding how block-grants and other programs/resources may apply to the recovery of affected citizens and the community is essential when considering potential resources.

**A scalable, flexible, and adaptable support structure is crucial.** Location-based, or in person, support from State and Federal recovery partners is not always warranted. Coordination requirements for current and potential support should be considered to ensure that the structures established are appropriately scaled.

**Supporting recovery requires more than programmatic resources.** Technical assistance is often key to successfully supporting recovery operations. The establishment of State subject-matter expert strike teams to support local assessments, planning, and resource identification should be considered as a best-practice.

## Coordinating Partners:

# Governor Quinn Announces Up to $13 Million in New Relief for Southern Illinois Communities

*Governor Secures State, Federal Resources to Help Southern Illinois Families, Businesses, and Local Governments Recover from Tornado*

HARRISBURG – April 2, 2012. At the direction of Governor Pat Quinn, the heads of a number of state agencies today announced in Harrisburg up to $13 million of financial aid and construction projects to help families, businesses and local governments recover from the deadly tornado that ravaged several Southern Illinois communities on Feb. 29. The package put together at the Governor's instruction includes reimbursements to local governments for some of their disaster-related expenses, road improvements, grants to help homeowners repair or rebuild damaged homes, and low-interest business loans to create jobs and help businesses recover.

"This assistance package offers real solutions for the long-term recovery effort in Harrisburg and other communities," Governor Quinn said. "Recovery from this tornado won't happen overnight, but these resources will help residents and businesses of hard hit areas in Southern Illinois begin to rebuild their lives."

Following FEMA's denial of assistance for people affected by the tornado on March 10 and denial of an appeal on March 21, Governor Quinn moved quickly to secure support for people and businesses through the U.S. Small Business Administration (SBA). That request was approved the following day, and the SBA began meeting with people interested in the low-interest, long-term loans on March 23.

"In the weeks since the severe storms and tornadoes hit Southern Illinois in February and early March, I have met with representatives from federal, state, and local emergency management agencies to discuss the ongoing recovery efforts in Harrisburg, Ridgway and surrounding areas," said U.S. Senator Dick Durbin (D-IL). "I will continue to work with Governor Quinn and the Illinois Congressional Delegation to seek further opportunities for federal assistance to help these communities rebuild."

In addition to the SBA loans, the state's multi-agency relief package includes:

- **Assistance from Illinois Department of Commerce and Economic Opportunity (DCEO)** – Up to $5 million from the Community Development Assistance Program (CDAP) will pay for public infrastructure improvements, housing rehabilitation and reconstruction efforts. In partnership with Ameren Illinois, another $1 million from the Energy Efficiency Trust will fund energy efficiency incentives through Ameren's Act on Energy program to benefit customers affected by the disaster. Additionally, DCEO will make as much as $750,000 in Workforce Investment Act grants available to cover wages for dislocated workers to participate in disaster

OFFICE OF GOVERNOR PAT QUINN **NEWS**

cleanup and structured work-based learning.

- **Assistance from Illinois Finance Authority (IFA)** - Up to $2 million in U.S. Department of Agriculture-Rural Development (USDA-RD) business loans will be available through IFA under a relending in Gallatin, Saline and Williamson counties. Loans from a minimum of $50,000 up to a maximum of $250,000 may be used for the purchase of land, construction or renovation of an industrial or commercial building or purchase of machinery and equipment. The IFA will partner with local banks to market the program to local businesses hurt by the recent storms and tornadoes.

- **Assistance from Illinois Department of Transportation (IDOT)** – Twenty-one municipal road improvements in Harrisburg will be completed at an estimated cost of $1.58 million.

- **Assistance from Illinois Emergency Management Agency (IEMA)** – Reimbursements up to $1.5 million to affected local governments for some of their disaster-related expenses will be made through the state's Disaster Response and Recovery Fund, which supports emergency response and recovery efforts.

- **Assistance from Illinois Housing Development Authority (IHDA)** – IHDA will commit up to $1 million in federal HOME Funds using the Single Family Owner Occupied Rehabilitation (SFOOR) Program. Up to $40,000 per household in forgivable non-payment loans will be made available to homeowners in affected areas. The funds can be used to build or renovate destroyed or damaged homes.

- **Delta Regional Authority** – Governor Quinn secured $400,000 in federal funding to reimburse local governments for expenses related to debris removal.

"Ameren Illinois is delighted to partner with the Illinois Department of Commerce and Economic Opportunity to help make recovery a little easier for residents of the Harrisburg and Ridgway areas," said Michael Moehn, Ameren Illinois senior vice president of customer operations. "Through our ActOnEnergy® program and the Warm Neighbors Cool Friends Home Repair Program, residents will be able to receive the financial assistance they need to meet the highest energy efficiency standards as they repair and rebuild. This will allow them to save money today and in the years to come."

Governor Quinn has directed his staff to continue to work with local, federal and non-governmental agencies to secure additional support for families in the affected areas.

This assistance package is in addition to nearly $1.4 million of in-kind state assistance already provided to the affected region. Shortly after the tornado stuck, Governor Quinn surveyed the damaged area and activated the State Emergency Operations Center to coordinate the deployment of state resources and personnel in support of local response and recovery efforts. The state's response included large deployments from IDOT, the Illinois Department of Corrections and the Illinois State Police, as well as assistance from several other state agencies and mutual aid organizations.

"The state of Illinois has been a trusted partner with us since the day the tornado struck," said Harrisburg Mayor Eric Gregg. "Recovery after a disaster of this magnitude isn't easy. This state assistance package will give our recovery efforts a significant boost. I appreciate Governor Quinn's continued commitment to helping our communities recover."

OFFICE OF GOVERNOR PAT QUINN **NEWS**

Governor Quinn directed state officials to start developing the state assistance package immediately after the state's request for FEMA assistance for individuals and subsequent appeal were denied. The administration has been exploring all possible opportunities to deliver relief and assistance to Southern Illinois' impacted communities.

Additional information about the state's response efforts is available at www.Ready.Illinois.gov.

DATE: October 16, 2015

SUBJECT: National School Lunch Program: Michigan Request for Waiver of the Potable Water Requirement – Approval

TO: Julie Mikkelson
Program Director
Special Nutrition Programs
Midwest Regional Office

This letter is in response to a request from the Michigan Department of Education (DoE) to waive the potable water requirement in the Richard B. Russell National School Lunch Act, 42 U.S.C. 1758, Section 9(a)(5), and found in regulations at 7 CFR 210.10(a)(1)(i). The requirement provides that schools must make available during the school lunch program free potable water where meals are served. The Michigan DoE has requested this waiver on behalf of the Flint Community Schools in Flint, Michigan, because the public water source for Flint residents is contaminated with high levels of lead. The waiver request is approved.

A public health emergency was declared by Genesee County, in which Flint is located, due to evidence of increased lead levels in children because of contaminated water. The high lead levels in the Flint area water system are a result of corrosive water from the Flint River degrading the lead service lines and city pipes that it passes through.

Because of financial challenges within the Flint Community Schools district, the district does not have surplus funds available to pay for the large volumes of bottled potable water that would be needed to meet the requirement until the public water contamination issues are resolved. The schools will continue to use bottled water for food preparation.

Based on the seriousness of the problems within the Genesee County water system, FNS is waiving the requirement that the Flint Community Schools make potable water available to students during the lunch service for the remainder of the 2015-2016 school year.

We recognize that repairing the water supply system is a long term and costly project, but ask that the Michigan DoE apprise FNS of the progress of repairs to the water supply system before the beginning of school year 2016-2017 in order to determine if it is necessary to extend the waiver request.

If you have questions, please contact Tina Namian, Chief, School Programs Branch at 703-305-2634.

>
> I understand your FWICC meeting was postponed, but I thought you still might like to see some of the information MDE staff compiled for the taskforce meeting.
>
> Here are some specific activities connected to Early On and nutrition that have occurred with supporting Genesee ISD and Flint in this last week.
>
> Office of Great Start Update:
> - OGS has had a telephone conversation with MDHHS Coordinator for Children's Mental Health in order to coordinate approaches used by local entities in reaching children with social emotional and behavioral health concerns
> - MDE Early On Consultant assigned to Genesee ISD attended a meeting at the ISD along with representatives of Early On Training and Technical Assistance (contractor for Public Awareness work for Early On).
> - State Early On Coordinator discussed budget and financial reporting expectations with Genesee ISD staff and followed with a memo to the Superintendent; information is coordinated with other offices within MDE
>
> Office of School Support Services - Nutrition Update:
> - The state emergency supplemental funds have been distributed to the GISD for additional snack support promoting the three target nutrients: Vitamin C, calcium, and iron.

- 3 of the 4 schools to receive the additional federal fruit and vegetable funds have completed all requirements to begin drawing the reimbursement and either started the program this week or will start early next week.
- OSSS staff have been invited to attend the local school nutrition directors meeting at Corunna High School on Wednesday, February 24. An additional "targeted technical assistance" meeting will be planned for the first week of March in which we will have staff available to answer questions specific to improving the current federal USDA FNS programs for the targeted nutrients.
- Additional USDA commodity entitlement has been identified and affected districts will be notified.

Please let me know if you require clarification and I will circle back with staff.

Thanks

Ross

**Subject:** Action Item & Information re School Sampling Program: FW: School List

Attached is the list of schools from DLARA that are in the fixture replacement program:

Tab 1 = active public, parochial, private schools on Flint water in the fixture replacement program;
The tab 1 is listed in priority order of fixture replacement, (note Freeman will have 1 fixture left to replace, which will be done this weekend (~ 2/13)

Tab2 = educational facilities that are not on Flint water system, therefore not part of the replacement program

**REQUESTED ACTION:** We should use this to help plan our school sampling effort, post-replacement.

We need to be careful with the "mother list" that we forwarded from MDE earlier this week (attached), as it may have locations listed that aren't on Flint water.

**REQUESTED ACTION:** Please provide the addresses of the houses targeted for the DEQ sentinel sampling effort, so we can then compare that list to the list of other licensed Adult and Child care facilities with 6 or less clients, to see if there is overlap, and to assess the need to focus additional sampling on those locations.

Deadline: To be determined

Thanks

Mitch

This is all the info we have on the meeting right now, hoping for more details by later today. See below:

Good afternoon,

The following is the list of people who are attending the onsite visit at GISD this Friday. I will get the details regarding the address, agenda, etc. as soon as it is available. I believe the start time will be approximately 8:30 AM. More to follow...

The list if people will be :

**USED:**
Dan Schreier, OSEP, Part B
Charlie Kniseley, OSEP, Part C
Paul Kesner, Office of Safe and Healthy Students
Sujeet Rao, Office of the Secretary of Education
Tahira Rashid, Office of School Support (Elementary and Secondary Education Office)

**MDE:**
Teri Chapman, Office of Special Education
Jan Weckstein, Office of Special Education
Mike Radke, Office of Field Services (Title Programs)
Sherri Boyd, Michigan Alliance for Families (Michigan's Parent Information Center)
Harvalee Saunto, Michigan Alliance for Families
Caryn Pack-Ivy, Michigan Alliance for Families
Kyle Guerrant, Deputy Superintendent

**Subject:** Meeting : Urgent
**Importance:** High

Hi Team,

I realize this is last minute- is there any way you/ representative from your team can be available tomorrow morning at 10:00 am to assist in answering the below questions for Mission Flint?

They need the final answers by tomorrow so if we could initially meet at 9:00 am that would be great. We can meet in person and/or I can provide a con call.

Goals for initial call:

1) Answer what we already know
2) Assign questions we do not know amongst ourselves
3) Assign a time to have all answers to the Governors office tomorrow.

Please let me know if 9:00 am will work for you.

Thank you,

Laura Stoken
Manager, Constituent Relations
Executive Office of the Governor, Rick Snyder
517.335.7858

Questions asked during the Meeting

1. The filters say 99% effective on the box. What about the 1% and how can I be sure?
2. Why are we not being given whole house filters? Filtering the water as it comes into the house would solve lots of problems.
3. Why does EPA take 20 samples from different areas of a house and the State takes only one or a few?
4. Is lead the only thing scientists are testing for?
5. I am concerned about BPA (leaching of plastic from bottled water). Who is ensuring that the bottled water is safe?
6. Could we get Shower Head Filters distributed given the problems experienced with rashes and skin irritation?
7. When will we know if the improperly treated river water contributed to the spike in legionella?
8. Should we use bottled water (vs. tap or filtered) in our humidifiers?
9. How soon can we get nurses into schools? We only have one nurse in the entire public school system.
10. Who is focused on landlord obligations to make things safe for their tenants? If water bill credits are being offered to landlords, shouldn't the tenant who has been paying the water bill included with their rent receive the benefit?
11. We have been told not to run hot water through the filters which means even washing dishes is a chore requiring heating up water.
12. In the past boil alerts were due to under or over chlorination. Is the water properly chlorinated now and how do we know?
13. Is canned water bad for us?
14. Are all the faucets being changed out in schools? When will that be finished and when will we be told whether that fixed the problem?
15. The city's contractor for recycling (Republic) makes it too difficult for residents to sign up and get their bins/bags. Can you fix that?
16. MSU appears to be the only entity working on nutrition outreach and getting fresh produce to convenience stores. We need to ramp up our efforts in this regard and take charge. Sen. Ananich's office is doing something with John Roberts' knowledge but we need to craft a plan and execute immediately.
17. You said nutrition doesn't remove lead from the body but iron, calcium and Vitamin C can reduce/halt the absorption of new lead. Are there vitamins I should be taking?
18. What parts of the body does lead poisoning impact. I have heard that it goes to the bones, the brain, and gastrointestinal but is removed by kidneys and excreted in urine. Is this right?
19. Abandoned buildings are set on fire and lead paint in walls can become smoke with lead that gets breathed in. Are our kids at risk when there is a fire in the neighborhood?
20. What about my pets? Will the state animal response team get involved?
21. We have scammers in our neighborhood offering to do testing in order to gain access and steal. Or offer fake services. What is being done about the scammers?
22. There is not enough information translated in Spanish, Arabic or Chinese. When will this change?
23. What are you doing about people who have left Flint but were exposed to potential lead poisoning? Are you contacting them or giving them a way to contact you?

Are they prioritizing by age as well, or just number of students in a building?

Sent from my iPad

On Feb 10, 2016, at 10:27 AM, MSP-EOC-MDEDUCTN <MSP-EOC-MDEDUCTN@michigan.gov> wrote:

> Okay, MDE team. Discussion has been fast and furious at SEOC this morning between MDE, LARA, DEQ, and MDARD on the topic of fixture replacement and testing of schools/entities. Great progress has been made, which is wonderful!
>
> In general:
>
> - Schools with large mass of students is clearly focus. Plan of Attack is for LARA to replace fixtures, DEQ will then conduct full testing on those facilities. LARA is prioritizing that listing today
> - Schools with smaller mass of students are next wave for fixture replacement. Plan of Attack same as above. LARA is prioritizing that listing today
> - Schools/Entities that are seasonal or minimal mass of students with food preparation capabilities: Plan of Attack is for MDARD to conduct single water test. MDARD needs that listing to work from
> - LARA has indicated that at this point, small family day care and other entities (less than 6 children/students) are not being addressed.
>
> For MDE: **OUR IMMEDIATE TASK**
>
> - Within our food programs, we need to:
>  - Identify schools and entities that we (MDE) are aware are serving 6 or more students on a daily basis (may be "inactive", but "open" in EEM, as example). The term "Inactive" has been received by LARA as "closed" and removal from fixture replacement

consideration has occurred. Within our comprehensive spreadsheet (see attached), we need to ID each school/entity as "Active" or "Seasonal/Emergency"

- Identify entities that we (MDE) are aware are serving 6 or more students on a "seasonal" or "emergency" basis (may only participate in SFSP or TFAP, as example) and not serving students through MDE programs on a daily basis during regular school year

NOTE: We are attempting to drill down into data spreadsheets that have been provided previously by MDE. My discussion with Karen this morning cleared that up significantly. Ongoing discussions this morning, as a result, have moved the needle forward as well. We want to continue this momentum, if possible. MDE is going to continue to function as the keeper of school/entity data for LARA, DEQ, and MDARD. Segmenting tasks and responsibilities between the groups is our next mission.

Hope this helps. Please let me know if you need clarification.

Kevin

Kevin,

Here are the details for Karen.

Boys and Girls Club of Greater Flint (Averill Ave) : Active CACFP program; also this is a TEFAP distribution center;
COFY Center (Carpenter Road): Inactive
*Mount Olive (Fay Street): Inactive*
Our Savior Lutheran Church ((Saginaw St.) : this is a TEFAP distribution center only; they do not do food prep; they hand out food boxes.
Shelter of Flint (Cedar ST) : Active CACFP Center
West Court St Church of God (Church St.) : Active CACFP program; also this is a TEFAP distribution center;
YMCA of Greater Flint (E. Third St.) Inactive

Subject: RE: CACFP Center Sites

Louis & Team -
Attached is the spreadsheet that I've been using with those enrolled in our CN programs. Peter pulled this 2 weeks ago. Ignore the yellow highlights - those are the sites in the "hot zone" zip codes.

I highlighted the ones in purple that I could find on your list below. 2 are TEFAP distribution sites. Three others are CACFP enrolled centers.

How to move forward if what is listed here are not ones enrolled in CACFP? Are they licensed through MDARD that they would have been reached that way?

Let's talk in the morning...
Diane

==========

SEOC rep: need to follow up with the results of this email with LARA (Karen Towne).

Diane, LARA has a list they call CSACFP Center Sites. The source is supposed to be us.

They need to know the status of the following sites:

Boys and Girls Club of Greater Flint (Averill Ave) COFY Center (Carpenter Road) Mount Olive (Fay Street) Our Savior Lutheran Church ((Saginaw St.) Shelter of Flint (Cedar ST) West Court St Church of God (Church St.) YMCA of Greater Flint (E. Third St.)

Are they child care centers or just food centers? LARA is trying to get all these on a list for testing. We have to help them determine what they are.

Louis

**Subject: Flint water - CDC resources in local schools**

**Hi Jevon,**

**I hope you're doing well – extremely busy I'm sure. My name is Eric, I'm a pediatrician leading the Children's Health Team on the Atlanta side of the CDC Flint response (sits within Epi/Surveillance).**

**We've been asked to liaise with Department of Education in DC. They put out a request to us to work on making sure appropriate CDC resources are available to Flint schools (public, private, and charter). This includes both school operations and info for parents. This request came from Dave Esquith, director of their Office of Safe and Healthy Schools. However I'm guessing a lot of work has already been done locally for this, and I didn't want to roll over those efforts.**

**Any chance you have info on this, or could connect me to the right MDHHS person who might be working on health information in schools? I'd rather highlight/support what they've done than repeat it. We can chat by phone if that's easier too. 404-493-7840.**

**As a Saginaw native, born and raised in Michigan, thanks for all your work there!**

**Best,**

Hi Louis...

We have a task assignment listed in our assignments that was put in yesterday, due today (on top of the head start student list). I pasted the language listed below. Where can I track what information has been distributed to schools to date?

Thanks,

Aimee

Specific request:

Detailed description
**Forward to Michigan Department of Education EMC:**

**This request came in via Jevon. Please see below.**
**-Veronica**

**From: McFadden, Jevon (DHHS)**
**Sent: Friday, February 05, 2016 12:05 PM**
**To: checcepi <checcepi@michigan.gov>**
**Subject: FW: Flint water - CDC resources in local schools**

**Can you help route this request for information to someone who can speak to what public health resources (on lead) are already being distributed to Flint schools?**

**From: Dziuban, Eric (CDC/ONDIEH/NCBDDD) [mailto:esv8@cdc.gov]**
**Sent: Friday, February 05, 2016 11:03 AM**
**To: McFadden, Jevon (DHHS) <McFaddenJ1@michigan.gov>**
**Subject: Flint water - CDC resources in local schools**

**Hi Jevon,**

**I hope you're doing well – extremely busy I'm sure. My name is Eric, I'm a pediatrician leading the Children's Health Team on the Atlanta side of the CDC Flint response (sits within Epi/Surveillance).**

**We've been asked to liaise with Department of Education in DC. They put out a request to us to work on making sure appropriate CDC resources are available to Flint schools (public, private, and charter). This includes both school operations and info for parents. This request came from Dave Esquith, director of their Office of Safe and Healthy Schools. However I'm guessing a lot of work has already been done locally for this, and I didn't want to**

roll over those efforts.

**Subject:** RE: Nutrition Planning

Hi Michelle,

A large amount of food that gets supplied to GCAARD and the Food Bank come from the CSFP and TEFAP programs. Meaning, we have a direct partnership with them during our program planning. Does this help? If not, please feel free to grab any one of us in the Education team.

Thank you,

Jaime Malnar

**Subject:** Nutrition Planning

Good Afternoon,

I attended a recovery meeting today and the Food Bank reported on their activities which included a couple of food initiatives including 100 mobile food pantries with lead reducing foods as well as nutrition bags with flint schools.

I know there was an ask to the federal government from the State Department of Education that requests "The City of Flint needs additional food supply to help provide healthy food choices for The Emergency Food Assistance Program (TEFAP) eligible families, with a focus on foods that are high in calcium, iron, and Vitamin C. Request is to use USDA disaster food package boxes."

This is outside of my lane but I just want to make sure that everyone is aware of the efforts that the Food Bank is involved in so there is no duplication of efforts.

Thanks!

Michelle Kuzera

**Subject:** Re: TEFAP Question

Jaime - what is "CHEC"?

MDE had submitted the initial TEFAP Disaster Commodity request to the MWRO and it was returned last week (Thursday, I believe) with additional questions. Those questions have now been answered and the request will be resubmitted by COB today to MWRO. Marla is working on that now.

I'm not sure who Linda Scott is. Maybe it's because MWRO has not submitted to USDA at the national level?

Diane

**Subject:** FW: CBO cost estimate
**Attachments:** FLINT CNP Enrollment.xls

FYI – this request came in yesterday afternoon.

The response should be:
The meal_type variable in Column D is the flag in MDE's electronic systems for centers serving child care meals (A, B, and/or C) labeled "free" or at risk meals labeled "at risk". All meals listed are reimbursed at the appropriate rate according to Income Eligibility Statements.

I am currently working on the FDCH portion of the request and will get that to you ASAP.

**To:** Hyatt, Kristen - FNS
**Subject:** CBO cost estimate

Hi Kristen:
I'm working with Jen Gray on a cost estimate and received the attached data, which I believe originated with you. I have a few questions about the data.

The value of the "meal_type" variable in column D is either "free" or "at-risk." Does that mean that the dataset only includes meal counts for free meals served in the centers? I know that all meals served in Head Start Centers are served free, but I thought other childcare centers also served meals that would be reimbursed at the reduced price or paid rates. Also, for some of the entries that have "at-risk" in column D, the meals are not listed in columns L ("ARSN") and M (ARSU). In those cases, are the meals for that entry served in an at-risk program, or not?

Do you have comparable data for daycare homes?

Thanks very much for your help. If it's easier to reply by phone, please call me at the number below.

-Elizabeth

**Importance:** High

Hi Team,

I realize this is last minute- is there any way you/ representative from your team can be available tomorrow morning at 10:00 am to assist in answering the below questions for Mission Flint?

They need the final answers by tomorrow so if we could initially meet at 9:00 am that would be great. We can meet in person and/or I can provide a con call.

Goals for initial call:

1) Answer what we already know
2) Assign questions we do not know amongst ourselves
3) Assign a time to have all answers to the Governors office tomorrow.

Please let me know if 9:00 am will work for you.

Thank you,

Laura Stoken
Manager, Constituent Relations
Executive Office of the Governor, Rick Snyder
517.335.7858

Questions asked during the Meeting

1. The filters say 99% effective on the box. What about the 1% and how can I be sure?
2. Why are we not being given whole house filters? Filtering the water as it comes into the house would solve lots of problems.
3. Why does EPA take 20 samples from different areas of a house and the State takes only one or a few?
4. Is lead the only thing scientists are testing for?
5. I am concerned about BPA (leaching of plastic from bottled water). Who is ensuring that the bottled water is safe?
6. Could we get Shower Head Filters distributed given the problems experienced with rashes and skin irritation?
7. When will we know if the improperly treated river water contributed to the spike in legionella?
8. Should we use bottled water (vs. tap or filtered) in our humidifiers?
9. How soon can we get nurses into schools? We only have one nurse in the entire public school system.
10. Who is focused on landlord obligations to make things safe for their tenants? If water bill credits are being offered to landlords, shouldn't the tenant who has been paying the water bill included with their rent receive the benefit?
11. We have been told not to run hot water through the filters which means even washing dishes is a chore requiring heating up water.
12. In the past boil alerts were due to under or over chlorination. Is the water properly chlorinated now and how do we know?
13. Is canned water bad for us?
14. Are all the faucets being changed out in schools? When will that be finished and when will we be told whether that fixed the problem?
15. The city's contractor for recycling (Republic) makes it too difficult for residents to sign up and get their bins/bags. Can you fix that?

16. MSU appears to be the only entity working on nutrition outreach and getting fresh produce to convenience stores. We need to ramp up our efforts in this regard and take charge. Sen. Ananich's office is doing something with John Roberts' knowledge but we need to craft a plan and execute immediately.
There are a lot of efforts happening with nutrition education – lead by MDHHS with MDE, MDARD, and MSUE as partners. Edible Flint, Fair Food Network, MDE, MDARD, and MI Farmers Market Association are also assisting with food access concerns.

17. You said nutrition doesn't remove lead from the body but iron, calcium and Vitamin C can reduce/halt the absorption of new lead. Are there vitamins I should be taking?
18. What parts of the body does lead poisoning impact. I have heard that it goes to the bones, the brain, and gastrointestinal but is removed by kidneys and excreted in urine. Is this right?
19. Abandoned buildings are set on fire and lead paint in walls can become smoke with lead that gets breathed in. Are our kids at risk when there is a fire in the neighborhood?
20. What about my pets? Will the state animal response team get involved?
21. We have scammers in our neighborhood offering to do testing in order to gain access and steal. Or offer fake services. What is being done about the scammers?
22. There is not enough information translated in Spanish, Arabic or Chinese. When will this change?
23. What are you doing about people who have left Flint but were exposed to potential lead poisoning? Are you contacting them or giving them a way to contact you?

> > - LARA has indicated that at this point, small family day care and other entities (less than 6 children/students) are not being addressed.
> >
> > For MDE: **OUR IMMEDIATE TASK**

- Within our food programs, we need to:
    - Identify schools and entities that we (MDE) are aware are serving 6 or more students on a daily basis (may be "inactive", but "open" in EEM, as example). The term "Inactive" has been received by LARA as "closed" and removal from fixture replacement consideration has occurred. Within our comprehensive spreadsheet (see attached), we need to ID each school/entity as "Active" or "Seasonal/Emergency".
    - Identify entities that we (MDE) are aware are serving 6 or more students on a "seasonal" or "emergency" basis (may only participate in SFSP or TFAP, as example) and not serving students through MDE programs on a daily basis during regular school year

NOTE: We are attempting to drill down into data spreadsheets that have been provided previously by MDE. My discussion with Karen this morning cleared that up significantly. Ongoing discussions this morning, as a result, have moved the needle forward as well. We want to continue this momentum, if possible. MDE is going to continue to function as the keeper of school/entity data for LARA, DEQ, and MDARD. Segmenting tasks and responsibilities between the groups is our next mission.

Hope this helps. Please let me know if you need clarification.

Kevin

Kevin,

Here are the details for Karen.

Boys and Girls Club of Greater Flint (Averill Ave) : Active CACFP program; also this is a TEFAP distribution center;
COFY Center (Carpenter Road): Inactive
Mount Olive (Fay Street): Inactive
Our Savior Lutheran Church ((Saginaw St.) : this is a TEFAP distribution center only; they do not do food prep; they hand out food boxes.
Shelter of Flint (Cedar ST) : Active CACFP Center
West Court St Church of God (Church St.) : Active CACFP program; also this is a TEFAP distribution center;
YMCA of Greater Flint (E. Third St.) Inactive

Subject: RE: CACFP Center Sites

Louis & Team -
Attached is the spreadsheet that I've been using with those enrolled in our CN programs. Peter pulled this 2 weeks ago. Ignore the yellow highlights - those are the sites in the "hot zone" zip codes.

I highlighted the ones in purple that I could find on your list below. 2 are TEFAP distribution sites. Three others are CACFP enrolled centers.

How to move forward if what is listed here are not ones enrolled in CACFP? Are they licensed through MDARD that they would have been reached that way?

Let's talk in the morning...
Diane

==========

SEOC rep: need to follow up with the results of this email with LARA (Karen Towne).

Diane, LARA has a list they call CSACFP Center Sites. The source is supposed to be us.

They need to know the status of the following sites:

Boys and Girls Club of Greater Flint (Averill Ave) COFY Center (Carpenter Road) Mount Olive (Fay Street) Our Savior Lutheran Church ((Saginaw St.) Shelter of Flint (Cedar ST) West Court St Church of God (Church St.) YMCA of Greater Flint (E. Third St.)

Are they child care centers or just food centers? LARA is trying to get all these on a list for testing. We have to help them determine what they are.

Louis

Hi Stephanie,

Three of the sites listed below are "inactive" according to household and CACFP programs, but Kevin wondered if they are summer meal sites.

We are also wondering if any summer meal sites open before summer, like during spring break.

Let us know what you know...

Thanks,

Tom

Kevin,

Here are the details for Karen.

Boys and Girls Club of Greater Flint (Averill Ave) : Active CACFP program; also this is a TEFAP distribution center;
COFY Center (Carpenter Road): Inactive

Mount Olive (Fay Street): Inactive
*Our Savior Lutheran Church ((Saginaw St.) : this is a TEFAP distribution center only; they do not do food* prep; they hand out food boxes.
Shelter of Flint (Cedar ST) : Active CACFP Center
West Court St Church of God (Church St.) : Active CACFP program; also this is a TEFAP distribution center;
YMCA of Greater Flint (E. Third St.) Inactive

Subject: RE: CACFP Center Sites

Louis & Team -
Attached is the spreadsheet that I've been using with those enrolled in our CN programs. Peter pulled this 2 weeks ago. Ignore the yellow highlights - those are the sites in the "hot zone" zip codes.

I highlighted the ones in purple that I could find on your list below. 2 are TEFAP distribution sites. Three others are CACFP enrolled centers.

How to move forward if what is listed here are not ones enrolled in CACFP? Are they licensed through MDARD that they would have been reached that way?

Let's talk in the morning...
Diane

==========

SEOC rep: need to follow up with the results of this email with LARA (Karen Towne).

Diane, LARA has a list they call CSACFP Center Sites. The source is supposed to be us.

They need to know the status of the following sites:

Boys and Girls Club of Greater Flint (Averill Ave) COFY Center (Carpenter Road) Mount Olive (Fay Street) Our Savior Lutheran Church ((Saginaw St.) Shelter of Flint (Cedar ST) West Court St Church of God (Church St.) YMCA of Greater Flint (E. Third St.)

Are they child care centers or just food centers? LARA is trying to get all these on a list for testing. We have to help them determine what they are.

Louis

**Subject:** FW: Update Call (09:30) Wednesday

Kyle, Marty, and Marla,

Staff has been working with LARA on outreach efforts to schools. Some of the schools are un registered non-public schools such as Seventh Day Adventist schools. Some of the school administrators don't have a positive view towards government in general. LARA has reported some resistance.

We know this is why they don't register with the state. We are working with LARA to assist and coordinate contact.

This is FYI.

Louis

**Subject:** Update Call (09:30) Wednesday

Update call (09:30) on Wednesday:

SitReps due at 17:00

Operations: Water main break brings anticipation of increased need for bottled water. Keeping an eye on that. We will be fielding a lot of questions today. Be sure we are communicating a consistent response today so public is getting that one solid response. Make sure you are collaborating with others. Keep line of communication open and maintained. This is definitely a speed bump in progress we have been making, but we can overcome. Long term recovery planning group is meeting today.

NWS: Expecting snow showers to decrease through day. Big message is cold temperature (air mass) pushing in tonight. Looking at daytime temperatures of 15-20, with nightly lows into single digits. Wind chills of below zero beginning tonight. Frost bite at about 30 minutes or less. Reinforcing shot of much colder air this weekend, could be wind chills of -10 degrees. Frost bite exposure time is 15 minutes or less at that temperature.

DHHS: CHECC has lined up volunteers for distribution teams with DEQ. Wednesday webinar by Dr. Wells will be held, clinical webinars for health care providers. Continuing to work on behavioral health model with Genesee Health System.

MDARD: Nothing new to report

DEQ: 10 teams to begin sampling.

LARA: Working to finalize complete list of schools. Get with DOC for plumbing supplies. Working on translation of documents in all languages

Human Services: Reached out to children group to cross reference water test results. Blood testing FYI, have executive staff that lives in Flint. She received letter from insurance company encouraging her to get blood lead test and assured it was covered. Husband, retired GM, got similar letter. Health Care professional also encouraged blood lead test. Outreach is working out there. MDE reported work continuing with LARA, DEQ, and MDARD in relation to communicating with schools on replacement and testing. MSD parent meeting held last night. Dr. Eden Wells and Dr. Johnson (GCME) were present as were 12 parents and MSD staff. TV12 was there as well. Positive response to meeting. Side note: During meeting at MSD, the City of Flint alert came in about boiling water that allowed Dr. Wells and Dr. Johnson to address with participants

OCR: No update

Red Cross: 10 teams out yesterday, visited 440 homes. 10 teams again today to make sure every home has been touched and a couple of apartment complexes to make sure they have been touched. 15 new people processed through Volunteer Reception yesterday.

MSP: No update

MNG: No update

DOC: No update

DTMB: We are working on resource requests. Door hanger request to be delivered to Flint tomorrow

GIS: No update

UCG: Changes to task assignments, be sure to check. Testing and outreach continues. Working with Genesee County staff. USDA has reviewed request and is expected to announce result today. May be a public event. Overlapping efforts to make sure nothing is missed.

Local EOC: Trying to coordinate rapid response with warehouse management (Red Cross and United Way). 10 site monitor teams going out today. Management Plan document was updated last night and available in MiCIMS. Water main break: Teams in impacted area can provide information to homes in that area. Working with SEOC to identify addition needs for those in that area.

Logistics: Monitoring pods today and assume water will be in demand today. Working with FEMA to make sure we have truckloads coming in

Planning: No update

Finance: No update

Recovery: Working on next mission with water main break and getting filter cartridges to people

PIO: Boil water advisory went out to City of Flint last night. New filter cartridges will be needed by those

Deputy Director: Biggest priority this morning is messaging with boiling water and pods keeping ahead of uptick.

Next call: 16:00

**Subject:** Re: Non Public Schools

Karen

Thank you.

To reiterate, MDE does not have contact or registrant connection to this listing of Non-Public schools. As a result of our conference call last Friday, I agreed to compile the list from other sources, expressing that these entities have made a decision not to register with MDE and share that with LARA. I also explained that it may be best for another agency to perform outreach/contact to these entities based on the above-stated decision.

To that, I would like clarification on the vetting of this listing and the stated directive. Is that statement intended for LARA?

Thanks again

Kevin

**Subject:** Re: CACFP Center Sites

Good Evening-

I'm not sure if this is helpful but...

GCCARD, which holds the Headstart grant, is housed on Harrison Street in Downtown Flint, 48503, might be able to help. Also Crossover (funded by 4 downtown churches), Carriage Town Mission (Dallas Gatlin - Director), and the Food Bank of Eastern Michigan (Bill Kerr - Director) may be able to assist. They are all right in the heart of the most at risk zip codes and have an army of volunteers. I was employed by both Crossover and Carriage Town and can vouch for their credibility. I know that if help is needed they'd be willing to roll up their sleeves.

Hope this helps-
Lynn

Hi Diane,

Kevin and I spoke briefly about this on Friday morning. MDE updates have been pretty clearly communicated at the briefings as well as listed within our SIT Reps each night. I really don't know what we could to be doing different communication-wise. The communication errors seems to be on their end so maybe they are thinking that all messages should be routed through Kathy to keep them consistent. The person who said it was a call-in person (not at SEOC) but Kathy was there on site. When this was said, I turned and looked right at her and she shrugged her shoulders.

When I arrived at SEOC yesterday, Kathy was asking Aimee about boxed meals being delivered to homes as part of an MDE project (like meals on wheels) I updated her on the TEFAP program at that time and showed her where and when the details were shared with HHS.

We can talk more about this on Monday but the bottom line is that several HHS people outside of the SEOC are not always working with the folks within the SEOC for consistent messaging. I truly don't think MDE is the problem on this one.

Have a good weekend. See you Monday.
Jaime

Thanks Jaime.
I'm very confused on the highlighted statement about the Nutrition Task Force Group (lead by MDHHS) as I represented MDE this week. During the meeting I talked to the group about the TEFAP Disaster Food request that we were making and we noted it in our work plan to follow up should it be approved but nothing else was said about "requests should be communicated to HHS/Kathy Wahl Team". Maybe I need to know who this "HHS/Kathy Wahl" team is? Are they different than those that Mikelle Robinson (MDHHS) work with? I guess I'm just trying to figure out if I missed a step or if this is someone different than those I'm already communicating with??
Thanks!

SEOC Update Briefing 2/5/16 @ 16:00

- Appropriation requests given to state agencies
- DHHS: MDE is working to provide a spreadsheet to DHHS with the names of all Flint kids enrolled in Early Head Start/Head Start under age 6. The information will be compared to the list of children who have had lead testing. (Request has been forward to both Dr Treder (by Kevin) and Head Start/GISD staff (by Jaime). Aimee or Louis: please be sure this list gets to the HHS team as soon as it is received on Monday)
- LabCorp is certified to conduct lead testing – they have been referred to health department.
- DEQ says teams are *still knocking on doors. Reports have been clarified to alleviate confusion. Filters that filter* lead do not filter copper – very few filter both. 28 homes have tested higher than 38 parts per billion for copper.
- Water Samples appointments made. 25 more homes testing at 38 parts per billion for lead.
- *MDARD, LARA, MDE & DEQ meeting to discuss testing of providers. Need more clarification on private* schools. MDARD stepping back while LARA and DEQ continue. (Aimee or Louis: please update SIT REP once the affected agencies all agree on the plan – see e-mail)
- LARA moving forward with faucet replacement plan now that they have a defined/complete list of providers.
- DHHS moving resource request tasks through team.
- Recycle project going well.
- Volunteer Center open, may start working with Seventh Day Adventist who would like to assist with warehouse duties. Examining churches in area who want to help with distribution of supplies.
- Talent Investment Team – job identification. Also potential warehouse and storage offers in area.
- National Guard says the lighting situation at pod has been fixed. Will most likely stay with current pod schedule.
- Corrections is adding staff and hours to help with distribution but also checking expiration dates on water. Also noted an injury on site at a warehouse.
- DTMB – Disaster Outreach Center location being identified. Also a reminder to reach out to your agencies so staff there know who is at the SEOC. This will assist with better fielding of calls and TA.
- Nutrition Task Force Group are meeting. Requests to USDA are not always clear, plus these requests should be communicated to HHS/Kathy Wahl Team. (this may be stemming from the question Aimee and I received from Kathy regarding TEFAP program?)
- Outreach to apartment complexes being completed.
- Economic Disaster Location Declaration (Tony) – *Businesses in area are eligible for tax breaks and other* resources for assistance during hardship.
- Sit reps due 17:00

SEOC Note: They are no longer providing bottled water (BYOBW). Will eventually stop serving snacks – lunch will still be provided.

**Subject:** Flint water in schools - proposed teleconference for 3pm on Friday

Hello

I am trying to schedule a teleconference between MDARD, the Genesee County Health Department, MDE, and someone from LARA who is working with DEQ (NEED DEQ/LARA NAMES AND CONTACT INFO ASAP FROM SOMEONE) on water investigation at Flint schools for tomorrow at 3pm to discuss the following:

1) Which agency is responsible for water sampling at which Flint school (I understand that LARA is working with DEQ on conducting water sampling at the schools in the attached spreadsheet – MDARD needs to verify so we can drop them from our list, if needed;

2) Getting a list of private/parochial/charter schools NOT being sampled by LARA/DEQ, so MDARD can conduct sampling. (the attached list is confusing, because it appears that there are some parochial, non-public schools, ie St. Paul Lutheran, St. John Vianney School are ON this list being done by LARA.)

3) MDARD is NOT conducting sampling like DEQ/LARA sampling (we only pull one sample from the food service area). Should ALL schools be sampled by DEQ/LARA because it is more comprehensive?

I need to hear back from everyone right away so I can send out the appointment and get us coordinating this issue before it gets more complicated.

ATTENTION Genesee County Emergency Manager:

MDE will contact all school districts, Public School Academies, non-public school, residential child care institutions, and any agency running a child nutrition program to find out what they have done to ensure they are providing a safe water source for the children and adults they serve.

In addition, the Deputy Superintendent will contact the Genesee Intermediate School District Superintendent to request information on what the ISD has done regarding the water crises in affected buildings.

All messages will be coordinated through the Joint Information Center.

## 8 January, 2016

MDE Child Nutrition Program Staff sent JIC approved emails to Flint area child nutrition program staff to determine actions being taken to address the water crises. Staff has highlighted the Flint Water website as source for information related to various aspects of the crises.
****Louis Burgess - SEOC OPS Human Services MDE - burgessl@michigan.gov at 16:08:29 on 1/8/2016****

## 9 January, 2016

Spreadsheets shared with DEQ. These lists come from the Education Entity Master. Filtered for open schools.

MDE is doing outreach to all registered Child Nutrition Program providers. This is being done during normal work hours. There is no weekend work being done on this.
****Louis Burgess - SEOC OPS Human Services MDE - burgessl@michigan.gov at 12:25:27 on 1/9/2016****

LT Covey asked about the extra water that is under control of schools. LT Roach was asking him about working with MDE to get water and make available to other places. As a local control state, each school district and Public School Academy is a local unit of government with control over their own resources. Districts will have to be contacted directly regarding sharing their resources. MDE can provide contact information at the Superintendent level.
****Louis Burgess - SEOC OPS Human Services MDE - burgessl@michigan.gov at 14:49:33 on 1/9/2016****

## 11 January, 2016

MDE leadership team briefed on the Flint Water Crises. Dr. Eden Wells is addressing the State Board of Education meeting on January 12.

Health and Environment Branch Chief requested information from MDE on outreach to child nutrition providers increasing nutritional values of meals served.

****Louis Burgess - SEOC OPS Human Services MDE - burgessl@michigan.gov at 14:34:36 on 1/11/2016****

## 15 January, 2016

****Kevin Walters - SEOC OPS Human Services MDE - WaltersK5@michigan.gov at 08:57:23 on 1/15/2016****

Below is an update from Marla Moss, MDE Director on Office of School Support Services activities regarding the Flint water crisis. Update was sent via email, 15 January, 07:16

• Our office has contacted each day care center and school on the attached spreadsheet to determine if they use the city of Flint water. (I had discussions early last week with Colleen

Nelson at LARA regarding licensed centers and providers. She indicated that all licensed providers were notified to obtain water filters in October when the news first broke. DHHS provided a list of those that did and her staff contacted those that did not obtain the water filter.) Email we sent is attached.
• Our two family day care home providers (FDCH), Association of Child Development and Mid Michigan, sent an email to all city of Flint day care home providers under their agreement. If the provider had no email, they were either contacted by phone or sent a letter via USPS. These two sponsors tracked each provider for MDE. Those who are still using Flint water, were directed to the website for locations to pick up bottled water, or obtain a filter. I know of one provider so far. Website: http://www.michigan.gov/flintwater
• Every entity on the spreadsheet was asked to provide us with an answer on their water source. See last column. Our secretaries tracked responses for us.
• We will send information to schools, center and FDCH providers the attached Food Business Water Handout – provided by MDARD.
• We plan to send a handout to all schools, centers and FDCH providers regarding a diet for lead poisoning. Awaiting final approval from DHHS.
• Diane G and I are working on a collaborative effort lead by DHHS staff, Gloria Zunker, to develop a nutrition plan for the children in city of Flint. Our first call is this morning. Agenda attached.
• Early in October we asked for and received a waiver for Flint Community Schools which exempts them from the requirement of the Healthy Hunger Free Kids Act (HHFKA) to serve potable water during meal times in areas where meals are served.
• We are also tracking USDA foods for schools and determining if there are further commodities we could ask USDA for that are high in Vitamin C, calcium and iron.
• In addition, we will work with USDA to identify needs for the schools in the city of Flint in relation to the USDA Fresh Fruit and Vegetable Program (FFVP). Goal is to secure more funds to purchase fresh f/v rich in Vitamin C.
• We plan to work with local food banks. Genesee County Community Action Resource Department (GCCARD) participates in our The Emergency Food Assistance Program (TEFAP) and receives USDA Foods. We will work with USDA to see if there are additional commodities that we could request for them.
• A member of my staff is on site at the State Emergency Operations Center (SEOC) every day. Louis Burgess oversees this initiative for our office. We have an updates at the SEOC two times a day and staff provide an update to Kyle twice daily.

****Kevin Walters - SEOC OPS Human Services MDE - WaltersK5@michigan.gov at 08:48:48 on 1/15/2016****

MDE uploading spreadsheet of Licensed Day Care providers in Genesee County and their maximum licensed capacity count
****Kevin Walters - SEOC OPS Human Services MDE - WaltersK5@michigan.gov at 15:47:08 on 1/15/2016****

## 16 January, 2016

This is list of Flint areas schools (local districts, publics school academies, non-publics). Fall enrollment and staff numbers at each building. This is list of Flint areas schools; not all buildings get water from the City of Flint.
****Louis Burgess - SEOC OPS Human Services MDE - burgessl@michigan.gov at 09:28:58 on 1/16/2016****

## 20 January, 2016

The Michigan School for the Deaf is a state run school with about 75 students in residential status. The dormitory, Stevens Hall, is a leased facility. Water testing results were reported to the administration on 1/19/16. Stevens Hall showed a level of 28 parts per billion. Test result is attached.

The contractor is working to replace the old faucets in the facility with new ones. Subject to availability they plan to replace all 62 faucets in the next two weeks.

Since September 2015, no students have been drinking unfiltered City water at Michigan School for the Deaf. They installed lead filters in the kitchen (for cooking) and at the drinking water/ice dispenser in the cafeteria. Additionally, we are importing bottled water and have set up 5 gallon dispensers at the drinking fountain locations throughout the school and dormitories. The school began this new procedure in September 2015 after the announcements about lead contamination.

****Louis Burgess - SEOC OPS Human Services MDE - burgessl@michigan.gov at 15:21:03 on 1/20/2016****

## 21 January, 2016

MSD reports that DEQ has scheduled testing for January 29, 2016 at *:00 a.m.
****Louis Burgess - SEOC OPS Human Services MDE - burgessl@michigan.gov at 15:47:18 on 1/21/2016****

When the school first heard of the water lead issue back in September, they conducted their own testing at the school... which came back with clear results. The administrators at the school closed down the fountains and have been purchasing 35-gallon water dispensers (150 gallons/week) from Culligan that are placed near the drinking fountains. They also placed water filters at the cafeteria drinking fountain and kitchen sink for use in cooking/food prep.

MSD has been on the waiting list to get tested by DEQ since mid-December. The landlord (Lurvey-White Ventures) on its own, decided to have another test done on January 14 – this time testing both the school and the dorm. The dorm test came back with the elevated lead levels in the water.

The school received word today from the landlord that they will expedite the replacements of the 62-65 faucets in the dorm beginning tomorrow (Friday) and expect to have them all replaced by the end of the weekend.

There are 167 total students at the school, 75 of which board in the dorm.

The landlord and school administration also are looking at either replacing the shower heads in the dorm, or installing in-line filters to the showers. In the meantime, resident students are using the showers at the school, which has been tested and found to be lead-free.

The parent letters were sent out yesterday, by postal service and on the schools webpage. The next scheduled Parents Meeting is February 9, when parents can come and ask questions. The letter also informed the parents that they can contact Janet Kelley at the school in the interim.

## 22 January, 2016

Verified the availability of safe drinking water on site at the Michigan School for the Deaf student dormitory as requested by SEOC Captain.
****Tom Priest - SEOC OPS Human Services MDE - PriestT1@michigan.gov at 11:41:48 on 1/22/2016****

Contractors working to update faucets at Michigan School for the Deaf in the dormitory.

"We will be working around the clock this coming weekend, January 23, and January 24, to replace all (62) faucets located in the dormitory building. Additionally, the following weekend, we plan to install (3) new watering stations at specific locations designated throughout the dormitory."
****Louis Burgess - SEOC OPS Human Services MDE - burgessl@michigan.gov at 12:55:42 on 1/22/2016****

Additional waiver for Flint area schools for supplying potable water. School listed in the attachment. This letter (see attachment) is in response to a request from the Michigan Department of Education (DoE) to waive the potable water requirement in the Richard B. Russell National School Lunch Act, 42 U.S.C. 1758, Section 9(a)(5), and found in regulations at 7 CFR 210.10(a)(1)(i). The requirement provides that schools must make available during the school lunch program free potable water where meals are served.
****Louis Burgess - SEOC OPS Human Services MDE - burgessl@michigan.gov at 13:05:48 on 1/22/2016****

## 24 January, 2016

As of 1/23/16: water testing complete in school building and LRC dorm. Stevens Hall will be tested when landlord finishes upgrades.

As of 1/23/16: all water faucets replaced in Stevens Hall. 3 new drinking fountains on order; expected mid-week. Once fountains are installed, Stevens Hall will be scheduled for water testing.
****Louis Burgess - SEOC OPS Human Services MDE - burgessl@michigan.gov at 15:32:26 on 1/24/2016****

## 25 January, 2016

MDE provided LARA with a complete list of Child Care sites in the City of Flint as requested. The request was made by LARA after a conversation with Whaley Children's Center site staff regarding testing for lead on their own. LARA could not find a site listed in their materials. Once the initial concern was resolved, MDE provided the entire list to LARA to make sure it was available to all LARA staff as needed.
****Tom Priest - SEOC OPS Human Services MDE - PriestT1@michigan.gov at 15:26:12 on 1/25/2016****

MDE investigated which, if any, state agency is responsible to the regular testing of drinking water at schools in response to a question from the media. MDE staff spoke with LARA staff and was referred to DEQ. MDE spoke with DEQ staff and was told that DEQ was not responsible for monitoring drinking water at schools, but DEQ does monitor water treatment facilities. The monitoring of lead in drinking water is not a responsibility of MDE.
****Tom Priest - SEOC OPS Human Services MDE - PriestT1@michigan.gov at 15:30:51 on 1/25/2016****

## 28 January, 2016

Uploading spreadsheet based on LARA request. Spreadsheet has been forwarded to LARA as well.
****Kevin Walters - SEOC OPS Human Services MDE - WaltersK5@michigan.gov at 10:02:46 on 1/28/2016****

Also responded to DHHS request for data related to students, ages 5-10, that reside within impacted zip codes.
****Kevin Walters - SEOC OPS Human Services MDE - WaltersK5@michigan.gov at 11:38:02 on 1/28/2016****

Uploaded spreadsheet from GISD that includes all districts that have students enrolled as residents within impacted Flint Water Zip Codes. Spreadsheet displays data by school district, by age
****Kevin Walters - SEOC OPS Human Services MDE - WaltersK5@michigan.gov at 13:50:18 on 1/28/2016****

## 29 January, 2016

OSSS staff continue to reach out to sponsors of child nutrition programs to ensure that all sites have water, water filters, and understanding of available support.

## 1 February, 2016

This spreadsheet of MDE Facilities has been updated by LARA to include color-coded identifiers and priorities
****Kevin Walters - SEOC OPS Human Services MDE - WaltersK5@michigan.gov at 11:08:28 on 2/1/2016****

MDE is working on the following in the 16 zip codes affected by the Flint Water Crisis:

- Promoting school lunch and breakfast as great sources of the three key nutrients.
- Reaching out to schools participating in the fresh fruit and vegetable program to help select produce high in these nutrients.
- We applied for and received additional fresh fruit and vegetable funds for the schools in these 16 zip codes that qualified for the fresh fruit and vegetable program but did not apply. We will be reaching out to these schools and granting those funds for the purpose of supplying their students with fresh produce snacks that are high in these nutrients.
- For the schools that do not qualify for the fresh fruit and vegetable program, we will be working with them directly on creative ways to menu additional items high in the key nutrients.
- We also applied for and received a waiver for the potable water requirement from HHFKA for all of the schools in the 16 zip codes.
- We have identified additional USDA commodities entitlement funds and will be directing those

additional funds toward the schools in the effected zip codes with assistance on choosing available USDA commodities that are high in the key nutrients.
• We are working with TEFAP agencies in these zip codes and with USDA to determine if we can get additional TEFAP foods high in the target nutrients to food distribution sites as additional foods given out to TEFAP participants.
• We are working on communications for school administrators, child care providers, and school food service staff on how to promote the USDA Child Nutrition Programs and menu foods high in the key nutrients.
• We have sought approval for nutrition education materials to be stuffed in every backpack and sent home with every child enrolled in a CACFP child care center or home.
• We are also working with key partners in Flint to potentially serve at risk meals in the evenings and on the weekends through the Child and Adult Care Food Program Afterschool Supper program in an effort to assure these children have access to the most nutritious foods possible.

## MSP-EOC-MDEDUCTN

**From:** Golzynski, Diane (MDE)
**Sent:** Thursday, February 04, 2016 1:51 PM
**To:** MSP-EOC-MDEDUCTN; Walters, Kevin (MDE)
**Cc:** Burgess, Louis (MDE); Moss, Marla (MDE)
**Subject:** RE: Request from DHHS
**Attachments:** Sponsor of sites in Flint Area - 20160107.xlsx

Kevin – see the first tab of this spreadsheet. I believe this is the only spreadsheet shared at the SEOC to date and the first tab has the communications we have had regarding water sources with child care centers. We have not reached out to schools.

Would you like for me to have the information formatted differently or am I misunderstanding the ask?

Don't ever be sorry. This is how we support each other. By you "saving" me from having to physically go to the SEOC, I can be here providing the data and other needs for all of us working on this. ☺

Diane

Diane

I realize that some of this may have been accomplished already, so bear with me:

DHHS is requesting the following:

1. What information/outreach has MDE accomplished as it relates to MDE associated food program sites relative to water use (ie. Column for Contacted by MDE)
2. Is there a spreadsheet that indicates, by entity, that support for #1 (ie. Columns with Filtered Water, Bottled Water, etc) is present

The request is to produce a document (spreadsheet) that includes confirmation of contact by MDE, and whether these entities are using Filtered Flint Water, Bottled Water, or Other. I see LARA's spreadsheet for schools in/out of Flint Water. I don't see one for licensed day cares. I can try to track that information down. Has MDE reached out to our Family Day Care's in outreach on water?

Thanks. Sorry.

Kevin

**Subject:** MDE Request for Information

Hi Virginia,

In response to your request for information on which Flint schools have drinkable water, specific to responding to schools that decline bottled water and state that their water situation has been addressed...

MDE did not currently have a list compiled to show which Flint schools have drinkable water and which ones need bottled or other options for water.

I asked LARA for assistance with this information. They provided the attached Excel document that shows which area schools are on Flint water system and those that are not (two separate tabs). In the affected area, there are 30 school locations that are on the Flint water system, and 12 that are not.

I also spoke with April Hunt at MDARD. They may be able to better identify drinkable water at schools as associated with school cafeteria testing. This could reduce list of the 30 schools on Flint water once we identify schools that have upgraded fixtures/plumbing to provide safe water.

MDE will update DHHS when we hear back from MDARD.

**Subject:** Re: School assessment/water testing question

If the school is already being tested and followed up on by DEQ/LARA (ie Flint community schools listed on the deq website there is no real reason for mdard to do these because they are already being told to flush and taps being scheduled for replacement. Some are in our list but they are already being addressed by others.

Other schools not part of Flint Community Schools, ie parochial/private/charter schools, we will do these i believe. Some have already been done

I was asked by MDE if any schools were on MDARD's initial assessments list and if we've taken any water samples were at schools. Some of the reasoning from MDE was that a school would be a licensed food establishment – likely LHD jurisdiction – but since MDARD is covering LHD establishments, schools also might be on our list to assess/test.

**To:** MSP-EOC-MDEDUCTN; Golzynski, Diane (MDE); Priest, Thomas (MDE)
**Subject:** RE: Flint Water Crises (SEOC update, January 24, 1600)

Tom

In relation to Karen's spreadsheet:

White – in Hot Zone – potential replacement location – probably should discuss further
Pink – Not on Flint water system and will not be targeted for replacement
Yellow – DHHS Facility
Bronze – On MDE list and on LARA list for replacement.
Light Blue – on LARA Child Care facility list for replacement

In conjunction with her yesterday, we added three additional color coding elements:

Green: Schools/Entities still in use for MDE Food Programming
White: Unverified Schools/Entities or those not participating in MDE Food Programming
Yellow: Schools participating in MDE Food Programming, yet outside the identified zone

Hope this helps. Let me know if you need more information. Most of color coding was completed by LARA (Kathy Town)

When you say replacement, are you referring to pipes/fountains/fixtures?

Again, we are being asked to provide a list of schools with/without safe drinking water.

I am not sure this list addresses that request.

Tom

**To:** MSP-EOC-MDEDUCTN; Golzynski, Diane (MDE); Priest, Thomas (MDE)
**Subject:** RE: Flint Water Crises (SEOC update, January 24, 1600)

Tom

In relation to Karen's spreadsheet:

White – in Hot Zone – potential replacement location – probably should discuss further
Pink – Not on Flint water system and will not be targeted for replacement
Yellow – DHHS Facility
Bronze – On MDE list and on LARA list for replacement.
Light Blue – on LARA Child Care facility list for replacement

In conjunction with her yesterday, we added three additional color coding elements:

Green: Schools/Entities still in use for MDE Food Programming
White: Unverified Schools/Entities or those not participating in MDE Food Programming
Yellow: Schools participating in MDE Food Programming, yet outside the identified zone

Hope this helps. Let me know if you need more information. Most of color coding was completed by LARA (Kathy Town)

Hi Kevin,

I called you but was able to find the right entrance... all is well.

As for the EPA testing schools conversation, there has been no progress. Aimee tells me that they have been in meetings all morning and very busy.

Please remind me where they are seated in the room and who from DEQ I should be talking to.

Thanks,

Tom

Subject: RE: Flint schools testing - UPDATE

UPDATE:

Following update call at 16:00, DEQ is involved in priority-sensitive reporting. I inquired, briefly, prior to the start of the call and DEQ indicated they would track down specifics and get back to us. I am assuming that will be tomorrow and will not push for information prior to my exit this evening.

In interim, I inquired with LARA, who indicates they believe it is related to MSD school testing (I question this). Kyle confirmed that the reference to superintendent was not Brian at MDE. That leaves a number of options (ie. GISD superintendent, Flint Community Schools superintendent, another locally impacted superintendent, none of the above). I will leave directions for Tom to look for that communication from DEQ tomorrow AM and ask that he update group, as appropriate, when it arrives.

Thanks again. Definitely a tense afternoon at SEOC today for some.

Kevin

**Sent:** Tuesday, February 02, 2016 3:09 PM
**To:** MSP-EOC-MDEDUCTN
**Subject:** FW: Flint Zip Codes

Kevin,

Below are zip codes.

Residences within the following zip codes are within the City Limits and on Flint Water.
48502
48503
48504
48505
48506
48507
48529
48532

Residences in the following zip codes are outside the city limits but contain some locations that are on Flint Water supply.
48509
48519

Jennifer Lixey Terrill
MDHHS, EMC

**Subject:** RE: Zip Codes
**Importance:** High

MDE is working on the following in the 16 zip codes affected by the Flint Water Crisis:

- Promoting school lunch and breakfast as great sources of the three key nutrients.
- Reaching out to schools participating in the fresh fruit and vegetable program to help select produce high in these nutrients.
- We applied for and received additional fresh fruit and vegetable funds for the schools in these 16 zip codes that qualified for the fresh fruit and vegetable program but did not apply. We will be reaching out to these schools and granting those funds for the purpose of supplying their students with fresh produce snacks that are high in these nutrients.
- For the schools that do not qualify for the fresh fruit and vegetable program, we will be working with them directly on creative ways to menu additional items high in the key nutrients.
- We also applied for and received a waiver for the potable water requirement from HHFKA for all of the schools in the 16 zip codes.
- We have identified additional USDA commodities entitlement funds and will be directing those additional funds toward the schools in the effected zip codes with assistance on choosing available USDA commodities that are high in the key nutrients.
- We are working with TEFAP agencies in these zip codes and with USDA to determine if we can get additional TEFAP foods high in the target nutrients to food distribution sites as additional foods given out to TEFAP participants.
- We are working on communications for school administrators, child care providers, and school food service staff on how to promote the USDA Child Nutrition Programs and menu foods high in the key nutrients.
- We have sought approval for nutrition education materials to be stuffed in every backpack and sent home with every child enrolled in a CACFP child care center or home.
- We are also working with key partners in Flint to potentially serve at risk meals in the evenings and on the weekends through the Child and Adult Care Food Program

Afterschool Supper program in an effort to assure these children have access to the most nutritious foods possible.

I will forward the spreadsheet when it is updated – we still have one tab to add our food banks and then I believe it will be complete.

Kevin/Louis - we had a call yesterday with Jacqlyn from Senator Stabenow's office. She was very interested in CEP and the schools in Flint. We sent her some info yesterday. She also told us Stabenow's office is available to assist us in any way they can. We will continue regular communication with her and keep you posted. May be worth mentioning at SEOC in some manner...

**Importance:** High

Please send the Planning Group a bullet list of important events that your agency will be participating in this week by 6 pm today. (i.e. Meeting with community agencies to identify future POD sites or meet with federal partners to outline long term recovery).

We will be compiling a list tonight for the Governor's office.

Thanks!

Tom

The Recovery unit is in a debriefing meeting at the moment. They have the information we need. I will grab them as soon as they finish.

Address here is 7150 Harris Road, Dimondale. Check in at the entrance (will have to park a fair distance away) and they will escort you to new SEOC.

Phone number at SEOC for MDE is 517-284-3863. Phone is operational, to my knowledge.

Stay tuned. I will get information as soon as I possibly can to get to you

Kevin

**Subject:** Flint Population Statistics

Hi Kevin,

A couple questions...

1. Is there a fact sheet with stats on how many people/households are affected by the water crisis?

I am writing a request to USDA for emergency food and would like some info that shows the scope of the number of people affected. I do not want to just pull numbers off the internet that may be different than info we have previously shared... Marla wants the letter done now (she is out starting tomorrow), so the quicker you respond the better

2. Also, I tried to call the MDE phone at SEOC and got a prerecorded message. Did we get a new number? If so, what is it?

3. And... what is the new address for SEOC? I am not finding it in the e-mails...

Thanks,

Tom

**Subject: RE: Zip Codes**

MDE is working on the following in the 16 zip codes affected by the Flint Water Crisis:

- Promoting school lunch and breakfast as great sources of the three key nutrients.
- Reaching out to schools participating in the fresh fruit and vegetable program to help select produce high in these nutrients.
- We applied for and received additional fresh fruit and vegetable funds for the schools in these 16 zip codes that qualified for the fresh fruit and vegetable program but did not apply. We will be reaching out to these schools and granting those funds for the purpose of supplying their students with fresh produce snacks that are high in these nutrients.
- For the schools that do not qualify for the fresh fruit and vegetable program, we will be working with them directly on creative ways to menu additional items high in the key nutrients.
- We also applied for and received a waiver for the potable water requirement from HHFKA for all of the schools in the 16 zip codes.
- We have identified additional USDA commodities entitlement funds and will be directing those additional funds toward the schools in the effected zip codes with assistance on choosing available USDA commodities that are high in the key nutrients.
- We are working with TEFAP agencies in these zip codes and with USDA to determine if we can get additional TEFAP foods high in the target nutrients to food distribution sites as additional foods given out to TEFAP participants.
- We are working on communications for school administrators, child care providers, and school food service staff on how to promote the USDA Child Nutrition Programs and menu foods high in the key nutrients.
- We have sought approval for nutrition education materials to be stuffed in every backpack and sent home with every child enrolled in a CACFP child care center or home.
- We are also working with key partners in Flint to potentially serve at risk meals in the evenings and on the weekends through the Child and Adult Care Food Program Afterschool Supper program in an effort to assure these children have access to the most nutritious foods possible.

I will forward the spreadsheet when it is updated – we still have one tab to add our food banks and then I believe it will be complete.

**Subject:** RE: Flint Water Crises (SEOC update, January 24, 1600)
**Attachments:** MDE Facility Master.xlsx

Hi Janet. We have completed a comparison of lists from MDE with LARA and I have attached the updated info.

The color coding means:

White – in Hot Zone – potential replacement location – probably should discuss further
Pink – Not on Flint water system and will not be targeted for replacement
Yellow – DHHS Facility
Bronze – On MDE list and on LARA list for replacement.
Light Blue – on LARA Child Care facility list for replacement

We also compared to the GIS map from the SEOC and the following schools are on the map in the "Hot Zone" but are not on any of your lists. Do you know why MSP EOC GIS would have data only from 2013? We need to know about these facilities asap. Thanks.

**Subject:** Inquiry at MDE from Food Provider

MDE has received an inquiry from an individual that identified themselves as a regional management level individual with Sodexo Magic, a food provider to school districts in Michigan.

He states that he was in attendance at the Town Hall meeting (he indicates the one that Debbie Stabenow attended) last night. During the course of the Town Hall meeting, he indicates that multiple times it was stated that filters were not working or functioning properly.

We would like to alert the appropriate department/unit of this inquiry and potentially garner talking points for an MDE response.

Thank you.

> >
> > 2) I have kids coded as either inside or outside the Flint Water System (only as good as the geocoding; I did a number of spot checks, but didn't examine all +13,000 addresses –

my overall impression is that these estimates are pretty good). Water_System = the kids with these Zip_Codes that are within the Flint Water System; ALL = all the kids with these Zip_Codes (both inside and outside the Flint Water System).

## Students, Ages 5 to 10, by Zip Code

| ZIP_CODE | ALL | Water_System |
|---|---|---|
| 48458 | 1454 | 0 |
| 48501 | 8 | 8 |
| 48502 | 29 | 27 |
| 48503 | 1627 | 1623 |
| 48504 | 2190 | 1533 |
| 48505 | 1702 | 1315 |
| 48506 | 1990 | 1113 |
| 48507 | 2156 | 1303 |
| 48529 | 763 | 3 |
| 48532 | 1274 | 171 |
| **TOTAL** | **13193** | **7096** |

**Cc:** Hagel, Lisa
**Subject:** Clarity to data request from GISD

Dave,

Kevin again.

I'm not sure how the request was framed to GISD, but I have copied below what we have been asked to provide for budget office discussions, which are moving swiftly here.

I am looking to confirm some data I extracted from MDE website. We are looking for the number of students 5-10 year old students that live in the following zipcodes:

48501,48502,48503,48504,48505,48506,48507,48529,48532,48551,48553, 48458

I would need a total for each zip code and an overall number.

Does GISD have the data readily available to provide this information? We have reached out to CEPI as well to assist, although we noticed what GISD provided prior had age breakdowns and thought you may already have that data readily available for us to share.

Thanks again for all your efforts, Dave.

Kevin

**Subject:** Clarity to data request from GISD

Dave,

Kevin again.

I'm not sure how the request was framed to GISD, but I have copied below what we have been asked to provide for budget office discussions, which are moving swiftly here.

I am looking to confirm some data I extracted from MDE website. We are looking for the number of students 5-10 year old students that live in the following zipcodes:

48501,48502,48503,48504,48505,48506,48507,48529,48532,48551,48553, 48458

I would need a total for each zip code and an overall number.

Does GISD have the data readily available to provide this information? We have reached out to CEPI as well to assist, although we noticed what GISD provided prior had age breakdowns and thought you may already have that data readily available for us to share.

Thanks again for all your efforts, Dave.

**Subject:** School for the Deaf: Flint Water

Kyle, I spoke with Mark Bouvy. The School for the Deaf is on the City of Flint water system. In September they were notified by a local pediatrician that there were spiking blood levels due to the water. At that time, the procedures/precautions listed below were taken. They contract for their water through Culligan.

They were notified by the local Health Department about free testing for their students for lead poisoning. They have a staffed health center and would like to do the testing there. Since they get their water from the City of Flint, I recommend that they get their students tested for free.

**Subject:** RE: Important Request Regarding City of Flint Water

Dear Ms. Moss,

Thank you for contacting us about the use of the City of Flint water.

No students are currently drinking unfiltered City water at Michigan School for the Deaf. We have installed lead filters in the kitchen (for cooking) and at the drinking water/ice dispenser in our cafeteria. Additionally, we are importing bottled water and have set up 5 gallon dispensers at the drinking fountain locations throughout the school and dormitories. We began this new procedure in September after the announcements about lead contamination.

If you have any more questions, please let me know.

Sincerely,

Mark Bouvy, Administrative Manager

You are receiving this email because you participate in the Michigan Department of Education's (MDE) Child and Adult Care Food Program (CACFP) or the National School Lunch Program (NSLP). Do you use the City of Flint water? If so, do you have a water filter, or an alternate source of water for your participants in the Child Nutrition Programs? Please respond to this email by COB Monday, January 11, 2016. Thank you for your time to respond to the MDE.

Lynn and Marla have heard that City of Flint Pyublic Schools has extra water. I would like a contact and number to pass to the Genesee County emergency managers. Before I send the name and number, can you confirm with them that it is OK to pass the info to State contacts?

Related: Jeannette Doll said that that DTMB picked up 38 pallets of water from Flint schools on Sunday. This means that Flint is already talking with people about sharing.

I want to be able to pass on a high level person that is in the know. For instance maybe Bernard does know they gave away 38 pallets of water on Sunday.

Per Marla's information, I gave a brief update on current food service in Flint as well as some areas of potential focus. None of these details are going into print at this time at the SEOC, just informal discussions to prepare for a workgroup that will probably be developed in the very near future. Kathleen Wahl posted on the SEOC Activities that we met. Each agency is also providing a contact name to serve as the "subject area expert." Would that be Diane???

> **Subject:** Re: Questions
>
> I just gave Aimee this update as a result of a conversation Kyle and I had yesterday:

1. We plan to have a conversation with Flint FSD and FSMC to determine what they are doing to improve nutrition for their students.
2. We plan to have Brian W discuss possibility of breakfast in the classroom with Flint Superintendent - currently not doing and should be to improve nutritional status of students; they are a CEP school so all kids eat breakfast and lunch free
3. We think some of the buildings in Flint have FFVP - we will ask USDA for more money for other building and possibly other schools/PSA/non-pub. Will increase Vitamin C in diets.

All for now...

> **Internal MDE Update:**
>
> Just wanted to keep you in the loop that I had an initial meeting this morning with Kathleen Wahl (MDCH), Brad Deacon (MDARD), and Alesha Gensler (LARA) regarding the upcoming "Nutrition Plan" that is to be developed. Per Marla's information, I gave a brief update on current food service in Flint as well as some areas of potential focus. None of these details are going into print at this time at the SEOC, just informal discussions to prepare for a workgroup that will probably be developed in the very near future. Kathleen Wahl posted on the SEOC Activities that we met. Each agency is also providing a contact name to serve as the "subject area expert." Would that be Diane???

I just gave Aimee this update as a result of a conversation Kyle and I had yesterday:
1. We plan to have a conversation with Flint FSD and FSMC to determine what they are doing to improve nutrition for their students.
2. We plan to have Brian W discuss possibility of breakfast in the classroom with Flint Superintendent - currently not doing and should be to improve nutritional status of students; they are a CEP school so all kids eat breakfast and lunch free
3. We think some of the buildings in Flint have FFVP - we will ask USDA for more money for other building and possibly other schools/PSA/non-pub. Will increase Vitamin C in diets.

All for now...

## MSP-EOC-MDEDUCTN

**From:** MSP-EOC-MDCH
**Sent:** Tuesday, January 12, 2016 3:36 PM
**To:** MSP-EOC-MDLARA; MSP-EOC-MDEDUCTN; MSP-EOC-MDARD
**Cc:** MSP-EOC-MDEQ
**Subject:** New Tactic

In our tactics meeting this afternoon, a new tactic was added in relation to the nutritional planning that we have been discussing already. If/when it is approved by command, we will need to coordinate on a strategy for our "plan" regarding nutrition. Currently, this consists of providing the updated nutritional information that we are waiting for from the JIC to post. Other thoughts, ideas, tactics that you all have in mind? The CHECC is also working to gather information on food and nutrition programs through MDHHS, to ensure consistent messaging.

Jen W. – cc'ing you as FYI

Thank you,
Jennifer

Hi,
I'm a little concerned with the second page of the materials. It is publishing the 373-3740 for MDHHS and the GCHD number that they didn't want published. It also doesn't have the web site listed for Flint water.

Hi,
I'm a little concerned with the second page of the materials. It is publishing the 373-3740 for MDHHS and the GCHD number that they didn't want published. It also doesn't have the web site listed for Flint water.

SEOC Report for February 11, 2016

**Full Days Since Emergency Declaration: 37**

## Items to Note

- Local EOC reports that there is an expecting increased demand for bottled water and filter cartridges due to Boiled Water Advisory in response to water transmission line break. Aligning additional supplies for appropriate resupply at Fire Station PODs. They will also continue to manage donations and volunteers with Michigan Community Service Commission, ARC and United Way of Genesee County.
- SEOC Logistics is coordinating with the Seventh Day Adventist Group to assist with managing the warehouse located at 2629 Pierson Rd. Flint.
- MDE is reporting that a portion of the emergency funds that were approved for the Flint Water Crisis included $340,000 for Flint Community Schools to hire/contract for nine school nurses.
- Flint Community Schools have moved forward with the process to procure school nurses.
- U.S. Department of Education is scheduled visit Flint on February 12, 201 at 0830 at the Genesee Intermediate School District. MDE Deputy Superintendent and the Director of Special Education will attend. Family alliance members will also attend.
- The JIC is translating boil advisory into Spanish, Arabic and Hmung.
- MDOC will continue to maintain warehouse operations and supply of all PODS. This agency will also continue to pickup and delivery of all water samples and assist with Hot Shots.
- MDARD's Food & Dairy Division continues to have water assessments teams in the field at food establishments. Daily and cumulative totals are included in the daily situation report.
- MDARD's Animal Industry Division has ongoing conversations and planning for testing pets. There may be a request to the SEOC today from Genesee County to test dogs in high risk homes.
- A stakeholder meeting with MSU College of Veterinary Medicine scheduled for tomorrow to talk about progress on their testing project.
- MDARD's Animal Industry Division has stood up an Incident Management Team to deal with pet testing related issues.
- State Volunteer Liaison will be meeting with Flint community partners today.
- MDEQ has 10 - 3 person Sentinel Sampling Teams on the ground again today. Each team is composed of 1 local resident, 1 licensed plumber and 1 MDEQ staff person providing training on water sampling to residents throughout the City of Flint. These residents have agreed to conduct ongoing sampling with their water to be analyzed by the MDEQ laboratory. These residents will also be part of the Sentinel Sampling Program and samples will be collected every two weeks and will provide analysis for lead and copper. Over 100 homes were visited yesterday on Day 1 of the effort.
- In addition MDEQ continues to lead an Initial Site Assessment Team for high copper and high lead. This team is composed of 1 licensed plumber, 1 law enforcement officer from Flint PD, 1 MDEQ staff person and 1 MDHHS representative. This team is providing initial assessment in information to residents whose homes have water sampling results above the federal action levels for lead and copper. Our goal is to provide these visits and assessment within 48 hours of receiving the results.

Wednesday Local Briefing 0830

| | |
|---|---|
| Local | Michelle |
| State | Gabe, Capt, Angela, Renee, Carol, Zach, Carly (Wendy, Tony, Lt-Gov) |
| Fed | Susan, Alicia, |
| JIC | |

Ops
- Stats update
  - GIS stats → 90% have been ~~engaged~~ by teams or pods
  - Normal stats → 61% ~~of teams pods have been engaged~~ direct citizen engagement
  - 69% of active have been contacted
  - Capt
    - Subscribers should be priority targets
  - Tony
    - Number entry issue should be straightened out
- NatH guard placement
  - follow up on cyber issue

Tony
- SBA
  - been in discussion with them about businesses that have locate the suffered a major loss (CS will coin SBA idea)
  - local ways w/ chamber of commerce.
  - Capt
    - Governor will be away in a couple days

JIC
- Capt will participate in Carly's briefing today (2:30p)
- would like to do something w/ veggies in media today
- tying to push 1 positive story a day
- wow w/ GIS campaign

Local

- Michelle
  - very wl awards on SDs for local population
- Chris
  - any guidance to 2-1-1 on Attorney generals comment on training.
- Michelle
  - BJ + Mem
    - yes to meetings wl pastors today and discussing water distrib for sunday
    - General pastors group will be involved.

Cat

- Water inventory
  - Have supply at Gulfridge for backup
  - Issue wl donations
    - problem comes with 1 and 2 cases that are not palletized.
  - Need location for storage (donations management center)
    - workers for community partners to pickup items.
  - Wendy
    - Will call wl Fema log on possible group
- Terminology
  - Switch to rapid response teams

Cat pvg

- yes

8 EPA pio in JIC today

Ron

anyone else can do?

- numbers: (no sir)
  - need to use numbers for internal

Anyone else we can do?

- no sir.

Cpt

- Red Cross teams
  - Study turn to Red Parcels
  - Bullet at end of day
    - where we are targeting them.
- Middle
  - Tracey
    - how are we adding opts on IPAD?
      - Mary an dudley a better method for those. Will identify this today.
      - local will work to identify today.

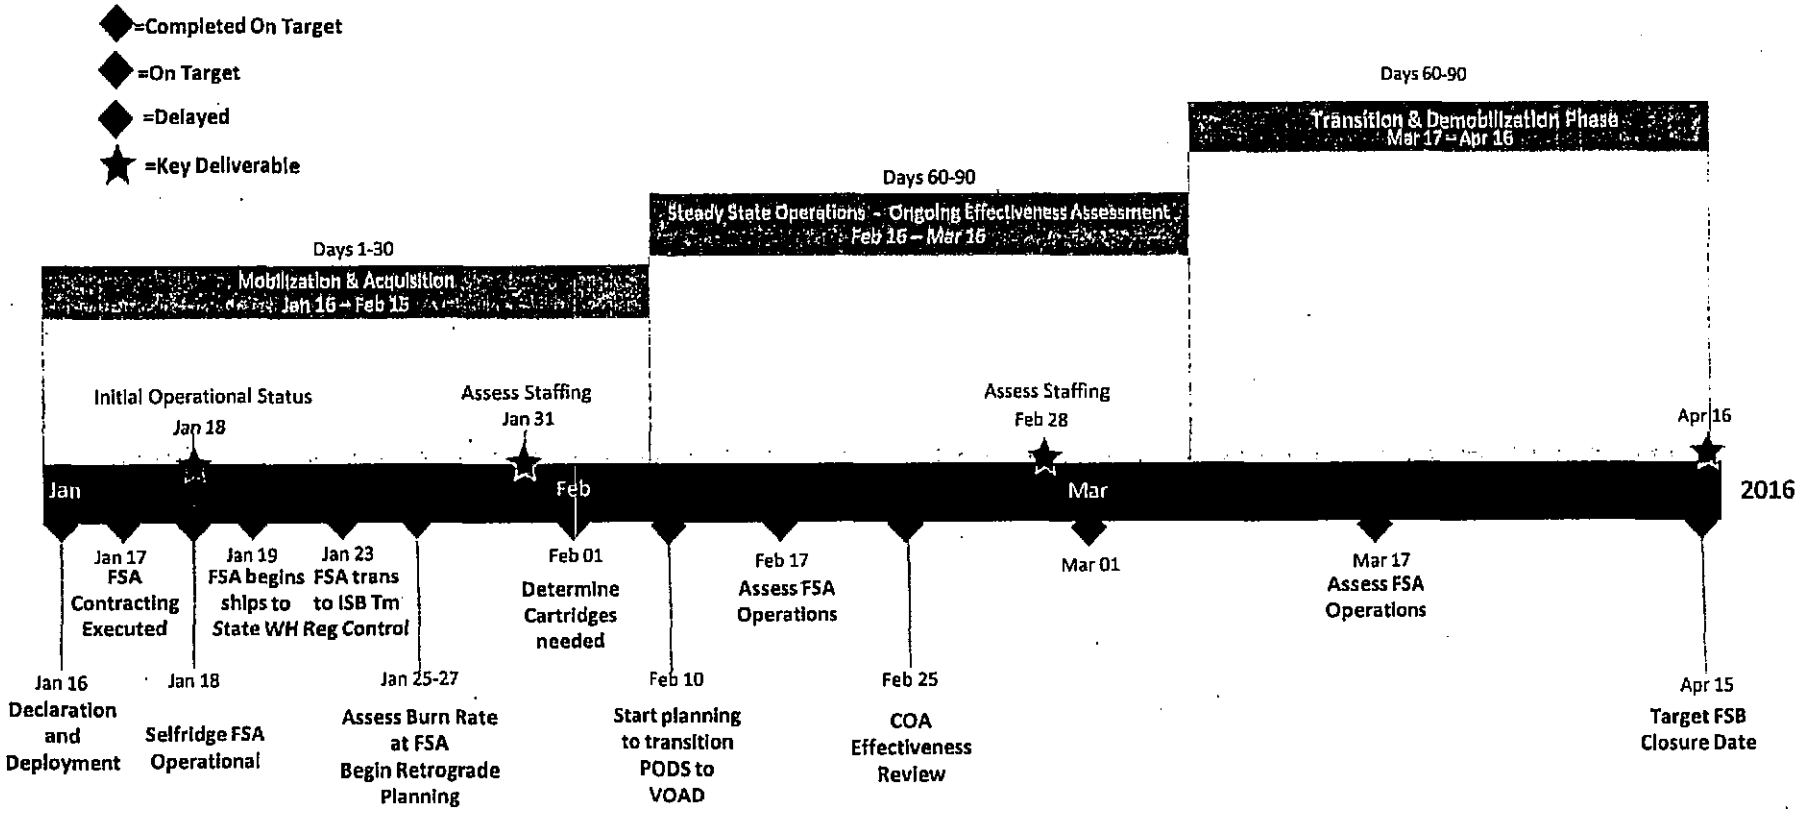
- Work with White House Strong Cities– Strong Communities to identify Recovery Resources
  - Taking Point Placeholder
- Support Governor's Flint Water Interagency Coordinating Committee
  - Talking Point Placeholder

**State**

- Water Testing Effort:
  - The Michigan Department of Environmental Quality is facilitating a process to provide all impacted residences with a water testing kit. The American Red Cross is leading a volunteer effort to assemble the water test kits (instructions & bottles) which are delivered to the impacted residents through the water response teams and PODs. All residents are encouraged to submit a sample to the DEQ lab for analysis. Additionally, DEQ is leading an effort to identify 60 residents that will voluntarily participate in periodic testing to evaluate the effectiveness of an effort to introduce phosphates into the water distribution system to build sufficient scaling to reduce the intrusion of lead into the supply lines.
- Water Response Teams:
  - Water Response Teams, have commenced a mission to reach all residences within the impacted community through a door to door canvassing effort to deliver water, filters, informational literature, test kits, and replacement cartridges. The teams are comprised of local and state personnel, American Red Cross and volunteers. The teams are equipped with an advanced real time tracking system through an app developed by the state to optimize team efficiency and ensure 100 percent coverage of the community.
- PODs:
  - The State has five established Points of Distribution (PODs) throughout the impacted area providing water, filters, informational literature, test kits, and replacement cartridges. The PODs are currently manned and operated by Michigan National Guard personnel with American Red Cross support. The Pods are in operation 9:00am – 9:00pm.
- 211 (Hot Shots):
  - 2-1-1 is collecting a list of individuals needing home delivery and is providing that information to the Genesee County Sheriff's Department to deliver aid. 2-1-1 continues to monitor the needs of homebound/limited mobility residents. Impacted residents with access and functional needs can call 2-1-1 to receive assistance from the established Hot Shots team.

# FEMA 3375-EM-MI Deliverable Timeline



# FEMA Mission Priorities

## STATE PRIORITIES

1. Ensure all households within impacted community have required resources.
2. Ensure accurate tracking and accounting of all commodities.
3. Improve and maintain public information strategy.
4. Develop a long-term public health and services plan.
5. Ensure adequate staffing to support operational requirements.
6. Identify possible assistance programs.
7. Develop improved GIS strategy.
8. Develop a comprehensive Recovery Plan.

Dates if possible if will go above

## FEDERAL PRIORITIES

1. Sign FEMA/State agreement. (1/18)
2. Sign use agreement and establish Federal Staging Area (FSA) at Michigan Air National Guard Base, Selfridge. Establish a base inventory to sustain State water distribution efforts for one week. 400,000 liters of water (1/18).
3. Establish daily distribution of 57,000 liters of water to the State Staging Area for State distribution (1/19).
4. Complete HQ/RV Brief Template 1200 (1/19).

There must be at least five (5) businesses to request a disaster declaration. There must be at least one (1) sample business for each county (or political subdivision no larger than a county) which the Governor is requesting be included in the disaster declaration. If the request is for (1) county, there must be at least (5) businesses within the county. If six (6) counties are being requested, there must be at least six (6) businesses, with at least one (1) in each county.

## ESTIMATED DISASTER ECONOMIC INJURY WORKSHEET FOR BUSINESSES

Accurate responses to the questions below will assist in evaluating a request for an economic injury disaster declaration from the U.S. Small Business Administration.

1. Name of Property Owner: The Lunch Studio

   Name of Property Owner: Tracey Wheelock

   Business/Property Address: 444 S. Saginaw Flint Mi 48502

   Mailing Address: 444 S. Saginaw Flint Mi. 48502

   Telephone Numbers: Business: 810-424-9868 Home: 810-813-4002

2. **Estimated Adverse Economic Impact**

   Did the disaster economically impact your business? If so, when did the impact start and end?
   10-15 (month/year) to 1-29-16 (month/year)

   What were your business' revenues during that period? $ 24,939.63

   What were your business' revenues during the same period of the prior year? $ 36,509.42

3. Amount of business interruption insurance received or anticipated, if any: $ 0

4. Provide a brief explanation of what adverse economic effects the disaster had on your business:

   Business went down, I had to rent a water softener, R.O. Machine and water cooler -

5. How many people did you employ prior to the disaster? 5

   How many people did you employ after the disaster? 5

**If your business also suffered property damage, answer the following questions:**

6. Estimated dollar loss to:

   Real property (building), if owned: $ _____

   Contents (machinery and equipment, furniture and fixtures, inventory, leasehold improvements, etc): $ _____

7. Insurance recovery received or anticipated for property damages: $ _____

Signature of Business Owner/Representative

1-29-16
Date

**ESTIMATED DISASTER ECONOMIC INJURY WORKSHEET**
**FOR BUSINESSES**

Accurate responses to the questions below will assist in evaluating a request for an economic injury disaster declaration from the U.S. Small Business Administration.

1. Name of Property Owner: Uptown Development

   Name of Property Owner: Cafe Rhema / Joshua Spencer

   Business/Property Address: 432 South Saginaw Street

   Mailing Address: _____

   Telephone Numbers: Business: _____ Home: _____

2. **Estimated Adverse Economic Impact**

   Did the disaster economically impact your business? If so, when did the impact start and end?

   9/15 (month/year) to ongoing/Present (month/year)

   What were your business' revenues during that period? annual/unknown $ 5,100/week

   What were your business' revenues during the same period of the prior year? $ 9,100/week

3. Amount of business interruption insurance received or anticipated, if any: $ 0

4. Provide a brief explanation of what adverse economic effects the disaster had on your business:

   It's honestly too soon to judge the negative impact on our sales. We are currently seeing good numbers, but our fear is more what consumers will think after the recent news media. We will know more come spring.

5. How many people did you employ **prior** to the disaster? 10

   How many people did you employ **after** the disaster? 10 (working less hours)

**If your business also suffered property damage, answer the following questions:**

6. Estimated dollar loss to:

   Real property (building), if owned: We do not yet know if the water has caused any damage to equipment because of being corrosive. $ _____

   Contents (machinery and equipment, furniture and fixtures, inventory, leasehold improvements, etc): $ _____

7. Insurance recovery received or anticipated for **property** damages: $ _____

Signature of Business Owner/Representative

1/29/16

Mr. Frank Skaggs, Director
Field Operations Center-East
U.S. Small Business Administration
101 Marietta Street NW, Suite 700
Atlanta, Georgia 30303-2725

Dear Mr. Skaggs,

In May 2014, the City of Flint switched from the Detroit Water and Sewerage Department (DWSD) to using its own water treatment plant drawn from the Flint River. The different properties of the water resulted in leaching of lead from pipes in the city's water infrastructure into the water supply. The consumption of the contaminated water caused increased lead exposure to the citizens. Exposure to lead can cause short and long-term negative health effects. However, the main health concerns are long-term effects in children, such as developmental, cognitive delays, and behavioral disorders. Increased water lead levels and elevated blood lead levels in young children were observed in the City of Flint and confirmed by the State Chief Medical Officer.

On October 1, 2015 the Genesee County Health Department declared a Public Health Emergency due to the elevated blood lead levels in citizens. In response the City of Flint declared a local State of Emergency on December 15, 2015. Further, on January 4, 2016 Genesee County declared a local State of Emergency and requested a governor's declaration of a state of emergency. A State of Emergency was declared for the city of Flint and the County of Genesee on January 5, 2016 due to the presence of lead in the public water supply above the EPA threshold of 15 ppb.

At least 5 businesses in the area have been impacted due to the nature of this event. A Sample Survey of these businesses was conducted by the Chamber of Commerce to determine the economic impact of those losses. The survey results , which are attached, show that 5 of the 5 businesses surveyed have an average gross revenue loss of 24% for the disaster period as compared to the same period in the previous year.

Based on the survey, I hereby certify, in accordance with the Code of Federal Regulations, Part 123.3, that, in the City of Flint in Genesee County more than five (5) small businesses combined, and more than one (1) individually, suffered substantial economic injury as a direct result of the contaminated public water supply that led to the initial public health emergency on October 1, 2015. I further certify that the degree of economic injury suffered is so severe that financial assistance at reasonable rates and terms is not otherwise available, thereby creating the necessity for federal involvement in the form of subsidized loans.

Sincerely,

Richard D. Snyder
Governor, State of Michigan

  - If I send a hundred Natl guard troops can we coordinate them?
    - Suggest we coordinate (team) leaders ahead of time to get them up to speed and then deploy.
  - They would work with our logistics to spray and get vehicles.
  - Coordinate w/ Capt. Tkatsya
- Faith based orgs
  - no single poc yet.
  - 4 churches from governors office
  - who is head of Caucus of Pastors
    - need to work w/ him to make contact w/ others.

Capt. · Jessee Jackson
: any blow back on his presence?
: It seemed to go OK, no word contrary to that.
· Attendance was good and was meaningful.

Sam · FEMA has great appetite for Info.
· Been weary to get everyone up to date.
· Trying to funnel info thru to HQ

Capt · legislative call
· no real questions, everyone on same page.
· Chris
· Do you have OT costs etc?
· MSP contacted our Finance Person
Any questions?
- Yes SV
anyone we need to highlight?
· not now
anyone else we can do to help?
· no SV

Lt. Roach · Switch to gallon / 5 gallon jugs to reduce hoarding.
· working on it.

Capt · Intent is to shut down PODs soon (after everyone has a filter).

Lt. Rossow -
· Pawn shop : battery bottle (chicken, potatoes, cure of water)

Capt Tuttyan · Can cover city in very short time.
· Moving forward.

Capt. · do a surge then transfer to Hotshots.
· Calls from elderly people are being handled by hotshot team

Shannan:

- Water distribution
  - want to avoid concerns.
- Call from City of Flint
  - about unpalleted water delivery today
  - needs to go through Sanet Hunter from SOM
- Putting a press release out today about 10k on MLK day
- Working to get additional information to send to media

10:30 distrib process Meeting

Jackie, Brianna, Carly, Kendal S (FEMA), Log Pam, Amanda, Tonya, Zach, Lauren, Jay, Shasta, Robert, FEMA Todd Finney, Lt. Roland, LTC Randall

Lauren

- Priorities remain the same
- Warehouse
  - cut of assembled Test Kits
    - 7,200 will be delivered tomorrow
    - Need to expedite orders and order longer
- 5 additional trucks
- Local EOC
  - U-hauls all ready to go
    - 3 supposed to be picked up this am.
- ARC
  - need snapshot of available vols for water response team.

Brianna

- Scoring additional 20 trucks
  - Working on that this am
- Local EOC
  - nothing now
- Need Resch sense of # and type of Hotshots
  - Pam
- Col. Randall
  - Is there a staging area in Flint for Soldiers once deployed?

Red Cross

- ARC is providing lunches everday but need accurate number of volunteers by 12p
- Need authoratative numbers before noon every day.
  - Will be coming from SEOC.

2-11

- has been getting request for 8-cup pitchers
  - for those who do not have a faucet that the filter will not fit on.

Scott

Michael

- Tomorrow w/ DEQ for recycling plan
- ARC
  - Can Enter at Co EOC
  - What is maximum size Emails can receive

# Local EOC Briefing 0830

Local : BJ, Decesaro, Michelle, Chris
State : Carol, Capt., Tony, Amanda, Zach, Gabe,
Federal : Sam
JIC : Shannen

Gabe
- Hit 5,045 houses, total 21,393 homes
- Teams today
  - 5-6 State + Local
  - 10 ARC Teams
- Pods - exclusively Natl Guard

Capt :
- TDS meter with zero water filter
  - measures dissolved solids
    - all solids not lead
  - Canned water for kids
    - this and Spartan Spring water has tested positive for dissolved solids.
- Speaking w/ Republican Caucus today
- Natl Guard Surge coming
- Flint Wednesday
- Testify before legislature (week)

Gabe
Chris
Local
- TDS meter messaging
  - Coordinate w/ JIC

Volunteers
- 15 teams today
  - ramp up another additional 10 teams

Volunteers (cont)

- Wendy
  - Clarified how spontaneous volunteers are being utilized
- Numbers from Red Cross
  - will be handled by ARC

Local EOC
- Nothing from

MP

Yes sir

ANY/M else?

no

Cyber else?

no sir

Capt Tafoya
- will be done today w/ first wave
  - ~~2~~ first teams were not shown on map
  - ~~FST~~ - data may not be entered yet.
  - need to ~~for~~ type at next plan for follow up wards)

Capt
- We need to develop a plan for next step.

Shannon
- Water activity map out ~~real~~ last night

Wendy
- Soldiers are processing and TAG is in system + flight
- Carol is sitting in logistics today

Sam
- Setup federal supply area in Selfridge
  - delivering $H_2O$ to State Warehouse
- FEMA State agreement not signed yet but already forward w/o

Scott Bailey

- GIS will be here today

President in Detroit tomorrow

Send in/out for last two/three nights

# Damage Assessment and Emergency Status Report

## Incident: 2015-10-01-City of Flint-Water Contamination / Shortage

### Operational Period

| | |
|---|---|
| **Operational Period Begin:** | 02/16/2016 08:00:00 |
| **Operational Period End:** | 02/23/2016 08:00:00 |
| **Situation Report No.** | 47 |
| **SEOC Status:** | Full |
| **SEOC Hours of Operation Begin:** | 02/21/2016 08:00:00 |
| **SEOC Hours of Operation End:** | 02/21/2016 20:00:00 |

### Executive Summary

SEOC Update:
Accomplished today (February 21, 2016):

The SEOC continues to provide:
- Situational awareness.
- Common operating picture/objectives.
- Coordination with city/county.
- Potential coordination with federal agencies.
- Incident prioritization.
- Coordination of life/health safety measures.
- Resources.
- Public information control.

Logistics:
- Fielded resource requests.
- Fielded Rapid Response requests.
- Fielded Governor's office request.
- Facilitated distribution team calls.
- Worked on list of needs for the Seventh Day Adventists.
- Worked on Resource/Task report for the Captain.

JIC:
- The Joint Information Center (JIC) will be on call Saturday February 20th and Sunday February 21st.

Recovery Branch:
- Attended UCG briefing, SEOC state agency briefings, and distribution process meetings.
- Finished printing Recovery Branch emails for FIOA request.
- Reviewed ICS-204 Obj. 1 for tomorrow.
- Forwarded maps and addresses to ARC of high PPB levels of those on AFN list.
- Team priority locations for today: Continued visiting the 1,300+ Access & Functional Needs addresses to distribute 3-5 cases of water and replacement cartridges.
- Team priority locations for tomorrow: Continue visiting the 1,300+ Access & Functional Needs addresses to distribute 3-5 cases of water and replacement cartridges.
- 5 American Red Cross teams scheduled for Monday, February 22, 2016.

o Total homes visited:
□ 28,103 (round 3 total).
□ 373 (today).
o Water:
□ 210,084 liters or 17,507 cases (round 3 total).
□ 6,432 liters or 536 cases (today).
o Faucet filters:
□ 8,063 (round 3 total).
□ 34 (today).
o Replacement cartridges:
□ 8,012 (round 3 total).
□ 358 (today).
o Water test kits:
□ 3,352 (round 3 total).
□ 110 (today).

Planning Section:
- Developed and approved Sit Rep #47.
- Updated burn rates and projection costs, per request.
- Updated the Flint Water Timeline document.
- Participated in daily UCG, state agency, and distribution process meetings.
- Developed daily Governor's Report with new MDEQ Sentinel Sampling numbers.
- Continued to and completed printing FOIA email documents for Planning Section Chief computer.

Operations Section:
- Participated in 0830 UCG briefing in SEOC.
- Facilitated 0930 state agency briefing.
- Participated in 1030 distribution process meeting.

- Facilitated 0400 state agency briefing.
- Assisted Logistics Section Chief with resource tracking report.

- Warehouse Numbers as of 1800:
- Water (liters):
- 573,530 liters or 47,794 cases (warehouse #1).
- 377,125 liters or 31,427 cases (warehouse #2).
- Filters (faucet):
- 68,802.
- Replacement cartridges:
- 426,442.
- Test kits (prepped):
- 32,484.

- PODs (number as of 1700 2/21):
- Water:
- 60,720 liters or 5,060 cases.
- Filters (faucet):
- 90.
- Replacement cartridges:
- 244.
- Test kits:
- 114.

Finance Section:
- Reviewed Emergency Declaration denied programs appeal letter and figures received from City of Flint.
- Reviewed draft of statewide reporting template provided by State Budget Office.
- Reviewed donations entered into MI CIMS for completeness of information necessary for possible match.

GIS branch updates:
- Created a map with Access Functional Needs and Water Sample Results layers (by parcel).
- Water Result Sample update
- Dashboard revisions for Governor's meeting on Monday
- Water Sampling by Blocks.

DTMB:
- Assisted DEQ ECC with Microsoft 10 issues.
- Working with MDOC on reducing warehouse costs at the Clio Road Warehouse.

DHHS-CH:
- The CHECC remains activated at a Level 2, and continue to staff the hotline Monday through Friday to answer any lead health-related questions referred by 2-1-1 in support of the GCHD. The CHECC continues to provide representation to the UCG to facilitate communication with federal partners.
- Spoke with the Lt. Governor's representative in the SEOC about "wants" for the Flint Water website as it relates to increasing blood lead testing of Flint residents. We also discussed gearing up the website to focus more on providing the public with blood lead testing information.
- The CHECC facilitated a request to HHS through the UCG for an Assessment of Chemical Exposure Team to be on the ground in Flint for four weeks beginning Monday, 2/22/16.
- Confirmed with the CHECC that the request from the GCHD for medical professionals to be available in person at the GCHD to answer health related questions has been approved and those staff are being mobilized by the CDC. This request was approved last week and two staff from CDC will be in Flint on Monday, 2/22/16.

DEQ:
- Deployed 24 field teams (21 Sentinel/Lead Service Line Reconnaissance Teams and 3 High Lead/Copper Teams).
- Lead Service Line Reconnaissance teams accomplishments as of 1500 hrs.:
o 462 Homes visited.
o 164 Homes inspected.
o 12 Residents enrolled in sentinel B monitoring program.
o 8 Lead lines identified.
- Letter to City of Flint outlining the needs to satisfy EPA Order item 62 was signed and sent on February 19, 2016.
- Response from City of Flint to satisfy EPA Order item 62 has been received and reviewed by DEQ staff and was posted to comply with the Order.
- DEQ will have one high lead team on the ground in flint tomorrow. The 4 person team consists of a Flint police officer, plumber, DHHS employee, and DEQ employee.

State VAL:
- No update.

Unified Coordination Group (UCG):
- EPA staff will attend events in the community at two local churches (10:00, and 13:00).
- Preparing for congressional visit tomorrow.
- CDC created a 1 page document that describes what is being done with the rash complaints.
- UCG working to standardize messaging related to shower filters.

Local EOC:
- ABC12 reported on traffic safety issues at Fire Station 3 POD. National Guard will request City of Flint support to revisit current traffic control measures on 02/22/2016.
- After supply trucks have hit the building twice at Fire Station 3 POD, bumpers have been installed to protect the facility from further damage.
- Southern Baptist Disaster Relief transitioned to new unit and did not deploy field teams today. Rapid Response teams continue delivery of supplies requested via 2-1-1 hotline on 02/22/2016.
- 21 Sentinel Site Monitoring Teams out in the field for sentinel monitoring program and identification of lead service lines.
- 3 Elevated Lead and Copper Initial Assessment Task Force teams out in the field, making contact at households reporting elevated lead

and copper levels.

Injuries:
• None reported today.

## Incident Response/Recovery Priorities/Objectives

(Objectives are in order of priority with original objective number attached)

1. Ensure all households within impacted community have required resources and are included in DEQ water sampling plan.
12. Approve and begin implementation of a comprehensive long term recovery and transition plan.
11. Ensure accurate tracking and accounting of all donations and expenditures.
2. Ensure accurate tracking and accounting of all commodities.
3. Continue to improve and maintain public information processes and strategies with all partner agencies.
8. Maintain coordination between partner agencies and organizations to include FEMA IMAT, FWICC, and the US Department of Health and Human Services Unified Coordination Group (UGC).
9. Continue to enhance situational awareness and common operating picture of all activities.
7. Gather, analyze, and disseminate GIS data to develop products for future planning.

**Damage Assessment Summary**

## Agency Summaries

**Joint Information Center / Public Information Officer**

The Joint Information Center (JIC) will be on call Saturday February 20th and Sunday February 21st.

**Agriculture and Rural Development (MDARD)**

MDARD has no activities to report for 2/21/16.

**American Red Cross (ARC)**

*The American Red Cross deployed 6 Water Response Teams on Sunday, 2/21/16.*

The Volunteer Reception Center (VRC) was operating today from 9am to 5pm. The VRC processed 57 event-based volunteers today and placed 57 event-based volunteers on projects today.

Volunteers assembled more than 800 bottle recycling kits today.

**Civil Rights (MDCR)**

Continue to monitor media and state agency activities for issues impacting underrepresented, at-risk, and populations with barriers to services and information.

**Community Health (MDCH)**

The CHECC remains activated at a Level 2, and continues to staff the hotline Monday through Friday to answer any lead health-related questions referred by 2-1-1 in support of the GCHD. The CHECC continues to provide representation to the UCG to facilitate communication with federal partners.

Spoke with the Lt. Governor's representative in the SEOC about "wants" for the Flint Water website as it relates to increasing blood lead testing of Flint residents, and gearing the website to focus more on providing the public with information. This resulted in a resource request for the CHECC to brainstorm and develop a list of recommendations for the Lt. Governor's office on the health aspects of the website as they relate to BL testing.

The CHECC facilitated a request to HHS through the UCG for an Assessment of Chemical Exposure Team to be on the ground in Flint for four weeks beginning Monday, 2/22/16. Anticipate that this request will be approved.

Confirmed with the CHECC that the request from the GCHD for medical professionals to be available in person at the GCHD to answer health related questions has been approved and those staff are being mobilized by the CDC. This request was approved last week and two staff from CDC will be in Flint on Monday, 2/22/16.

**Corrections (MDOC)**

Warehouse continues to be fully operational. The 7th Day Adventists are on site to job shadow. MDOT is dedicating 2 employees to the effort. DTMB continues to dedicate 2 trucks with drivers.

Safety concerns continue to be addressed at Warehouse 1.

Additional supplies for the warehouse were secured and will be delivered Monday 2/22/20116.

MDOC continues to keep trucks dedicated to delivering to individual POD's and covering Rapid Responses for PODs that get to a critical level. PODs remained well supplied throughout day and will continue to be well supplied moving forward.

MDOC continue to staff the SEOC from 0800-2000, 7 days/week. Mike Farmer and Bridget Spencer are managing the Recovery Branch of the SEOC.

91 DEQ test kits were delivered from Flint to Lansing today.

**Education (MDE)**

1. MDE staff and Genesee ISD business and program staff met on Flint Emergency Fund reporting requirements. Regular meetings are scheduled between MDE staff and that of GISD and Flint Community Schools
2. LARA Indicates that replacement of fixtures at MSD is scheduled for next weekend (27-28 February)

**Environmental Quality (MDEQ)**

The Department of Environmental Quality (DEQ) completed the following activities today:

- Continue to monitor progress of Sentinel Sampling and support as necessary.
- Deployed 22 field teams (21 Sentinel Teams and 1 High Lead Team).

Sentinel B accomplishments as of ~~1500~~ hrs.: 0

- 416 Homes visited (748)
- 148 Inspected (269)

23

• 128 Residents agreed to participate in sentinel monitoring program
• 2 Lead lines 19

19

**Human Services (MDHS)**

We have been notified of an issue with some the Life Line Program Phones and their inability to allow direct dial to 211. We have reached out to Tom Page at 211 for assistance with this matter and Tom has given us and alternative toll free number of 1-844-875-9211 that individuals can use in place of 211.

Submitted a resource request for supplies to be delivered to a Community Conversation Event at the Prince of Peace Missionary Church to be held on 02/24/2016.
Requested Resources:
-50 Faucet Mounted Filter Systems
-75 Brita Replacement Cartridges
-75 PUR Replacement Cartridges
-100 Water Testing Kits

**Licensing and Regulatory Affairs (LARA)**

Participated in briefings and updated the LARA Executive Team.

LARA continues to monitor DEQ's test results for Health Care, Child Care, Adult Foster Care, HHS and MDE facilities and Schools.

Faucet Project information is being prepared for the affected facilities. LARA continuing efforts to plan and schedule faucet replacements for Flint facilities. LARA is working with MDOC to track and store incoming material at the warehouse. Coordinating with Amway the use of their donated water filters as part of the Faucet Replacement Program. Amway also requires LARA inspectors and plumbers to be trained before they are allowed to install these filters. LARA will coordinate this training with Amway and the Local 370 plumbers.

Translation services for various documents continue to be provided as needed - these include Spanish, Arabic, Mandarin, Hmong *and American Sign Language. Provided all translated documents in Spanish to our Hispanic Liaison in hard copy.* Ongoing discussion regarding coverage of state regulated facilities and elimination of duplication of effort with state agencies. Arrangements in progress for assistance to various ethnic communities to provide services.

**Military and Veterans Affairs (DMVA)**

Commanders Situation Report (SITREP)

1. DTG: 2111002016

2. UNIT: 46 MPC, 177 MP BDE, 272 RSG, 63 TC, 110th Attack Wing ANG

3. POC: 1LT Roland, John G. Email: john.g.roland2.mil@mail.mil

4. PRESENT LOCATION: Genesee County Local EOC, 1101 Beach St., Flint, MI, 48502

5. SITUATION OVERVIEW: NG Task Force Flint has Soldiers deployed to the Flint Water Crisis in support of Distribution Operations at the Points of Distributions (PODs). Daily operations consist of receiving, tracking, and distributing water, filters, replacement filter cartridges, and lead water test kits.

6. OWN SITUATION DISPOSITION /STATUS: Currently NG Task Force Flint has Soldiers on ground supporting the mission.

7. OPERATIONS: Operations for the next 24 hours are to sustain water/filter distributions throughout the 5 designated fire stations and track all distribution incoming and outgoing through the PODs.

a. Signs have been printed off, laminated, and distributed to the POD Buildings.

b. *Distribution numbers have been staying around the same levels. There was a small increase in distribution of water cases and* Brita Faucet Filters.

1.) The water case increase distribution may be due to a decrease in water gallon availability.

c. Traffic barricades have been dropped off (by the City of Flint) and set in place at Fire Station 6 to prevent anymore vehicle to building collisions while drivers are backing up.

8. PERSONNEL ' Soldiers are currently assigned to the POD operations. ) Soldiers are assigned in five teams at Fire Stations 1, 3, 5, 6 and 8.

9. INTELLIGENCE / FORCE PROTECTION: No force protection threats at this time.

*10. LOGISTICS: In support of TF Flint*

a. Warehouse drivers will distribute additional recycling bags to the PODS on Monday, 22 February. The PODs will start tracking burn rate of recycling bags with this next set of recycle distribution.

b. Additional signs for the PODs may be requested through the City of Flint GIS after a site survey by 2LT Carter and SFC See.

11. COMMUNICATIONS:

a. Laptops and printer issues are still impeding operations. SSG Tilley will be contacting his POC in Lansing Monday morning, 22 February, IOT resolve the issues.
P: RRF cell phones alternate for WRTs

A: Personal cell phone
C: 800 MHz radios issued to PODs and WRTs.
E: Runner

12. NARRATIVE: N/A

13. COMMANDER'S EVALUATION:
• RIP/TOA activities complete and all PODs are running entirely under new NCOICs
• OUT (last 24 hours)
Bottled water-7004 Water (Gallons)-120 Lead Testing Kits-135
Pitcher (23 cup)-0 Brita Faucet Filter-228 Brita Replacement Cartridge-132
Pur Filter-61 Pur Replacement Filter-202
Running totals up to date are as follows:
Water (case) 260,260
Water (gal) 17,241
Lead Test Kits 12,783
Brita (mount) 10,605
Brita (cartridge) 9,220
PUR (mount) 5,954
PUR (cartridge) 13,471

**National Weather Service (NWS)**

NWS Detroit providing morning SEOC brief and Activity Log posts. Jim Maczko from NWS Grand Rapids will be the contact point for any changes in NWS Support and will also continue to update the Sit Rep Executive Summary as needed.

Participation in afternoon SEOC briefings is planned only if significant changes in the forecast occur.

**Natural Resources (MDNR)**

MDNR LED continues to support its QOL partners with staffing at the SEOC.

Department POC's include:
Chief Gary Hagler, F/Lt. Jennifer Wolf, F/Lt. Steven B. Burton.

**Services to the Aging (OSA)**

Valley Area Agency on Aging (VAAA) continues to receive phone calls from concerned seniors in Flint and continues to make referrals to the Genesee Co. EOC for water and filter follow-up.

VAAA's local Nursing Home Ombudsman continues to monitor Flint area Nursing Homes to ensure residents have access to safe water.

Contact info for VAAA Executive Director is:
Kathryn C. Boles
President, CEO
Valley Area Agency on Aging
225 E. Fifth Street, Suite 200
Flint, MI 48502
(810) 239-7671
(810) 239-8869 fax

**State Police (MSP)**

The MSP position within the SEOC will be staffed at MSP Operations at HQ. All e-mails to MSP-EOC-MDSP@michigan.gov are being forwarded to the Operations Lt. The phone number for the on duty Operations Lieutenant is 517-241-8000

**Technology, Management and Budget (MDTMB)**

Continue to provide DTMB management SEOC updates.

Assisted DEQ ECC with Microsoft 10 issues.
Working with MDOC on reducing warehouse costs at the Clio Road Warehouse.

**Transportation (MDOT)**

Provided 2 staff to warehouse #2 (Pierson Rd).

Provided 2 portable light tower generators to Fire Station #5 on Western Rd.

Provided (3' x 5') standard signs Fire Stations/PODs (2 each site)
Provided 100 grabber traffic cones (narrow reflective cones) at Fire Station #3 Martin Luther King Rd. & Fire Station #6 Pierson Rd. (50 each site).

Continuing to maintain situational awareness and responding to issues regarding equipment and road conditions.

| **Operational Period Begin:** | 02/09/2016 08:00:00 |
| **Operational Period End:** | 02/16/2016 08:00:00 |
| **Situation Report No.** | 42 |
| **SEOC Status:** | Full |
| **SEOC Hours of Operation Begin:** | 02/16/2016 08:00:00 |
| **SEOC Hours of Operation End:** | 02/16/2016 20:00:00 |

### Executive Summary

SEOC Update:
Accomplished today (February 16, 2016):

The SEOC continues to provide:
- Situational awareness.
- Common operating picture/objectives.
- Coordination with city/county.
- Potential coordination with federal agencies.
- Incident prioritization.
- Coordination of life/health safety measures.
- Resources.
- Public information control.

Logistics:
- Fielded resource requests.
- Fielded Rapid Response requests.
- Fielded Governor's office request.
- Facilitated distribution team calls.
- Worked on potential donated warehouse opportunities.

JIC:
- Created a media monitoring report and looked for misinformation.
- Updated a Daily JIC Activities log to catalog actions completed for the day and planned news release strategies for the week.
- Drafted and intended to issue a news release about the National Guard rotating soldiers in the city of Flint.
- Continued routing public information materials for approval, including fact sheets on recycling, testing water, and keeping Flint kids safe.
- Additional translated news releases were received and routed.
- Created a community outreach spreadsheet to keep track of meetings occurring in the city of Flint.

Recovery Branch:

• Attended UCG Brief, SEOC State Agency Briefing Meetings, Distribution Process Meetings.
• Continued identifying addresses that are unable to be matched with parcels in city's parcel data set.
• Team Priority Visited Today: 5 teams in the field - Water Distribution – turned 211 information over to local EOC and Southern Baptist Teams.
• Team Priority Scheduled Tomorrow: Water distribution and supplies requested.
• 5 American Red Cross Teams scheduled for Wednesday, February 17, 2016.
• Total homes visited:
♣ 24,879 (round 3 total)*
♣ 1,023 (today).
• Water cases (liters calculated by multiplying # of cases x 12):
♣ 178,116 liters or 14,843 cases (round 3 total)*
♣ 8,076 liters or 673 cases (today).
• Replacement cartridges:
♣ 6,331 (round 3 total)*
♣ 609 (today).
• Faucet filters:
♣ 7,792 (round 3 total)*
♣ 90 (today).
*Totals updated due to changes in previous data.

Planning Section:
• Developed and approved Sit Rep #42.
• Updated burn rates and projection costs, per request.
• Participated in daily UCG, state agency, and distribution process meetings.
• Developed daily Governor's Report.

Operations Section:
• Participated in Long Term Recovery planning meeting.
• Participated in Unified Coordination Group briefing.
• Facilitated Command/General Staff/SEOC briefing.
• Participated in Distribution Process meeting.
• Assisted in developing print plan for FOIA request.
• Assisted state agencies in handling requests from Governor's office, media, etc.
• Warehouse Numbers as of 1800:
♣ Water (liters):
• 828,374 liters or 69,031 cases.
♣ Filters (faucet):
• 47,132.
♣ Replacement cartridges:
• 402,782.
♣ Test Kits (prepped):
• 35,854.
• PODs (Number as of 1700 2/15):
♣ Water (cases):
• 59,184 liters or 4,932 cases.
♣ Filters (faucet):
• 162.
♣ Replacement Cartridges:
• 453.
♣ Test kits:
• 131.

Finance Section:
• Gathering information for meeting with State Budget Office.
• Update Category B Financial Spreadsheet.

• Reviewing donation information for potential as future match.

GIS Branch Updates:
• Update MDEQ water testing layer.
• Generate a list of apartment buildings receiving water from the City of Flint and how many times each building has been visited.
• Generate a list of total residences that potentially will be using a water filter that use water from the City of Flint.
• Compare and contrast 2016 Flint parcel layer with 2015 Flint parcel layer.
• Edit Flint Water Resource Team field data to parcel.

DTMB:
• Provided a dumpster for the Pierson Rd. Warehouse.
• Provided seven (7) iPads for DEQ sampling teams.
• DTMB to provide a truck and driver for the Food Bank for Thursday through Saturday.
• Procured a replacement fork lift battery for the Pierson Rd. Warehouse.
• Addressing issues with Pierson Rd. Warehouse with landlord, MDOC and 7th Day Adventist.
• DTMB Real Estate researching options for a 200,000 sq. ft. warehouse for long term distribution plan, preferably on the bus line.

DHHS-CH (weekly):
• The CHECC remains activated at a Level 2, and continue to staff the hotline Monday through Friday to answer any lead health-related questions referred by 2-1-1 in support of the GCHD. The CHECC continues to provide representation to the UCG to facilitate communication with federal partners.
• The CHECC met with senior MDHHS leadership, UCG representatives and team members that have been supporting GCHD Case Management efforts today to continue planning efforts for lead testing and case management activities going forward.

DEQ:
• Continued documenting compliance with EPA Emergency Administrative Order and second EPA request.
• Reviewed incident objectives to reflect Director's priorities for upcoming week.
• Began developing a plan to re-deploy the Sentinel water sampling collection crews to achieve 402 sampled sites and 60 lead service lines.
• Continued monitoring and mapping of school fixture upgrade/replacements.
• Began planning for next phase of testing and data collections.

Unified Coordination Group (UCG):
• CDC will meet with state on rash complaints/test results.
• Attended Command/Control subgroup this afternoon. Group would like to change the name to coordination.
• Important to include state reps on each subgroup.

Local EOC:
• Sentinel monitoring teams collected 273 water samples at yesterday.
• Elevated lead and copper task force were out in the field today.
• Local EOC IC attended Community Stakeholders meeting.
• Local EOC Liaison attended Community Stakeholders and long term distribution process meeting.

Injuries:
• None reported today.

## Incident Response/Recovery Priorities/Objectives

(Objectives are in order of priority with original objective number attached)

1. Ensure all households within impacted community have required resources and are included in DEQ water sampling plan.
12. Approve and begin implementation of a comprehensive long term recovery and transition plan.
11. Ensure accurate tracking and accounting of all donations and expenditures.
2. Ensure accurate tracking and accounting of all commodities.
3. Continue to improve and maintain public information processes and strategies with all partner agencies.
8. Maintain coordination between partner agencies and organizations to include FEMA IMAT, FWICC, and the US Department of Health and Human Services Unified Coordination Group (UGC).
9. Continue to enhance situational awareness and common operating picture of all activities.
7. Gather, analyze, and disseminate GIS data to develop products for future planning.

**Damage Assessment Summary**

## Agency Summaries

**Joint Information Center / Public Information Officer**

The Joint Information Center (JIC) was expected to be operational in Flint from 8 a.m. to 8 p.m. on Feb. 16.

State agencies at the JIC included the Michigan State Police, Michigan National Guard, and Departments of Environmental Quality, Health and Human Services and Natural Resources. The Genesee County Sheriff's Office and American Red Cross were also present.

*Tasks accomplished:*

- Media hotline staff answered less than 10 emails and phone calls, ranging from commodity

distribution trends at the Water Response Sites to inquiries about volunteering in the city of Flint.
• Created a media monitoring report and looked for misinformation.
• Updated a Daily JIC Activities log to catalog actions completed for the day and planned news release strategies for the week.
• Drafted and intended to issue a news release about the National Guard rotating soldiers in the city of Flint.
• Continued routing public information materials for approval, including fact sheets on recycling, testing water, and keeping Flint kids safe. Additional translated news releases were received and routed.
• Created a community outreach spreadsheet to keep track of meetings occurring in the city of Flint.

**Agriculture and Rural Development (MDARD)**

MDARD's field activities for 2/12/16 included:
• 15 assessments conducted (6 initial, 9 follow-up and 2 second follow-up).
• 5 water samples collected.
• 6 water sample requests/appointments were scheduled.

As of 2/5/16, MDARD has completed initial water assessments at all food businesses in the high risk area and has conducted a total of 371 assessments (280 initial/ 91Follow-up). The compliance rate is 77.63%. 242 water samples have been collected and 41 are currently scheduled.

Also followed up with general information regarding testing of Pb in companion animals in response to question from DEQ desk.

Completed request from MSP planning regarding closures of food establishments as result of non compliance, see below:

I will be at the SEOC on Wednesday and follow up with Drs. Averill and Frank regarding Genesee county companion animal information.

**American Red Cross (ARC)**

The American Red Cross deployed 5 Water Response Teams on Tuesday, 2/16/16.

The Volunteer Reception Center was operating today from 9am to 5pm, and the plan is for those hours to continue daily, through Sunday.

A limited number of water bottle recycling kits were assembled today.

**Civil Rights (MDCR)**

Continue to monitor media and state agency activities for issues impacting underrepresented, at-risk, and populations with barriers to services and information. Informed senior leadership of current activities and concerns.

**Community Health (MDCH)**

The CHECC remains activated at a Level 2, and continues to staff the hotline Monday through Friday to answer any lead health-related questions referred by 2-1-1 in support of the GCHD. The CHECC continues to provide representation to the UCG to facilitate communication with federal partners.

Dr. McFadden reported that to date there is no conclusion regarding the cause of rashes that have been reported, no common presentations on interview. Epidemiological investigations are on-going. A dermatologist has offered to do evaluations of individuals with rashes at no charge. Dr. McFadden's team will schedule the appointments and MDHHS -Human Services Representative is working with the local EOC to determine a transportation plan for these individuals if required. EPA test results of the water from the individuals' homes are expected today.

Shower filters are only NSF/ANSI certified for chlorine. Contacted makers of the KDF filters which are used on showers and was informed that due to the high flow rate of showers, the water is not in contact with filters long enough so they are not really designed for more than cosmetic purposes.

MDHHS continues to provide volunteers to accompany the MDEQ High Lead Home Teams.

**Corrections (MDOC)**

MDOC began staffing the second warehouse 7 days/week 10-6 effective today. MDOT is dedicating 2 employees to the effort. DTMB continues to dedicate 2 trucks with drivers.

The building owner of Warehouse 2 restricted access to an unsafe area (compressor room). A padlock w/chain and signage was used.

MSP dispatched a unit to Warehouse 2 for an abandoned vehicle with busted windows in the parking lot. The vehicle was not stolen and the issue was turned over to the city PD for disposition.

A temporary replacement battery will be delivered tomorrow for the forklift at Warehouse 2 until the permanent replacement arrives Thursday or Friday.

Met with FEMA VAL regarding safety concerns at Warehouse 1.
-Security staff to restrict access
-Propane storage areas
-Exhaust fumes in warehouse
-Safety Vests
-Floor tape designating machine and pedestrian areas
-First Aid and AED
-Dust Masks

We are addressing the issues and will correct them. A follow up will be in the next Sit-Rep.

MDOC will provide a Truck and Driver for the Flint Food Bank for Wednesday, February 17, 2016.

MDOC continues to keep trucks dedicated to delivering to individual POD's and covering Rapid Responses for PODs that get to a critical level. PODs remained well supplied throughout day

and will continue to be well supplied moving forward.

We are continuing to work with Finance and MDOC assets to capture total employee payroll information and expenditures.

MDOC continue to staff the SEOC from 0800-2000, 7 days/week. Mike Farmer and Bridget Spencer are managing the Recovery Branch of the SEOC.

403 DEQ and 0 MDARD test kits were delivered from Flint to Lansing today.

**Education (MDE)**

MDE has a request from Planning to determine if any school days or instructional time has been lost due to the Flint water situation. We have reached out to GISD with a request for this information. MDE has received a request from the MEA Region Director for training of teachers of students impacted by Flint water situation.

MDE continues to work with MSD on faucet replacement and re-replacement with a new target date of 24 February for completion.

**Environmental Quality (MDEQ)**

The Department of Environmental Quality (DEQ) completed the following activities today:

Continued documenting compliance with EPA Emergency Administrative Order and second EPA request.

Reviewed incident objectives to reflect Director's priorities for upcoming week.

Began developing a plan to re-deploy the Sentinel water sampling collection crews to achieve 402 sampled sites and 60 lead service lines.

Continued monitoring and mapping of school fixture upgrade/replacements.

Began planning for next phase of testing and data collections.

**Licensing and Regulatory Affairs (LARA)**

Participated in briefings and updated the LARA Executive Team.

LARA continues to monitor DEQ's test results for Health Care, Child Care, Adult Foster Care, HHS and MDE facilities and Schools.

Faucet Project information is being prepared for the affected facilities. LARA continuing efforts to plan and schedule faucet replacements for Flint facilities.

LARA is working with MDOC to track and store incoming material at the warehouse.

Translation services for various documents continue to be provided as needed - these include Spanish, Arabic, Mandarin, Hmong and American Sign Language.

Ongoing discussion regarding coverage of state regulated facilities and elimination of duplication of effort with state agencies.

Arrangements in progress for assistance to various ethnic communities to provide services.

**Military and Veterans Affairs (DMVA)**

Commanders Situation Report (SITREP)

1. DTG: 1612002016.

2. UNIT: Points of Distribution (PODs), TF FLINT (1-125 IN).

3. POC: Ssg Gazzeny, Darryl L. Cell: Email: armyinfantry31@yahoo.com.

4. PRESENT LOCATION: Genesee County Local EOC, 1101 Beach St., Flint, MI, 48502.

5. SITUATION OVERVIEW: 1-125 IN has Soldiers deployed to the Flint Water Crisis in support of Distribution Operations at the Points of Distributions (PODs). Daily operations consist of receiving, tracking, and issuing out water, filters, replacement filters, and water test kits.

6. OWN SITUATION DISPOSITION /STATUS: Currently 1-125 IN has Soldiers on ground supporting the mission.

7. OPERATIONS: Operations for the next 24 hours are to sustain water/filter distributions throughout the 5 designated fire stations and track all distribution incoming and outgoing through the PODs.

a. Signs have been printed off for the POD Buildings. Requesting approval to get the signs laminated from the purchasing office.

1.) TF Flint OIC, 2LT Benke has a meeting on 16FEB2016 with Calix Martinez in the city of Flint Plans and Marketing office to have signs designed and printed.

b. Soldiers are preparing for the unit change at the PODs.

1.) 1-125 IN conducting relief in place within next 24 hours.

8. PERSONNEL: Soldiers are currently assigned to the POD operations. Soldiers are assigned in five teams at Fire Stations 1, 3, 5, 6 and 8.

9. INTELLIGENCE / FORCE PROTECTION:

10. LOGISTICS: In support of TF Flint

a. 60 cases of recycle bags have been placed at POD locations.

b. Recycling trailers are being assessed by schupon on frequency of pickup.

11. COMMUNICATIONS: No communications issues at this time.

P: RRF cell phones alternate for WRTs.
A: Personal cell phone.
C: 800 MHz radios issued to PODs and WRTs.
E: Runner.

12. NARRATIVE: N/A

13. COMMANDER'S EVALUATION:
• AAR and operational notes are being consolidated into SOP's to send to JOC to assist in updating the All Hazards Plan.
• An operational handoff packet including SOP's, POC's, POD sector sketches, hand-receipts, and other operational notes is being built to assist the incoming unit.
• POC needed for incoming unit
• OUT (last 24 hours)
Bottled water-3733 Water (Gallons)-2020 Lead Testing Kits-131
Pitcher (23 cup)-0 Brita Faucet Filter-34 Brita Replacement Cartridge-128
Pur Filter-76 Pur Replacement Filter-243

**National Weather Service (NWS)**

NWS Detroit providing morning SEOC brief and Activity Log posts. Jim Maczko from NWS Grand Rapids will be the contact point for any changes in NWS Support and will also continue to update the Sit Rep Executive Summary as needed.

Participation in afternoon SEOC briefings is planned only if significant changes in the forecast occur.

**Natural Resources (MDNR)**

MDNR LED continues to support its QOL partners with staffing at the SEOC.

Department POC's include:
Chief Gary Hagler, F/Lt. Jennifer Wolf, F/Lt. Steven B. Burton.

**Services to the Aging (OSA)**

Valley Area Agency on Aging (VAAA) continues to receive phone calls from concerned seniors in Flint and continues to make referrals to the Genesee Co. EOC for water and filter follow-up.

VAAA's local Nursing Home Ombudsman continues to monitor Flint area Nursing Homes to ensure residents have access to safe water.

Contact info for VAAA Executive Director is:
Kathryn C. Boles
President, CEO
Valley Area Agency on Aging
225 E. Fifth Street, Suite 200
Flint, MI 48502

(810) 239-7671
(810) 239-8869 fax

**State Police (MSP)**

The MSP position within the SEOC will be staffed at MSP Operations at HQ. All e-mails to MSP-EOC-MDSP@michigan.gov are being forwarded to the Operations Lt. The phone number for the on duty Operations Lieutenant is 517-241-8000.

**Technology, Management and Budget (MDTMB)**

Continue to provide DTMB management SEOC updates and expenditures to-date.

Provided a dumpster for the Pierson Rd. Warehouse.
Provided seven (7) iPads for DEQ sampling teams.
DTMB to provide a truck and driver for the Food Bank for Thursday through Saturday.
Procured a replacement fork lift battery for the Pierson Rd. Warehouse.
DTMB Print & Graphics printing multiple print jobs.
Added calendar access to two additional DEQ employees.
Addressing issues with Pierson Rd. Warehouse with landlord, MDOC and 7th Day Adventist.
DTMB Real Estate researching options for a 200,000 sq. ft. warehouse for long term distribution plan, preferably on the bus line.

**Transportation (MDOT)**

Continuing to maintain situational awareness and responding to issues regarding equipment and road conditions.

| **SEOC Hours of Operation End:** | 02/15/2016 20:00:00 |

### Executive Summary

SEOC Update:
Accomplished today (February 15, 2016):

The SEOC continues to provide:
- Situational awareness.
- Common operating picture/objectives.
- Coordination with city/county.
- Potential coordination with federal agencies.
- Incident prioritization.
- Coordination of life/health safety measures.
- Resources.
- Public information control.

Logistics:
- Fielded resource requests.
- Fielded Rapid Response requests.
- Fielded Governor's office request.
- Facilitated distribution team calls.
- Worked on potential donated warehouse opportunities.

JIC:
- Drafted talking points for Captain Kelenske for tomorrow's Congressional/Legislative briefing.
- Drafted responses to multiple questions received from the staff of a Congressional member; answers pending review.
- Identified a PIO to attend weekly community partners meeting (held each Thursday at 3 p.m.).
- Reviewed and updated ICS204 form.

Recovery Branch:
o Attended UCG Brief, SEOC State Agency Briefing Meetings, Distribution Process Meetings and Tactics Meeting.
o Updated ICS 204 form for the tactics meeting.
o Provided information on apartment complex data to Governors representatives.
o Team priority for today: 6 teams in the field - One team finished 83 addresses assigned for today and continued water distribution and Rapid Response.
o Team priority scheduled tomorrow: water distribution and supplies requested.
o 5 American Red Cross Teams scheduled for Tuesday, February 16, 2016.

o Total homes visited:
□ 25,007 (round 3 total).
□ 792 (today).
o Water cases (liters calculated by multiplying # of cases x 12):
□ 171,744 liters or 13,738 cases (round 3 total).
□ 6,888 liters or 574 cases (today).
o Replacement cartridges:
□ 5,722 (round 3 total).
□ 238 (today).
o Faucet filters:
□ 7,883 (round 3 total).
□ 62 (today).

Planning Section:
- Developed and approved IAP #10.
- Developed and approved Sit Rep # 41.
- Attended tactics meeting to update branch chief 204s.
- Participated in State Agency and planning briefing for SEOC.
- Fielded questions from section chiefs and Local EOC.

Operations Section:
- Met with State agency EMCs to determine progress with their current IAP objectives.
- Participated in the Unified Coordination Group briefing.
- Facilitated the State Agency briefing conference calls.
- Participated in both Distribution Process meetings, and Tactics meeting.
- 61 volunteers were active across the operation today.

- Warehouse Numbers as of 1800:

□ Water (liters):
• 776,215 liters or 64,684 cases.
□ Filters (faucet):
• 47,132.
□ Replacement cartridges:
• 403,486.
□ Test Kits (prepped):
• 37,194.

• PODs (Number as of 1700 2/15):
□ Water (cases):
• 36,312 liters or 3,026 cases.
□ Filters (faucet):
• 71.
□ Replacement Cartridges:
• 272.
□ Test kits:
• 105.

Finance Section:
• Created a list of tactics for the ICS 204 for the upcoming operational period.
• Received Flint Child Health & Development Fund as a possible donation lead to research.
• Reviewed EMHSD time accounting for correct SEOC expense and activity coding. Made adjustments and corrections as necessary.

GIS Branch Updates:
• Produced updated maps for water sampling test results.
• Produced map of water sampling test results above action level.
• Parcel pairing of distribution data.
• Daily JIC map produced and sent to JIC.
• Validated/Geocoded water sampling test results data.
• Provided list of addresses contacted/filter status/water test kit status to Logistics to fulfill request from county EM.

DTMB:
• Procured supplies for Clio Rd. and Pierson Rd. warehouses.
• DTMB Smart Device Support Team provided assistance on an iPad issue.

DHHS-CH (weekly):
• The CHECC remains activated at a Level 2, and continue to staff the hotline Monday through Friday to answer any lead health-related questions referred by 2-1-1 in support of the GCHD. The CHECC continues to provide representation to the UCG to facilitate communication with federal partners.
• The CHECC met with senior MDHHS leadership, UCG representatives and team members that have been supporting GCHD Case Management efforts today to continue planning efforts for lead testing and case management activities going forward.

DEQ:
• Deployed four sentinel water sampling teams to collect first round of samples. Test bottles with directions provided to residents for second sample to commence in two weeks.
• Continued documenting compliance with EPA Emergency Administrative Order and second EPA request.
• Reviewed incident objectives to reflect Director's priorities for upcoming week.
• Began developing a plan to re-deploy the Sentinel water sampling collection crews to achieve 402 sampled sites and 60 lead service lines.

Unified Coordination Group (UCG):
• Developed Situation Report
• CDC/ASTDR field team representative attended community meeting at local church where an estimated 50 community members were in attendance.

Local EOC:
• In processed Southern Baptist Disaster Relief Group. Southern Baptist Disaster Relief taking over rapid response deliveries for NCCC teams on 02/16/2016.
• 140 water samples picked up at sentinel monitoring points by 1600 on 02/16/2016. Will be close to completing pick up at all 241 locations before end of day.
• Discussing lead and copper exposure of animals in City of Flint with MSU College for Veterinary Medicine.
• Introducing local staff to EOC positions and processes.
• Evaluating potentially culturally sensitive messages on water donated through one specific source. Holding water at warehouse until confirmation that displayed messages are inoffensive is received.

Injuries:
• None reported today.

## Incident Response/Recovery Priorities/Objectives

(Objectives are in order of priority with original objective number attached)

11. Ensure accurate tracking and accounting of all donations.
5. Continue to maintain adequate staffing to support operational requirements.
10. Collaborate with local and volunteer agency partners to solidify the Flint Water Operations Plan.
9. Enhance situational awareness and common operating picture of all activities.
8. Maintain coordination between partner agencies and organizations to include FEMA IMAT, FWICC, and the US Department of Health and Human Services Unified Coordination Group (UGC).
3. Improve and maintain the public information strategy and process.
6. Develop an overview of possible assistance programs.
4. Develop a long term public health and services plan.
7. Gather, analyze, and disseminate GIS data to develop products for future planning.
1. Ensure all households within impacted community have required resources and are included in DEQ water sampling plan.

2. Ensure accurate tracking and accounting of all commodities.

## Agency Summaries

**Joint Information Center / Public Information Officer**

Tasks accomplished:
- Created a media monitoring report to identify news stories requiring correction; found none.
- Drafted talking points for Captain Kelenske for tomorrow's Congressional/Legislative briefing.

• Drafted responses to multiple questions received from the staff of a Congressional member; answers pending review.
• Identified a PIO to attend weekly Community Partners Meeting (held each Thursday at 3 p.m.).
• Reviewed and updated ICS204 form.

**Agriculture and Rural Development (MDARD)**

MDARD has no activities to report for 2/15/16.

**American Red Cross (ARC)**

The American Red Cross deployed 6 teams on Monday, 2/15/16: 2 rapid response teams in partnership with AmeriCorps NCCC, 2 mobile teams assigned to clear the remaining addresses without a documented contact, and 2 teams delivering water in impacted neighborhoods.

The Volunteer Reception Center was operating today from 9am to 5pm, and the plan is for those hours to continue daily, through Sunday.

33 new event-based volunteers were processed through the VRC. 33 event-based volunteers were active on projects today. The VRC worked on assembly of water bottle recycling kits. More than 20 boxes were filled with recycling kits today.

**Civil Rights (MDCR)**

No additional update reported. Continue to monitor media and state agency activities for issues impacting underrepresented, at-risk, and populations with barriers to services and information. Provided recommendations on outreach/engagement for public health. Updated Activity log to encompass 21 January media coverage of metro-Detroit community engagement (water and donations drive) for Flint community.

**Community Health (MDCH)**

The CHECC remains activated at a Level 2, and continues to staff the hotline Monday through Friday to answer any lead health-related questions referred by 2-1-1 in support of the GCHD. The CHECC continues to provide representation to the UCG to facilitate communication with federal partners.

The CHECC met with senior MDHHS leadership, UCG representatives and team members that have been supporting GCHD Case Management efforts today to continue planning efforts for lead testing and case management activities going forward. Tomorrow discussions will continue with GCHD regarding the request for additional federal support for GCHD case management.

**Corrections (MDOC)**

MDOC began the process of turning over warehouse 2 operations to the 7th Day Adventist volunteer organization.

MDOC continues to keep trucks dedicated to delivering to individual POD's and covering Rapid Responses for PODs that get to a critical level. PODs remained well supplied throughout day and will continue to be well supplied moving forward.

We are continuing to work with Finance and MDOC assets to capture total employee payroll information and expenditures.

MDOC continue to staff the SEOC from 0800-2000, 7 days/week. Mike Farmer and Bridget Spencer are managing the Recovery Branch of the SEOC

244 DEQ and 15 MDARD test kits were delivered from Flint to Lansing today.

**Environmental Quality (MDEQ)**

The Department of Environmental Quality (DEQ) completed the following activities today:

• Deployed four Sentinel water sampling teams to collect first round of samples. Test bottles with directions provided to residents for second sample to commence in two weeks.

• Continued documenting compliance with EPA Emergency Administrative Order and second EPA request.

• Reviewed incident objectives to reflect Director's priorities for upcoming week.

• Began developing a plan to re-deploy the Sentinel water sampling collection crews to achieve 402 sampled sites and 60 lead service lines.

**Human Services (MDHS)**

As of 2/11/16, CSA reports 99% of current caregivers, who are caring for children under care and supervision of MDHHS, have submitted a water sample to approved water testing facilities.

211 reporting only 21 calls on 2/14/16 related to Flint water crisis.

MCSC reporting that DM was slow over the weekend. Will be catching up on data entry this week.

**Licensing and Regulatory Affairs (LARA)**

Participated in briefings and updated the LARA Executive Team

LARA continues to monitor DEQ's test results for Health Care, Child Care, Adult Foster Care, HHS and MDE facilities and Schools.

LARA continuing efforts to plan and schedule faucet replacements for Flint schools. LARA is working with MDOC to track and store incoming material at the warehouse.

Translation services for various documents continue to be provided as needed.

Ongoing discussion regarding coverage of state regulated facilities and elimination of duplication of effort.

**Military and Veterans Affairs (DMVA)**

Commanders Situation Report (SITREP)

| **SEOC Hours of Operation End:** | 02/15/2016 20:00:00 |

## Executive Summary

On January 6, 2016, Governor Snyder declared a State of Emergency for the City of Flint and Genesee County. Genesee County requested the Governor's declaration on January 5, 2016, following the declaration of a State of Emergency in the county in response to the presence of lead in the public water supply, and the detection of elevated blood lead levels exceeding governmental standards. These conditions exist in the City of Flint, which declared a local State of Emergency and activated local response plans and their Emergency Operations Center on December 15, 2015. A public health emergency was declared by the Genesee County Health Department on October 1, 2015.

By early May 2014, the City of Flint switched from the Detroit Water and Sewerage Department (DWSD) to the Flint River as their primary water source. The corrosive river water caused the leaching of lead from lead pipes into the water supply. Increased exposure to lead can cause immediate negative health effects. However, the main health concerns are long-term effects in children such as developmental and cognitive delays, and behavioral disorders. Elevated blood lead levels were observed in a significant sampling of young children in the City of Flint, and confirmed by the State Chief Medical Officer.

To mitigate the negative effects of corrosive river water on the water infrastructure in the City of Flint, the city switched back to DSWD as their primary water source on October 16, 2015. Funding to reconnect to DWSD was provided from the City of Flint, the Charles Stewart Mott Foundation, and the State of Michigan. Water is treated with a supplemental phosphate addition to rebuild the protective layer in the distribution system and reduce the leaching of lead into the water supply.

For the mitigation of negative health effects, over 24,000 water filters and replacement cartridges have been distributed to residents in the City of Flint. Approximately 13,000 water filters, water pitchers and replacement cartridges were distributed by the Michigan Department of Health and Human Services (MDHHS) in the timeframe of October 1 to December 31, 2015 alone. MDHHS has increased surveillance of blood lead levels in children, addresses water issues in environmental investigations facilitated to identify lead sources in the environment of affected children, and provide health education and information to residents, health care providers and daycare/educational institutions. Local nonprofit

Logistics:
- Fielded resource requests.
- Fielded Rapid Response requests.
- Fielded Governor's office request.
- Facilitated distribution team calls.

JIC:
- Media hotline staff answered less than 10 emails and phone calls, ranging from the news media asking to embed with sentinel teams to inquiries about the city of Flint's boil water advisory.
- MDHHS Chief Medical Executive Dr. Eden Wells attended a Great Lakes Health Connect press conference, announcing the donation of $250,000 to connect various health care providers in the Flint area so they can easily share information about patients affected by lead exposure. Dr. Well was interviewed by the Associated Press and gave an update about children blood-level testing in Flint. Dr. Wells also conducted an interview with Michigan Radio about the boil water advisory in Flint.
- Updated a Daily JIC Activities log to catalog actions completed for the day and planned for the week to keep all key agency PIOs aware of actions.
- Key state agency PIOs attended Gov. Rick Snyder's media availability at the Food Bank of Eastern Michigan. More than 10 news media members were at the event, representing local and regional outlets.
- The National Guard PIO conducted on-camera interview with a media outlet at Flint Fire Station No. 6, updating the reporter about ongoing operations and community relations.
- Drafted a news release about a National Guard soldier saving a Flint resident's life. The JIC plans to issue the news release this afternoon.
- Drafted a media advisory about holding media availability at the Genesee County Emergency Operations Center to give the news media access to a sentinel team briefing prior to disbursing throughout Flint.
- Drafted a follow-up news release to issue after the city of Flint's water warning is lifted.
- Drafted and issued social media posts about ongoing Flint water emergency, including daily numbers and links to Oral Heath and Adult Lead Exposure fact sheets

Recovery Branch:
- Attended Local Brief, SEOC State Agency Briefing Meetings, Distribution Process Meetings.
- Merged lists compiled from various agencies in to one master Access and Functional Needs (AFN) List.
- Team Priority Visited Today: Active Water Subscribers without filters marked vacant or no contact.
- Team Priority Scheduled Tomorrow: Water Distribution and Rapid Response.
- American Red Cross Teams scheduled for Friday, February 12.
- Data is for 2/11/16 as of 5:00 pm:

o Total homes visited:
□ 20,057 (round 3 total).
□ 786 (today).
o Water cases (liters calculated by multiplying # of cases x 12):
□ 140,808 liters or 11,734 cases (round 3 total).
□ 6,492 liters or 541 cases (today).
o Replacement cartridges:
□ 4,520 (round 3 total).
□ 269 (today).
o Faucet filters:
□ 7,427 (round 3 total).
□ 58 (today).

Planning Section:
- Participated in state, local, and distribution process meeting.
- Published Sit Rep #37.
- Worked to update daily data report.

Operations Section:
- 7:30am in service
- Facilitate 8:30 local call.
- Facilitate 9:30 SEOC briefing.
- Facilitate 10:00 FOI meeting.
- Jackie Hampton covers from 10:30-12
- 2:00pm State Quarterly Meeting
- 2:30 Tele-town hall
- 4:00 SEOC briefing.
- 6:00 distribution meeting
- SEOC State Agency Briefing:
- Warehouse Numbers as of 1800:
- Water (liters):
- ~~844,170 liters or 53,680 cases.~~
- Filters (faucet):
- ~~47,852.~~
- Replacement cartridges:
- ~~377,634.~~
- Test Kits (prepped):
- ~~25,898.~~
- PODs (Number as of 1700 2/11):
- Water (cases):
- 53,964 liters or 4,497 cases.
- Filters (faucet):
- 164.
- Replacement Cartridges:
- 411.
- Test kits:
- 106.

Finance Section:
- Assisting SBO/OIA audit staff with understanding SEOC processes and roles of state agencies.
- Continuing to update summary cost reports to provide to SBO on Friday morning.
- Estimate daily emails for FOIA unit.
- Work on compiling Category B costs incurred for appeal to FEMA.

GIS Branch Updates:
- Author a custom map application for governor's office
- Compile a list of houses in Flint that do not have water filters
- Produce an image of a 10 block section of Flint from video flown by Trooper 2
- Refine data sent from MDEQ for mapping of water test locations
- Preparations for GIS to meet FOIA requests

DTMB:
- Continued to provide DTMB management with daily updates and resource requests received.
- Two DTMB drivers were involved in an accident last evening upon return to Lansing. Their vehicle was hit from behind at an intersection. Both were treated and released and were medically cleared to return to work. The accident was reported to their supervisor in compliance with internal processes and protocols and they reported to Flint on Thursday morning for work.
- DTMB Print and Graphic Services printing recycling cards and door hangar for volunteers to distribute on Saturday

DHHS-CH (weekly):
- The CHECC remains active at a Level 2, and continues to staff the hotline to answer any lead health-related questions referred by 2-1-1 in support of the GCHD. The CHECC continues to work with federal partners in the UCG on prioritized requests for assistance.
- The State Chief Medical Executive, Dr. Eden Wells, conducted a webinar today for healthcare professionals in Flint that focused on pregnancy and breastfeeding. The peak number of people/sites in attendance was 42. Positive feedback was received, particularly on the discussion portion of the webinar. The recording was sent to the MDHHS PIO, and will also be available on the flint water website and on MI-TRAIN.
- Continue to provide clarification in reference to the teams that are visiting homes in Flint. MDHHS is accompanying DEQ on the Initial Assessment Teams that are visiting homes that have tested high in copper and/or lead.

DEQ:
- Coordinated school sampling with DLARA.
- Coordinated delivery of test kits for Michigan Works.
- Deployed Sentinel water sampling collection crews and continued data collection and monitoring.
- Continued assembling data for EPA Emergency Administrative Order and second EPA request.
- Tracked progress of data collection for Sentinel water testing sites.
- Reviewed incident objectives to reflect activities for the upcoming week.
- Conducted an After Action Review focused on Sentinel sampling effort.

State Voluntary Agency Liaison (VAL):
- Attended community partners meeting.
- Met with water resources group.

Unified Coordination Group (UCG):
- WQTF: 1st round of sequential paired with the MDEQ sentinel site sampling will provide a good picture of how the system is improving.
- HMTF: Met with the Mass Transportation Authority (MTA), they have a lot of resources to get people to places of interest e.g. care facilities, good food sources, etc.
- PEATF: Dr. Mona, Chelsea Clinton, and Dr. Lurie are in town. A lot of community outreach going on over the weekend. Surgeon General will be in town next week.

Local EOC:

- Attended Community Stakeholder meeting.
- Long-term distribution plan, based on discussions with City of Flint and SEOC representatives on 02/09 and 02/10/2016 in Lansing, will be presented to Deputy State Director of Emergency & Homeland Security on 02/12/2016.
- Developing logistics procedures to aid transition to local EOC staff.
- 10 Sentinel Site Monitoring Teams and Elevated Lead and Copper Initial Assessment Task Force out in the field.
- Sentinel Site Monitoring Teams will be accompanied by media on 02/12/2016. Coordination through JIC.
- In response to water transmission line break, pipe has been fixed and reconnected. Line is being pressurized and properly treated, followed by 24 hour water testing period before Boiled Water Advisory can be lifted.

## Incident Response/Recovery Priorities/Objectives

(Objectives are in order of priority with original objective number attached)

11. Ensure accurate tracking and accounting of all donations.
5. Continue to maintain adequate staffing to support operational requirements.
10. Collaborate with local and volunteer agency partners to solidify the Flint Water Operations Plan.
9. Enhance situational awareness and common operating picture of all activities.
8. Maintain coordination between partner agencies and organizations to include FEMA IMAT, FWICC, and the US Department of Health and Human Services Unified Coordination Group (UGC).
3. Improve and maintain the public information strategy and process.
6. Develop an overview of possible assistance programs.
4. Develop a long term public health and services plan.
7. Gather, analyze, and disseminate GIS data to develop products for future planning.
1. Ensure all households within impacted community have required resources and are included in DEQ water sampling plan.
2. Ensure accurate tracking and accounting of all commodities.

### Executive Summary

SEOC Update:
Accomplished today (February 11, 2016):

The SEOC continues to provide:
- Situational awareness.
- Common operating picture/objectives.
- Coordination with city/county.
- Potential coordination with federal agencies.
- Incident prioritization.
- Coordination of life/health safety measures.
- Resources.
- Public information control.

Logistics:
- Fielded resource requests.
- Fielded Rapid Response requests.
- Fielded Governor's office request.
- Facilitated distribution team calls.

JIC:
- Media hotline staff answered less than 10 emails and phone calls, ranging from the news media asking to embed with sentinel teams to inquiries about the city of Flint's boil water advisory.
- MDHHS Chief Medical Executive Dr. Eden Wells attended a Great Lakes Health Connect press conference, announcing the donation of $250,000 to connect various health care providers in the Flint area so they can easily share information about patients affected by lead exposure. Dr. Wells was interviewed by the Associated Press and gave an update about children blood-level testing in Flint. Dr. Wells also conducted an interview with Michigan Radio about the boil water advisory in Flint.
- Updated a Daily JIC Activities log to catalog actions completed for the day and planned for the week to keep all key agency PIOs aware of actions.
- Key state agency PIOs attended Gov. Rick Snyder's media availability at the Food Bank of Eastern Michigan. More than 10 news media members were at the event, representing local and regional outlets.
- The National Guard PIO conducted on-camera interview with a media outlet at Flint Fire Station No. 6, updating the reporter about ongoing operations and community relations.
- Drafted a news release about a National Guard soldier saving a Flint resident's life. The JIC plans to issue the news release this afternoon.
- Drafted a media advisory about holding media availability at the Genesee County Emergency Operations Center to give the news media access to a sentinel team briefing prior to disbursing throughout Flint.
- Drafted a follow-up news release to issue after the city of Flint's water warning is lifted.
- Drafted and issued social media posts about ongoing Flint water emergency, including daily numbers and links to Oral Heath and Adult Lead Exposure fact sheets.

Recovery Branch:
- Attended Local Brief, SEOC State Agency Briefing Meetings, Distribution Process Meetings.
- Merged lists compiled from various agencies in to one master Access and Functional Needs (AFN) List.
- Team Priority Visited Today: Active Water Subscribers without filters marked vacant or no contact.
- Team Priority Scheduled Tomorrow: Water Distribution and Rapid Response.
- 8 American Red Cross Teams scheduled for Friday, February 12.
- Data is for 2/11/16 as of 5:00 pm:

o Total homes visited:
□ 20,057 (round 3 total).
□ 786 (today).
o Water cases (liters calculated by multiplying # of cases x 12):
□ 140,808 liters or 11,734 cases (round 3 total).
□ 6,492 liters or 541 cases (today).
o Replacement cartridges:
□ 4,520 (round 3 total).
□ 269 (today).
o Faucet filters:
□ 7,427 (round 3 total).
□ 58 (today).

Planning Section:
- Participated in state, local, and distribution process meeting.
- Published Sit Rep #37.
- Worked to update daily data report.

*Operations Section:*
• 7:30am in service
• Facilitate 8:30 local call.
• Facilitate 9:30 SEOC briefing.
• Facilitate 10:00 FOI meeting.
• Jackie Hampton covers from 10:30-12.
• 2:00pm State Quarterly Meeting.
• 2:30 Tele-town hall.
• 4:00 SEOC briefing.
• 6:00 distribution meeting.
• *SEOC State Agency Briefing:*
• Warehouse Numbers as of 1800:
□ Water (liters):
• 866,976 liters or 72,248 cases.
□ Filters (faucet):
• 47,492.
□ Replacement cartridges:
• 377,334.
□ Test Kits (prepped):
• 29,470.
• PODs (Number as of 1700 2/11):
□ Water (cases):
• 53,964 liters or 4,497 cases.
□ Filters (faucet):
• 164.
□ Replacement Cartridges:
• 411.
□ Test kits:
• 106.

Finance Section:
• Assisting SBO/OIA audit staff with understanding SEOC processes and roles of state agencies.
• Continuing to update summary cost reports to provide to SBO on Friday morning.
• Estimate daily emails for FOIA unit.
• Work on compiling Category B costs incurred for appeal to FEMA.

GIS Branch Updates:
• Author a custom map application for governor's office.
• Compile a list of houses in Flint that do not have water filters.
• Produce an image of a 10 block section of Flint from video flown by Trooper 2.

## Agency Summaries

### Joint Information Center / Public Information Officer

The Joint Information Center (JIC) was expected to be operational in Flint from 8 a.m. to 8 p.m. on Feb. 11. The JIC was operational until 10 p.m. on Feb. 10.

State agencies at the JIC included the Michigan State Police, Michigan National Guard, and Departments of Environmental Quality and Health and Human Services. The Genesee County Sheriff's Office and American Red Cross were also present.

Tasks accomplished:
- Media hotline staff answered less than 10 emails and phone calls, ranging from the news media asking to embed with sentinel teams to inquiries about the city of Flint's boil water advisory.
- MDHHS Chief Medical Executive Dr. Eden Wells attended a Great Lakes Health Connect press conference, announcing the donation of $250,000 to connect various health care providers in the Flint area so they can easily share information about patients affected by lead exposure. Dr. Well was interviewed by the Associated Press and gave an update about children blood-level testing in Flint. Dr. Wells also conducted an interview with Michigan Radio about the boil water advisory in Flint.
- Created a morning and afternoon media monitoring report.
- Updated a Daily JIC Activities log to catalog actions completed for the day and planned for the week to keep all key agency PIOs aware of actions.
- Key state agency PIOs attended Gov. Rick Snyder's media availability at the Food Bank of Eastern Michigan. More than 10 news media members were at the event, representing local and regional outlets.
- Drafted talking points for Capt. Chris Kelenske for a 2:30 p.m. TeleTown Hall meeting hosted by the Governor's Office.
- The National Guard PIO conducted on-camera interview with a media outlet at Flint Fire Station No. 6, updating the reporter about ongoing operations and community relations.
- Continued routing public information materials for approval, including an updated recycling flier and a breast feeding and lead exposure fact sheet from MDHHS.
- Drafted a news release about a National Guard soldier saving a Flint resident's life. The JIC plans to issue the news release this afternoon.
- Drafted a media advisory about holding a media availability at the Genesee County Emergency Operations Center to give the news media access to a sentinel team briefing prior to disbursing throughout Flint.
- Drafted a follow-up news release to issue after the city of Flint's water warning is lifted.
- Continued working to have staffing for Feb. 16-26 by Thursday. Staffing has become difficult.
- Drafted and issued social media posts about ongoing Flint water emergency, including daily numbers and links to Oral Heath and Adult Lead Exposure fact sheets.

### Agriculture and Rural Development (MDARD)

MDARD's field activities for 2/10/2016 included:
- 6 food establishment assessments conducted (all follow-ups) and 5 in-use water samples collected
- no water sample requests/appointments were scheduled

As of 2/10/16, MDARD has completed a total of 346 food establishment assessments (271 initial/75 follow-up). 267 establishments are verified to be in compliance (77.17%). All high and medium risk firms have had an initial assessment. 214 water samples have been collected and 160 are currently scheduled.

MDARD's Animal Industry Division has created an Incident Management Team to deal with pet testing related issues in Flint.

Provided information to the JIC and Capt. Kelenski regarding using water from Flint for growing vegetables in response to a call on the Governor's Tele-Town Hall today.

### American Red Cross (ARC)

The American Red Cross deployed 6 Water Response Teams on Thursday, 2/11/16, to deliver bottled water, and 3 Rapid Response Teams responding to calls from individuals needing additional support.

The Volunteer Reception Center was operating from 9-5 on Thursday. The VRC will operate on the same schedule tomorrow.

Water test kits are being assembled today. We anticipate that about 3,000 will have been completed by the end of the day.

### Civil Rights (MDCR)

Continue to review activities to provide support and assistance to assigned Human Services branch and other SEOC entities. Maintaining media awareness regarding situation and community activities. Advised senior leadership of forthcoming FOIA process request.

**Community Health (MDCH)**

The CHECC remains active at a Level 2, and continues to staff the hotline to answer any lead health-related questions referred by 2-1-1 in support of the GCHD. The CHECC continues to work with federal partners in the UCG on prioritized requests for assistance.

The State Chief Medical Executive, Dr. Eden Wells, conducted a webinar today for healthcare professionals in Flint that focused on pregnancy and breastfeeding. The peak number of people/sites in attendance was 42. Positive feedback was received, particularly on the discussion portion of the webinar. The recording was sent to the MDHHS PIO, and will also be available on the flint water website and on MI-TRAIN.

Continue to provide clarification in reference to the teams that are visiting homes in Flint. MDHHS is accompanying DEQ on the Initial Assessment Teams that are visiting homes that have tested high in copper and/or lead.

**Corrections (MDOC)**

MDOC continues to keep trucks dedicated to delivering to individual POD's and covering Rapid Responses for PODs that get to a critical level. PODs remained well supplied throughout day and will continue to be well supplied moving forward.

We are continuing to work with Finance and MDOC assets to capture total employee payroll information and expenditures. MDOC continue to staff the SEOC from 0800-2000, 7 days/week. Mike Farmer and Bridget Spencer are managing the Recovery Branch of the SEOC

We received the 2 additional box trucks for warehouse use to replace non-functioning trucks. Thank you DTMB.

Warehouse inventory has been modified to adjust for different sized containers.

206 Test kits were delivered from Flint to Lansing today.

**Environmental Quality (MDEQ)**

The Department of Environmental Quality (DEQ) completed the following activities today:

Coordinated school sampling with DLARA.

Coordinated delivery of test kits for Michigan Works.

Deployed Sentinel water sampling collection crews and continued data collection and monitoring.

Continued assembling data for EPA Emergency Administrative Order and second EPA request.

Tracked progress of data collection for Sentinel water testing sites.

Reviewed incident objectives to reflect activities for the upcoming week.

Conducted an After Action Review focused on Sentinel sampling effort.

**Human Services (MDHS)**

80% of current caregivers, who are caring for children under the care and supervision of MDHHS, have submitted a water sample to approved water testing facilities.

Daily update conference call with MDHHS Budget & Field Operations.

**Licensing and Regulatory Affairs (LARA)**

Participated in briefings and updated the LARA Executive Team

LARA continues to monitor DEQ's test results for Health Care, Child Care, Adult Foster Care, HHS and MDE facilities and Schools.

LARA continuing efforts to plan and schedule faucet replacements for Flint schools.

Translation services for various documents continue to be provided as needed.

Ongoing discussion regarding coverage of state regulated facilities and elimination of duplication of effort.

**Military and Veterans Affairs (DMVA)**

Commanders Situation Report (SITREP)

1. DTG: 1112002016

2. UNIT: Points of Distribution (PODs), TF FLINT (1-125 IN)

3. POC:Ssg Gazzeny, Darryl L. Cell: mail: armyinfantry31@yahoo.com

4. PRESENT LOCATION: Genesee County Local EOC, 1101 Beach St., Flint, MI, 48502

5. SITUATION OVERVIEW: 1-125 IN has Soldiers deployed to the Flint Water Crisis in support of Distribution Operations at the Points of Distributions (PODs). Daily operations consist of receiving, tracking, and issuing out water, filters, replacement filters, and water test kits.

6. OWN SITUATION DISPOSITION /STATUS: Currently 1-125 IN has Soldiers on ground supporting the mission.

7. OPERATIONS: Operations for the next 24 hours are to sustain water/filter distributions throughout the 5 designated fire stations and track all distribution incoming and outgoing through the PODs.

a. POD 5 has two generator lighting units from MDOT. All PODs now have sufficient lighting.

1. Station 5 received a key and key code to utilize the fuel pump at station 5. A fuel can was purchased locally.

b. Signs have been printed off for the POD Buildings. Requesting approval to get the signs laminated from the purchasing office.

1.) TF Flint OIC, 2LT Benke, will be seeking approval from CPT Bowles and Dana and/or Kim at the purchasing office for laminating.

8. PERSONNEL: 65 Soldiers are currently assigned to the POD operations. 58 Soldiers are assigned in five teams at Fire Stations 1, 3, 5, 6 and 8.

9. INTELLIGENCE / FORCE PROTECTION: More firefighter units will respond to emergencies to equalize pressure in the water lines, due to the water main damage.

10. LOGISTICS: In support of TF Flint

a. Schupon has placed an order for more instruction cards attached to recycle bags.

11. COMMUNICATIONS: No communications issues at this time.

P: RRF cell phones alternate for WRTs.
A: Personal cell phone
C: 800 MHz radios issued to PODs and WRTs.
E: Runner

12. NARRATIVE: N/A

13. COMMANDER'S EVALUATION:
- AAR and operational notes are being consolidated into SOP's to send to JOC to assist in updating the All Hazards Plan.
- An operational handoff packet including SOP's, POC's, POD sector sketches, hand-receipts, and other operational notes is being built to assist the incoming unit.
- OUT (last 24 hours)

Bottled water-4615 Water (Gallons)218 Lead Testing Kits-121
Pitcher (23 cup)-0 Brita Faucet Filter-96 Brita Replacement Cartridge-131
Pur Filter-61 Pur Replacement Filter-244

**National Weather Service (NWS)**

NWS Detroit providing morning SEOC brief and Activity Log posts. Jim Maczko from NWS Grand Rapids will be the contact point for any changes in NWS Support and will also continue to update the Sit Rep Executive Summary as needed.

Participation in afternoon SEOC briefings is planned only if significant changes in the forecast occur.

**Natural Resources (MDNR)**

MDNR LED continues to support its QOL partners with staffing at the SEOC.

Department POC's include:
Chief Gary Hagler, F/Lt. Jennifer Wolf, F/Lt. Steven B. Burton.

**Services to the Aging (OSA)**

Valley Area Agency on Aging (VAAA) continues to receive phone calls from concerned seniors in Flint and continues to make referrals to the Genesee Co. EOC for water and filter follow-up.

VAAA's local Nursing Home Ombudsman continues to monitor Flint area Nursing Homes to ensure residents have access to safe water.

Contact info for VAAA Executive Director is:
Kathryn C. Boles
President, CEO
Valley Area Agency on Aging
225 E. Fifth Street, Suite 200
Flint, MI 48502
(810) 239-7671
(810) 239-8869 fax

**State Police (MSP)**

The MSP position within the SEOC will be staffed at MSP Operations at HQ. All e-mails to MSP-EOC-MDSP@michigan.gov are being forwarded to the Operations Lt. The phone number for the on duty Operations Lieutenant is 517-241-8000

**Technology, Management and Budget (MDTMB)**

Continue to provide DTMB management with daily updates and resource requests received.

Two DTMB drivers were involved in an accident last evening upon return to Lansing. Their vehicle was hit from behind at an intersection. Both were treated and released and were medically cleared to return to work. The accident was reported to their supervisor in compliance with internal processes and protocols and they reported to Flint on Thursday morning for work.

Processed resource request for:
(2) 20 foot trucks to replace MDOC trucks that are out of service
Printing 3,000 more recycling cards

**Transportation (MDOT)**

Providing staff to Pierson Rd. warehouse.

Providing 2 portable light tower generators to Fire Station #5 on Western Rd.

Providing traffic measures at Fire Station #6 on Pierson Rd. and Fire Station #3 on Martin Luther King Blvd:
-4 (3' x 5') standard signs (2 each site)
-100 grabber traffic cones (narrow reflective cones) (50 each site).

Continuing to maintain situational awareness and responding to issues regarding equipment and road conditions.

| **SEOC Hours of Operation End:** | 02/11/2016 20:00:00 |

## Executive Summary

On January 6, 2016, Governor Snyder declared a State of Emergency for the City of Flint and Genesee County. Genesee County requested the Governor's declaration on January 5, 2016, following the declaration of a State of Emergency in the county in response to the presence of lead in the public water supply, and the detection of elevated blood lead levels exceeding governmental standards. These conditions exist in the City of Flint, which declared a local State of Emergency and activated local response plans and their Emergency Operations Center on December 15, 2015. A public health emergency was declared by the Genesee County Health Department on October 1, 2015.

By early May 2014, the City of Flint switched from the Detroit Water and Sewerage Department (DWSD) to the Flint River as their primary water source. The corrosive river water caused the leaching of lead from lead pipes into the water supply. Increased exposure to lead can cause immediate negative health effects. However, the main health concerns are long-term effects in children such as developmental and cognitive delays, and behavioral disorders. Elevated blood lead levels were observed in a significant sampling of young children in the City of Flint, and confirmed by the State Chief Medical Officer.

To mitigate the negative effects of corrosive river water on the water infrastructure in the City of Flint, the city switched back to DSWD as their primary water source on October 16, 2015. Funding to reconnect to DWSD was provided from the City of Flint, the Charles Stewart Mott Foundation, and the State of Michigan. Water is treated with a supplemental phosphate addition to rebuild the protective layer in the distribution system and reduce the leaching of lead into the water supply.

For the mitigation of negative health effects, over 24,000 water filters and replacement cartridges have been distributed to residents in the City of Flint. Approximately 13,000 water filters, water pitchers and replacement cartridges were distributed by the Michigan Department of Health and Human Services (MDHHS) in the timeframe of October 1 to December 31, 2015 alone. MDHHS has increased surveillance of blood lead levels in children, addresses water issues in environmental investigations facilitated to identify lead sources in the environment of affected children, and provide health education and information to residents, health care providers and daycare/educational institutions. Local nonprofit organizations have provided potable water to Flint residents. MSP/EMHSD GIS staff is supporting county and local GIS staff, consolidate data from local sources into comprehensive databases, and providing mapping services that support incident analysis and forecasting. Data and maps will be made available regarding the location of water pipes, affected schools, filter distribution locations, water monitoring results, predictive blood lead levels for affected areas, demographics, etc.

Before December 16, 2015, $9.35 million were provided by the State of Michigan, and $6 million by local agencies and nonprofit partners to manage the effects of the corroded pipes. While drops in lead levels have been observed since reconnecting to the DWSD system, water in the City of Flint is still not safe to drink, unless specifically filtered.

## Incident Response/Recovery Priorities/Objectives

(Objectives are in order of priority with original objective number attached)

11. Ensure accurate tracking and accounting of all donations.
5. Continue to maintain adequate staffing to support operational requirements.
10. Collaborate with local and volunteer agency partners to solidify the Flint Water Operations Plan.

9. Enhance situational awareness and common operating picture of all activities.
8. Maintain coordination between partner agencies and organizations to include FEMA IMAT, FWICC, and the US Department of Health and Human Services Unified Coordination Group (UGC).
3. Improve and maintain the public information strategy and process.
6. Develop an overview of possible assistance programs.
4. Develop a long term public health and services plan.
7. Gather, analyze, and disseminate GIS data to develop products for future planning.
1. Ensure all households within impacted community have required resources and are included in DEQ water sampling plan.
2. Ensure accurate tracking and accounting of all commodities.

## Agency Summaries

### Joint Information Center / Public Information Officer

The Joint Information Center (JIC) was expected to be operational in Flint from 8 a.m. to 8 p.m. on Feb. 11. The JIC was operational until 10 p.m. on Feb. 10.

State agencies at the JIC included the Michigan State Police, Michigan National Guard, and Departments of Environmental Quality and Health and Human Services. The Genesee County Sheriff's Office and American Red Cross were also present.

Tasks accomplished:
- Media hotline staff answered less than 10 emails and phone calls, ranging from the news media asking to embed with sentinel teams to inquiries about the city of Flint's boil water advisory.
- MDHHS Chief Medical Executive Dr. Eden Wells attended a Great Lakes Health Connect press conference, announcing the donation of $250,000 to connect various health care providers in the Flint area so they can easily share information about patients affected by lead exposure. Dr. Well was interviewed by the Associated Press and gave an update about children blood-level testing in Flint. Dr. Wells also conducted an interview with Michigan Radio about the boil water advisory in Flint.
- Created a morning and afternoon media monitoring report.
- Updated a Daily JIC Activities log to catalog actions completed for the day and planned for the week to keep all key agency PIOs aware of actions.
- Key state agency PIOs attended Gov. Rick Snyder's media availability at the Food Bank of Eastern Michigan. More than 10 news media members were at the event, representing local and regional outlets.
- Drafted talking points for Capt. Chris Kelenske for a 2:30 p.m. TeleTown Hall meeting hosted by the Governor's Office.
- The National Guard PIO conducted on-camera interview with a media outlet at Flint Fire Station No. 6, updating the reporter about ongoing operations and community relations.
- Continued routing public information materials for approval, including an updated recycling flier and a breast feeding and lead exposure fact sheet from MDHHS.
- Drafted a news release about a National Guard soldier saving a Flint resident's life. The JIC plans to issue the news release this afternoon.
- Drafted a media advisory about holding a media availability at the Genesee County Emergency Operations Center to give the news media access to a sentinel team briefing prior to disbursing throughout Flint.
- Drafted a follow-up news release to issue after the city of Flint's water warning is lifted.
- Continued working to have staffing for Feb. 16-26 by Thursday. Staffing has become difficult.
- Drafted and issued social media posts about ongoing Flint water emergency, including daily numbers and links to Oral Heath and Adult Lead Exposure fact sheets.

### Agriculture and Rural Development (MDARD)

MDARD's field activities for 2/10/2016 included:
- 6 food establishment assessments conducted (all follow-ups) and 5 in-use water samples collected
- no water sample requests/appointments were scheduled

As of 2/10/16, MDARD has completed a total of 346 food establishment assessments (271 initial/75 follow-up). 267 establishments are verified to be in compliance (77.17%). All high and medium risk firms have had an initial assessment. 214 water samples have been collected and 160 are currently scheduled.

MDARD's Animal Industry Division has created an Incident Management Team to deal with pet testing related issues in Flint.

Provided information to the JIC and Capt. Kelenski regarding using water from Flint for growing vegetables in response to a call on the Governor's Tele-Town Hall today.

### American Red Cross (ARC)

The American Red Cross deployed 6 Water Response Teams on Thursday, 2/11/16, to deliver bottled water, and 3 Rapid Response Teams responding to calls from individuals needing additional support.

The Volunteer Reception Center was operating from 9-5 on Thursday. The VRC will operate on the same schedule tomorrow.

Water test kits are being assembled today. We anticipate that about 3,000 will have been completed by the end of the day.

### Civil Rights (MDCR)

Continue to review activities to provide support and assistance to assigned Human Services branch and other SEOC entities. Maintaining media awareness regarding situation and community activities. Advised senior leadership of forthcoming FOIA process request.

### Community Health (MDCH)

The CHECC remains active at a Level 2, and continues to staff the hotline to answer any lead health-related questions referred by 2-1-1 in support of the GCHD. The CHECC continues to work with federal partners in the UCG on prioritized requests for assistance.

The State Chief Medical Executive, Dr. Eden Wells, conducted a webinar today for healthcare professionals in Flint that focused on pregnancy and breastfeeding. The peak number of people/sites in attendance was 42. Positive feedback was received, particularly on the discussion portion of the webinar. The recording was sent to the MDHHS PIO, and will also be available on the flint water website and on MI-TRAIN.

Continue to provide clarification in reference to the teams that are visiting homes in Flint. MDHHS is accompanying DEQ on the Initial Assessment Teams that are visiting homes that have tested high in copper and/or lead.

**Corrections (MDOC)**

MDOC continues to keep trucks dedicated to delivering to individual POD's and covering Rapid Responses for PODs that get to a critical level. PODs remained well supplied throughout day and will continue to be well supplied moving forward.

We are continuing to work with Finance and MDOC assets to capture total employee payroll information and expenditures. MDOC continue to staff the SEOC from 0800-2000, 7 days/week. Mike Farmer and Bridget Spencer are managing the Recovery Branch of the SEOC

We received the 2 additional box trucks for warehouse use to replace non-functioning trucks. Thank you DTMB.

Warehouse inventory has been modified to adjust for different sized containers.

206 Test kits were delivered from Flint to Lansing today.

**Environmental Quality (MDEQ)**

*The Department of Environmental Quality (DEQ) completed the following activities today:*

Coordinated school sampling with DLARA.

Coordinated delivery of test kits for Michigan Works.

Deployed Sentinel water sampling collection crews and continued data collection and monitoring.

Continued assembling data for EPA Emergency Administrative Order and second EPA request.

Tracked progress of data collection for Sentinel water testing sites.

Reviewed incident objectives to reflect activities for the upcoming week.

Conducted an After Action Review focused on Sentinel sampling effort.

**Human Services (MDHS)**

80% of current caregivers, who are caring for children under the care and supervision of MDHHS, have submitted a water sample to approved water testing facilities.

*Daily update conference call with MDHHS Budget & Field Operations.*

**Licensing and Regulatory Affairs (LARA)**

Participated in briefings and updated the LARA Executive Team

LARA continues to monitor DEQ's test results for Health Care, Child Care, Adult Foster Care, HHS and MDE facilities and Schools.

LARA continuing efforts to plan and schedule faucet replacements for Flint schools.

Translation services for various documents continue to be provided as needed.

Ongoing discussion regarding coverage of state regulated facilities and elimination of duplication of effort.

**Military and Veterans Affairs (DMVA)**

Commanders Situation Report (SITREP)

### Executive Summary

SEOC Update:
Accomplished today (February 10, 2016):

The SEOC continues to provide:
- Situational awareness.
- Common operating picture/objectives.
- Coordination with city/county.
- Potential coordination with federal agencies.
- Incident prioritization.
- Coordination of life/health safety measures.
- Resources.
- Public information control.

Logistics:
- Fielded resource requests.
- Fielded Rapid Response requests.
- Fielded Governor's office request.
- Facilitated distribution team calls.
- Attended long term recovery meeting.
- Coordinated water order with FEMA.

JIC:
- Media hotline staff answered less than 10 emails and phone calls, ranging from the news media asking to embed with sentinel teams to inquiries about why schools in Flint were not tested for lead until October 2015.
- Key state agency PIOs attended the Governor's proposed FY2017 budget and Gov. Rick Snyder's media roundtable in Lansing.
- Continued routing public information materials for approval, including an updated recycling flier and a breast feeding and lead exposure fact sheet from MDHHS.
- Issued a press release about the state of Michigan launching new streamlined services for residents, with new testing sites to help confirm water quality.
- Drafted a press release about the next steps to take after the city of Flint issued a water warning on February 9, 2016.
- Drafted social media posts about ongoing Flint water emergency, including U.S. Small Business Administration's Flint Business Recovery Center and the American Red Cross and United Way playing a crucial role coordinating volunteer effort.

Recovery Branch:
- Attended Local Brief, SEOC State Agency Briefing Meetings, Distribution Process Meetings, and Tactics Meeting.
- Merged lists compiled from various agencies in to one master Access and Functional Needs (AFN) List.
- Met with Distribution Meeting participants regarding possible courses of action related to Boil Advisory and replacement cartridge distribution.
- Team Priority Visited Today: Active Water Subscribers without filters marked vacant or no contact.
- Team Priority Scheduled Tomorrow: Active Water Subscribers without filters marked vacant or no contact.
- 10 American Red Cross Teams scheduled for Wednesday, February 10, 2016.
- Data is for 2/10/16 as of 5:00 pm:

o Total homes visited:
□ 19,271 (round 3 total).
□ 302 (today).
o Water cases (liters calculated by multiplying # of cases x 12):
□ 134,316 liters or 11,193 cases (round 3 total).
□ 2,628 liters or 219 cases (today).
o Replacement cartridges:
□ 4,251 (round 3 total).
□ 136 (today).
o Faucet filters:
□ 7,369 (round 3 total).
□ 29 (today).

Planning Section:
- Participated in state, local, and distribution process meeting.
- Published Sit Rep #36.
- Worked with Distribution Process group to strategize the impacts of the boil water advisory.
- Worked to update daily data report.

Operations Section:
- Continued to monitor the Flint City water main break, the repair progress and its cause.

- Assisted in working on a plan of action to replace all filter cartridges once the boil water advisory is lifted.
- Met with United Parcel Service (UPS) re: delivery of replacement filter cartridges to functional and mobility needs citizens.
- Led the Local Agency briefing and State Agency conference call.
- Participated in the Distribution Process meeting.
- SEOC State Agency Briefing:
- Warehouse Numbers as of 1800:
□ Water (liters):
- 582,536 liters or 48,544 cases.
□ Filters (faucet):
- 49,520.
□ Replacement cartridges:
- 378,140.
□ Test Kits (prepped):
- 18,886.
- PODs (1700 2/7 – 1600 2/10):
□ Water (cases):
- 48,048 liters or 4,004 cases.
□ Filters (faucet):
- 125.
□ Replacement Cartridges:
- 257.
□ Test kits:
- 108.

Finance Section:
- Reviewed cost reports received from state agencies to see if additional information is needed.
- Requested additional cost information from state agencies.
- Reviewed current cost data from state agencies that have submitted information.
- Updated Resource Request Information.

GIS Branch Updates:
- Water Sampling Results Mapping.
- Daily Data Pulls.
- Daily JIC Map.
- Daily Parcel Pairing & numbers to Ben Geiger.
- Boil Alert Map.
- Addressed matching of at-risk elderly with high lead test result addresses.

DTMB:
- Continued to provide DTMB management with daily updates and resource requests received.
- Provided expenses to date to include personnel overtime from January 6 through February 6, 2016 to the Financial Chief.
- Coordinating equipment delivery for Pierson Road warehouse.
- Reconciled expenditures to-date for record keeping.
- Requested to acquire two replacement 16-20 foot trucks with 6 foot lift gates to replace two vehicles that have broken down to assist with water distribution.

DHHS-CH:
- The CHECC remains active at a Level 2, and continues to staff the hotline to answer any lead health-related questions referred by 2-1-1 in support of the GCHD. The CHECC continues to work with federal partners in the UCG on prioritized requests for assistance.
- The State Chief Medical Executive, Dr. Eden Wells, conducted a webinar today for healthcare professionals in Flint that focused on pregnancy and breastfeeding. The peak number of people/sites in attendance was 42. Positive feedback was received, particularly on the discussion portion of the webinar. The recording was sent to the MDHHS PIO, and will also be available on the flint water website and on MI-TRAIN.
- Continue to provide clarification in reference to the teams that are visiting homes in Flint. MDHHS is accompanying DEQ on the Initial Assessment Teams that are visiting homes that have tested high in copper and/or lead.

DEQ:
- Coordinated message of filter cartridge for local media dissemination.
- Deployed Sentinel water sampling collection crews and began data collection.
- Provided the Director's Office with data to respond to the Congressional Committee of Energy and Commerce information request.
- Tracked progress of data collection at Sentinel water sampling sites.
- Met with Director's staff for clarification of EPA's 2/8/16 memo on compliance deficiencies and began preparing a response.
- Reviewed incident objectives to determine activities for the upcoming week.

State Voluntary Agency Liaison (VAL):
- Continued meeting with FEMA, county and city to develop distribution transition plan.
- Met with Seventh Day Adventist for transition of warehouse #2.

Unified Coordination Group (UCG):
- EPA: Additional team to provide Residual Chlorine testing (2 teams today).
- HSTF: Returning to a programmatic/recovery stage and providing support from DC not in the UCG.
- HMTF: Public Health Support Team of 7 transitioning out today. Working to capture work products and setting up continued sustainment at the state level. Two nurse case workers starting today.
Mental health team here until the 14th working to bring in new team.
- WQTF: Discussion of state/federal messaging regarding the water main break in addition to the City's.
- EPA: 1,000 samples collected at over 150 homes. Sequential testing at several homes today.
- GCHD: Requested clear understating of expectations of county and has concerns on whether their staff can perform this task.
- USDA: Announcing official response to the state's request for expanding WIC funds for blood level. Testing support and expanding program up to the age of 10.
- HUD: Made contact with 100% (2,350) private residences that receive HUD assistance, all have filters installed. Public housing starting today with housing commission to test all properties within a week. Using in-house staff.

Local EOC:
• Incident Command, Liaison Officer and Logistics Section Chief discussing long-term distribution plans with representatives from City of Flint and SEOC in Lansing (on 02/09, 02/10 and 02/11/2016).
• Elevated Lead and Copper Initial Assessment Task Force out in the field, visited 6 homes (provided information at 8 additional homes).
• Ten Sentinel Site Monitoring Teams out in the field, visited 30 homes (provided information at 50 additional homes).
• Expecting increased demand for bottled water and filter cartridges due to Boiled Water Advisory in response to water transmission line break. Aligning additional supplies for appropriate resupply at Fire Station PODs.
• Managing donations and volunteers with Michigan Community Service Commission, ARC and United Way of Genesee County.
• Coordinating rapid response deliveries to homebound residents and special locations.

## Incident Response/Recovery Priorities/Objectives

(Objectives are in order of priority with original objective number attached)

12. Develop and implement a comprehensive long term recovery and transition plan.
11. Ensure accurate tracking and accounting of all donations.
5. Continue to maintain adequate staffing to support operational requirements.
10. Collaborate with local and volunteer agency partners to solidify the Flint Water Operations Plan.
9. Enhance situational awareness and common operating picture of all activities.
8. Maintain coordination between partner agencies and organizations to include FEMA IMAT, FWICC, and the US Department of Health and Human Services Unified Coordination Group (UGC).
3. Improve and maintain the public information strategy and process.
6. Develop an overview of possible assistance programs.
4. Develop a long term public health and services plan.
7. Gather, analyze, and disseminate GIS data to develop products for future planning.
1. Ensure all households within impacted community have required resources and are included in DEQ water sampling plan.
2. Ensure accurate tracking and accounting of all commodities.

## Agency Summaries

### Joint Information Center / Public Information Officer

The Joint Information Center (JIC) was expected to be operational in Flint from 8 a.m. to 8 p.m. on Feb. 9. The JIC was operational until 9 p.m. on Feb. 8.

State agencies at the JIC included the Michigan State Police, Michigan National Guard, and Departments of Agriculture and Rural Development, Environmental Quality, Health and Human Services, and Natural Resources. The Genesee County Sheriff's Office was also present.

Tasks accomplished:
- Media hotline staff answered less than 10 emails and phone calls, ranging from inquiries about state costs incurred due to the Flint water emergency to testing dogs for lead toxicity. Media inquiries have continued to decline.
- Created a morning and afternoon media monitoring report.
- Created a Daily JIC Activities email to catalog actions completed for the day and planned for the week to keep all key agency PIOs aware of actions.
- Issued a news release about the role of the American Red Cross and United Way in coordinating volunteers.
- Issue a news release about the state's outreach to blind residents to help ensure access to information and resources.
- Shared the updated resource guides for water donations and recycling with 211.
- Continued updating and revising internal and general talking points to better reflect ongoing information.
- Continued routing public information materials for approval, including a newsletter article from the Michigan Department of Corrections and a Lead Toxicity fact sheet from MDARD.
- Continued discussions on drafting a news release to announce high-lead and copper teams that are beginning operations this week.
- Continued to post information on the www.michigan.gov/flintwater website, especially facts sheets and fliers in Spanish, Arabic, Mandarin Chinese and other languages.
- Held a 2:30 p.m. legislative and congressional conference call involving updates from key state agencies to talk about ongoing operations and activities.
- Revised staffing needs for next two-week period to reduce number of PIOs needed. Working to have staffing for February 16 – 26 by Thursday.

### Agriculture and Rural Development (MDARD)

MDARD's field activities for 2/9/16 included:
- 2 food establishment assessments conducted (both follow-up) and 2 in use water samples collected
- 5 water sample requests/appointments were scheduled

NOTE: There was a break in the water main at the Flint Water plant, so staff were unable to collect the majority of planned water samples today.

As of 2/8/16, MDARD has completed a total of 331 food establishment assessments (263 initial/68 follow-up). 231 establishments are verified to be in compliance (70%). All high and medium risk firms have had an initial assessment. 196 water samples have been collected and 137 are currently scheduled. Data is now being auto-calculated, resulting in reduction in total assessments reported on 2/5/16, but is now a more accurate count of total assessments.

The food establishment list with assessment, sampling and test results has been combined and mapping activities are underway.

MDARD has a conference call on February 10th at 8:30 am with stakeholder groups, including MSU, MDHHS and Genesee County to provide an update on current lead testing plans for dogs and to explore funding options and other assistance to provide additional testing.

The keep your pet safe from lead poster was posted on the FlintWater website (attached). A veterinarian guidance document was finalized today and will be posted as soon as possible.

### American Red Cross (ARC)

The American Red Cross deployed 10 Water Response Teams on Tuesday, 2/9/16, to attempt contact at those residences where no one had yet answered the door.

The Volunteer Reception Center (VRC) was in operation today, from 9am to 5pm. The VRC will be operating from 9-5 again on Wednesday.

**Civil Rights (MDCR)**

Continue to review activities to provide support and assistance to assigned Human Services branch and other SEOC entities. Maintaining media awareness regarding situation and community activities. Reviewed foreign languages documentation.

**Community Health (MDCH)**

The CHECC remains active at a Level 2, and continues to staff the hotline to answer any lead health-related questions referred by 2-1-1 in support of the GCHD. The CHECC continues to work with federal partners in the UCG on prioritized requests for assistance.

Discussed concerns from LEOC regarding MDHHS staff accompanying DEQ on home visits. The CHECC contacted the LEOC and confirmed that MDHHS will send one staff member per day (more are available if requested) to serve on the DEQ "Initial Assessment Teams," visiting homes with high levels of lead and/or copper. A pool of MDHHS staff were trained today for this purpose.

Provided CHECC leadership with information regarding USDA VIP visit from the Food, Nutrition and Consumer Services Deputy Under Secretary Dr. Katie Wilson, who will be visiting Flint tomorrow, to include a stop at a local WIC clinic.

MDHHS held a conference call with the Michigan Pharmacist Association and other community pharmacy members to discuss the potential role of pharmacies in the Flint response efforts. Options will be explored in regards to blood lead testing, communications, and nutritional counseling.

Confirmed with DEQ that the DEQ laboratory will be open, operational, and able to process Coliform lab analysis from the EPA from Friday through Monday, since the GCHD laboratory will be closed for a furlough, the weekend, and the holiday.

**Corrections (MDOC)**

MDOC continued operations at both warehouses with warehouse 2 opening as scheduled. All PODs were well supplied during the entire operational period.

MDOC continues to keep trucks dedicated to delivering to individual PODs and have Rapid Responses ready for any POD that gets to a critical level of supplies.

MDOC had 14 employees on the ground in Flint today.

In an effort to reduce overtime costs we are working on completing a critical staff review. All dedicated resources will be reviewed to determine if it is feasible to reduce staffing in lieu of volunteers wherever possible.

We are working with Finance and MDOC assets to capture total employee payroll information and expenditures.

**Environmental Quality (MDEQ)**

The Department of Environmental Quality (DEQ) completed the following activities today:

Continued coordination of Sentinel Sampling Team resources with partner agencies, to begin data collection tomorrow

Worked with DEQ lab to assure they are prepared, if necessary, to receive water samples for bacteria testing due to water main break.

Updated tracking sheet of requested data by Congressional Committee of Energy and Commerce.

Reviewed upcoming deadlines from EPA Order tracking spreadsheet.

Coordinated putting together sentinel site teams .

Briefed updated Incident Objectives to reflect activities for the upcoming week.

**Human Services (MDHS)**

Looking into filtration system for a child care institute, possibly through donation.

Donation details being entering into MI CIMS.

211 reporting that the number of calls related to Flint was down to 10.5% for Feb 1 - Feb 7.

Daily update conference call with MDHHS Budget & Field Operations.

**Licensing and Regulatory Affairs (LARA)**

Participated in briefings and updated the LARA Executive Team
LARA completed mapping at the International Academy of Flint and created a materials list.
LARA continues to monitor DEQ's test results for Health Care, Child Care, Adult Foster Care, HHS and MDE facilities and Schools.
Translation services for various documents continue to be provided as needed.
Ongoing discussion regarding coverage of state regulated facilities and elimination of duplication of effort.

**Military and Veterans Affairs (DMVA)**

Commanders Situation Report (SITREP)

1. DTG: 0913002016

2. UNIT: Points of Distribution (PODs), TF FLINT (1-125 IN)

3. POC:Ssg Gazzeny, Darryl L. Cell: Email: armyinfantry31@yahoo.com

4. PRESENT LOCATION: Genesee County Local EOC, 1101 Beach St., Flint, MI, 48502

5. SITUATION OVERVIEW: 1-125 IN has Soldiers deployed to the Flint Water Crisis in support of Distribution Operations at the Points of Distributions (PODs).Daily operations consist of receiving, tracking, and issuing out water, filters, replacement filters, and water test kits.

6. OWN SITUATION DISPOSITION /STATUS: Currently 1-125 IN has Soldiers on ground supporting the mission.

7. OPERATIONS: Operations for the next 24 hours are to sustain water/filter distributions throughout the 5 designated fire stations and track all distribution incoming and outgoing through the PODs.

a. POD 5 has two generator lighting units from MDOT. All PODs now have sufficient lighting.

1. Fuel cans and the utilization of station 5 fuel pump is being requested through city of Flint liaison.

b. 4 Detroit Piston players will be purchasing food and visiting the POD Soldiers in appreciation of their assistance to Flint.

b. Signs have been printed off for the POD Buildings. Requesting approval to get the signs laminated from the purchasing office.

1.) TF Flint OIC, 2LT Benke, will be seeking approval from CPT Bowles and Dana and/or Kim at the purchasing office for laminating.

8. PERSONNEL: Soldiers are currently assigned to the POD operations.58 Soldiers are assigned in five teams at Fire Stations 1, 3, 5, 6 and 8.

9. INTELLIGENCE / FORCE PROTECTION: Water main at Dort highway near I475 has broke causing massive flooding. Water has been shutoff in respected areas therefore increasing water request at POD locations.

10. LOGISTICS: In support of TF Flint

a. The order for a pallet of rock salt from the state purchasing office should arrive at warehouse COB 09Feb2016.

11. COMMUNICATIONS: No communications issues at this time.

P: RRF cell phones alternate for WRTs.
A: Personal cell phone
C: 800 MHz radios issued to PODs and WRTs.
E: Runner

12. NARRATIVE: N/A

13. COMMANDER'S EVALUATION:
• AAR and operational notes are being consolidated into SOP's to send to JOC to assist in updating the All Hazards Plan.
• An operational handoff packet including SOP's, POC's, POD sector sketches, hand-receipts, and other operational notes is being built to assist the incoming unit.
• OUT (last 24 hours)
Bottled water-6422 Water (Gallons)1160 Lead Testing Kits-250
Pitcher (23 cup)-0 Brita Faucet Filter-134 Brita Replacement Cartridge-190
*Pur Filter-52 Pur Replacement Filter-255*

**National Weather Service (NWS)**

NWS Detroit providing morning SEOC brief and Activity Log posts. Jim Maczko from NWS Grand Rapids will be the contact point for any changes in NWS Support and will also continue to update the Sit Rep Executive Summary as needed.

Participation in afternoon SEOC briefings is planned only if significant changes in the forecast occur.

***Natural Resources (MDNR)***

MDNR LED continues to support its QOL partners with staffing at the SEOC.

Department POC's include:
Chief Gary Hagler, F/Lt. Jennifer Wolf, F/Lt. Steven B. Burton.

**Services to the Aging (OSA)**

Valley Area Agency on Aging (VAAA) continues to receive phone calls from concerned seniors in Flint and continues to make referrals to the Genesee Co. EOC for water and filter follow-up.

VAAA's local Nursing Home Ombudsman continues to monitor Flint area Nursing Homes to ensure residents have access to safe water.

Contact info for VAAA Executive Director is:
Kathryn C. Boles
*President, CEO*
Valley Area Agency on Aging
225 E. Fifth Street, Suite 200
Flint, MI 48502

## Executive Summary

On January 6, 2016, Governor Snyder declared a State of Emergency for the City of Flint and Genesee County. Genesee County requested the Governor's declaration on January 5, 2016, following the declaration of a State of Emergency in the county in response to the presence of lead in the public water supply, and the detection of elevated blood lead levels exceeding governmental standards. These conditions exist in the City of Flint, which declared a local State of Emergency and activated local response plans and their Emergency Operations Center on December 15, 2015. A public health emergency was declared by the Genesee County Health Department on October 1, 2015.

By early May 2014, the City of Flint switched from the Detroit Water and Sewerage Department (DWSD) to the Flint River as their primary water source. The corrosive river water caused the leaching of lead from lead pipes into the water supply. Increased exposure to lead can cause immediate negative health effects. However, the main health concerns are long-term effects in children such as developmental and cognitive delays, and behavioral disorders. Elevated blood lead levels were observed in a significant sampling of young children in the City of Flint, and confirmed by the State Chief Medical Officer.

To mitigate the negative effects of corrosive river water on the water infrastructure in the City of Flint, the city switched back to DSWD as their primary water source on October 16, 2015. Funding to reconnect to DWSD was provided from the City of Flint, the Charles Stewart Mott Foundation, and the State of Michigan. Water is treated with a supplemental phosphate addition to rebuild the protective layer in the distribution system and reduce the leaching of lead into the water supply.

For the mitigation of negative health effects, over 24,000 water filters and replacement cartridges have been distributed to residents in the City of Flint. Approximately 13,000 water filters, water pitchers and replacement cartridges were distributed by the Michigan Department of Health and Human Services (MDHHS) in the timeframe of October 1 to December 31, 2015 alone. MDHHS has increased surveillance of blood lead levels in children, addresses water issues in environmental investigations facilitated to identify lead sources in the environment of affected children, and provide health education and information to residents, health care providers and daycare/educational institutions. Local nonprofit

## Incident: 2015-10-01-City of Flint-Water Contamination / Shortage

### Operational Period

| | |
|---|---|
| **Operational Period Begin:** | 02/09/2016 08:00:00 |
| **Operational Period End:** | 02/16/2016 08:00:00 |
| **Situation Report No.** | 39 |
| **SEOC Status:** | Full |
| **SEOC Hours of Operation Begin:** | 02/13/2016 08:00:00 |
| **SEOC Hours of Operation End:** | 02/13/2016 20:00:00 |

### Executive Summary

SEOC Update:
Accomplished today (February 13, 2016):

The SEOC continues to provide:
- Situational awareness.
- Common operating picture/objectives.
- Coordination with city/county.
- Potential coordination with federal agencies.
- Incident prioritization.
- Coordination of life/health safety measures.
- Resources.
- Public information control.

Logistics:
- Fielded resource requests.
- Fielded Rapid Response requests.
- Fielded Governor's office request.
- Facilitated distribution team calls.

JIC:
- JIC (Shanon Banner) was on call this weekend.
- On Monday (State holiday), she will be in the SEOC in the morning, and working from her office in the afternoon.
- JIC will be back up on Tuesday.

Recovery Branch:
- Attended Local brief, SEOC State Agency briefing meetings, Distribution Process meetings.
- Team priority visited today: Water distribution and rapid response.
- Team priority scheduled tomorrow: Visit the 83 addresses of City of Flint residents where there is no valid record of having been contacted. Continue with Rapid Response when needed.
- 8 American Red Cross Teams scheduled for Sunday, February 14, 2016.

o Total homes visited:
- 23,169 (round 3 total).
- 788 (today).

o Water cases (liters calculated by multiplying # of cases x 12):
- 154,644liters or 12,887 cases (round 3 total).
- 5,292 liters or 441 cases (today).

o Replacement cartridges:
- 5,173 (round 3 total).
- 305 (today).

o Faucet filters:
- 7,752 (round 3 total).
- 96 (today).

Planning Section:
- Published Sit Rep #39.
- Submitted daily Governor's report with research and clarifications.
- Participated in daily calls and meetings with UCG, state agencies and distribution process.
- Updated the Flint Water Timeline.

Operations Section:
- Attended 0830 UCG briefing conference call in SEOC.
- Conducted 0930 and 1600 State Agency Briefings.
- Attended 1030 and 1830 Distribution Process meetings.
- Responded to questions from Representative Kildee's office.
- Directed question on POD hours from the UCG to the State Director.
- Filed accident report of state EMC falling in SEOC to MSP Operations (Safety Officer), EMHSD command, and DTMB facilities.
- Discussion ensued about National Guard mission which has a current end date of Feb 16 (Tuesday).
- Warehouse Numbers as of 1800:

- Water (liters):
- 734,755 liters or 61,230 cases.
- Filters (faucet):
- 47,132.
- Replacement cartridges:

- 375,514.
- Test Kits (prepped):
- 28,823.
- PODs (Number as of 1700 2/12):
- Water (cases):
- 32,544 liters or 2,712 cases.
- Filters (faucet):
- 85.
- Replacement Cartridges:
- 317.
- Test kits:
- 88.

Finance Section:
- Update Spending Plan.
- Reviewing Agency Expenditures for inclusion as Category B eligible costs.
- Begin updates to cost reports for upcoming week submittal.

GIS Branch Updates:
- Meeting with ARC about lists for Red Cross missions.
- MSHDA/HUD Homes.
- Water Pressure Contours Map.
- Water Results Test.
- Filter points.
- Daily update Maps.

DTMB:
- Addressing parking issues at the Flint State Office Building parking ramp.
- Procured first aid kits for warehouses.
- Providing rights to DEQ SharePoint site.

DHHS-CH (weekly):
- The CHECC remains active at a Level 2, and continues to staff the hotline Monday through Friday to answer any lead health-related questions referred by 2-1-1 in support of the GCHD. The CHECC continues to work with federal partners in the UCG on prioritized requests for assistance.
- MDHHS continues planning efforts in support of lead blood level testing for children age 6 and under.

DEQ:
- Deployed Sentinel water sampling collection crews and continued data collection and monitoring.
- Continued assembling data for EPA Emergency Administrative Order and second EPA request.
- Reviewed incident objectives to reflect Director's priorities for upcoming week.
- Completed first phase restructuring of DEQ Reports to EPA tab on Michigan.gov/flintwater website.
- Sentinel Team results (2/11/16 to 2/13/16): As of 5:02 pm today, 234 of 402 homes were visited.

Unified Coordination Group (UCG):
- There is a public meeting at noon today that EPA staff will attend on "When is this over?".
- New mental health teams are in today. They had an orientation at the UCG from 0930-1030 to discuss objectives and tasks.
- MDEQ teams did 180 home inspections and discovered 5 lead lines.

Local EOC:
- Sentinel Site Monitoring Teams and Elevated Lead and Copper Initial Assessment Task Force out in the field.
- Approximately 210 households have agreed to be sentinel monitoring points for long-term water testing as of 02/13/2016.
- Fulfilled special site visit requests from Governor's Office through Elevated Lead and Copper Initial Assessment Task Force.
- Sentinel Site Monitoring Teams will rally at 1000 instead of 0900 on 02/14/2016 to avoid low temperatures in earlier morning hours.
- Planning for transition from state agency support personnel to local personal in EOC.

## Incident Response/Recovery Priorities/Objectives

(Objectives are in order of priority with original objective number attached)

12. Develop and implement a comprehensive long term recovery and transition plan.
11. Ensure accurate tracking and accounting of all donations.
5. Continue to maintain adequate staffing to support operational requirements.
10. Collaborate with local and volunteer agency partners to solidify the Flint Water Operations Plan.
9. Enhance situational awareness and common operating picture of all activities.
8. Maintain coordination between partner agencies and organizations to include FEMA IMAT, FWICC, and the US Department of Health and Human Services Unified Coordination Group (UGC).
3. Improve and maintain the public information strategy and process.
6. Develop an overview of possible assistance programs.
4. Develop a long term public health and services plan.
7. Gather, analyze, and disseminate GIS data to develop products for future planning.
1. Ensure all households within impacted community have required resources and are included in DEQ water sampling plan.
2. Ensure accurate tracking and accounting of all commodities.

**Damage Assessment Summary**

## Agency Summaries

**Joint Information Center / Public Information Officer**

The Joint Information Center (JIC) was expected to be operational in Flint from 8 a.m. to 8 p.m. on Feb. 12. The JIC was operational until 9:30 p.m. on Feb. 11.

State agencies at the JIC included the Michigan State Police, Michigan National Guard, and Departments of Environmental Quality, Health and Human Services and Treasury. The Genesee County Sheriff's Office and American Red Cross were also present.

Tasks accomplished:
- Media hotline staff answered more than 10 emails and phone calls, ranging from the news media asking to embed with sentinel teams to inquiries about the status of the water pipes in Flint.
- MDHHS Chief Medical Executive Dr. Eden Wells joined Senator Stabenow, Mayor Weaver, Dr. Hanna-Attisha to join the Children's Health Fund to deliver a mobile medical clinic that will provide medical care to children in Flint.
- Created a media monitoring report and looked for misinformation.
- Updated a Daily JIC Activities log to catalog actions completed for the day and planned for the week to keep all key agency PIOs aware of actions.
- Key state agency PIOs staffed the Flint Water Interagency Coordinating Committee for media. Two media outlets attempted to

attend the meeting, but were advised about the LiveStreaming service available at www.michigan.gov/snyderlive. The news media was unhappy about not being able to attend in person.
• Issued a news release about a National Guard soldier saving a Flint resident's life. National Guard Spec. Charles Colwell was made available for media interviews at Flint Fire Station No. 1. Interviews were conducted with WEYI-TV 25, WNEM-TV5 and WJRT-TV 12.
• Continued routing public information materials for approval, including fact sheets on breast feeding and lead poisoning, lead and children fact sheet by the Michigan Alliance for Families, Frequently Asked Questions fact sheet, and supporting children and families fact sheet.
• Drafted a news release about the boil water advisory being lifted. The JIC intends to issue the news release upon approvals and official notification from partners.
• Held a media availability at the Genesee County Emergency Operations Center to give the news media access to a sentinel team briefing prior to disbursing throughout Flint. More 10 news media outlets attended, including local and regional members.
• Completed staffing for the next two weeks.

**Agriculture and Rural Development (MDARD)**

MDARD's activities for 2/12/2016 included the following:
We have addressed the resource request from Genesee County regarding blood testing for pets. MDARD will cover the costs of the MSU Diagnostic Center's tests for lead in blood and the sample form and index code have been provided. However, the other portion of the request, to test for copper, is per the State Veterinarian not best done through a blood test and an alternative has been suggested for those pet owners concerned about copper exposure.

**American Red Cross (ARC)**

The American Red Cross deployed 6 teams on Saturday, 2/13/16: 4 rapid response teams in partnership with AmeriCorps NCCC and 2 mobile teams.

The Volunteer Reception Center is operating today from 9am to 5pm. The plan is for the VRC to operate on the same schedule tomorrow.

Approximately 8,400 water test kits were assembled by VRC volunteers today.

**Civil Rights (MDCR)**

Continue to review activities to provide support and assistance to assigned Human Services branch and other SEOC entities. Maintaining media awareness regarding situation and community activities. Advised senior leadership of forthcoming FOIA process request. Engaged in constituent outreach regarding request for informational documents.

**Community Health (MDCH)**

The CHECC remains activated at a Level 2, and continues to staff the hotline Monday through Friday to answer any lead health-related questions referred by 2-1-1 in support of the GCHD. The CHECC continues to provide representation to the UCG to facilitate communication with federal partners.

Additional addresses of medically dependent individuals in the 48502 zip code were provided to GIS to be added to the medically dependent map and to be reviewed to make sure these addresses have been touched by the water and filter distribution strategy.

**Corrections (MDOC)**

Warehouse 2 is fully functioning and has been receiving loose, non-pallet water donations.

MDOC continues to keep trucks dedicated to delivering to individual POD's and covering Rapid Responses for PODs that get to a critical level. PODs remained well supplied throughout day and will continue to be well supplied moving forward.

2 hand pallet jacks arrived at the warehouse today from ALTA Equipment.

We are continuing to work with Finance and MDOC assets to capture total employee payroll information and expenditures.

MDOC continue to staff the SEOC from 0800-2000, 7 days/week. Mike Farmer and Bridget Spencer are managing the Recovery Branch of the SEOC.

LARA plumbing supplies were delivered to the warehouse today. LARA employees were on-site to inventory.

122 test kits were delivered from Flint to Lansing today. 122 were residential. No MDARD.

**Environmental Quality (MDEQ)**

The Department of Environmental Quality (DEQ) completed the following activities today:

• Deployed Sentinel water sampling collection crews and continued data collection and monitoring.

• Continued assembling data for EPA Emergency Administrative Order and second EPA request.

• Reviewed incident objectives to reflect Director's priorities for upcoming week.

• Completed first phase restructuring of DEQ Reports to EPA tab on Michigan.gov/flintwater website.

□ Sentinel Team results (2/11/16 to 2/13/16): As of 5:02 pm today, 233 of 402 homes were visited (changed 234 to 233 homes visited at 7:15pm).

**Human Services (MDHS)**

Participated in the SEOC Distribution Process Meetings at 10:30 and 18:30. No new action items.

Continue to review activities to provide support and assistance to assigned Human Services branch.

**Licensing and Regulatory Affairs (LARA)**

Participated in briefings and updated the LARA Executive Team.

LARA continues to monitor DEQ's test results for Health Care, Child Care, Adult Foster Care, HHS and MDE facilities and Schools.

LARA continuing efforts to plan and schedule faucet replacements for Flint schools. LARA is working with MDOC to track and store incoming material at the warehouse.

Translation services for various documents continue to be provided as needed.

Ongoing discussion regarding coverage of state regulated facilities and elimination of duplication of effort.

**Military and Veterans Affairs (DMVA)**

Commanders Situation Report (SITREP)

## Executive Summary

On January 6, 2016, Governor Snyder declared a State of Emergency for the City of Flint and Genesee County. Genesee County requested the Governor's declaration on January 5, 2016, following the declaration of a State of Emergency in the county in response to the presence of lead in the public water supply, and the detection of elevated blood lead levels exceeding governmental standards. These conditions exist in the City of Flint, which declared a local State of Emergency and activated local response plans and their Emergency Operations Center on December 15, 2015. A public health emergency was declared by the Genesee County Health Department on October 1, 2015.

By early May 2014, the City of Flint switched from the Detroit Water and Sewerage Department (DWSD) to the Flint River as their primary water source. The corrosive river water caused the leaching of lead from lead pipes into the water supply. Increased exposure to lead can cause immediate negative health effects. However, the main health concerns are long-term effects in children such as developmental and cognitive delays, and behavioral disorders. Elevated blood lead levels were observed in a significant sampling of young children in the City of Flint, and confirmed by the State Chief Medical Officer.

To mitigate the negative effects of corrosive river water on the water infrastructure in the City of Flint, the city switched back to DSWD as their primary water source on October 16, 2015. Funding to reconnect to DWSD was provided from the City of Flint, the Charles Stewart Mott Foundation, and the State of Michigan. Water is treated with a supplemental phosphate addition to rebuild the protective layer in the distribution system and reduce the leaching of lead into the water supply.

For the mitigation of negative health effects, over 24,000 water filters and replacement cartridges have been distributed to residents in the City of Flint. Approximately 13,000 water filters, water pitchers and replacement cartridges were distributed by the Michigan Department of Health and Human Services (MDHHS) in the timeframe of October 1 to December 31, 2015 alone. MDHHS has increased surveillance of blood lead levels in children, addresses water issues in environmental investigations facilitated to identify lead sources in the environment of affected

### Executive Summary

SEOC Update:
Accomplished today (February 12, 2016):

The SEOC continues to provide:
- Situational awareness.
- Common operating picture/objectives.
- Coordination with city/county.
- Potential coordination with federal agencies.
- Incident prioritization.
- *Coordination of life/health safety measures.*
- Resources.
- Public information control.

Logistics:
- Fielded resource requests.
- *Fielded Rapid Response requests.*
- Fielded Governor's office request.
- Facilitated distribution team calls.
- Still working on getting the supplies and equipment needed for the second warehouse.

JIC:
- *MDHHS Chief Medical Executive Dr. Eden Wells joined Senator Stabenow, Mayor Weaver, Dr. Hanna-Attisha to join the Children's Health Fund to deliver a mobile medical clinic that will provide medical care to children in Flint.*
- Key state agency PIOs staffed the Flint Water Interagency Coordinating Committee for media. Two media outlets attempted to attend the meeting, but were advised about the Live Streaming service available at www.michigan.gov/snyderlive.
- Issued a news release about a National Guard soldier saving a Flint resident's life. National Guard Spec. Charles Colwell was made available for media interviews at Flint Fire Station No. 1. Interviews were conducted with WEYI-TV 25, WNEM-TV5 and WJRT-TV 12.
- Continued routing public information materials for approval, including fact sheets on breast feeding and lead poisoning, lead and children fact sheet by the Michigan Alliance for Families, Frequently Asked Questions fact sheet, and supporting children and family's fact sheet.
- Drafted a news release about the boil water advisory being lifted. The JIC issued news release this afternoon upon lifting of boil water advisory.
- Held media availability at the Genesee County Emergency Operations Center to give the news media access to a sentinel team briefing prior to disbursing throughout Flint. More than 10 news media outlets attended, including local and regional members.

Recovery Branch:
- Attended Local Brief, SEOC State Agency Briefing Meetings, Distribution Process Meetings
- Team priorities today: water distribution and rapid response.
- Team priority tomorrow: water distribution and rapid response.
- 8 American Red Cross teams scheduled for Saturday, February 13 – extra vehicles on hand for surge in event based volunteers.

- Data is for 2/12/16 as of 5:00 pm:
o Total homes visited:
□ 21,230 (round 3 total).
□ 1,173 (today).
o Water cases (liters calculated by multiplying # of cases x 12):
□ 147,648 liters or 12,304 cases (round 3 total).
□ 6,840 liters or 570 cases (today).
o Replacement cartridges:
□ 4,860 (round 3 total).
□ 340 (today).
o Faucet filters:
□ 7,475 (round 3 total).
□ 48 (today).

Planning Section:
- Published Site Rep #38.
- Submitted daily Governor's report.
- Updated Flint Water Timeline.
- Updated PSC position procedures.
- Participated in daily calls and meetings with UCG, state agencies and distribution process.
- Developed estimates for each position to comply with FOIA request.

Operations Section:

- Facilitated 09:30 and 16:00 SEOC briefing and attended the 08:30 UCG meeting.
- Preparation for FOIA requests.
- 80 volunteers were active across the operation today (56 event based, 15 ARC, 9 NCCC).

- Warehouse Numbers as of 1800:
□ Water (liters):
- 671,535 liters or 72,248 cases.
□ Filters (faucet):
- 47,492.
□ Replacement cartridges:
- 376,394.
□ Test Kits (prepped):
- 28,919.

- PODs (Number as of 1700 2/12):
□ Water (cases):
- 53,676 liters or 4,473 cases.
□ Filters (faucet):
- 138.
□ Replacement Cartridges:
- 544.
□ Test kits:
- 117.

Finance Section:
- Reviewed Pierson Rd. Warehouse Memorandum of Agreement.
- Reviewed Agency Expenditures for inclusion as Category B eligible costs.
- Updated the Resource Request Form.

GIS Branch Updates:
- Refine data sent from MDEQ for mapping of water test location.
- Preparations for GIS to meet FOIA requests.
- Generated a list of number of visits by parcel.
- Produced maps of parcels that needed to be revisited.
- Produced map of visits by parcel.

DTMB:
- Addressing parking issues at the Flint State Office Building parking ramp.
- Procuring first aid kits for warehouses.

DHHS-CH (weekly):
- The CHECC remains active at a Level 2, and continues to staff the hotline Monday through Friday to answer any lead health-related questions referred by 2-1-1 in support of the GCHD. The CHECC continues to work with federal partners in the UCG on prioritized requests for assistance.
- MDHHS continues planning efforts in support of lead blood level testing for children age 6 and under.

DEQ:
- Coordinated calls from EAC to PEAS line on-calls from 17:00 2/12/16 to 2/15/16 at 08:00 due to the holiday weekend.
- Worked with MDARD to provide canine test kits for dogs in Flint. These kits will test for elevated lead and copper levels.
- Continued Sentinel water sampling collection crews and continued data collection and monitoring.
- Worked on Governor's office request for review of agency documents.
- Continued assembling data for EPA Emergency Administrative Order and second EPA request.
- Tracked progress of data collection for Sentinel water testing sites.
- Reviewed incident objectives to reflect activities for the upcoming week.
- Conducted an After Action Review focused on Sentinel sampling effort.

State Voluntary Agency Liaison (VAL):
- Draft water distribution courses of action under review by city and Captain.
- Connected Good360 with Food Bank.
- Relayed info on Woodside Church for Spanish materials.
- Relayed info from MCSC to Logs re warehousing for school/WalMart water.
- Worked with TIA on Displaced Worker Grant.
- Passed along info from Kidney Foundation for filter/cartridge need for homebound dialysis patients.

Unified Coordination Group (UCG):
- WQTF: Has a new team listed in the ICS-204 community involvement teams.
- Attended tactics meeting.
- Used vulnerable populations and standard language instead of special populations.

Local EOC:
- 10 Sentinel Site Monitoring Teams and Elevated Lead and Copper Initial Assessment Task Force out in the field.
- Sentinel teams inspected approximately 170 homes since 02/10/2016, Initial Assessment Task force inspected approximately 65 homes with elevated lead levels and 30 days with elevated copper levels since 02/04/2016.
- Planning for staffing and transition from state agency support personnel to local personnel at Genesee County EOC.
- Liaison Officer and Incident Commander visited UCG and made contact with the Federal Health Coordinating Officer.
- Boil Water Advisory issued by City of Flint in response to water transmission line break was lifted at approximately 1700.

## Incident Response/Recovery Priorities/Objectives

(Objectives are in order of priority with original objective number attached)

11. Ensure accurate tracking and accounting of all donations.
5. Continue to maintain adequate staffing to support operational requirements.

10. Collaborate with local and volunteer agency partners to solidify the Flint Water Operations Plan.
9. Enhance situational awareness and common operating picture of all activities.
8. Maintain coordination between partner agencies and organizations to include FEMA IMAT, FWICC, and the US Department of Health and Human Services Unified Coordination Group (UGC).
3. Improve and maintain the public information strategy and process.
6. Develop an overview of possible assistance programs.
4. Develop a long term public health and services plan.
7. Gather, analyze, and disseminate GIS data to develop products for future planning.
1. Ensure all households within impacted community have required resources and are included in DEQ water sampling plan.
2. Ensure accurate tracking and accounting of all commodities.

## Agency Summaries

### Joint Information Center / Public Information Officer

The Joint Information Center (JIC) was expected to be operational in Flint from 8 a.m. to 8 p.m. on Feb. 12. The JIC was operational until 9:30 p.m. on Feb. 11.

State agencies at the JIC included the Michigan State Police, Michigan National Guard, and Departments of Environmental Quality, Health and Human Services and Treasury. The Genesee County Sheriff's Office and American Red Cross were also present.

Tasks accomplished:
- Media hotline staff answered more than 10 emails and phone calls, ranging from the news media asking to embed with sentinel teams to inquiries about the status of the water pipes in Flint.
- MDHHS Chief Medical Executive Dr. Eden Wells joined Senator Stabenow, Mayor Weaver, Dr. Hanna-Attisha to join the Children's Health Fund to deliver a mobile medical clinic that will provide medical care to children in Flint.
- Created a media monitoring report and looked for misinformation.
- Updated a Daily JIC Activities log to catalog actions completed for the day and planned for the week to keep all key agency PIOs aware of actions.
- Key state agency PIOs staffed the Flint Water Interagency Coordinating Committee for media. Two media outlets attempted to attend the meeting, but were advised about the LiveStreaming service available at www.michigan.gov/snyderlive. The news media was unhappy about not being able to attend in person.
- Issued a news release about a National Guard soldier saving a Flint resident's life. National Guard Spec. Charles Colwell was made available for media interviews at Flint Fire Station No. 1. Interviews were conducted with WEYI-TV 25, WNEM-TV5 and WJRT-TV 12.
- Continued routing public information materials for approval, including fact sheets on breast feeding and lead poisoning, lead and children fact sheet by the Michigan Alliance for Families, Frequently Asked Questions fact sheet, and supporting children and families fact sheet.
- Drafted a news release about the boil water advisory being lifted. The JIC intends to issue the news release upon approvals and official notification from partners.
- Held a media availability at the Genesee County Emergency Operations Center to give the news media access to a sentinel team briefing prior to disbursing throughout Flint. More 10 news media outlets attended, including local and regional members.
- Completed staffing for the next two weeks.

### Agriculture and Rural Development (MDARD)

MDARD's field activities for 2/11/2016 included the following:
- 6 food establishment assessments conducted
- 9 follow-up food establishment assessments conducted
- 5 water samples collected

Responsibility for water testing and follow-ups for schools was clarified with MDLARA and MDEQ. Contact names and phone numbers for these agencies were given to the Food and Dairy Division's Incident Management Team for their own information and also for the people answering the MDARD phones.

### American Red Cross (ARC)

The American Red Cross deployed 8 Water Response Teams on Friday, 2/12/16.

The Volunteer Reception Center is operating from 9-5 on Friday. The VRC will operate on the same schedule tomorrow.

### Civil Rights (MDCR)

Continue to review activities to provide support and assistance to assigned Human Services branch and other SEOC entities. Maintaining media awareness regarding situation and community activities. Advised senior leadership of forthcoming FOIA process request. Engaged in constituent outreach regarding request for informational documents.

### Community Health (MDCH)

The CHECC remains active at a Level 2, and continues to staff the hotline Monday through Friday to answer any lead health-related questions referred by 2-1-1 in support of the GCHD. The CHECC continues to work with federal partners in the UCG on prioritized requests for assistance.

MDHHS continues planning efforts in support of lead blood level testing for children age 6 and under.

### Corrections (MDOC)

MDOC continues to keep trucks dedicated to delivering to individual POD's and covering Rapid Responses for PODs that get to a

critical level. PODs remained well supplied throughout day and will continue to be well supplied moving forward.

We are continuing to work with Finance and MDOC assets to capture total employee payroll information and expenditures. MDOC continue to staff the SEOC from 0800-2000, 7 days/week. Mike Farmer and Bridget Spencer are managing the Recovery Branch of the SEOC

Warehouse inventory has been modified to adjust for different sized containers and is now housing additional resources to assist LARA with their mission.

606 Test kits were delivered from Flint to Lansing today. 593 were DEQ and 13 were MDARD.

**Environmental Quality (MDEQ)**

The Department of Environmental Quality (DEQ) completed the following activities today:

Coordinated calls from EAC to PEAS line on-calls from 1700 hrs 2/12/16 to 2/16/16 at 0800 hrs due to the holiday weekend.

Worked with MDARD to provide canine test kits for dogs in Flint. These kits will test for elevated lead and copper levels.

Continued Sentinel water sampling collection crews and continued data collection and monitoring.

Worked on Governor's office request for review of agency documents.

Continued assembling data for EPA Emergency Administrative Order and second EPA request.

Tracked progress of data collection for Sentinel water testing sites.

Reviewed incident objectives to reflect activities for the upcoming week.

Conducted an After Action Review focused on Sentinel sampling effort.

**Human Services (MDHS)**

Participated in Human Services Executive call.

**Licensing and Regulatory Affairs (LARA)**

Participated in briefings and updated the LARA Executive Team

LARA continues to monitor DEQ's test results for Health Care, Child Care, Adult Foster Care, HHS and MDE facilities and Schools.

LARA continuing efforts to plan and schedule faucet replacements for Flint schools. LARA is working with MDOC to track and store incoming material at the warehouse.

Translation services for various documents continue to be provided as needed.

Ongoing discussion regarding coverage of state regulated facilities and elimination of duplication of effort.

| **SEOC Hours of Operation Begin:** | 02/18/2016 08:00:00 |
| **SEOC Hours of Operation End:** | 02/18/2016 20:00:00 |

### Executive Summary

SEOC Update:
Accomplished today (February 18, 2016):

The SEOC continues to provide:
- Situational awareness.
- Common operating picture/objectives.
- Coordination with city/county.
- Potential coordination with federal agencies.
- Incident prioritization.
- Coordination of life/health safety measures.
- Resources.
- Public information control.

Logistics:
- Fielded resource requests.
- Fielded Rapid Response requests.
- Fielded Governor's office request.
- Facilitated distribution team calls.
- Worked on potential donated warehouse opportunities.
- Long term recovery plan.

JIC:
- Continued routing public information materials for approval, including updated information on recycling, testing your water, and keeping kids safe. Received and posted additional translated materials to www.michigan.gov/flintwater.
- Capt. Kelenske gave an in-person interview with Steve Carmody of Michigan Public Radio.
- JIC staff assisted with a Governor Snyder press avail at the Flint State Office Building.
- Received and uploaded videos in American Sign Language and additional translated materials on www.michigan.gov/flintwater. Issued a news release about the availability of these materials.

Recovery Branch:
- Attended UCG Brief, SEOC State Agency Briefing Meetings, Distribution Process Meetings.
- Team Priority Visited Today: 5 teams in the field – Mobile Home Parks and list of addresses showing as having no contact.
- Team Priority Scheduled Tomorrow: Begin visiting the 1,300 Access & Functional Needs addresses to distribute 3-5 cases of water and replacement cartridges.
- 5 American Red Cross Teams scheduled for Friday, February 19, 2016.

o Total homes visited:
- 26,724 (round 3 total)*
- 854 (today).

o Water cases (liters calculated by multiplying # of cases x 12):
- 192,576 liters or 16,048 cases (round 3 total)*
- 7,608 liters or 634 cases (today).

o Faucet filters:
- 7,917 (round 3 total)*
- 80 (today).

o Replacement cartridges:
- 7,123 (round 3 total)*
- 378 (today).

o Water Test Kits:
- 3,051 (round 3 total)*
- 150 (today)

*Totals updated to reflect newest information.

Planning Section:
- Developed and approved Sit Rep #44.
- Updated burn rates and projection costs, per request.
- Updated Flint Water Timeline.
- Participated in daily UCG, state agency, and distribution process meetings.
- Developed daily Governor's Report.

Operations Section:
- Participated in Unified Coordination Group briefing.
- Facilitated SEOC Agency briefings.
- Participated in Distribution Process meeting.

• Worked on situation report and press release review.
• Warehouse Numbers as of 1800:
D Water (liters):
• 754,553 liters or 62,879 cases.
D Filters (faucet):
• 68,008.
D Replacement cartridges:
• 427,808.
D Test Kits (prepped):
• 34,932.
• PODs (Number as of 1700 2/17):
D Water (cases):
• 55,860 liters or 4,655 cases.
D Filters (faucet):
• 98.
D Replacement Cartridges:
• 368.
D Test kits:
• 194.

Finance Section:
• Review state agency costs reports submitted for the weekly status update.
• Identify additional lodging in Flint that can be direct billed to MSP for JIC and EOC staff working in Flint.
• Review agenda and reporting template for SBO meeting at MSP HQ on Friday.

GIS Branch Updates:
• Meeting with MDHHS, MDEQ, and Governor's Representative to discuss coordination of data.
• Updated Water Test Results dataset and created new maps.
• Working to fulfill FOIA request.
• Parcel Pairing.
•Added Sentinel Site Data to Governor's Web Map in ArcGIS Online.
• Updated map of Access and Functional Needs Individuals for Recovery Unit.
• GIS coordination call with Unified Coordination Group.

DTMB:
• Continue to provide DTMB management SEOC updates.

DHHS-CH:
• Forwarded a request for a licensed medical professional, who has knowledge of lead, legionella, rashes, and other water health related concerns to be stationed at GCHD-EH division to assist with communicating MDEQ water results and health risks.
• Received information regarding a request for a webinar series, similar to the webinars currently being provided on Wednesdays to healthcare providers, be offered for Genesee County Intermediate School District (GCISD) personnel that is tailored to educators in Flint.
• Requested that the CHECC provide the SEOC with a CDC point of contact for the Commissioner of the Hispanic Latino Commission to reach out to for information on lead and lead poisoning, at the request of the Department of Civil Rights SEOC representative.
• Received information from the CHECC and UCG regarding the funding announcement given this afternoon by DHHS. This information was provided to the State Director and SEOC Operations Chief. Secretary Sylvia M. Burwell announced that $500,000 in funding will be provided to Hamilton Community Health Network, Inc. (HCHN) and Genesee Health System (GHS).

DEQ:
• Continued documenting compliance with EPA Emergency Administrative Order and second EPA request.
• Secured vehicles and equipment for the Sentinel Sampling 2 crews.
• A collector App was developed by DNR GIS today to be utilized by the High Lead/Copper Teams for real time data collection in the SEOC.
• Provided information on a high lead-content test result from a Flint residence to the Governor's Office and Director by the 1pm press conference.
• Began planning for next phase of testing and data collections.

Unified Coordination Group (UCG):
• EPA canvassing team distributed EPA factsheets at 50 different locations throughout Flint and made contacts with parties interested in having EPA provide updates at their organizational meetings.
• CDC Epi Team continued to utilize a geocode database to assist the state with analysis of BLLs in children.
• UCG Daily Sit Rep available in MI CIMS.

Local EOC:
• National Guard completing transition to new unit on 02/18/2016.
• US Secretary of Health and Human Services Burwell visited Fire Station 5 POD and met with local stakeholders. LOFR attended site visit to brief on emergency response activities and answer questions.
• IC briefed University of Michigan All Hazards Team on emergency response activities, covering items such as volunteer management, communications strategies, etc.
• IC responded to FOIA request by MSU Law Clinic regarding distribution and usage of water by inmates in jail.
• Coordinating local volunteer needs for CDC outreach teams.
• 16 teams with MDEQ personnel out in the field support sentinel monitoring program and identification of lead service lines.
• Elevated Lead and Copper Initial Assessment Task Force out in the field, making contact at households reporting elevated lead and copper levels.
• Southern Baptist Disaster Relief out in the field with five teams for distribution of supplies to affected populations with access and functional needs.

Injuries:
• None reported today.

## Incident Response/Recovery Priorities/Objectives

(Objectives are in order of priority with original objective number attached)

1. Ensure all households within impacted community have required resources and are included in DEQ water sampling plan.
12. Approve and begin implementation of a comprehensive long term recovery and transition plan.
11. Ensure accurate tracking and accounting of all donations and expenditures.
2. Ensure accurate tracking and accounting of all commodities.
3. Continue to improve and maintain public information processes and strategies with all partner agencies.
8. Maintain coordination between partner agencies and organizations to include FEMA IMAT, FWICC, and the US Department of Health and Human Services Unified Coordination Group (UGC).
9. Continue to enhance situational awareness and common operating picture of all activities.
7. Gather, analyze, and disseminate GIS data to develop products for future planning.

**Joint Information Center / Public Information Officer**

Flint Joint Information Center Daily Update

February 18, 2016

Situation Report

The Joint Information Center (JIC) was expected to be operational in Flint from 8 a.m. to 8 p.m. on Feb. 18.

State agencies at the JIC included the Michigan State Police, Michigan National Guard, Michigan Departments of Environmental Quality, Agriculture and Rural Development, Health and Human Services and Transportation. The Genesee County Sheriff and American Red Cross were also present.

Tasks accomplished:
- Called local Flint schools to inquire about meetings and community events.
- Media hotline staff answered fewer than 10 emails and phone calls that ranged from media inquiries about Flint water to groups looking to send machines to help with pipe issues.
- Created a media monitoring report and looked for misinformation; found none.
- Issued a news release about a recycling event on Saturday with MSU student athletes.
- Issued a news release about Michigan.gov/flintwater hosting key information in American Sign Language and four other languages.
- Continued routing public information materials for approval, including updated information on recycling, testing your water, and keeping kids safe. Received and posted additional translated materials to www.michigan.gov/flintwater.
- Received and uploaded videos in American Sign Language and additional translated materials on www.michigan.gov/flintwater. Issued a news release about the availability of these materials.
- Drafted social media posts for approval and distribution.
- Continued printing emails from JICNews and JICManager email accounts for submitting to FOI staff.
- Updated the Daily JIC Activities log to catalog actions completed for the day and planned products and events for the week.
- Capt. Kelenske gave an in-person interview with Steve Carmody of Michigan Public Radio.
- JIC staff assisted with a Governor Snyder press avail at the Flint State Office Building.

**Agriculture and Rural Development (MDARD)**

As of 10:00 on 2-18-16:
- 26 water assessments were completed
- 26 In-Use samples were collected.
- 2 sampling appointments have been scheduled.
- No new results

As of 1600, 2-18-16:

We are preparing to rotate out staff with six replacement food inspectors and 2 sanitarians from Genesee County Health Department. Training will start on Monday, February, 22, 2016

Staff spoke with the Genesee County Land Bank about garden projects on their properties and provided them with links to MSUE bulletins

An updated pet health document was provided to the JIC for approval. This clarifies that pets in homes with greater than 150 ppb lead in water should be provided with bottled water. Once approval is received these documents can be distributed.

**American Red Cross (ARC)**

The American Red Cross deployed 5 Water Response Teams on Thursday, 2/18/16. We plan to deploy 5 teams tomorrow as well.

The Volunteer Reception Center (VRC) was operating today from 9am to 5pm, and the plan is for those hours to continue daily, through Sunday. 76 event-based volunteers (EVB) were processed through the VRC by 4 pm today. 73 EVBs were placed on projects today.

46 boxes of bottle recycling kits were assembled today (4,600 kits).

**Civil Rights (MDCR)**

Continue to monitor media and state agency activities for issues impacting underrepresented, at-risk, and populations with barriers to services and information. Facilitated contact between Commissioner with Hispanic Latino Commission with questions on lead and lead poisoning and MDCH/CDC point of contact. Notified staff as to community groups active in recovery.

**Community Health (MDCH)**

The CHECC remains activated at a Level 2, and continues to staff the hotline Monday through Friday to answer any lead health-related questions referred by 2-1-1 in support of the GCHD. The CHECC continues to provide representation to the UCG to facilitate communication with federal partners.

Forwarded a request for a licensed medical professional, who has knowledge of lead, legionella, rashes, and other water health related concerns to be stationed at GCHD-EH division to assist with communicating MDEQ water results and health risks. The request is currently being routed by SEOC Logistics through donations management personnel in order to determine if any offers for the donation of personnel/volunteers can be identified to fulfill this request. The request was also forwarded by the CHECC to the UCG for assistance.

Received information regarding a request for a webinar series, similar to the webinars currently being provided on Wednesdays to healthcare providers, be offered for Genesee County Intermediate School District (GCISD) personnel that is tailored to educators in Flint. This request was forwarded to the SEOC MDE EMC to coordinate with the CHECC as appropriate.

Requested that the CHECC provide the SEOC with a CDC point of contact for the Commissioner of the Hispanic Latino Commission to reach out to for information on lead and lead poisoning, at the request of the Department of Civil Rights SEOC representative. This connect was made between the Commissioner and the DHHS Liaison Officer in the CHECC. The DHHS LNO will work with the CDC representatives in the UCG to communicate with the Commissioner as requested.

Received information from the CHECC and UCG regarding the funding announcement given this afternoon by DHHS. This information was provided to the State Director and SEOC Operations Chief. Secretary Sylvia M. Burwell announced that $500,000 in funding will be provided to Hamilton Community Health Network, Inc. (HCHN) and Genesee Health System (GHS). Each entity will each receive $250,000 in emergency supplemental funding to hire additional personnel and provide more lead testing, treatment, outreach, and education to meet the increased need for health services in the Flint community. The funds will come in as a "One Time Supplemental Grant," with no match/no repayment options.

The DHHS ASPR released Site Specific Guidance for blood lead level testing and follow-up care for children exposed to lead. This document has been posted to MICIMS in the MDCH Activity Log.

Continue to work with the JIC, LARA, CHECC, and the SEOC PIO to ensure that the translated flyer for pregnant women are processed for approval and that the English and Spanish versions are ready to be printed and sent to the GCHD.

**Corrections (MDOC)**

Warehouse 2 was fully operational today. The 7th Day Adventists were on site to job shadow.MDOT is dedicating 2 employees to the effort. DTMB continues to dedicate 2 trucks with drivers.

A box truck operated by MDOC staff was involved in a minor vehicle accident in the parking lot of POD #3. A van struck the side of the box truck. There was minor damage to the box truck and the van's front end was damaged. No injuries or violations were issued. A Police report was completed by Flint PD. We also had a box truck operated by MDOC staff back into the overhang of POD #3. No damage to the vehicle, police report completed by Flint PD.

The permanent replacement battery was delivered today for the forklift at Warehouse 2.
*To following safety concerns at are still in process at Warehouse 1:*
-Security staff to restrict access (In process)
-Floor tape designating machine and pedestrian areas (Tape arrived today and will be placed on the floor by the weekend)

MDOC continues to keep trucks dedicated to delivering to individual POD's and covering Rapid Responses for PODs that get to a critical level. PODs remained well supplied throughout day and will continue to be well supplied moving forward.

We have been assigned assess and prepare a permanent staffing structure and equipment analyses for all warehouse operations.

MDOC continue to staff the SEOC from 0800-2000, 7 days/week. Mike Farmer and Bridget Spencer are managing the Recovery Branch of the SEOC

306 DEQ and 12 were MDARD test kits were delivered from Flint to Lansing today.

**Education (MDE)**

MDE staff and Genesee ISD business and program staff met on Flint Emergency Fund reporting requirements.

**Environmental Quality (MDEQ)**

The Department of Environmental Quality (DEQ) completed the following activities today:

- Continued documenting compliance with EPA Emergency Administrative Order and second EPA request.
- A collector App was developed by DNR GIS to be utilized by the High Lead/Copper Teams for real time data collection in the SEOC. Display currently operational.
- Began planning for next phase of testing and data collections.

**Licensing and Regulatory Affairs (LARA)**

Participated in briefings and updated the LARA Executive Team.

LARA continues to monitor DEQ's test results for Health Care, Child Care, Adult Foster Care, HHS and MDE facilities and Schools.

Faucet Project information is being prepared for the affected facilities. LARA continuing efforts to plan and schedule faucet replacements for Flint facilities. LARA is working with MDOC to track and store incoming material at the warehouse.

Translation services for various documents continue to be provided as needed - these include Spanish, Arabic, Mandarin, Hmong and American Sign Language. Ongoing discussion regarding coverage of state regulated facilities and elimination of duplication of effort with state agencies. Arrangements in progress for assistance to various ethnic communities to provide services.

**Military and Veterans Affairs (DMVA)**

Commanders Situation Report (SITREP)

| **SEOC Hours of Operation End:** | 02/18/2016 20:00:00 |

## Executive Summary

On January 6, 2016, Governor Snyder declared a State of Emergency for the City of Flint and Genesee County. Genesee County requested the Governor's declaration on January 5, 2016, following the declaration of a State of Emergency in the county in response to the presence of lead in the public water supply, and the detection of elevated blood lead levels exceeding governmental standards. These conditions exist in the City of Flint, which declared a local State of Emergency and activated local response plans and their Emergency Operations Center on December 15, 2015. A public health emergency was declared by the Genesee County Health Department on October 1, 2015.

By early May 2014, the City of Flint switched from the Detroit Water and Sewerage Department (DWSD) to the Flint River as their primary water source. The corrosive river water caused the leaching of lead from lead pipes into the water supply. Increased exposure to lead can cause immediate negative health effects. However, the main health concerns are long-term effects in children such as developmental and cognitive delays, and behavioral disorders. Elevated blood lead levels were observed in a significant sampling of young children in the City of Flint, and confirmed by the State Chief Medical Officer.

To mitigate the negative effects of corrosive river water on the water infrastructure in the City of Flint, the city switched back to DSWD as their primary water source on October 16, 2015. Funding to reconnect to DWSD was provided from the City of Flint, the Charles Stewart Mott Foundation, and the State of Michigan. Water is treated with a supplemental phosphate addition to rebuild the protective layer in the distribution system and reduce the leaching of lead into the water supply.

For the mitigation of negative health effects, over 24,000 water filters and replacement cartridges have been distributed to residents in the City of Flint. Approximately 13,000 water filters, water pitchers and replacement cartridges were distributed by the Michigan Department of Health and Human Services (MDHHS) in the timeframe of October 1 to December 31, 2015 alone. MDHHS has increased surveillance of blood lead levels in children, addresses water issues in environmental investigations facilitated to identify lead sources in the environment of affected children, and provide health education and information to residents, health care providers and daycare/educational institutions. Local nonprofit organizations have provided potable water to Flint residents. MSP/EMHSD GIS staff is supporting county and local GIS staff, consolidate data from local sources into comprehensive databases, and providing mapping services that support incident analysis and forecasting. Data and maps will be made available regarding the location of water pipes, affected schools, filter distribution locations, water monitoring results, predictive blood lead levels for affected areas, demographics, etc.

Before December 16, 2015, $9.35 million were provided by the State of Michigan, and $6 million by local agencies and nonprofit partners to manage the effects of the corroded pipes. While drops in lead levels have been observed since reconnecting to the DWSD system, water in the City of Flint is still not safe to drink, unless specifically filtered.

## Incident Response/Recovery Priorities/Objectives

(Objectives are in order of priority with original objective number attached)

1. Ensure all households within impacted community have required resources and are included in DEQ water sampling plan.
12. Approve and begin implementation of a comprehensive long term recovery and transition plan.
11. Ensure accurate tracking and accounting of all donations and expenditures.
2. Ensure accurate tracking and accounting of all commodities.

# Damage Assessment and Emergency Status Report

## Incident: 2015-10-01-City of Flint-Water Contamination / Shortage

### Operational Period

| | |
|---|---|

### Executive Summary

SEOC Update:
*Accomplished today (February 20, 2016):*

The SEOC continues to provide:
- Situational awareness.
- Common operating picture/objectives.
- Coordination with city/county.
- Potential coordination with federal agencies.
- Incident prioritization.
- Coordination of life/health safety measures.
- Resources.
- Public information control.

Logistics:
- Fielded resource requests.
- Fielded Rapid Response requests.
- Fielded Governor's office request.
- Facilitated distribution team calls.
- Worked on armed vs unarmed security for warehouses proposal.

JIC:
- On call this weekend.
- Lt. Governor Brian Calley hosted a Tele Town Hall meeting today at 1100 with local officials.

Recovery Branch:
- Attended UCG Brief, SEOC State Agency Briefing meetings, Distribution Process meetings.
- Completed copying of S:drive for FOIA project – flash drive given to FOI Unit.
- Requested more detailed list of IPads available to Southern Baptists.
- Team Priority Visited Today: Continued visiting the 1,300+ Access and Functional Needs addresses to distribute 3-5 cases of water and replacement cartridges. Over 300 plus were visited today and the total is 1,000 or less as of 1900 hours today.
- Team Priority Scheduled Tomorrow: Continue visiting the 1,300+ Access and Functional Needs addresses to distribute 3-5 cases of water and replacement cartridges.
- 5 American Red Cross Teams scheduled for Sunday, February 21, 2016.

o Total homes visited:
- 27,703 (round 3 total).
- 546 (today).

o Water:
- 203,652 liters or 16,971 cases (round 3 total).
- 7,476 liters or 623 cases (today).

o Faucet filters:
- 7,932 (round 3 total).
- 97 (today).

o Replacement cartridges:
- 8,249 (round 3 total).
- 317 (today).

o Water test kits:
- 3,242 (round 3 total).
- 141 (today).

Planning Section:
- Developed and approved Sit Rep #46.
- Updated burn rates and projection costs, per request.
- Updated Flint Water Timeline.
- Participated in daily UCG, state agency, and distribution process meetings.
- Developed daily Governor's Report.
- Started printing FOIA documents for PSC computer.

Operations Section:
- Participated in 0830 UCG briefing in SEOC.
- *Facilitated 0930 state agency briefing.*
- Participated in 1030 distribution process meeting.
- Facilitated 0400 state agency briefing.
- Warehouse Numbers as of 1800:

□ Water (liters):
• 638,072 liters or 53,172 cases.
□ Filters (faucet):
• 69,282.
□ Replacement cartridges:
• 426,442.
□ Test kits (prepped):
• 33,301.
• PODs (number as of 1700 2/20):
□ Water:
• 92,484 liters or 7,707 cases.
□ Filters (faucet):
• 113.
□ Replacement cartridges:
• 415.
□ Test kits:
• 152.

Finance Section:
• Review Category B cost information received from the city of Flint.
• Conference call with MDHHS Purchasing section.
• Compile weekly status update report for SBO.

GIS branch updates:
• Worked on creating new dashboards for Governor's meeting on Monday.
• Updated Access and Functional Needs.
• Daily Parcel Pairing.
• PODS map for Jay.
• Updated zip codes for MDCH.
• Water Sampling Test Results.

DTMB:
• Issued (10) iPads for DEQ EOC with wall and car chargers.
• Delivered print orders to the Genesee County Emergency Operations Center.
• DEQ requested temporary office and parking space for executive working in Flint at the State Office Building.

DHHS-CH:
• Dr. Nicole Lurie will be returning to Flint on Sunday for a briefing with the UCG, and she will provide six congressional delegates visiting Flint on Monday with information on the current situation in Flint.
• The CHECC and MDHHS PIOs are working to ensure that request for assistance of an elderly homebound individual whose residence tested high in lead is able to obtain a blood lead test.
• Case managers working in Flint are concerned about individuals who rely on the Federal Life Line program that provides them with a phone to call for emergency services. The phone does not allow them to dial 2-1-1, so a separate number has been provided to them to call.

DEQ:
• Continue to monitor progress of Sentinel Sampling and support as necessary.
• Deployed 22 field teams (21 Sentinel Teams and 1 High Lead Team).

State VAL:
• No update.

Unified Coordination Group (UCG):
• MDHHS requested a special project to use WIC cash value benefits to purchase fruit and vegetables at the farmers market.
• UCG Daily Sit Rep available in MI CIMS.
• MDEQ located 24 lead service lines; looking at the adjacent properties to the original 10 lead service line locations did produce a number of additional lead service lines.
• Tele Town Hall with the Lt. Governor at 11:00 am.
• Genesee County EOC worked with Good 360 yesterday and steered them away from sending products that will not be useful, such as shower filters.

Local EOC:
• Southern Baptist Disaster Relief out in the field with five teams, providing supplies to residents with access and functional needs that requested delivery via 2-1-1 hotline.
• 21 Sentinel Site Monitoring Teams out in the field for sentinel monitoring program and identification of lead service lines.
• Elevated Lead and Copper Initial Assessment Task Force out in the field, making contact at households reporting elevated lead and copper levels.
• MSU recycling event originally scheduled for 02/20/2016 was postponed.

Injuries:
• None reported today.

## Incident Response/Recovery Priorities/Objectives

(Objectives are in order of priority with original objective number attached)

1. Ensure all households within impacted community have required resources and are included in DEQ water sampling plan.
12. Approve and begin implementation of a comprehensive long term recovery and transition plan.
11. Ensure accurate tracking and accounting of all donations and expenditures.
2. Ensure accurate tracking and accounting of all commodities.
3. Continue to improve and maintain public information processes and strategies with all partner agencies.
8. Maintain coordination between partner agencies and organizations to include FEMA IMAT, FWICC, and the US Department of Health and Human Services Unified Coordination Group (UGC).
9. Continue to enhance situational awareness and common operating picture of all activities.
7. Gather, analyze, and disseminate GIS data to develop products for future planning.

## Emergency Declarations

**Damage Assessment Summary**

## Agency Summaries

**Joint Information Center / Public Information Officer**

The Joint Information Center (JIC) was expected to be operational in Flint from 8 a.m. to 8 p.m. on Feb. 19.

State agencies at the JIC included the Michigan State Police, Michigan National Guard, and Departments of Environmental Quality, Health and Human Services, State, and Treasury. The Genesee County Sheriff's Office was also present.

Tasks accomplished:
• Media hotline staff answered fewer than 10 emails and phone calls that ranged from contractors looking to help with replacing lead service lines to media inquiries about lead-level testing in schools and pipes sitting outside of the Flint Water Treatment Plant. Questions were routed from WDIV-TV 4 in Detroit and WJBK-TV 2 in Detroit.
• Created a media monitoring report and looked for misinformation. Found an article where Genesee County Sheriff Robert Pickell states that he doesn't trust the lead water testing being conducted in the city of Flint. The Flint JIC brought this to the Genesee County JIC liaison's attention.
• Issued a news release about the postponement of the recycling event on Saturday, Feb. 20, with MSU student athletes.
• Created a news release to remind Flint residents to replace their filter cartridges. The intention is to issue the news release today.
• Updated community outreach spreadsheet to include parent-teacher organizations and other local events.
• Continued routing public information materials for approval, including updated information on recycling, testing your water, and keeping kids safe. Received and posted additional translated materials to www.michigan.gov/flintwater.
• Issued and scheduled social media posts for distribution.
• Continued printing emails from JICNews and JICManager email accounts for submitting to FOI staff.
• Updated the Daily JIC Activities log to catalog actions completed for the day and planned products and events for the week.
• Follow-up with United Way 2-1-1 about outstanding rumors and questions.
• Updated talking points for Captain Kelenske for the Feb. 20 TeleTown Hall with Lt. Gov. Brian Calley.

**Agriculture and Rural Development (MDARD)**

Summary of activities from MDARD at the SEOC on 2/20/16 (this information came in after the 4pm report on Friday):
Current and Planned Objectives for MDARD's Animal Industry Division, relating to pets & Flint for February 21 -27, 2016:
*Pay for laboratory cost of blood or tissue lead and copper level testing of pets in high risk homes where lead water sampling is >150ppb and/or copper is >1300ppb. MSU study will cover copper testing if pet owner agrees to study otherwise MDARD will pay for testing of copper.
*Continue liaison efforts with response organizations assisting with potential lead toxicity in pets in Flint.
*Determine appropriate response to levels of copper in pets in collaboration with MSU CVM.
*Respond to calls from veterinarians and the public seeking assistance or guidance related to pets.

MDARD will also coordinate with LARA to respond to some specific questions that have come in from a restaurant.

**American Red Cross (ARC)**

The American Red Cross deployed 5 Water Response Teams on Saturday, 2/20/16. We plan to deploy 5 teams tomorrow as well.

The Volunteer Reception Center (VRC) was operating today from 9am to 5pm, and the plan is for those hours to continue daily, through Sunday. The VRC processed 126 event-based volunteers today. 146 event-based volunteers were active on projects today

Volunteers assembled more than 2,700 bottle recycling kits today.

**Civil Rights (MDCR)**

Continue to monitor media and state agency activities for issues impacting underrepresented, at-risk, and populations with barriers to services and information.

**Community Health (MDCH)**

The CHECC remains activated at a Level 2, and continues to staff the hotline Monday through Friday to answer any lead health-related questions referred by 2-1-1 in support of the GCHD. The CHECC continues to provide representation to the UCG to facilitate communication with federal partners.

Received confirmation that the ASPR, Dr. Nicole Lurie will be returning to Flint tomorrow, 2/21/16 for a briefing with the UCG. Six congressional delegates are also planning to visit Flint on Monday, for which Dr. Lurie will be providing them with information on the current situation in Flint.

The CHECC and MDHHS PIOs are working to ensure that special requests for assistance of an elderly homebound individual whose residence has tested high in lead is able to obtain a blood lead test. The CHECC is coordinating with the GCHD to fulfill this task.

Case managers working in Flint have expressed concern in reference to individuals who rely on the Federal Life Line program that provides them with a phone to call for emergency services. Unfortunately, the phone will not allow them to dial 2-1-1 and reach the 2-1-1 operators. Instead, there is a separate number that they will need to call. Have been in contact with 2-1-1, MDHHS PIOs, and FEMA regarding options for messaging in order to ensure communication is provided to these individuals in Flint with Life Line phones. This work will be ongoing, as the Life Line program consumer assistance center is closed on the weekends. Hoping to explore the option of a "robo-call" (reverse 9-1-1 mechanism) for notifying consumers.

**Corrections (MDOC)**

Warehouse 2 was fully operational today. The 7th Day Adventists were on site to job shadow. MDOT is dedicating 2 employees to the effort. DTMB continues to dedicate 2 trucks with drivers.

Safety concerns continue to be addressed at Warehouse 1.

MDOC continues to keep trucks dedicated to delivering to individual POD's and covering Rapid Responses for PODs that get to a critical level. PODs remained well supplied throughout day and will continue to be well supplied moving forward.

MDOC continue to staff the SEOC from 0800-2000, 7 days/week. Mike Farmer and Bridget Spencer are managing the Recovery Branch of the SEOC.

162 DEQ test kits were delivered from Flint to Lansing today.

**Education (MDE)**

1. MDE staff and Genesee ISD business and program staff met on Flint Emergency Fund reporting requirements. Regular meetings are scheduled between MDE staff and that of GISD and Flint Community Schools.

2. LARA indicates that replacement of fixtures at MSD is scheduled for next weekend (27-28 February).

**Environmental Quality (MDEQ)**

The Department of Environmental Quality (DEQ) completed the following activities today:

- Continue to monitor progress of Sentinel Sampling and support as necessary.
- Deployed 22 field teams (21 Sentinel Teams and 1 High Lead Team).

Sentinel B accomplishments as of 1500 hrs.:
- 416 Homes visited
- 148 Inspected
- 128 Residents agreed to participate in sentinel monitoring program
- 2 Lead lines

**Licensing and Regulatory Affairs (LARA)**

Participated in briefings and updated the LARA Executive Team.

LARA continues to monitor DEQ's test results for Health Care, Child Care, Adult Foster Care, HHS and MDE facilities and Schools.

Faucet Project information is being prepared for the affected facilities. LARA continuing efforts to plan and schedule faucet replacements for Flint facilities. LARA is working with MDOC to track and store incoming material at the warehouse. Coordinating with Amway the use of their donated water filters as part of the Faucet Replacement Program. Amway also requires LARA inspectors and plumbers to be trained before they are allowed to install these filters. LARA will coordinate this training with Amway and the Local 370 plumbers.

Translation services for various documents continue to be provided as needed - these include Spanish, Arabic, Mandarin, Hmong and American Sign Language. Provided all translated documents in Spanish to our Hispanic Liaison in hard copy. Ongoing discussion regarding coverage of state regulated facilities and elimination of duplication of effort with state agencies. Arrangements in progress for assistance to various ethnic communities to provide services.

**Military and Veterans Affairs (DMVA)**

Commanders Situation Report (SITREP)

1. DTG: 2012452016

2. UNIT: Points of Distribution (PODs), NG TF FLINT

3. POC: Capt Bechtel, Jennifer E. (517) 582-4816 Email: ng.mi.flint.eoc@gmail.com

4. PRESENT LOCATION: Genesee County Local EOC, 1101 Beach St., Flint, MI, 48502

5. SITUATION OVERVIEW: NG Task Force Flint has 67 Soldiers deployed to the Flint Water Crisis in support of Distribution Operations at the Points of Distributions (PODs). Daily operations consist of receiving, tracking, and issuing out water, filters, replacement filters, and water test kits.

6. OWN SITUATION DISPOSITION /STATUS: Currently NG Task Force Flint has Soldiers on ground supporting the mission.

7. OPERATIONS: Operations for the next 24 hours are to sustain water/filter distributions throughout the 5 designated fire stations and track all distribution incoming and outgoing through the PODs.

a. Signs to assist citizens have been printed off, laminated, and delivered to PODs

b. Not anticipating VIP at POD 5 on Monday, February 22nd

c. A GSA card expired the 16th, leaving a POD unable to purchase fuel. Used temp card

d. MDOT portable light stand out at POD 5. SEOC submitted fix request to MDOT

e. One Mile March did not have any major effect on PODs

8. PERSONNEL: Soldiers are currently assigned to the POD operations. Soldiers are assigned in five teams at Fire Stations 1, 3, 5, 6 and 8.

9. INTELLIGENCE / FORCE PROTECTION: Citizen stopped by Station 3 yesterday after march to inform them that the new motto is "No pipes, no peace."

10. LOGISTICS: In support of TF Flint

a. The VRC is now assembling the recycling kits and a plan is being coordinated to facilitate delivery to warehouse. Warehouse drivers will distribute bags evenly to the PODS on Monday.

11. COMMUNICATIONS:
a. POD 8 operational with ANG provided laptops

b. Working to change wireless settings in replacement laptops delivered to PODs. 125 IN laptops have been left behind for

immediate use in daily reporting. Resolution in process.

P: RRF cell phones alternate for WRTs
A: Personal cell phone
C: 800 MHz radios issued to PODs and WRTs
E: Runner

12. NARRATIVE: N/A

13. COMMANDER'S EVALUATION:
- RIP/TOA activities complete and all PODs are running entirely under new NCOICs
- OUT (last 24 hours)
Bottled water-6,946 Water (Gallons)-630 Lead Testing Kits-192
Pitcher (23 cup)-0 Brita Faucet Filter-65 Brita Replacement Cartridge-216
Pur Filter-82 Pur Replacement Filter-281

**National Weather Service (NWS)**

NWS Detroit providing morning SEOC brief and Activity Log posts. Jim Maczko from NWS Grand Rapids will be the contact point for any changes in NWS Support and will also continue to update the Sit Rep Executive Summary as needed.

Participation in afternoon SEOC briefings is planned only if significant changes in the forecast occur.

**Natural Resources (MDNR)**

MDNR LED continues to support its QOL partners with staffing at the SEOC.

Department POC's include:
Chief Gary Hagler, F/Lt. Jennifer Wolf, F/Lt. Steven B. Burton.

**Services to the Aging (OSA)**

Valley Area Agency on Aging (VAAA) continues to receive phone calls from concerned seniors in Flint and continues to make referrals to the Genesee Co. EOC for water and filter follow-up.

VAAA's local Nursing Home Ombudsman continues to monitor Flint area Nursing Homes to ensure residents have access to safe water.

Contact info for VAAA Executive Director is:
Kathryn C. Boles
President, CEO
Valley Area Agency on Aging
225 E. Fifth Street, Suite 200
Flint, MI 48502
(810) 239-7671
(810) 239-8869 fax

**State Police (MSP)**

The MSP position within the SEOC will be staffed at MSP Operations at HQ. All e-mails to MSP-EOC-MDSP@michigan.gov are being forwarded to the Operations Lt. The phone number for the on duty Operations Lieutenant is 517-241-8000.

**Technology, Management and Budget (MDTMB)**

Continue to provide DTMB management SEOC updates.

Issued (10) iPads for DEQ EOC with wall and car chargers.
Delivered print orders to the Genesee County Emergency Operations Center.
DEQ requested temporary office and parking space for executive working in Flint at the State Office Building.

**Transportation (MDOT)**

Providing 2 staff to warehouse #2 (Pierson Rd).

Providing 2 portable light tower generators to Fire Station #5 on Western Rd.

Providing (3' x 5') standard signs Fire Stations/PODs (2 each site)
Providing 100 grabber traffic cones (narrow reflective cones) at Fire Station #3 Martin Luther King Rd. & Fire Station #6 Pierson Rd. (50 each site).

Continuing to maintain situational awareness and responding to issues regarding equipment and road conditions.

**Incident Related Images**

| **SEOC Hours of Operation End:** | 02/20/2016 20:00:00 |

## Executive Summary

On January 6, 2016, Governor Snyder declared a State of Emergency for the City of Flint and Genesee County. Genesee County requested the Governor's declaration on January 5, 2016, following the declaration of a State of Emergency in the county in response to the presence of lead in the public water supply, and the detection of elevated blood lead levels exceeding governmental standards. These conditions exist in the City of Flint, which declared a local State of Emergency and activated local response plans and their Emergency Operations Center on December 15, 2015. A public health emergency was declared by the Genesee County Health Department on October 1, 2015.

By early May 2014, the City of Flint switched from the Detroit Water and Sewerage Department (DWSD) to the Flint River as their primary water source. The corrosive river water caused the leaching of lead from lead pipes into the water supply. Increased exposure to lead can cause immediate negative health effects. However, the main health concerns are long-term effects in children such as developmental and cognitive delays, and behavioral disorders. Elevated blood lead levels were observed in a significant sampling of young children in the City of Flint, and confirmed by the State Chief Medical Officer.

To mitigate the negative effects of corrosive river water on the water infrastructure in the City of Flint, the city switched back to DSWD as their primary water source on October 16, 2015. Funding to reconnect to DWSD was provided from the City of Flint, the Charles Stewart Mott Foundation, and the State of Michigan. Water is treated with a supplemental phosphate addition to rebuild the protective layer in the distribution system and reduce the leaching of lead into the water supply.

For the mitigation of negative health effects, over 24,000 water filters and replacement cartridges have been distributed to residents in the City of Flint. Approximately 13,000 water filters, water pitchers and replacement cartridges were distributed by the Michigan Department of Health and Human Services (MDHHS) in the timeframe of October 1 to December 31, 2015 alone. MDHHS has increased surveillance of blood lead levels in children, addresses water issues in environmental investigations facilitated to identify lead sources in the environment of affected children, and provide health education and information to residents, health care providers and daycare/educational institutions. Local nonprofit organizations have provided potable water to Flint residents. MSP/EMHSD GIS staff is supporting county and local GIS staff, consolidate data from local sources into comprehensive databases, and providing mapping services that support incident analysis and forecasting. Data and maps will be made available regarding the location of water pipes, affected schools, filter distribution locations, water monitoring results, predictive blood lead levels for affected areas, demographics, etc.

Before December 16, 2015, $9.35 million were provided by the State of Michigan, and $6 million by local agencies and nonprofit partners to manage the effects of the corroded pipes. While drops in lead levels have been observed since reconnecting to the DWSD system, water in the City of Flint is still not safe to drink, unless specifically filtered.

## Incident Response/Recovery Priorities/Objectives

(Objectives are in order of priority with original objective number attached)

1. Ensure all households within impacted community have required resources and are included in DEQ water sampling plan.
12. Approve and begin implementation of a comprehensive long term recovery and transition plan.
11. Ensure accurate tracking and accounting of all donations and expenditures.
2. Ensure accurate tracking and accounting of all commodities.
3. Continue to improve and maintain public information processes and strategies with all partner agencies.
8. Maintain coordination between partner agencies and organizations to include FEMA IMAT, FWICC, and the US Department of Health and Human Services Unified Coordination Group (UGC).
9. Continue to enhance situational awareness and common operating picture of all activities.
7. Gather, analyze, and disseminate GIS data to develop products for future planning.

# Damage Assessment and Emergency Status Report

## Incident: 2015-10-01-City of Flint-Water Contamination / Shortage

### Operational Period

| | |
|---|---|
| **Operational Period Begin:** | 02/16/2016 08:00:00 |
| **Operational Period End:** | 02/23/2016 08:00:00 |
| **Situation Report No.** | 45 |
| **SEOC Status:** | Full |
| **SEOC Hours of Operation Begin:** | 02/19/2016 08:00:00 |
| **SEOC Hours of Operation End:** | 02/19/2016 20:00:00 |

### Executive Summary

SEOC Update:
Accomplished today (February 19, 2016):

The SEOC continues to provide:
- Situational awareness.
- Common operating picture/objectives.
- Coordination with city/county.
- Potential coordination with federal agencies.
- Incident prioritization.
- Coordination of life/health safety measures.
- Resources.
- Public information control.

Logistics:
- Fielded resource requests.
- Fielded Rapid Response requests.
- Fielded Governor's office request.
- Facilitated distribution team calls.
- Reviewed potential warehouses.
- Compile SEOC positions list.
- Distribute SEOC staffing list for Feb. 22-28.

JIC:
- Created a media monitoring report and looked for misinformation. Found an article where Genesee County Sheriff Robert Pickell states that he doesn't trust the lead water testing being conducted in the city of Flint. The Flint JIC brought this to the Genesee County JIC liaison's attention.
- Issued a news release about the postponement of the recycling event on Saturday, Feb. 20, with MSU student athletes.
- Created a news release to remind Flint residents to replace their filter cartridges. The intention is to issue the news release today.
- Continued working on printing of information for FOIA request.
- Updated talking points for Captain Kelenske for the Feb. 20 Tele Town Hall with Lt. Gov. Brian Calley.

Recovery Branch:
- Attended UCG briefing, SEOC state agency briefing meetings, and distribution process meetings.
- Confirmed current iPads for Southern Baptist and the PODS.
- Cleared remaining no filter/no contact homes.
- Team priority list for today: Began visiting the 1,300+ Access & Functional Needs addresses to distribute 3-5 cases of water and replacement cartridges.
- Team priority list for tomorrow: Continue visiting the 1,300+ Access & Functional Needs addresses to distribute 3-5 cases of water and replacement cartridges.
- 7 American Red Cross teams scheduled for Saturday, February 20, 2016.

o Total homes visited:
- 27,157 (round 3 total).
- 433 (today).

o Water:
- 197,772 liters or 16,481 cases (round 3 total).
- 5,196 liters or 433 cases (today).

o Faucet filters:
- 7,932 (round 3 total).
- 15 (today).

o Replacement cartridges:
- 7,339 (round 3 total).
- 216 (today).

o Water test kits:
- 3,101 (round 3 total).
- 50 (today).

Planning Section:
- Developed and approved Sit Rep #45.
- Updated burn rates and projection costs, per request.
- Updated Flint Water Timeline.
- Participated in daily UCG, state agency, and distribution process meetings.
- Developed daily Governor's Report.

*Operations Section:*
- Participated in Unified Coordination Group briefing.
- Facilitated SEOC agency briefings.
- Participated in distribution process meeting.

- Warehouse numbers as of 1800:
- Water (liters):
- 725,800 liters or 60,483 cases.
- Filters (faucet):
- 68,282.
- Replacement cartridges:
- 426,442.
- Test kits (prepped):
- 33,998.

- PODs (number as of 1700 2/19):
- Water:
- 82,404 liters or 6,867 cases.
- *Filters (faucet):*
- 150.
- Replacement cartridges:
- 461.
- Test kits:
- 178.

Finance Section:
- Review state agency costs and updated reports.
- Worked with State Planner on cost analysis worksheet for appeal letter.

GIS branch updates:
- Developed map of residential water test results by city block.
- Update water test results from February 18, 2016.
- Prepared for a presentation to the Governor on Monday February 22.
- Updated data sets accessible by Governor and his staff through ArcGIS Online.
- Prepare documents for FOIA request.

DTMB:
- Attended a meeting with DHHS-HS, EMHSD and FEMA to discuss a long-term recovery plan. DTMB is working on direct delivery for replacement cartridges to residences on the affected water lines. A tracking system for the point of distribution locations that will offer real-time reporting.
- Printed 250 water response team credentials. Will be delivered to Local EOC on Monday.
- Provided warehouse security quotes for armed and unarmed guards to logistics.
- Issued two (2) iPads for DEQ SEOC representatives to monitor Sentinel team activities.

DHHS-CH:
- The CHECC remains activated at a Level 2, and continues to staff the hotline Monday through Friday to answer any lead health-related questions referred by 2-1-1 in support of the GCHD.
- The CHECC continues to provide representation to the UCG to facilitate communication with federal partners.
- Provided the weekly report compiled by the MDHHS/CDC Medical Epidemiologist on rashes reported and follow-up information collected to SEOC Operations Chief.
- Forwarded requested documents that have been translated from LARA to the CHECC, to fulfill the request received from the GCHD.
- Requested that DEQ explore the idea of testing the efficacy of shower water filters as well as the probability of being able to provide a statement/disclaimer.
- The request for 200 copies of the Pregnancy Flyer was cancelled for the time being, due to the need for the flyers to arrive in time for a clinic that is being held on Sunday (2/21).

DEQ:
- Collector App for Sentinel B sampling data collection created and deployed to field teams with training manuals.
- Transportation for field teams secured.
- Better coordination achieved among the information call-in lines: PEAS, EAC, and 2-1-1.
- Reports and data summarization for 15 pre-sampled schools completed, ready for posting.
- Continue to monitor progress of Sentinel Sampling and support as necessary.
- Deployed 17 field teams (16 Sentinel Teams and 1 Home Revisit Team).
- Work to complete Residential Flushing Guidance Document.
- Work with MSHDA to develop best plan to deal with multi-family structures.
- Met with ROWE Professional Services Co. ROWE developed a plan for hydro-boring five sites to determine make up of service line from the main to shutoff valve.
- Letter to city of Flint outlining the needs to satisfy EPA item 62 is drafted and ready for Chief Deputy Director of MDEQ Jim Sygo's signature.
- Residential Flushing Guide completed and awaiting approval.

State VAL:
- Worked with the State Planner and the Assistant Division Commander on extension and appeal.
- Finalized FOIA submittal.
- Followed up with FEMA and Alafia Foundation for TSA donation logistics.
- Working with MDHHS on representatives to attend the Community Partners Mental and Physical Health work groups.

Unified Coordination Group (UCG):
- The CDC/ATSDR Field Team has reported hearing health complaints at many home visits. The UCG Science Group has been called together to discuss next steps to document and address these health concerns.
- *CDC/ATSDR Field team and Regional staff participated in a meeting with EPA and MDHHS to discuss some preliminary EPA sampling*

data.
• UCG Daily Sit Rep available in MI CIMS.
• EPA issued news release highlighting the effectiveness of lead-removal filters.

Local EOC:
• Transition to the new National Guard unit completed today.
• Water crisis march, involving Rev. Jesse Jackson, Rainbow PUSH Coalition, Michigan Legislative Black Caucus, and Concerned Pastors for Social Action was attended by approximately 350 protestors. No incidents related to the march reported.
• Coordinating with Flint Community Schools and Head Start program for identification of populations without supplies.
• Discussed potential future donations with Good360 nonprofit.
• City of Flint Water Distribution Supervisor visited EOC to discuss identification of lead lines with MDEQ staff.
• 16 Sentinel Site Monitoring Teams out in the field for sentinel monitoring program and identification of lead service lines.
• Elevated Lead and Copper Initial Assessment Task Force out in the field, making contact at households reporting elevated lead and copper levels.
• Southern Baptist Disaster Relief out in field for distribution of supplies to residents with access and functional needs.

Injuries:
• None reported today.

## Incident Response/Recovery Priorities/Objectives

(Objectives are in order of priority with original objective number attached)

1. Ensure all households within impacted community have required resources and are included in DEQ water sampling plan.
12. Approve and begin implementation of a comprehensive long term recovery and transition plan.
11. Ensure accurate tracking and accounting of all donations and expenditures.
2. Ensure accurate tracking and accounting of all commodities.
3. Continue to improve and maintain public information processes and strategies with all partner agencies.
8. Maintain coordination between partner agencies and organizations to include FEMA IMAT, FWICC, and the US Department of Health and Human Services Unified Coordination Group (UGC).
9. Continue to enhance situational awareness and common operating picture of all activities.
7. Gather, analyze, and disseminate GIS data to develop products for future planning.

**Damage Assessment Summary**

## Agency Summaries

**Joint Information Center / Public Information Officer**

The Joint Information Center (JIC) was expected to be operational in Flint from 8 a.m. to 8 p.m. on Feb. 19.

State agencies at the JIC included the Michigan State Police, Michigan National Guard, and Departments of Environmental Quality, Health and Human Services, State, and Treasury. The Genesee County Sheriff's Office was also present.

Tasks accomplished:
- Media hotline staff answered fewer than 10 emails and phone calls that ranged from contractors looking to help with replacing lead service lines to media inquiries about lead-level testing in schools and pipes sitting outside of the Flint Water Treatment Plant. Questions were routed from WDIV-TV 4 in Detroit and WJBK-TV 2 in Detroit.
- Created a media monitoring report and looked for misinformation. Found an article where Genesee County Sheriff Robert Pickell states that he doesn't trust the lead water testing being conducted in the city of Flint. The Flint JIC brought this to the Genesee County JIC liaison's attention.
- Issued a news release about the postponement of the recycling event on Saturday, Feb. 20, with MSU student athletes.
- Created a news release to remind Flint residents to replace their filter cartridges. The intention is to issue the news release today.
- Updated community outreach spreadsheet to include parent-teacher organizations and other local events.
- Continued routing public information materials for approval, including updated information on recycling, testing your water, and keeping kids safe. Received and posted additional translated materials to www.michigan.gov/flintwater.
- Issued and scheduled social media posts for distribution.
- Continued printing emails from JICNews and JICManager email accounts for submitting to FOI staff.
- Updated the Daily JIC Activities log to catalog actions completed for the day and planned products and events for the week.
- Follow-up with United Way 2-1-1 about outstanding rumors and questions.
- Updated talking points for Captain Kelenske for the Feb. 20 TeleTown Hall with Lt. Gov. Brian Calley.

**Agriculture and Rural Development (MDARD)**

Summary of activities from MDARD at the SEOC on 2/19/16:

1. MDARD's field activities through 10:00 am on 2/19/16 included:
- 44 water assessments were completed
- 44 In-Use samples were collected.
- 1 sampling appointment has been scheduled.
- 12 water results received.

Of 159 newly identified establishments, MDARD has approximately 12 establishments left to conduct initial assessments next week.

2. An additional 8 assessments and 8 in-use samples were collected by 16:00 today. A full cumulative report will be provided on 2/22/16.

3. MDARD prepared a response to the question of whether it is safe to consume home canned food that used unfiltered water. In summary, the response informs that foods must be prepared and processed using potable water. Unless it can be tested, which has a high cost to benefit, it should be disposed. Follow the adage "When in doubt, throw it out". The full response was approved by the JIC.

**American Red Cross (ARC)**

The American Red Cross deployed 5 Water Response Teams on Friday, 2/19/16. We plan to deploy 5 teams tomorrow as well.

The Volunteer Reception Center (VRC) was operating today from 9am to 5pm, and the plan is for those hours to continue daily, through Sunday. Today the VRC processed and placed 129 event-based volunteers.

Volunteers assembled more than 6,500 bottle recycling kits today.

**Civil Rights (MDCR)**

Continue to monitor media and state agency activities for issues impacting underrepresented, at-risk, and populations with barriers

to services and information.

**Community Health (MDCH)**

The CHECC remains activated at a Level 2, and continues to staff the hotline Monday through Friday to answer any lead health-related questions referred by 2-1-1 in support of the GCHD. The CHECC continues to provide representation to the UCG to facilitate communication with federal partners, .

Provided the weekly report compiled by the MDHHS/CDC Medical Epidemiologist on rashes reported and follow-up information collected to SEOC Operations Chief.

Forwarded requested documents that have been translated from LARA to the CHECC, to fulfill the request received from the GCHD.

Requested that DEQ explore the idea of testing the efficacy of shower water filters as well as the probability of being able to provide a statement/disclaimer, in the event that the direction shifts to providing shower filters to the public.

The request for 200 copies of the Pregnancy Flyer in Spanish to be printed by DTMB for the GCHD was cancelled for the time being, due to the need for the flyers to arrive in time for a clinic that is being held on Sunday (2/21). Instead, the GCHD will be printing the pregnancy flyers themselves. Pregnancy flyers in Spanish, Hmong, Chinese, Arabic, and English are all available on the Flint Water website. The translated parent letters were also provided to the GCHD today as well.

**Corrections (MDOC)**

Warehouse 2 was fully operational today. The 7th Day Adventists were on site to job shadow. MDOT is dedicating 2 employees to the effort. DTMB continues to dedicate 2 trucks with drivers.

Safety concerns continue to be addressed at Warehouse 1.

Adjustments have been made to testing delivery rotation, to include additional tests at the EOC.

Adjustments made to rotation of re-palleted water from warehouse 2 to warehouse 1.

Equipment and personnel analysis for permanent staffing structure for warehouse operations has been completed and submitted.

MDOC continues to keep trucks dedicated to delivering to individual POD's and covering Rapid Responses for PODs that get to a critical level. PODs remained well supplied throughout day and will continue to be well supplied moving forward.

MDOC continue to staff the SEOC from 0800-2000, 7 days/week. Mike Farmer and Bridget Spencer are managing the Recovery Branch of the SEOC.

224 DEQ and 41 MDARD test kits (265 total) were delivered from Flint to Lansing today.

**Education (MDE)**

MDE staff and Genesee ISD business and program staff met on Flint Emergency Fund reporting requirements.

**Environmental Quality (MDEQ)**

The Department of Environmental Quality (DEQ) completed the following activities today:

- Collector App for Sentinel B sampling data collection created and deployed to field teams with training manuals.
- Transportation for field teams secured.
- Better coordination achieved among the information call-in lines: PEAS, EAC, and 2-1-1.
- Reports and data summarization for 15 pre-sampled schools completed, ready for posting.
- Continue to monitor progress of Sentinel Sampling and support as necessary.
- Deployed 17 field teams (16 Sentinel Teams and 1 Home Revisit Team).
- Work to complete Residential Flushing Guidance Document.
- Work with MSHDA to develop best plan to deal with multi-family structures.
- Met with ROWE Professional Services Co. ROWE developed a plan for hydro-boring five sites to determine make up of service line from the main to shutoff valve.
-Letter to city of Flint outlining the needs to satisfy EPA item 62 drafted and ready for Chief Deputy Director of MDEQ Jim Sygo's signature.
-Residential Flushing Guide completed and awaiting approval.

**Human Services (MDHS)**

MDHHS beginning discussions with MDE on summer resources for school children.

Working on additional mobile food pantry locations.

**Licensing and Regulatory Affairs (LARA)**

Participated in briefings and updated the LARA Executive Team.

LARA continues to monitor DEQ's test results for Health Care, Child Care, Adult Foster Care, HHS and MDE facilities and Schools.

Faucet Project information is being prepared for the affected facilities. LARA continuing efforts to plan and schedule faucet replacements for Flint facilities. LARA is working with MDOC to track and store incoming material at the warehouse. Coordinating with Amway the use of their donated water filters as part of the Faucet Replacement Program. Amway also requires LARA inspectors and plumbers to be trained before they are allowed to install these filters. LARA will coordinate this training with Amway and the Local 370 plumbers.

Translation services for various documents continue to be provided as needed - these include Spanish, Arabic, Mandarin, Hmong

and American Sign Language. Ongoing discussion regarding coverage of state regulated facilities and elimination of duplication of effort with state agencies. Arrangements in progress for assistance to various ethnic communities to provide services.

**Military and Veterans Affairs (DMVA)**

Commanders Situation Report (SITREP)

1. DTG: 1912452016

2. UNIT: Points of Distribution (PODs), NG TF FLINT

3. POC: Capt Bechtel, Jennifer E. (517) 582-4816 Email: ng.mi.flint.eoc@gmail.com

4. PRESENT LOCATION: Genesee County Local EOC, 1101 Beach St., Flint, MI, 48502

5. SITUATION OVERVIEW: NG Task Force Flint has Soldiers deployed to the Flint Water Crisis in support of Distribution Operations at the Points of Distributions (PODs). Daily operations consist of receiving, tracking, and issuing out water, filters, replacement filters, and water test kits.

6. OWN SITUATION DISPOSITION /STATUS: Currently NG Task Force Flint has Soldiers on ground supporting the mission.

7. OPERATIONS: Operations for the next 24 hours are to sustain water/filter distributions throughout the 5 designated fire stations and track all distribution incoming and outgoing through the PODs.

a. Signs have been printed off for the POD Buildings. Received approval from Purchasing Office to laminate signs.

1.) TF Flint member 2Lt Benke is picking up signs from Callx Martinez (City of Flint Plans and Marketing office) and will have the signs laminated today. To be distributed 20Feb16.

b. VIP anticipated at POD 5 on Monday, February 22nd. Additional details unavailable.

c. Local news stations reported this morning that MSU Alumni would be at the PODs to help distribute water on Saturday. This is an error as the MSU Alumni are planned to only be working from the old Kroger location on Pierson Rd.

8. PERSONNEL: Soldiers are currently assigned to the POD operations. Soldiers are assigned in five teams at Fire Stations 1, 3, 5, 6 and 8.

9. INTELLIGENCE / FORCE PROTECTION: Mile-long national march up to the water plant organized in part by Rev. Jesse Jackson takes place in Flint on Friday, 2/19/16 starting at 11 a.m.

10. LOGISTICS: In support of TF Flint

a. The VRC is now assembling the recycling kits and a plan is being coordinated to facilitate delivery to warehouse. Warehouse drivers will distribute evenly to the PODS on Monday.

*b. Recycling trailers are being assessed by Schupan on frequency of pickup.*

c. Mile Long March today will have road closures that may require alternate routes for water delivery to PODs.

11. COMMUNICATIONS:
a. POD 8 computer unusable by ANG members. EOC working on acquiring replacement computer.
b. Replacement laptops delivered to PODs yesterday won't allow changes to wireless settings, due to lack of admin rights. 125 IN *laptops have been left behind for immediate use in daily reporting. Resolution in process.*
P: RRF cell phones alternate for WRTs
A: Personal cell phone
C: 800 MHz radios issued to PODs and WRTs.
E: Runner

12. NARRATIVE: N/A

13. COMMANDER'S EVALUATION:
• RIP/TOA activities complete and all PODs are running entirely under new NCOICs
• OUT (last 24 hours)
Bottled water-4,912 Water (Gallons)-900 Lead Testing Kits-235
Pitcher (23 cup)-0 Brita Faucet Filter-33 Brita Replacement Cartridge-117
Pur Filter-73 Pur Replacement Filter-241

**National Weather Service (NWS)**

NWS Detroit providing morning SEOC brief and Activity Log posts. Jim Maczko from NWS Grand Rapids will be the contact point for any changes in NWS Support and will also continue to update the Sit Rep Executive Summary as needed.

Participation in afternoon SEOC briefings is planned only if significant changes in the forecast occur.

**Natural Resources (MDNR)**

MDNR LED continues to support its QOL partners with staffing at the SEOC.

Department POC's include:
Chief Gary Hagler, F/Lt. Jennifer Wolf, F/Lt. Steven B. Burton.

**Services to the Aging (OSA)**

Valley Area Agency on Aging (VAAA) continues to receive phone calls from concerned seniors in Flint and continues to make referrals to the Genesee Co. EOC for water and filter follow-up.

VAAA's local Nursing Home Ombudsman continues to monitor Flint area Nursing Homes to ensure residents have access to safe water.

Contact info for VAAA Executive Director is:
Kathryn C. Boles
President, CEO
Valley Area Agency on Aging
225 E. Fifth Street, Suite 200
Flint, MI 48502
(810) 239-7671
(810) 239-8869 fax

**State Police (MSP)**

The MSP position within the SEOC will be staffed at MSP Operations at HQ. All e-mails to MSP-EOC-MDSP@michigan.gov are being forwarded to the Operations Lt. The phone number for the on duty Operations Lieutenant is 517-241-8000.

**Technology, Management and Budget (MDTMB)**

Continue to provide DTMB management SEOC updates.

Attended a meeting with DHHS-HS, EMHSD and FEMA to discuss a long-term recovery plan. DTMB is working on direct delivery for replacement cartridges to residences on the affected water lines and a tracking system to be used at the point of distribution locations that will offer real-time reporting.
Printed 250 water response team credentials. Will be delivered to Local EOC on Monday.
Provided warehouse security quotes for armed and unarmed guards.
Issued two (2) iPads for DEQ SEOC representatives to monitor Sentinel team activities.

**Transportation (MDOT)**

Providing 2 staff to warehouse #2 (Pierson Rd).

Providing 2 portable light tower generators to Fire Station #5 on Western Rd.

Providing (3' x 5') standard signs Fire Stations/PODs (2 each site)
Providing 100 grabber traffic cones (narrow reflective cones) at Fire Station #3 Martin Luther King Rd. & Fire Station #6 Pierson Rd. (50 each site).

Continuing to maintain situational awareness and responding to issues regarding equipment and road conditions.

## Executive Summary

On January 6, 2016, Governor Snyder declared a State of Emergency for the City of Flint and Genesee County. Genesee County requested the Governor's declaration on January 5, 2016, following the declaration of a State of Emergency in the county in response to the presence of lead in the public water supply, and the detection of elevated blood lead levels exceeding governmental standards. These conditions exist in the City of Flint, which declared a local State of Emergency and activated local response plans and their Emergency Operations Center on December 15, 2015. A public health emergency was declared by the Genesee County Health Department on October 1, 2015.

By early May 2014, the City of Flint switched from the Detroit Water and Sewerage Department (DWSD) to the Flint River as their primary water source. The corrosive river water caused the leaching of lead from lead pipes into the water supply. Increased exposure to lead can cause immediate negative health effects. However, the main health concerns are long-term effects in children such as developmental and cognitive delays, and behavioral disorders. Elevated blood lead levels were observed in a significant sampling of young children in the City of Flint, and confirmed by the State Chief Medical Officer.

To mitigate the negative effects of corrosive river water on the water infrastructure in the City of Flint, the city switched back to DSWD as their

**Planning Section Chief:**

**Daily Battle Rhythm**
**(Except for Monday which is a planning day and has additional tasks, see page 3, or other announced calls.)**

- Battle Rhythm
  - 0830- Unified Coordination Group Conference Call (SEOC)
  - 0930- State Agency Briefing
  - 1030- Distribution Process Meeting
  - 1600- State Agency Briefing
  - 1700- Agency and Section Chief Sit Reps Due
  - 1830- Distribution Process Meeting

**Daily Meetings:**

- 0830 Unified Coordination Group Conference Call
  - Planning Section starts call.
  - Polycom system is placed by the State Director's Desk.
  - Dial in number:
    - Make sure to follow the prompts when dialing in.
    - Call in:
    - Passcode:
- 0930 State Agency Call
  - Planning Section starts call.
  - Polycom system is placed by the State Director's Desk.
  - Dial in number:
    - Make sure to follow the prompts when dialing in.
    - Call in:
      - Access Code:
      - Host Password:
  - Turn on the speakers next to the Polycom. Those on the phone will not be able to hear if the speakers are not on.
  - You will need to hold the microphone (must be mic #2) to the Polycom when those on the phone are speaking.
  - Welcome everyone to the call.
  - Go over daily battle rhythm.
  - Introduce Operations Section.
  - From there, Ops. will call on each branch.
  - Assist with passing the microphone to state agencies up top.
  - If Ops. does not close the meeting, then prior to ending the call announce the next state agency call.
- 1030 Distribution Process Meeting
  - Attend
- 1600 State Agency Call
  - Lead. Same agenda and process as 0930 meeting.
- 1830 Distribution Process Meeting
  - Attend

**Daily Tasks:**

- Ensure battle rhythm is correct at the start of the day.
  - PIO usually notifies the PSC of Legislative and Congressional calls.
  - Sunday night or Monday morning will need to be updated to include all the planning day activities (see below).
- Assist on daily situation report.
- Review daily situation report once developed by situation unit.
- After 5 p.m., work with Recovery Branch, Planning Section and Logistics section (ordering unit) to obtain daily numbers. **Check daily numbers against yesterday's numbers for accuracy.**

- Work with situation unit to obtain approval on Sit Rep from Ops, Logistics, Command, and Peter Manning (Attorney General's Office EMC).
- Update the Flint Water Timeline Daily Update Final (location listed below) to include any high level events from the day and updated commodities distribution data.
    - S:\DISASTER\2015-10 Flint Water\MI CIMS Data for Sit Rep\PSC
- Develop evening tasks and nightly report, see below.

**Governor's Report- Submit by 12 pm, daily.**

- This is the daily summary of data. It is developed based on data from the night before.
- Daily items to note are usually identified during the 0930 briefing. The PSC will need to follow with the state agencies for a write up to include in the report.
    - This should include any high level information or big events taking place.
    - It should not be more than 4-5 bullets total.
    - *Daily and routine information will be included in the daily Sit Rep.*
- Currently Sam and Amanda are working each day to validate the information and pull the report.
    - Once the report is ready, they will put it in PDF and notify the PSC.
    - S:\DISASTER\2015-10 Flint Water\MI CIMS Data for Sit Rep\PSC\Gov Report PDFs
        - The PDF will have the today's date.
- The PSC will email the report, by noon, to the following individuals:
    - *Capt. Kelenske*
    - Mr. Tony Katarsky
    - Mr. Nat Forstner
    - Mr. Ben Geiger
- After the report is sent, forward to:
    - deborah.fulk@fema.dhs.gov
    - suzanne.ragsdale@fema.dhs.gov
    - marc.franklin@fema.dhs.gov
    - msp-seocpio@michigan.gov
    - Michelle Kuzera

**Evening Tasks:**

- Develop agenda for State Agency Call, if not done the night before.
    - S:\DISASTER\2015-10 Flint Water\Agendas
    - On Sunday's use the previous Monday's agenda when developing. Since Monday's are planning days, the state agency calls have additional IAP information to be briefed on during planning day.
    - Provide Ops. Chief with a copy.
- **Complete nightly report listed below.**

**Nightly Reports**

- Develop daily summary notes for Command.
- This will be emailed to Capt. Kelenske, Mr. Tony Katarsky and Ops Section Chief email account. If an alternative Deputy State Director is in the SEOC also include them on the email.
    - Template is available on the shared drive S:\DISASTER\2015-10 Flint Water\MI CIMS Data for Sit Rep\PSC titled "Daily Summary" or see sent box for previous day's email.
    - Information for the daily summary report is captured from: S:\DISASTER\2015-10 Flint Water\Sit Reps\Executive Summary.
        - Follow the template above, not all information from the Executive Summary needs to be included, keep it high level.
    - If any numbers are in the report, make sure to against yesterday's numbers for accuracy.
    - Attach:
        - Daily Sit Rep.
        - Daily Maps (usually lead and copper map and any additional map requested).
    - Prior to sending make sure all maps are attached.
- *Once the Daily Summary has been sent to Command, forward the email original email and attach the GIS daily parcel data email to the following contacts:*
    - deborah.fulk@fema.dhs.gov

- suzanne.ragsdale@fema.dhs.gov
- Marc.franklin@fema.dhs.gov
- Henrik Hollaender
- Michelle Kuzera

**Monday Reports:**

- As part of the Monday Daily Summary email also include:
  - Updated Governor's Timeline.
  - State Agency Event's for the week.
    - This document provides an overview of important events each state agency will be participating in during the next week.

**Planning Day (Monday's):**

- Battle Rhythm
  - 0800- Unified Command Objectives Meeting
  - 0830- Local Agency Briefing
  - 0930- Command/General Staff/SEOC Briefing
  - 1030- Distribution Process Meeting
  - 1230- ICS 204 Submissions Due
  - 1330- Tactics Meeting
  - 1600- Planning Meeting/SEOC Briefing
  - 1700- Agency and Section Chief Sit Reps Due
  - 1830- Distribution Process Meeting
- Update Incident Action Period objectives during Unified Command Meeting at 0800.
  - Project copy of last week objectives for the meeting.
    - S:\DISASTER\2015-10 Flint Water\Objectives & Tactics
  - If technology is not available, print 8 copies for meeting.
- During 0930 meeting Planning Section will read each objective.
  - This takes place after the daily battle rhythm is announced.
- Work with branches to develop or update ICS 204 forms.
- Update IAP, org chart, ICS forms (204, 205a, 208, map).
- Hold tactics meeting to review ICS 204 forms.
  - Ops. Section Chief runs this meeting.
- Once tactics meeting is complete and all 204 forms have been updated, print 4 copies of each ICS 204 and IAP.
- Distribute each specific ICS 204 to the appropriate branch directors or section chiefs.
- Provide Ops, State Director, FEMA FCO copies of ICS form and IAP.
- Brief updates to IAP during 4 pm State Agency call.
  - Ops Section Chief will read each objective and each agency will read the tactics they have developed for the week.
- Update ICS 204 and IAP based on any requests from the meeting.
- Once all updates have been made, have Ops Chief, State Director, and FCO review, approve, and sign IAP.
- Post IAP to MI CIMS in File Library.

Updated 2/12

**Planning Section Chief:**

**Daily Battle Rhythm (Except for Monday- see below)**

- Battle Rhythm
  - 0830- Unified Coordination Group Conference Call (SEOC)
  - 0930- State Agency Briefing
  - 1030- Distribution Process Meeting
  - 1600- State Agency Briefing
  - 1700- Agency and Section Chief Sit Reps Due
  - 1830- Distribution Process Meeting

**Daily Meetings:**

- 0830 Unified Coordination Group Conference Call
  - Attend
- 0930 State Agency Call
  - Planning Section starts call.
  - Polycom system is placed by the State Director's Desk.
  - Dial in number:
    - Make sure to follow the prompts when dialing in.
    - Call in:
      - Access Code:
      - Host Password:
  - Turn on the speakers next to the Polycom. Those on the phone will not be able to hear if the speakers are not on.
  - You will need to hold the microphone (must be mic #2) to the Polycom when those on the phone are speaking.
  - Welcome everyone to the call.
  - Go over daily battle rhythm.
  - Introduce Operations Section.
  - From there, Ops. will call on each branch.
  - Assist with passing the microphone to state agencies up top.
  - If Ops. does not close the meeting, then prior to ending the call announce the next state agency call.
- 1030 Distribution Process Meeting
  - Attend
- 1600 State Agency Call
  - Lead, see directions above. Same @ 0930
- 1830 Distribution Process Meeting
  - Attend

**Daily Tasks:**

- Ensure battle rhythm is correct at the start of the day.
  - PIO usually notifies the position of Legislative and Congressional calls.
  - Sunday night or Monday morning will need to be updated to include all the planning day activities (see below).
- Assist on daily situation report.
- Review daily situation report once developed by situation unit.
- After 5 p.m., work with Recovery Branch, Planning Section and Logistics section (ordering unit) to obtain daily numbers. **Check daily numbers against yesterday's numbers for accuracy.**
- Work with situation unit to obtain approval on sit rep from Ops, Logistics, Command and Peter Manning (AG)
- Update the Flint Water Timeline Daily Update Final (location listed below) to include any high level events from the day and updated commodities distribution data.
  - S:\DISASTER\2015-10 Flint Water\MI CIMS Data for Sit Rep\PSC

**Governor's Report- Submit by 12 pm, daily.**

- This is the daily summary of data. It is developed based ~~of the~~ data from the night before.
- The PSC will need to work with the state agencies to identify the daily items to note. This should include any high level information or big events taking place. It should not be more than 4-5 bullets total. Daily and routine information will be included in the daily sit rep.
- Currently Sam and Amanda are working each day to validate the information and pull the report.
- Once the report is ready, ~~they will put it in~~ it will be sent PDF and notify the PSC.
    - S:\DISASTER\2015-10 Flint Water\MI CIMS Data for Sit Rep\PSC\Gov Report PDFs
        - It will be the PDF for the current date.
- The PSC will email the report, by noon, to the following individuals:
    - Capt. Kelenske
    - Mr. Katarsky
    - Mr. Nat Forstner
    - Mr. Ben Geiger
- After the report is sent, forward to:
    - deborah.fulk@fema.dhs.gov
    - suzanne.ragsdale@fema.dhs.gov
    - marc.franklin@fema.dhs.gov
    - Michelle Kuzera
    - SEOC PIO (msp-seocpio@michigan.gov)

**Evening Tasks:**

- Develop agenda for State Agency Call, if not done the night before.
    - S:\DISASTER\2015-10 Flint Water\Agendas
    - Provide Ops. Chief with a copy.
- Complete nightly reports listed below.

**Nightly Reports**

- Develop daily summary notes for Command. This will be emailed to Capt., Mr. Tony Katarsky and Ops Section Chief. If an alternative Deputy State Director is in the SEOC also include them on the email.
    - Template is available on the shared drive S:\DISASTER\2015-10 Flint Water\MI CIMS Data for Sit Rep\PSC titled "Daily Summary" or see sent email for previous day's email.
    - Information for the daily summary report is captured from: S:\DISASTER\2015-10 Flint Water\Sit Reps\Executive Summary.
        - Follow the template above, not all information from the Executive Summary needs to be included, keep it high level.
    - Check daily numbers against yesterday's numbers for accuracy.
    - Attach:
        - Daily Sit Rep.
        - Daily Maps (usually lead and copper map and any additional map requested).
    - Prior to sending make sure all maps and Governor's data is attached.
- Once the Daily Summary has been sent to Command, forward the email original email and attach the GIS daily parcel data email to the following contacts:
    - deborah.fulk@fema.dhs.gov
    - suzanne.ragsdale@fema.dhs.gov
    - Marc.franklin@fema.dhs.gov
    - Henrik Hollaender
    - Michelle Kuzera

**Planning Day (Monday's):**

- Battle Rhythm
    - 0800- Unified Command Objectives Meeting
    - 0830- Local Agency Briefing
    - 0930 Command/General Staff/SEOC Briefing

    - 1030- Distribution Process Meeting
    - 1230- ICS 204 Submissions Due
    - 1330- Tactics Meeting
    - 1600- Planning Meeting/SEOC Briefing
    - 1700- Agency and Section Chief Sit Reps Due
    - 18:30- Distribution Process Meeting
- Update Incident Action Period objectives during Unified Command Meeting at 0800.
    - Project copy of last week objectives for the meeting.
        - S:\DISASTER\2015-10 Flint Water\Objectives & Tactics
    - If technology is not available, print 8 copies for meeting.
- During 0930 meeting Planning Section will read each objective.
    - This takes place after the daily battle rhythm is announced.
- Work with branches to develop or update ICS 204 forms.
- Update IAP, org chart, ICS forms (204, 205a, 208, map).
- Hold tactics meeting to review ICS 204 forms.
    - Ops. Section Chief runs this meeting.
- Once tactics meeting is complete and all 204 forms have been updated, print 4 copies of each ICS 204 and IAP.
- Distribute each specific ICS 204 to the appropriate branch directors.
- Provide Ops, State Director, FEMA copies of ICS form and IAP.
- Brief updates to IAP during 4 pm State Agency call.
    - Ops Section Chief will read each objective and each agency will read the tactics they have developed for the week.
- Update ICS 204 and IAP based on any requests from the meeting.
- Once all updates have been made, have Ops Chief, State Director, and FCO review and approve IAP.
- Post IAP to MI CIMS in File Library.

**Monday Reports:**

- As part of the Monday Daily Summary Report also include:
    - Summary of previous week's burn rate.
    - Updated Governor's Timeline.
    - State Agency Event's for the week.
        - This document provides an overview of important events each state agency will be participating in during the next week.

2.5.16

## Situation Report Process

1. Bullet Point reminder
    a. At 1530 (3:30p) or 1.5 hours before the time due send an email to the following reminding them to send bullet points of today's activities.
        i. List of recipients:
            1. msp-seocopsc@michigan.gov
            2. msp-seoclgc@michigan.gov
            3. plangc@michigan.gov
            4. msp-seocfgc@michigan.gov
            5. msp-seocgis@michigan.gov
            6. msp-seocgis2@michigan.gov
            7. hollanderh@michigan.gov (or local EOC planning)
            8. Webert1@michigan.gov (State VAL)
            9. Msp-seoc7@michigan.gov (State VAL SEOC address)
2. Sit Rep Preparation
    a. At 1700 (5:00p) open the MICIMS dashboard for the incident and click on the **Situation Report Process** under the **Menus** section.
    b. In the **Situation Report Process Board** click on the **Situation Report-Step 1-Agency Reports** link.
    c. In the **SEOC Agency Reports** board verify that the Last updated column shows that the agency report has been updated for today (for agencies that are present in the SEOC or have a supporting role).
    d. If they are not up to date please check with the representative and work the report updated prior to continuing in the Sit Rep Builder (the process in MICIMS).
3. Executive Summary
    a. At 1700 (5pm) make a copy of the previous days executive summary and rename it "Sit Rep Executive Summary 2016mmdd (replace mm with numbers of the month and dd with numbers of the day). This document is located in the s drive in the following location:
        i. Shared>Disaster>2015-10 Flint Water>Sit Reps>Executive Summary
    b. Open up the renamed Sit Rep and select all (Ctrl+A) and click highlight (in Home Tab and Font section) to highlight all the text. Then save the document.
    c. As you update the content you will remove the highlighting on the sections to indicate you have updated them.
    d. As you receive the bullet points from the section chiefs and staff by email update the corresponding sections with the information provided. This will require you to copy and paste the bullets and wordsmith the sections as necessary to ensure that they flow well.
    e. Who will send the bullets:
        i. Logistics->Logistics Section Chief.
        ii. JIC->pull information from the twice daily briefings and/or the JIC Sit Rep.
        iii. Recovery Branch-> bullets will accompany the daily numbers for the teams.

iv. Operations->Operations Section Chief.
v. Finance-> Finance Section Chief
vi. GIS-> GIS Staff/Section Leader
vii. DTMB-> Pull information from twice daily briefings and/or Agency Sit Rep.
viii. DHHS-CH-> Pull information from twice daily briefings and/or Agency Sit Rep.
ix. DEQ-> Pull information from twice daily briefings and/or Agency Sit Rep.
x. Local EOC-> Local EOC Planning will send bullets.

f. To update the numbers:
    i. Pull information for the following numbers from the following locations:
        1. Recovery
            a. Numbers sent along with bullet points (totals can be obtained by adding today's totals to the previous days count).
        2. Operations
            a. Warehouse Numbers
                i. These numbers will be in the Google Drive Pipeline document around 6:30p every evening.
            b. PODs
                i. These numbers are obtained from the **National Guard Reporting FD PODs 2016-mm-dd.** This is located in the following location on the S: drive.
                    1. SHARED>DISASTER>2015-10 Flint Water>MI CIMS Data for Sit Rep>POD numbers>National Guard Reporting FD PODs 2016-mm-dd.
                    2. Pull the numbers from the **1700 TOTAL NUMBERS** sheet. It will be the numbers in the orange box.

4. Situation Report Process (in MICIMS)
    a. You can begin this process once all of the state agencies have submitted their Sit Reps (verify using the Sit Rep Prep process above).
    b. In the **Situation Report Process Board** click on the **Situation Report-Step 1-Agency Reports** link.
    c. In the board click the **Situation Report-Step-1-Planning Portion** link.
    d. In the **Michigan Planning Section** board click the **Edit** button.
    e. In the editing page set the **Operation Period Begin and End** to reflect the current operational period (this only changes once a week currently).
    f. Change the **Situation Report No.** this number is changed by adding 1 each Sit rep.
    g. Change the **SEOC Hours of Operation Begin and End** these change daily and you should only have to change the date.
    h. Once you have changed those items click the **Save** button and close the page.
    i. Next you will need to click the **Situation Report-Step 2-Send to Planning** link.
    j. In this page click the **Send to Planning** button and wait 30 seconds then close the page.
    k. Next you will click on the **Situation Report-Step 3-Editing** button.

l. Click on the **Edit** button.

m. Scroll down to the text box below the **Incident Response/Recovery Priorities/Objectives.**

   i. Ensure that the objectives are the current objectives from the Incident Action Plan for the current Operational Period (verify with Planning Section Chief if unsure).

   ii. These can be pulled from the following location if they are not current:

      1. SHARED>DISASTER>2015-10 Flint Water>Objectives & Tactics. From here you can pull the most recent objectives.

   iii. If the objectives need to be updated copy and paste them and format them accordingly.

n. Next scroll down to the text box below the **Emergency Declarations** title.

   i. In this section verify that all the declarations are listed in the appropriate sections. If any are missing, copy and paste them from the previous Sit Rep in the following location.

      1. SHARED>DISASTER>2015-10 Flint Water> Sit Reps

o. Next scroll down to the **Weather Conditions, Upcoming Forecast**

   i. In this text box you will need to remove the "Updated xxxx am/pm" from the line so that it only shows the date. Then go to each date in parenthesis and change them from abbreviations to the full name (e.g. Jan to January).

   ii. In this box you will also need to un-capitalize any words that are incorrectly capitalized.

p. Finally scroll through the Agency Sit Reps and remove any extra spaces following the text (at the bottom) in each text box to prevent large blank spaces on the final Sit Rep.

q. Placing the Executive Summary

   i. Once the executive summary has been completed go to the text box below the **Executive Summary** title.

      1. Delete the information currently in the box and copy and paste the text from your finished summary in word.

      2. Once this has been pasted scroll through the summary and place spaces between each section to make the summary easier to read.

5. Approval Process

   a. Have the Planning Section chief review the finished product before printing and distributing with other section chiefs and SMEs.

   b. Once the planning Section has reviewed and approved the finished product do the following:

      i. In the **Situation Report Process** board click on the **Situation Report-Step3-Editing** link.

      ii. In the **Situation Report-Step3-Editing** page click on the page and the select all (Ctrl+A) to select the entire document.

      iii. Right click on the mouse and select copy from the menu.

      iv. Open up Microsoft word and select **File>New>Create.**

v. In the new document paste (Ctrl+v) the copied Sit Rep.
vi. In the pasted Sit Rep Scroll down until you see the title "Damage Assessment and Emergency Status Report" for the second time.
vii. Select the text from second title through the end of the document and delete the selected text.
viii. Click on **File>Save As** and route to the following location:
    1. SHARED>DISASTER>2015-10 Flint Water>Sit Reps
ix. Name the word document to **Sit Rep ##** replace the number with the sit rep number we are currently on (will be previous sit rep +1).

c. Once you have save the document click on **File>Save and Send** click on **Send as Attachment.**
d. Once it opens up in an outlook window send the document and the following text to Peter Manning (manningp@michigan.gov) for review.
    i. Text for Email:

    Mr. Manning,

    Please review the attached situation report and provide any changes.

    Thanks,

    Situation/Documentation Unit Leader, State Emergency Operations Center
    Michigan State Police/Emergency Management and Homeland Security
    (This email is monitored only when the SEOC is activated)

e. Once you have sent the copy to Peter Manning go back to the version in MICIMS you copied from for the word doc and click on **Create PDF.**
f. Once the PDF version is created click print (Ctrl+p), in the print window on the right hand side click the right arrow until you see the "Damage Assessment and Emergency Status Report Title" appear again (should be around page 6 or 7).
g. In the **Pages to Print** section (top left) click the pages button and put from 1 to the page the duplication begins you found above.
h. Click the box to print on both sides of paper and press print.
i. Once the document is printed highlight the Executive Sumnmary title to indicate to operations and logistics that those are the sections that need review.
j. Next give the sit rep to the operations chief for review, once they review give the report to the logistics chief if they are present, and see if the state director would like to review the report.
k. Once all have reviewed (including Peter Manning) make any necessary changes.
l. In the **Situation Report-Step3-Editing Version** click the **Edit.** In the edit page check the **Publish** box to the left of save. Then click **Save** and close the window.

6. Final Step
    a. In the **Situation Report Process** board click the **Situation Report-Step4-Published** link.
    b. Click **View** for the most recently published Situation Report (should be the one you just published).
    c. Click **Create PDF** at the top of the page.

d. Save the document (Shift+Ctrl+s).
e. Route to the following location in the window:
    i. SHARED>DISASTER>2015-10 Flint Water>Sit Reps
f. Name the document using the following convention:
    i. 2015-10-01 City of Flint Wtaer Contamination-Shortage SitRep ## 2016-mm-dd.
        1. ##=sit rep number
        2. mm= month
        3. dd= day

7. **CONGRATULATIONS YOU FINISHED!!!!!** ☺

SEOC Report for February 9, 2016

**Full Days Since Emergency Declaration: 35**

## Items to Note

- A boil water advisory has been issue in the City of Flint by the local utility due to a broken water main.
- The MOA for the Adventist Community Services to operate the second warehouse was signed by their organization today.
- The long term recovery group made significant progress today and anticipates having a completed long term recovery plan by Thursday February 11, 2016.
- Recovery completed the comprehensive list of apartment units that exist within the City of Flint and franchise customers.
- 10 ARC Flint Water Response Teams to the field today. It is anticipated that by the end of tomorrow all water customers will have been contacted at least once.

  - 18:30- Distribution Process Meeting

Send daily items to note email every morning

**Daily Meetings:**

- 0830 ~~Local Call~~ VOG
  - Attend
- 0930 State Agency Call
  - Planning Section starts call.
  - Polycom system is placed by the State Director's Desk.
  - Dial in number:
    - Make sure to follow the prompts when dialing in.
    - Call in:
      - Access Code:
      - Host Password:
  - Turn on the speakers next to the Polycom. Those on the phone will not be able to hear if the speakers are not on.
  - You will need to hold the microphone to the Polycom when those on the phone are speaking.
  - Welcome everyone to the call.
  - Go over daily battle rhythm.
  - Introduce Operations Section.
  - From there, Ops. will call on each branch.
  - Assist with passing the microphone to state agencies up top.
  - If Ops. does not close the meeting, then prior to ending the call announce the next state agency call.
- 1030 Distribution Process Meeting
  - Attend
- 1600 State Agency Call
  - Lead, see directions above.
- 1830 Distribution Process Meeting
  - Attend

**Daily Tasks:**

- Ensure battle rhythm is correct at the start of the day.
  - Sunday night or Monday morning will need to be updated to include all the planning day activities (see below).
- Assist on daily situation report.
- Review daily situation report once developed by situation unit.
- After 5 p.m., work with Recovery Branch, Planning Section and Logistics section (ordering unit) to obtain daily numbers. **Check daily numbers against yesterday's numbers for accuracy.**
- Work with situation unit to obtain approval on sit rep from Ops, Logistics, Command and Peter Manning.
- Update the Flint Water Timeline Daily Update Final (location listed below) to include any high level events from the day and updated commodities distribution data.
  - S:\DISASTER\2015-10 Flint Water\MI CIMS Data for Sit Rep\PSC

**Evening Tasks:**

- Develop agenda for State Agency Call, if not done the night before.
  - S:\DISASTER\2015-10 Flint Water\Agendas
  - Provide Ops. Chief with a copy.
- Coordinate with Ops Section Chief nightly to develop Local EOC conference call agenda.
  - ~~S:\DISASTER\2015-10 Flint Water\Local EM Calls~~
- Complete nightly reports listed below.

**Nightly Reports** & OPS Section chief.

- Develop daily summary notes for Capt. & Tony. If an alternative Deputy State Director is in the SEOC also include them on the email.
  - Template is available on the shared drive S:\DISASTER\2015-10 Flint Water\MI CIMS Data for Sit Rep\PSC titled "Daily Summary" or see sent email for previous day's email.
  - Information for the daily summary report is captured from: S:\DISASTER\2015-10 Flint Water\Sit Reps\Executive Summary.
    - Follow the template above, not all information from the Executive Summary needs to be included, keep it high level.
  - Check daily numbers against yesterday's numbers for accuracy.
  - Attach:
    - Daily Sit Rep.
    - GovReport (Word Template)
      - S:\DISASTER\2015-10 Flint Water\MI CIMS Data for Sit Rep\PSC
    - Daily Maps (usually lead and copper map and any additional map requested).
  - Prior to sending make sure all maps and Governor's data is attached.
- Once the Daily Summary has been sent to Command, forward the ~~email~~ original email and the GIS daily parcel data email to the following contacts:
  - deborah.fulk@fema.dhs.gov
  - dwayne.huffman@fema.dhs.gov
  - suzanne.ragsdale@fema.dhs.gov
  - Henrik Hollaender
  - Michelle Kuzera
- Send GovReport sheet to JIC Manager. SEOC PIO

NEW FEMA SIT UNIT LEAD
marc.franklin@
fema.dhs.gov

**Planning Day (Monday's):**

- Battle Rhythm
  - 0800- Unified Command Objectives Meeting
  - 0830- Local Agency Briefing
  - 0930 Command/General Staff/SEOC Briefing
  - 1030- Distribution Process Meeting
  - 1230- ICS 204 Submissions Due
  - 1330- Tactics Meeting
  - 1600- Planning Meeting/SEOC Briefing
  - 1700- Agency and Section Chief Sit Reps Due
  - 18:30- Distribution Process Meeting
- Update Incident Action Period objectives during Unified Comm
  - Project copy of last week objectives for the meeting.
    - S:\DISASTER\2015-10 Flint Water\Objectives & Tactics
  - If technology is not available, print 8 copies for meeting.
- During 0930 meeting Planning Section will read each objective.
  - This takes place after the daily battle rhythm is announced.
- Work with branches to develop or update ICS 204 forms.
- Update IAP, org chart, ICS forms (204, 205a, 208, map).
- Hold tactics meeting to review ICS 204 forms.
  - Ops. Section Chief runs this meeting.

- Once tactics meeting is complete and all 204 forms have bee 204 and IAP.
- Distribute each specific ICS 204 to the appropriate branch dir
- Provide Ops, State Director, FEMA copies of ICS form and IA
- Brief updates to IAP during 4 pm State Agency call.
    - Ops Section Chief will read each objective and each developed for the week.
- Update ICS 204 and IAP based on any requests from the me
- Once all updates have been made, have Ops Chief, State Dir IAP.
- Post IAP to MI CIMS in File Library.

**Monday Reports:**

- As part of the Monday Daily Summary Report also include
    - Summary of previous week's burn rate.
    - Updated Governor's Timeline.
    - State Agency Event's for the week.
        - This document provides an overview of in be participating in during the next week.

- Once tactics meeting is complete and all 204 forms have been updated, print 4 copies of each ICS 204 and IAP.
- Distribute each specific ICS 204 to the appropriate branch directors.
- Provide Ops, State Director, FEMA copies of ICS form and IAP.
- Brief updates to IAP during 4 pm State Agency call.
    - Ops Section Chief will read each objective and each agency will read the tactics they have developed for the week.
- Update ICS 204 and IAP based on any requests from the meeting.
- Once all updates have been made, have Ops Chief, State Director, and FCO review and approve IAP.
- Post IAP to MI CIMS in File Library.

**Monday Reports:**

- As part of the Monday Daily Summary Report also include:
    - Summary of previous week's burn rate.
    - Updated Governor's Timeline.
    - State Agency Event's for the week.
        - This document provides an overview of important events each state agency will be participating in during the next week.

**Public Health Emergency Declaration for People Using the Flint City Water Supply with the Flint River as the Source**

The County is issuing an Emergency Advisory recommending that people not drink the water coming from the City of Flint using the Flint River as the water source unless:

It has been tested to assure it does not contain elevated levels of lead.

It is being filtered through a National Sanitation Foundation (NSF) approved filter certified to remove lead that meets ANSI standard 53.

Findings reported in the Detroit Free Press September 30, 2015 indicate that Governor Snyder has publically acknowledged that Flint's water supply "appears" to have problems. Snyder has conceded that "it appears that (water) lead levels could be higher or have increased," and that there are "probably things that weren't fully understood when the switch was made." This is in direct contrast to previous reports from the State that downplayed the severity of the situation and conflicted with local data released by researchers at Hurley Medical Center.

Young children are most vulnerable to leads effects, because prior to age six, their brain and central nervous system are still forming and easily susceptible to damage. For an adult to suffer significant health effects, exposure to lead would have to be sustained and more intense. Most adults who are affected by lead have been exposed in an occupational setting, such as working as a house painter or in a battery recycling plant.

Pregnant women are at special risk because the lead they absorb crosses the placenta and enters the fetus.

It's important to remember that there is no known safe level of lead in a human body, Experts now use a reference level of 5 micrograms per deciliter to identify children with blood lead levels that are much higher than most children's levels. This new level is based on the U.S. population of children ages 1-5 years who are in the highest 2.5% of children when tested for lead in their blood.

Lead in water can contribute to a child's blood lead level. The Michigan Department of Environmental Quality, who regulates municipal water supplies, has assured us that the water leaving the Flint Water Plant meets all Federal and State requirements. The City of Flint has a documented problem with lead in its drinking water due to service and household lines that may contain lead or lead solder which can leach lead because of the corrosivity of the water since changing to the Flint River as the source supply. Generally, those who are most vulnerable

to leads health effects from exposure to unfiltered tap water are the very youngest children. For this reason, if you are not sure about the lead content in your tap water, it's best to either use a filter that has been found to be effective for reducing or eliminating lead, or to use bottled water instead. Water filters should be National Sanitation Foundation (NSF) certified to remove lead and meet ANSI standard 53. If these options are not available to you, then it's best to let the water run for at least five minutes before using it for either drinking or cooking purposes. Always use cold water instead of hot water for drinking and cooking.

It's especially important to avoid using untested or unfiltered tap water for mixing infant formula unless you can assure your water is lead free.

When leaded gasoline was in widespread use in this country, the lead came out the tail pipe and was deposited in yards near the roads. That lead may still be in those yards. In addition, lead paint continues to be a major source of childhood lead poisoning and can be found in homes built before 1978 when lead paint was banned in the U.S. and may be a hazard inside and outside the home especially where paint is worn or flaking.

There are many other potential sources of lead exposure, including:

- "Home remedies" and cosmetics imported from other countries
- Tamarind or chili-based candies from Mexico
- Stained glass windows
- Fishing sinkers
- Firing ranges
- Old, deteriorated mini-blinds
- Bean pots and painted ceramics
- Crystal decanters
- Lead crystal glassware

Since no safe level has been identified it is in everyone's interest to reduce exposure to lead as much as possible. Recommendations on ways to reduce lead exposure can be found on the Genesee County Health Department website www.gchd.us and Center for Disease Control and Prevention website: http://www.cdc.gov/nceh/lead/tips.htm .

Recent data provided by Hurley researchers has indicated a significant increase in blood lead levels in children after the switch to Flint River water. The County Health Officer has requested that MDHHS provide specific data to support their claim that state data is more comprehensive and does not show a significant increase. To date the state has failed to provide the requested data by the September 30, 2015 deadline in our previous request to the state.

## FOIA Request Related to Flint Water

1 message

**Alex Abdun-Nabi** <aabdunnabi@gmail.com> Thu, Feb 11, 2016 at 5:22 PM
To: hinkleyl@michigan.gov

Ms. Hinkley,

In accordance with instructions I received from Captain Zarotney, I am contacting you with an estimate of the number of records I possess related to the Flint Water Emergency. I believe I have between 35 and 40 records, all but one of which are emails. The other document is an excel spreadsheet related to donations management. Please let me know if you need any other information from me.

Thank you so much,

Alex

# URGENT - Records Request

1 message

**Zarotney, Greg (MSP)** <ZarotneyG@michigan.gov> Thu, Feb 11, 2016 at 5:01 PM

The department has been directed to provide copies of all records in our possession related to the Flint water matter to the Governor's office. *You are receiving this email because you have been identified as an* individual who may have records that must be produced. If there are any department members who you think may be in possession of records related to Flint water, please forward this message to those members.

Records include memos, handwritten notes, emails and attachments, and text messages in your possession, regardless of who produced the record. Be sure when you search your email messages that you look in your inbox, sent box, and trash. In preparation for the production, you must estimate the number of records you have in your possession and provide that estimate to Ms. Lori Hinkley no later than ***2:00 PM on Friday, February 12, 2016.***

You must then provide a copy of each record in your possession to the Legislative and Legal Resources Section no later than close of business on **Thursday, February 18, 2016.**

Members who work at Headquarters must provide paper copies to F/Lt. Chris Hawkins in the Office of the Director. Members who work at the State Secondary Complex must provide a paper copies Ms. Lori Hinkley. Ms. Hinkley is located on the second floor of the new Headquarters building. Department members who work outside of these worksites may send copies of records in their possession via e-mail to MSP-FOIAProject@michigan.gov.

In addition to this initial production of records, the department is required to provide copies of newly created records on an ongoing basis. Until further notice, copies of all newly created records shall be forwarded to MSP-FOIAProject@michigan.gov.

**REMINDER**: *Public records can only* be disposed of consistent with an approved retention schedule. As it applies to emails and text messages related to the Flint water matter, please use the retention schedule in place for general correspondence which is **two years.** Please save all emails and text messages for at least two years. Prior to expiration of the two year period you will have an opportunity to re-evaluate the content of the messages to determine if an additional retention period is necessary. If you have issues with accommodating emails based on your mailbox size, please archive them. Do not print and file them as the metadata must be retained as well.

If you have any questions with these instructions, please contact Ms. Lori Hinkley.

Capt. Greg Zarotney

Michigan State Police

Office of the Director

333 South Grand Avenue

Lansing, Michigan 48909

(517) 241-0204

## Tools for the Trade!

7 messages

**Hunter, Janet (DHHS)** <HunterJ8@michigan.gov> Fri, Jan 29, 2016 at 4:48 PM
To: "Veeser, Chad (DHHS)" <VeeserC@michigan.gov>, "Martus, David (DHHS)" <MartusD@michigan.gov>
Cc: "Holmes, Virginia (DHHS)" <HolmesV@michigan.gov>, "aabdunnabi@gmail.com" <aabdunnabi@gmail.com>, "Adler, Jessi (DHHS)" <AdlerJ@michigan.gov>

Hey Team, I've attached our frequent flyer tools. Please use "your voice" in the Quick Responses or feel free to us mine.

Here are some updates for the week-end:

**Student Intern:** Alex Abdunnabi - was on loan for us today from the SOEC. He was a super star today. We hope we can utilize his talents again.

**New Shared Email Site:**

- flintdonation.michigan.gov (Janet still receiving emails for now until the public shifts to the this one)
  - password:
- shared donation phone: (517) 420-4162

**Water Donations:**

- This Saturday & Sunday small donations can be sent to: Food Bank's additional location at: 2312 Lapeer Rd. between 9am - 3pm
- Water on pallets in large quantity can continue to go to Clio Rd. normal hours. Whenever possible email or text Bonnie that you have approved the donation.
- MMR **NOT** available this week-end
- Hill 23 Drive **NOT** available this week-end

**Volunteers:**

- VCR is open 9am - 3pm on Saturday & Sunday

**Mi-CIMS**

- Looking at every donation entry being made into this data-base in the Donations Management Section. I played around with it and it is very user-friendly. If time permits go in and explore.
-

**Needs at EOC:**

- extra monitor for working with Mi-CIMS
- wireless printer would be nice

Hope all this helps! Dave you were missed, hope your conference was a good one...welcome home! Janet

Janet Hunter

Great, thanks Janet.

I sent Alex a note separately (I'm sure he's been too busy to respond), but I figured out he's the son of the CEO of the company I worked at formerly, Emergent BioSolutions. Small World! Hopefully we can meet up while he's helping us out.

In other news, I'm still plugging away on the recycling stuff. I'll be at home this weekend with a variety of family commitments, birthdays, band concerts and more. Reach me by phone if you need me to do something Flint-related.

Thanks!

Jessi,

I'm so sorry I didn't get back to you! I can't seem to find your email, where did you send it? Such a small world about Emergent! I hope we do have the chance to meet before this is all over.

Have a great night!

Alex

To: Alex Abdun-Nabi <aabdunnabi@gmail.com>

Alex,

I tried sending it to your state address, but maybe that's not real?

At any rate, here's the message:

Alex,

I just heard that you're working with Janet on the donations. Welcome aboard!

I'd been told there was an "Alex" working with our team now, but didn't get a last name till the email you just sent out and it made me go "holy cow, it's a small world!"

I worked at Emergent BioSolutions at the Lansing campus from 2010-14 before I came to the state. I've talked to your dad many times on his visits to Lansing. It's nice to "meet" you and I'll have to stop by the EOC next week and meet you in person.

To: "Adler, Jessi (DHHS)" <AdlerJ@michigan.gov>

Thanks Jessi! It turns out I do have a state email address that no one told me about, but as of right now, I don't have access to it. Thanks for letting me know about it!

I spoke with my dad after I got your email last night. He said it was great to hear that you have moved on to a fantastic organization and that he hopes you are doing well.

I'm not sure I'll be with Janet in the EOC next week, I sort of float around to whatever assignments require some assistance, but hopefully we will have a chance to connect in the not too distant future.

Thanks so much for getting in touch, I look forward to meeting you!

Alex

To: Alex Abdun-Nabi <aabdunnabi@gmail.com>

Hi Alex,

I realized we didn't get a chance to connect last week in Flint and it doesn't look like I'll be headed back as MCSC is working to transition our workload over to others.

When you're not in Flint, where are you located? I'm in the Grand Tower in downtown Lansing, next to the MSP headquarters. I'd still like to meet up at some point, maybe grab coffee or something.

-Jessi

Jessi,

I apologize for the delay in my response. I'm located at the new General Office Building, near the MSP Training Academy in Dimondale. Getting together would be great! We're still pretty heavily engaged at the SEOC level, but I'm thinking it may calm down in a couple of weeks, so let's perhaps shoot for then if that works for you.

Thanks so much for getting in touch!

To: "Hunter, Janet (DHHS)" <HunterJ8@michigan.gov>

Hi Janet,

I hope everything is going well. I wanted to check in and make sure you got the copy of the report I sent you and to see if you needed anything else from me. I just called you on your personal cell, but I'm sure you're very busy in the EOC. Let me know if I can be of assistance.

Thanks,

Alex

I sent this to your personal email. I realized you may not be checking that given the switch over. Let me know if you need something.

Hi Alex...so sorry to neglect you! Yes, your report was a HUGE help to us and was sent on to the SEOC this morning.

Hope you had a good week-end! Just checking, if you are interested in working with us, and if so your availability? Thanks. Janet

Janet,

My apologies for not being prompt with this reply. I am glad the report was of value to you.

In relation to your offer, I am very flattered by your interest in bringing me on to assist with the donations management aspect of the crisis. I was wondering if you could provide me more specifics on what the arrangement would look like in terms of structure and timeframe. I really appreciate you thinking that I would be a good fit for your organization, but I think I need to learn a bit more about how the position would look before I make a decision.

Thank you so much,

Alex

To: Alex Abdun-Nabi <aabdunnabi@gmail.com>

Hi Alex, thank you for getting back with me. We are in the midst of re-organizing how our team will be working in the EOC. So, at this time we are in flux if we will be moving forward with more staffing for our continuing role with the Flint Response at the EOC level. If things change we will keep you posted. I shared with Ginna our discussion in case things move forward with an opportunity for you to consider. Thanks again for all your support. Janet

## Donations Report.

1 message

**Alex Abdun-Nabi** <aabdunnabi@gmail.com> Fri, Jan 29, 2016 at 6:47 PM
To: HunterJ8@michigan.gov

Janet,

Attached is the Donations Report. I'm up to midway through the emails you sent on the 27th. Let me know if you need anything else from me. Have a great weekend and do try to get some rest.

Thanks,

Alex

## Recycling Press Release

1 message

**Alex Abdun-Nabi** <aabdunnabi@gmail.com> Fri, Jan 29, 2016 at 6:10 PM
To: ctafoya@co.genesee.mi.us

Captain,

Michelle K. has asked me to share this with you. It is the recycling press release from the other day. Please let me know if this is the correct document you requested.

Thanks,

Alex

Due to the overwhelming generosity of people around the world, Janet's email and phone is getting overwhelmed and additional staff has been brought in. Therefore a general email and phone number has been created so that anyone sitting the donations management desk can respond to interested parties. From this point forward, any and all donation offers or inquiries, shall go to:

FlintDonations@michigan.gov
517-420-4162

Thank you.

Alex,

The local EOC and Donations Management Team have graciously accepted your offer to assist in the local EOC tomorrow with donations management. I've cc'd Ginna Holmes and Janet Hunter from the Michigan Community Services Commission who is leading the charge. I've also cc'd Michelle Kuzera who is one of our division managers at MSP/EMHSD, but is serving as the local EOC Operations Section Chief. Please look for one of them when you arrive at 8 a.m. The location for the local EOC is 1101 Beach Street, Flint. Park in the parking structure on the ground level. Go in the doors and take the elevator to the basement. Michelle's cell number is

Thanks again for your offer to assist. As you know from the many hours you have put in up here, there is much to do. Let me know if need anything.

Wendy M. Galbreath

Support & Outreach Unit Manager

Michigan State Police, Emergency Management

And Homeland Security Division

Alex,

We are so appreciative of you coming to help. Janet will let you know what she needs - answering the donor calls and typing up the donations from this week would be very helpful!

Don't forget to get you parking ticket stamped and so you do not have to pay when you leave the garage.

I will not be there until after 1:00 pm - I have a meeting in Detroit.

Have a great morning.

# Monday/Tuesday

3 messages

**Alex Abdun-Nabi** <aabdunnabi@gmail.com> Sun, Jan 24, 2016 at 4:51 PM
To: "Galbreath, Wendy (MSP)" <GalbreathW@michigan.gov>

Wendy,

I hope you are enjoying your well deserved trip to Chicago. After talking with Andy, it seems that Monday and Tuesday will be pretty slow at U of M and that if I thought it would be better for me to get more experience in the SEOC, he would be okay with that. For me, I think it would be a great opportunity to continue learning from everyone and to assist in the ways that I can. Do you think it would be possible for me to go in on Monday and Tuesday? I would be very grateful for the opportunity to continue working in the SEOC.

I apologize for the lateness of this email, I have been trying to figure out my availability for the week over the weekend.

Thanks so much!

Alex

I am currently out of the office and will not return until Monday, January 24. If this is in regards to the Flint Water Emergency, please email:

MSP-SEOCLGC@michigan.gov or
call Ms. Tonya Nobach at 5
or email her at nobacht@michigan.gov.

Otherwise, I will respond to your email when I return on Monday, January 24.

Thank you and have a great day.

# Wednesday

4 messages

**Alex Abdun-Nabi** <aabdunnabi@gmail.com> Mon, Jan 18, 2016 at 11:00 AM
To: "Galbreath, Wendy (MSP)" <GalbreathW@michigan.gov>

Dear Wendy,

I hope operations in the SEOC are going well. I am just writing to check in on my assignment for Wednesday. I am scheduled to be at the G191 course on EOC/ICS interaction, but I believe that the State EOC will be active that day. I feel that either would be a great opportunity for me to learn, but that I might be more useful to the division in the SEOC rather than in class. Please let me know if you agree or if I should report to EMHSTC to take the G191 course.

Thanks so much,

Alex

**Galbreath, Wendy (MSP)** <GalbreathW@michigan.gov> Mon, Jan 18, 2016 at 2:27 PM
To: Alex Abdun-Nabi <aabdunnabi@gmail.com>

Oh darn, wish you were here tomorrow. As for Wednesday, I agree that you are needed in the SEOC more but it is your call. I don't want to pull you from the class if it is something you really wanted to do.

Should you choose to come to the SEOC, I will once again put you with the Recovery Unit. Brianna is getting pulled away from that for public assistance, so you are greatly needed. Just let me know what you decide.

To: "Galbreath, Wendy (MSP)" <GalbreathW@michigan.gov>

I will be at the SEOC on Wednesday. I think that makes more sense to me. I can take the class at another time, whereas the Flint incident is more urgent. Recovery team sounds good, I will plan to join them on Wednesday.

See you then

Alex

# Schedule Tomorrow

3 messages

**Alex Abdun-Nabi** <aabdunnabi@gmail.com> Wed, Jan 13, 2016 at 6:13 PM
To: "Galbreath, Wendy (MSP)" <GalbreathW@michigan.gov>

Wendy,

I'm writing to double check my schedule for tomorrow. On the original document you gave me, I am scheduled to be at REP training in Grand Rapids, but you mentioned last week that you weren't sure if that was still the plan for me to attend that. Should I plan on being in Grand Rapids for the training or should I report to the State EOC to continue working and shadowing? Please let me know.

Thanks,

Alex

---

**Galbreath, Wendy (MSP)** <GalbreathW@michigan.gov> Wed, Jan 13, 2016 at 7:27 PM
To: Alex Abdun-Nabi <aabdunnabi@gmail.com>

Oh Alex, I'm so sorry I didn't anticipate being gone all day. Please report to the SEOC to continue shadowing. How is the shadowing going?

**Alex Abdun-Nabi** <aabdunnabi@gmail.com> Wed, Jan 13, 2016 at 7:36 PM
To: "Galbreath, Wendy (MSP)" <GalbreathW@michigan.gov>

Thank you so much for getting back to me. I will report to the SEOC tomorrow. The shadowing is going well so far. I have spent a lot of time with the GIS unit so far, which has been great for me to learn more about what role they play and to learn a few new skills. If the SEOC is active for a longer time, it would be great to shadow with other portions of the SEOC if that is possible, so that I can learn more about SEOC operations.

Thank you so much.

Alex

# Schedule Change Request

4 messages

**Alexander Abdun-Nabi** <aabdunnabi@gmail.com> Tue, Jan 12, 2016 at 9:23 AM
To: "Wendy G." <galbreathw@michigan.gov>

Dear Wendy,

I hope you are doing well. I am writing to request a change in my schedule for next week if that is possible. I have been given an interview at the University of Wisconsin Madison on Tuesday morning, and I am scheduled to be with you at MSP on that day. Would it be acceptable to you if we either cancel that day or defer my tasks for that day later in the week? I would greatly appreciate any assistance you could give me in this matter. Please let me know.

Thank you so much,

Sincerely,

Alex

Thank you so much Wendy, I appreciate it! I will touch base with Andy on the cancellation vs. defer issue and let you know. It is going well today. I am working with the GIS team in the SEOC to assist them in gathering data. I'm looking forward to it.

Thanks so much.

Cheers,

Alex

# DONATION GUIDELINES

## Guidelines for Water Filter Donations

**Thank you for your willingness to donate water filters for the residents of Flint, Mich. To ensure the products meet health and safety codes, filters must be NSF Standard 53 compliant and all donated filters and replacement cartridges must be in the original sealed box/packaging.**

**Only filters matching the following brand and model numbers can be accepted:**

| Manufacturer | Model # | Replacement Cartridge # |
|---|---|---|
| Zero Technologies (ZeroWater) | | ZF-201 |
| Brita Products Co. | | FR-200 |
| Kaz USA (PUR) | FM-2000B | RF-3375/RF-9999 |
| | FM-3000 | RF-3050 |
| | FM-8100L | RF-4050L |
| | FM-9100B | RF-9999 |
| | FM-3333BNM | RF-9999 |
| | FM-3500B | RF-9999 |
| | FM-3400B | RF-9999 |
| | FM-4000B | RF-9999 |
| | FM-3333B | RF-3375/RF-9999 |
| | FM-4100B | RF-9999 |
| | FM-9600B | RF-9999 |
| | FM-9400B | RF-9999 |
| | FM-9000B | RF-9999 |
| | FM-3700B | RF-9999 |
| | PFM-400C | PFF991C |
| | PFM333C | PFF331C |
| | PFM370C | PFF991C |

# DONATION GUIDELINES

## Guidelines for Water Donation Drives

**Thank you for your willingness to organize a water donation drive for the residents of Flint, Mich. To adhere to safety codes, all donations need to observe the following guidelines, which allow volunteers to transport the water safely and efficiently.**

**The following items are acceptable:**

- Full cases of commercially packaged water (no loose bottles)
- Commercially sealed gallon (or larger) containers of water
- All containers must have an expiration date at least 6 months in the future

**The following items will NOT be accepted:**

- Canned water
- Containers with open/broken seals
- Carbonated water
- Flavored water
- Water past its expiration date

**Donations should be delivered to:**

- Donations of 100 cases or less:
  - Catholic Charities Center for Hope, 517 E. Fifth Ave, Flint
    Monday – Friday, 9 a.m. – 4 p.m.
    For deliveries outside these hours, please call 810-232-9950, ext.325 to make arrangements for deliveries.

- Donations of 100 cases or more (must be in pallet form and wrapped):
  - Food Bank of Eastern Michigan, 2300 Lapeer Rd; Flint
    Donors must call ahead, (810) 239-4441, to schedule a dock time for delivery.

- Donations of multiple semi-truck loads can be made by calling Janet Hunter at 517-420-4162.

Hi Shameka, thank you so much for your willingness to respond to the Flint Water Crisis. I've attached our Guidelines for Water Donations for you. Unfortunately, at this point, we don't have the resources to assist with transporting donations to Flint. However, many individual and group donors are using Amazon, WalMart, KMart, Meijers and Target to purchase and ship their donations. Some groups have also had success with working with their local UPS office to assist with shipping.

We're so grateful for your caring and generosity. Water is of critical importance, but with a crisis of this magnitude there are multiple ways to help. This link provides information on other areas of need for the children and families of Flint: www.helpforflint.com

Again, thank you for your support and kindness. Janet

Hi Natasha, thank you for reaching out to us with your thoughtful response to the Flint Water Crisis. I've attached our Guidelines for Water Donations for your guidance. Please contact me a day or two ahead of your planned delivery, so I can make sure a distribution warehouse is available and ready when your donation arrives.

We're so grateful for your caring and generosity. Water is of critical importance, but with a crisis of this magnitude there are multiple ways to help. This link provides information on other areas of need for the children and families of Flint: www.helpforflint.com

Again, thank you for your support and kindness. Janet

# NEWS RELEASE

**FOR IMMEDIATE RELEASE**
**January 26, 2016**
**Release #: 18**

## 1,350 Homes Visited Today by Water Response Teams

Flint, Mich. – Water response teams comprised of 98 city, county and state personnel, American Red Cross and volunteers continued their door-to-door efforts today visiting 1,350 homes to provide free bottled water, filters, water replacement cartridges and water testing kits to Flint residents.

"We are committed to ensuring every household has access to safe and clean drinking water," said Capt. Chris. A. Kelenske, deputy state director of emergency management and homeland security and commander of the Michigan State Police, Emergency Management and Homeland Security Division. "Water response teams continue working to find residents who may not have a filter or replacement cartridges. We encourage neighbors to check on neighbors, and anyone who needs help should call 2-1-1."

Since Jan. 9, 2016, the following resources have been distributed to residents, both at the water resource sites and by water response teams:

- 186,309 cases of water
- 94,301 water filters
- 29,841 water testing kits

A coalition of community partners is organizing a recycling program for the thousands of bottles of water being distributed to Flint residents. While additional locations and options are still being finalized, most immediately residents are encouraged to bring their empty water bottles to the following locations.

Young's Environmental Cleanup:

- Bill Carr Signs, 719 W. 12th St., Flint (8 a.m. – 4 p.m., M - F)
- Young's Environmental Offices, 5305 N. Dort Hwy., Flint (8 a.m. – 6 p.m., M - F)
- Food Bank of Eastern Michigan, 2300 Lapeer Rd., Flint (8 a.m. – 4:30 p.m., M – F)

MORE

Schupan Recycling – available daily 9 a.m. – 9 p.m.:

Fire Station #1
310 East 5th St.

Fire Station #5
3402 Western Rd.

Fire Station #8
202 East Atherton Rd.

Bottles are only accepted in clear plastic bags; solid color bags and grocery bags will not be accepted. Residents can use their own clear plastic bags or they can pick up free bags at Fire Station #1, Fire Station #5 or Fire Station #8.

Republic Services offers bi-weekly curbside recycling at no cost to residents with weekly curbside trash pickup. Residents can have a curbside bin delivered to their door by calling Republic Services at 1-800-438-0966.

Additional information about recycling options will be released when available.

Water resource sites remain open daily from 9 a.m. to 9 p.m. and are located at:

Fire Station #1 (also a recycling site)
310 East 5th St.

Fire Station #3
1525 Martin Luther King Ave.

Fire Station #5 (also a recycling site)
3402 Western Rd.

Fire Station #6
716 West Pierson Rd.

Fire Station #8 (also a recycling site)
202 East Atherton Rd.

The State of Michigan continues to coordinate response efforts in partnership with the city of Flint, Genesee County and local community organizations.

Additional information is available at www.michigan.gov/flintwater, by calling 211 or visiting www.helpforflint.com.

###

**NOTE: ALL MEDIA INQUIRIES ARE BEING HANDLED BY THE JOINT INFORMATION CENTER AT 888-EMD-TODAY (888-363-8632). FOR FLINT WATER EMERGENCY DONATION INFORMATION, GO TO www.helpforflint.com.**

## SEOC FOIA Print Plan
## Tips for Printing

### Print Plan – Thru Friday, February 19

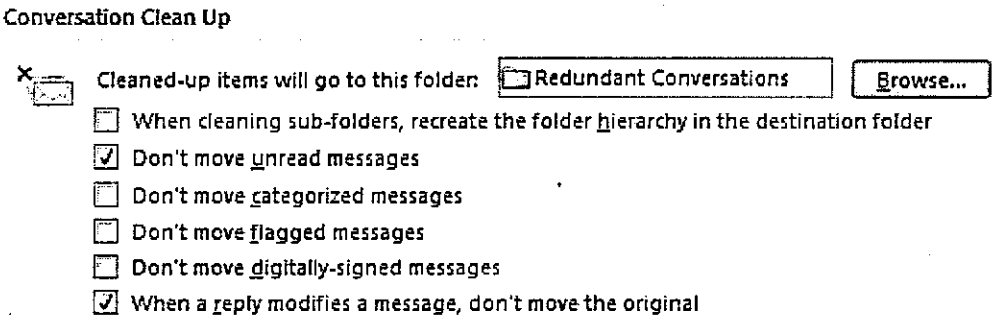
- When printing emails/documents, make sure to **change your default printer** to the following printer:
  - EOC_F1COMM_RI3054 on EOC084M1OAPF502 (located in the Communications Room)
  - Additional helpful hints for each document type below
- SEOC IT staff will set up to "Print to Hold" for each PC in the SEOC.
- Be sure to print/copy all documents **Single Sided.**
- Advise the SEOC Operations Section Chief prior to printing. **Do not interrupt someone else's print job.** The SEOC Operations Section Chief will ensure coordinated printing efforts.
- When at the printer, select Print > Select your agency name > Select All > Print.
- Test printing a couple of emails before printing out a large quantity.
- Once all items have been printed/copied, give all to Oralya Garza or Jodie Frese (daily staff) located just outside Governor's Conference Room A in the SEOC. **Do not go direct to FOIA Unit staff working in the conference room.** They will reach out if they have any questions.
- Make sure to clip or rubber band your information to keep separate from others information being turned in.
- Sources: Emails, Documents, S drive, Desktop, Cell phone/text messages, Copies of handwritten notes, DCDS, Invoices, Photos
- SEOC IT Staff will be responsible for printing all documentation from MI CIMS.
- For any IT issues, contact IT Staff in the SEOC. This is usually Jaclyn Barcroft or Rich Law. GIS staff should be contacted only if both of them are unavailable.

### How to Recover Deleted Emails

- In Outlook, select the Folder Tab.
- On the top, select Recover Deleted Items.
- Recover any items pertinent to the Flint Water response.
- You may need to select various folders on the left side in order to recover everything possible.

### How to Clean up Redundant Email Conversations

- In Outlook, click on the File tab.
- Click Options.
- Click Mail.
- Under the Conversation Clean Up section, change the location where conversations will go. Select Browse. Click on "Cabinet" in the list. Select "New Folder" and name it "Redundant Conversations." Ensure the options are identical to the below:



- In Outlook, on the Home tab, in the Delete group, click Clean Up.
- Select Clean Up Folder. Click Clean Up Folder.

**SEOC FOIA Print Plan**
**Tips for Printing**

## Tips for Printing Emails

- For State Agency SEOC personnel, **only** print emails from your SEOC email address.
- Print emails by selecting **up to 100 at a time** (select one, hold shift, click on the last one).
    - Select the File Tab > Print > Click Print Options button > Select Memo Style and Check Box for "Print Attached Files" (bottom left corner of pop up) > Select Print
- Attachments will not show up in the preview, but will print out with the emails

## Tips for Printing Documents from Desktop, S Drive, My Documents (wherever files are saved)

- Make sure documents are formatted correctly for printing prior to moving to the next steps (Excel files tend to be the most troublesome).
- Sort documents in folders by "Type".
- Highlight "like" file types (Adobe Acrobat Document, Microsoft Excel Worksheet, etc.).
- Right click, select Print.

## Tips for Printing Text Messages

- Android
- iPhone

## Email – After All Your Files are Printed

- Send a CC to the following email address when sending items from the SEOC:
    - MSP-FOIAProject@michigan.gov
    - For State Agency SEOC personnel, **only** CC emails from your SEOC email address
- Send all documents created to the same email address

Date: Feb 12 2016

**Request/Task Details**

Mission Name

White Paper - Civilian Conservation Corps

Detailed description

We want to look at a establishing a works program for local Flint residents. The model we want to explore is something that will look initially like the Civilian Conservation Corps that was utilized back in the 30's during the Depression.

The National Guard would have the lead initially. All that is needed initially is a white paper on what something like that would look like, what is feasible, how much would it cost, how soon it can be started and how soon it could be turned over to local management.

Some parameters:

Size: Envision one NCO doing a left seat/right seat with a local person on leadership, planning, time and attendance. The leader will be in charge of 10-15 team members. Multiply this paradigm as many times as needed relative to personnel and budget available. One team per district/ward?

Timetable: Phase in by district/ward, or start the program all at once?

Inception: job fair? community leader involvement? local churches as centers of influence?

Sunset: Training plan to enable the Guard to phase out as soon as possible and turn over to local lead.

Overall command/project management team. What's that look like? Develop "campaign plan" for project identification and project management.

Mission: Area beautification, blight reduction, environmental enhancement, community submitted projects. Tie in to local educational resources? mandatory additional training to help redefine what success looks like in Flint?

These are just some initial thoughts. If a meeting or call is needed please advise.

| SEOC LOG Resource Support DMVA | Robert Seeley | 5172843683 | 02/14/2016 08:22:13 | Plans are in the works to extend the current operations for 30 days, until 3/17/2016. Hotel space has been secured and personnel are being placed on State Active Duty Orders for this period of time. The manning will be at the same level that is currently being utilized in the PODs. |

NOTES:

## Flint Water Crisis RRF Notes

**Problem #1**: Signs – Each station is using handmade signs that are neither durable nor professional in appearance.

Solution – Once MDOT sets up the remaining sites, we need to have signage made to further increase station organization, flow of traffic, professional appearance, and efficiency.

Response – TF Flint OIC confirmed that City of Flint Plans & Operations office can print large signage for the PODs. TF Flint has been given approval to have the signs laminated once printed. TF Flint OIC has a meeting on Tuesday 16FEB15 at 1300 with Calix Martinez in the City of Flint plans and marketing office to have signs designed and printed.

**ADDITIONAL NOTES:**

- AAR and operational notes are being consolidated into SOP's to send to JOC to assist in updating the All Hazards Plan.
- An operational handoff packet including SOP's, POC's, POD sector sketches, hand-receipts, and other operational notes is being built to assist the incoming unit. When the incoming OIC has been selected, I would like to establish communications with them in regards to the aforementioned items before they report to Flint.
- Each POD will be utilizing a new Gmail account so that as unit's cycle in/out, rather than the email chain changing, it will remain constant. The new email accounts should follow this format: **station#POD@gmail.com**

NOTES:

**Commanders Situation Report (SITREP)**

1. DTG: 1413002016

2. UNIT: Points of Distribution (PODs), TF FLINT (1-125 IN)

3. POC: 1LT Roland, John G. Cell: (810) 640-6377 Email: john.g.roland2.mil@mail.mil

4. PRESENT LOCATION: Genesee County Local EOC, 1101 Beach St., Flint, MI, 48502

5. SITUATION OVERVIEW: 1-125 IN has 62 Soldiers deployed to the Flint Water Crisis in support of Distribution Operations at the Points of Distributions (PODs). Daily operations consist of receiving, tracking, and issuing out water, filters, replacement filters, and water test kits.

6. OWN SITUATION DISPOSITION /STATUS: Currently 1-125 IN has 62 Soldiers on ground supporting the mission.

7. OPERATIONS: Operations for the next 24 hours are to sustain water/filter distributions throughout the 5 designated fire stations and track all distribution incoming and outgoing through the PODs.

a. Signs have been printed off for the POD Buildings. Requesting approval to get the signs laminated from the purchasing office.

1.) TF Flint OIC, 2LT Benke, is actively seeking approval from Dana and/or Kim at the purchasing office for laminating.

b. Soldiers are preparing for the unit change at the PODs.

1.) 1-125 IN will be replaced within the next 72 hours.

8. PERSONNEL: 62 Soldiers are currently assigned to the POD operations. 56 Soldiers are assigned in five teams at Fire Stations 1, 3, 5, 6 and 8.

9. INTELLIGENCE / FORCE PROTECTION: Water boil advisory has been lifted.

10. LOGISTICS: In support of TF Flint

a. Schupon has placed an order for more instruction cards attached to recycle bags.

b. Recycling trailers will need to be emptied this week. Working with POD NCOICs IOT determine an estimated time for a trailer exchange.

11. COMMUNICATIONS: No communications issues at this time.

P: RRF cell phones alternate for WRTs.
A: Personal cell phone
C: 800 MHz radios issued to PODs and WRTs.
E: Runner

12. NARRATIVE: N/A

Appendix 2 (Commanders Situation Report) (SITREP) Annex R to OPLAN 14-001 (ALL HAZARDS)

13. COMMANDER'S EVALUATION:

- AAR and operational notes are being consolidated into SOP's to send to JOC to assist in updating the All Hazards Plan.
- An operational handoff packet including SOP's, POC's, POD sector sketches, hand-receipts, and other operational notes is being built to assist the incoming unit. When the incoming OIC has been selected, I would like to establish communications with them in regards to the aforementioned items before they report to Flint.
- OUT (last 24 hours)

NOTES:

**Notes from Saturday, February 13, 2016**

**Flint Water Crisis RRF Notes**

**Problem #1**: Signs – Each station is using handmade signs that are neither durable nor professional in appearance.

Solution – Once MDOT sets up the remaining sites, we need to have signage made to further increase station organization, flow of traffic, professional appearance, and efficiency.

Response – TF Flint OIC confirmed that City of Flint Plans & Operations office can print large signage for the PODs. TF Flint is responsible for getting them laminated. TF Flint is looking into options for getting signed laminated and will pass up recommendations to Dana and/or Kim in the state purchasing office for approval NLT COB Monday 15FEB16.

**ADDITIONAL NOTES:**

- AAR and operational notes are being consolidated into SOP's to send to JOC to assist in updating the All Hazards Plan.
- An operational handoff packet including SOP's, POC's, POD sector sketches, hand-receipts, and other operational notes is being built to assist the incoming unit. When the incoming OIC has been selected, I would like to establish communications with them in regards to the aforementioned items before they report to Flint.

**Subject:** Re: Concerns from the field on water distribution

This is very helpful. Thank you.

Sent from my iPhone

On Feb 13, 2016, at 3:32 PM, MSP-SEOCOPSC <MSP-SEOCOPSC@michigan.gov> wrote:

In addition to responses provided by others, please see our responses below.

Thank you.

. Elderly residents that cannot carry water back to their home/apartment from a POD; **Homebound or vulnerable residents can call 211 to have water delivered. In addition, most homes have received faucet filters. Filtered tap water should be the primary water source used, with bottled being used to supplement, unless there is an existing reason why the filtered tap water cannot be consumed.**
2. WIC consumers concerned that they cannot carry sufficient ready to use formula from the WIC clinic home and they are only allowed to pick up once a month **(I am assuming this is a USDA issue?);**
3. Residents complaining that they are not permitted to get enough water to meet their needs from the POD; **PODs are not limiting the amount of water residents can take. The guideline is one case per visit, however, if more is needed, they are allowed to take additional cases. Bottled water should be used to supplement the tap water – unless there is a specific reason the filtered tap water cannot be used, citizens should be using filtered water more so than bottled water.**
4. Residents complaining that having to visit the POD daily is too burdensome; **Again, greater use of filtered tap water would alleviate this concern. Most water consumption should be filtered tap water unless a specific reason exists that prevents the use of the filtered tap water (pregnant women, children under 6, etc.)**
5. Residents (espec. those in HUD housing) that do not have enough space to store the water they have stockpiled. **Consumption of filtered tap water would assist with this.**
6. Why is the State relying on voluntary agencies instead of doing the job directly and paying for it directly? **We are currently looking at JOBs programs and grant opportunities to hire individuals to sustain operations. However, we will also continue to use volunteer agencies. Volunteers have been an invaluable resource in partnering with the state for response efforts and will continue to be a key component.**
7. Why was the National Guard largely demobilized when they could be used to address the above concerns? ***(I suggested they contact the state, but FYI) They completed their initial door – to – door mission, so those members were demobilized. The National Guard was brought in to assist with getting filters into every home so there would not be a reliance on bottled water – at this time almost every water customer has a filter. Instead of continuing with the National***

***Guard mobilization, we are hoping to use Flint residents to supplement the volunteers. The National Guard is currently managing our points of distribution.***

8. Why is the State relying on only fixed PODS? Why not deploy "mobile" PODS into neighborhoods to make it easier on residents to get water? ***(I explained the logistical challenges of such an idea and the rationale for fixed PODS, but just FYI) The city of Flint requested that these five points of distribution be opened and utilized. We are also currently looking at additional and/or alternative points of distribution.***

Col Seeley, Gabe, Amanda and Kristy-

There are eight questions below we need to get an answer to. Can you answer the below questions and/or point me to the right person to get the answer. The questions are:

1. Elderly residents that cannot carry water back to their home/apartment from a POD;
2. WIC consumers concerned that they cannot carry sufficient ready to use formula from the WIC clinic home and they are only allowed to pick up once a month **(I am assuming this is a USDA issue?)**;
3. Residents complaining that they are not permitted to get enough water to meet their needs from the POD;
4. Residents complaining that having to visit the POD daily is too burdensome;
5. Residents (espec. those in HUD housing) that do not have enough space to store the water they have stockpiled.
6. Why is the State relying on voluntary agencies instead of doing the job directly and paying for it directly?
7. Why was the National Guard largely demobilized when they could be used to address the above concerns? ***(I suggested they contact the state, but FYI)***
8. Why is the State relying on only fixed PODS? Why not deploy "mobile" PODS into neighborhoods to make it easier on residents to get water? ***(I explained the logistical challenges of such an idea and the rationale for fixed PODS, but just FYI)***

Thank you
Kevin S.

**Subject:** FW: Concerns from the field on water distribution

Hi Kevin,

Please see the below questions raised by Representative Kildee's office and the original constituent email. Can you assist in tracking down answers to these questions?

Specifically, it would be helpful to have clarification on who is eligible for home delivery (is elderly sufficient or do you have to be "homebound")? How do you get on a home delivery list? In general, the original email seems to speak to a need for coordination with persons in HUD housing. I believe there are some efforts under way via MSHDA already. I also think the Office on Services to the Aging is doing some outreach. Can you please check with the SMEs in the SEOC to see if this is the case?

Lastly, it was suggested that Captain Kelenske might want to address the three questions about the state (why use volunteers, why limit National Guard, and what is being done outside of PODs) on Tuesday's Congressional call. If someone can answer these for me, I will work them into his talking points.

Thank you,
Shanon

Shanon,

I had a conversation today with a staffer for Rep. Kildee. They have "heard" from someone on the ground that raised a number of complaints about the way water is being distributed. Below is a list of the complaints they are hearing, and I was wondering if we have heard these elsewhere? I know we are telling people with specific needs to call 2-1-1, but the staffer was wondering if there is a proactive solution to these issues?

- Elderly residents that cannot carry water back to their home/apartment from a POD;
- WIC consumers concerned that they cannot carry sufficient ready to use formula from the WIC clinic home and they are only allowed to pick up once a month **(I am assuming this is a USDA issue?)**;
- Residents complaining that they are not permitted to get enough water to meet their needs from the POD;
- Residents complaining that having to visit the POD daily is too burdensome;
- Residents (espec. those in HUD housing) that do not have enough space to store the water they have stockpiled.

The staffer also asked the following questions and while I think I addressed them, perhaps we can discuss how to answer more thoroughly.

- Why is the State relying on voluntary agencies instead of doing the job directly and paying for it directly?
- Why was the National Guard largely demobilized when they could be used to address the above concerns? ***(I suggested they contact the state, but FYI)***
- Why is the State relying on only fixed PODS? Why not deploy "mobile" PODS into neighborhoods to make it easier on residents to get water? ***(I explained the logistical challenges of such an idea and the rationale for fixed PODS, but just FYI)***

Below is the full email that he used to inform his call to me. Happy to discuss over the phone if any of this is unclear.

FORWARDED EMAIL FROM KILDEE – NO CONTACT INFORMATION INCLUDED

Hey,
Thanks for letting me give you info on my volunteering in Flint.....I appreciate being able to share with someone, and hopefully you can send to someone with some power to help these folks.

We were at Slidell Senior Housing on W Carpenter road this Sunday. Our charge was to deliver water to residents and assess needs. This is a low-income senior housing HUD complex for seniors and disabled adults. So, the problem is that these residents are expected to carry bottled water up elevators - if there is a grocery cart available they can use that but some of the residents are reliant on walkers. The cases of water being handed out are heavy, and so these folks would have a hard time getting water up to their units if they are beyond the first floor. So that's the first problem.

Secondly, some of the residents mentioned that they were running out of room in their tiny apartments to store water. One resident had trouble opening up the door because of cases of water near the door - so FIRE HAZARD in terms of residents being able to get out in time if they have barriers with water cases blocking doorways.
Third, some of residents had filters for faucets, but at least one couldn't use it because her kitchen faucet was broken. One resident still is getting skin rashes from showering in the water. Still others weren't using the water to bathe or shower so besides handing out water we handed out baby wipes so they had something to use for cleansing.

Many of the residents HAD NO IDEA how to get their water tested. These folks are expected to go to a fire station, get a test bottle, take a sample, and get the bottle back to a fire station - these are lower-income older people, many of whom have physical disabilities! There seems to be a real lack of understanding on filter usage as well as how to get water tested....again, these are HUD managed complexes and HUD needs to get involved and work to protect its residents.

So, I am meeting with folks from Nat'l Assoc of Social Workers-MI chapter to engage in some advocacy.

I proposed the following to NASW-MI:

All HUD and Flint Housing Commission units must have their units and building service lines tested for water and this testing must be coordinated and completed by the EPA service teams and not placed on the residents.

Water distribution should be available at all Flint Housing Commission/HUD housing sites in the city on a weekly basis - perhaps that means Red Cross sets up at these sites, or Red Cross and local social service agencies partner together to ensure water distribution is on-site. (Particularly with the weather likely getting colder and snowier).

These residents have few resources, many of whom are disabled and without adequate transportation, and they should not have extra burdens placed on them due to the Flint water crisis.

Thank you so much for listening!

**Cc:** Bolger, Matt (MSP)
**Subject:** RE: Concerns from the field on water distribution

In addition to responses provided by others, please see our responses below.

Thank you.

. Elderly residents that cannot carry water back to their home/apartment from a POD; **Homebound or vulnerable residents can call 211 to have water delivered. In addition, most homes have received faucet filters. Filtered tap water should be the primary water source used, with bottled being used to supplement, unless there is an existing reason why the filtered tap water cannot be consumed.**

2. WIC consumers concerned that they cannot carry sufficient ready to use formula from the WIC clinic home and they are only allowed to pick up once a month **(I am assuming this is a USDA issue?);**
3. Residents complaining that they are not permitted to get enough water to meet their needs from the POD; **PODs are not limiting the amount of water residents can take. The guideline is one case per visit, however, if more is needed, they are allowed to take additional cases. Bottled water should be used to supplement the tap water – unless there is a specific reason the filtered tap water cannot be used, citizens should be using filtered water more so than bottled water.**
4. Residents complaining that having to visit the POD daily is too burdensome; **Again, greater use of filtered tap water would alleviate this concern. Most water consumption should be filtered tap water unless a specific reason exists that prevents the use of the filtered tap water (pregnant women, children under 6, etc.)**
5. Residents (espec. those in HUD housing) that do not have enough space to store the water they have stockpiled. **Consumption of filtered tap water would assist with this.**
6. Why is the State relying on voluntary agencies instead of doing the job directly and paying for it directly? **We are currently looking at JOBs programs and grant opportunities to hire individuals to sustain operations. However, we will also continue to use volunteer agencies. Volunteers have been an invaluable resource in partnering with the state for response efforts and will continue to be a key component.**
7. Why was the National Guard largely demobilized when they could be used to address the above concerns? ***(I suggested they contact the state, but FYI) They completed their initial door – to – door mission, so those members were demobilized. The National Guard was brought in to assist with getting filters into every home so there would not be a reliance on bottled water – at this time almost every water customer has a filter. Instead of continuing with the National Guard mobilization, we are hoping to use Flint residents to supplement the volunteers. The National Guard is currently managing our points of distribution.***
8. Why is the State relying on only fixed PODS? Why not deploy "mobile" PODS into neighborhoods to make it easier on residents to get water? ***(I explained the logistical challenges of such an idea and the rationale for fixed PODS, but just FYI) The city of Flint requested that these five points of distribution be opened and utilized. We are also currently looking at additional and/or alternative points of distribution.***

Sir, these are the answers the Guard can supply:

1)The Guard members at the PODs do not have the ability to carry out deliveries, they do instruct customers with this type of issue getting to the POD's to contact 211, for possible delivery.

3) & 4) The POD's have put no restrictions on the amount of water a customer can receive, it is simply a matter of asking. They do not as a rule openly offer unlimited supplies as this could create a restocking issue.

5) This stands in direct contradiction to 3&4. It is outside our ability to provide additional storage to customers.

7) The only mission of the Guard in this operation is water distribution, specifically at the POD's. Members are unable to offer additional services beyond the mission they are assigned. Any additional requests for support from Guard members would have to be routed through the Governor's office.

Attached are my notes from Thursday, 28JAN16 for the Friday 29JAN16 SITREP. I will continue to keep the LEOC & SEOC LNO's informed as requested assets or services are delivered/complete. Let me know if you have any questions or concerns.

LTC Randall,

The LEOC has exhausted all of the local options for fulfilling my request for traffic control assets. Thus, if you could request assistance from MDOT for traffic cones & signs, that would help us greatly as stations 1, 5, & 8. Let me know if you need anything in specific from me to complete the request.

LTC Stemitz,

I visited and observed the stations yesterday and touched base with both the POD NCOIC's and soldiers working there to gather information on the public opinion towards the National Guard. Overall, it seems that the the community still has trust in us and is thankful for what we are doing for them. A few soldiers explained that they did have some people (less than 10%) complaining that they were not getting what they wanted and the blame had shifted to the POD workers, but, overall the public opinion is still good. Each station still has multiple citizens and businesses catering multiple meals a day for them to thank them for their hard work. I will continue to gather information in regards to public opinion and keep you informed of any downward changes.

Attached is the Daily POD report for 12 Feb 2016. Be advised that I did not receive any numbers for the 2000 - 2100 time frame from stations 6 and 5.

Running totals are as follows

| | |
|---|---|
| Water (case) | 222,718 |
| Water (gal) | 6,710 |
| Lead Test Kits | 11,621 |
| Brita (mount) | 10,111 |
| Brita (cartridge) | 8,316 |
| PUR (mount) | 5,277 |
| PUR (cartridge) | 11,814 |

**Subject:** RE: Apartment Testing

Hi Melanie,

Sorry for my tardy response. I do not know of any DEQ involvement in this sampling. I will check with the Governor's Office to see what their involvement may have been. Then let's talk about this next week. I can run over to the WTP to have that discussion if you would like.

Thanks. Bryce

**Subject:** Apartment Testing

For a while now it has been unclear to me what the best process is for testing apartment complexes for lead. My assumption is that it would be futile for each unit to be tested separately because even if a tenant waited the 6 hours required, their neighbors would more than likely still utilize their water during that time, thus skewing the results. One problem that could be that results would come back lower than the actual lead count. Another effect would be the enormous waste of time and resources this would cause.

As of today I have received hundreds of samples from individual apartments with the Flint Housing Commission. I'm told that a representative of the Governor's office met with them at their request and these samples may be a result of that meeting. I am not aware of any DEQ involvement.

I would like to know what testing procedures are recommended in the case of apartment buildings and if the DEQ is part of that procedure.

Thanks.

Sincerely,
Melanie Poisson, Clerk

Sir, tonight in the Distribution Processing meeting it was requested that, when possible, we try to hand out more of the gallon water jugs. Apparently they have an excessive quantities at the warehouse and the dating is getting close. Anything you can do to help move them along would be appreciated.

Thank you

Sir's They are starting to gather information for compliance with the Freedom Of Information Act. We were asked to assemble a list of people, involved in any respect with our portion of Flint operations, that we have had e-mail communications with. I am putting together a list from the e-mail traffic that has pasted through here (if we or anyone was CCed in an e-mail we received I have their name) what I need from you and your people on the ground is a list of people/organizations you have communicated with that we have not been privy to (name and e-mail address). If you can get the information to me as soon as possible it would be appreciated.

Thank You

**Subject:** Agency Events for the week of 2/15/16

Please send the Planning Group a bullet list of important events that your agency will be participating in during the week of February 15, by noon on Monday. (i.e. Meeting with community agencies to identify future POD sites or meet with federal partners to outline long term recovery).

We will be compiling a list on Monday afternoon for the Governor's office.

Thanks!
Amanda Bresler

**Subject:** CR-20011912 Flint FOIA

Ma'am,

We have received a FOIA request for "the name of the company and testing results for the testing done in Flint by an outside company (according to Governor Snyder an outside agency was used)." Can you please tell me if you or any other Department member have responsive documents? I will need a response by 2/12/16.

Thanks,

Bethany K Goodwin

**Subject:** Daily Items to Note

Good morning-

Please submit any high level that should be items that should be included in today's Governor's report by 10:45 am. Daily tasks do not need to be submitted since they will be reported in today's Sit Rep.

Thanks,

Amanda Bresler
Planning Group Chief, State Emergency Operations Center
Michigan State Police/Emergency Management and Homeland Security

| **Attachments:** | 11FEB2016ConsolidatedPODreport.xlsx (1).xlsx |

Attached is the Daily POD report for 11 Feb 2016. Be advised that I did not receive any numbers for the 2000 - 2100 time frame from stations 6 and 1.

Running totals are as follows

| | |
|---|---|
| Water (case) | 217,684 |
| Water (gal) | 6,667 |
| Lead Test Kits | 11,490 |
| Brita (mount) | 10,059 |
| Brita (cartridge) | 8,163 |
| PUR (mount) | 5,160 |
| PUR (cartridge) | 11,407 |

I will have the running totals for the pitchers and the lead test kits returned in tomorrows report

V/R

SSG Gifford

Subject: URGENT - Records Request

The department has been directed to provide copies of all records in our possession related to the Flint water matter to the Governor's office. You are receiving this email because you have been identified as an individual who may have records that must be produced. If there are any department members who you think may be in possession of records related to Flint water, please forward this message to those members.

Records include memos, handwritten notes, emails and attachments, and text messages in your possession, regardless of who produced the record. Be sure when you search your email messages that you look in your inbox, sent box, and trash. In preparation for the production, you must estimate the number of records you have in your possession and provide that estimate to Ms. Lori Hinkley no later than **2:00 PM on Friday, February 12, 2016.**

You must then provide a copy of each record in your possession to the Legislative and Legal Resources Section no later than close of business on **Thursday, February 18, 2016.**

Members who work at Headquarters must provide paper copies to F/Lt. Chris Hawkins in the Office of the Director. Members who work at the State Secondary Complex must provide a paper copies Ms. Lori Hinkley. Ms. Hinkley is located on the second floor of the new Headquarters building. Department members who work outside of these worksites may send copies of records in their possession via e-mail to MSP-FOIAProject@michigan.gov.

In addition to this initial production of records, the department is required to provide copies of newly created records on an ongoing basis. *Until further notice, copies of all newly created records shall be forwarded to* MSP-FOIAProject@michigan.gov.

REMINDER: Public records can only be disposed of consistent with an approved retention schedule. As it applies to emails and text messages related to the Flint water matter, please use the retention schedule in place for general correspondence which is **two years.** Please save all emails and text messages for at least two years. Prior to expiration of the two year period you will have an opportunity to re-evaluate the content of the messages to determine if an additional retention period is necessary. If you have issues with accommodating emails based on your mailbox size, please archive them. Do not print and file them as the metadata must be retained as well.

If you have any questions with these instructions, please contact Ms. Lori Hinkley.

Capt. Greg Zarotney
Michigan State Police
Office of the Director
333 South Grand Avenue

**Subject:** Information about the CCC

Good Afternoon,

I am a Lieutenant Colonel in the Michigan Air National Guard that is currently working in the State Emergency Operations Center, assisting with the Flint, Michigan Water Crisis. A question has been brought up about engaging with our young people and creating a CCC here in the State of Michgian / City of Flint.

Could you please call me at 313-802-2504 so that we may talk about your program and successes. I am really interested in how you receive your funding, how you started your program, your creation documents and current operating documents, your scope of operations, and your organizational makeup.

You can also contact me by e-mail at rseeley2973@gmail.com.

Thank you for your time and attention in this worthwhile endeavor.

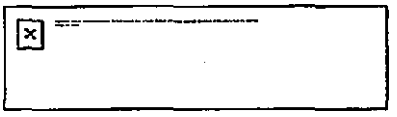
# VIDEO: What Governor Snyder's FY17 budget means for Michigan

Gov. Rick Snyder's FY 2017 budget calls for critical investments for the Flint water crisis, statewide infrastructure and the Detroit Public Schools. The governor's recommendation also addresses the skyrocketing costs of specialty medications that Michigan residents depend on for better health outcomes.

This budget also stays committed to the Governor's core statewide priorities of education, talent and economic development, health and human services, and public safety.

The proposed FY 2017 budget makes key investments to strengthen the state for all of

Michigan's families. **Click here to learn more about the top 6 takeaways from the Governor's FY 2017 state budget.**



**Click a tweet to tweet it out:**

The #MIBudget @OneToughNerd proposed yesterday makes key investments to strengthen Michigan for all families --> www.mi.gov/MIBudget

--> @OneToughNerd's #MIBudget includes $72 million a year for Detroit Public Schools. It is time to act now --> www.mi.gov/MIBudget

--> @onetoughnerd's significant investment in #Flint families is the right thing to do. #FlintFWD #MIBudget www.mi.gov/MIBudget

*Subject: [Non-DoD Source] Flint community member concern*

Good Afternoon,

I spoke to Ms. Carma Lewis, a City of Flint Community Organizer who works with Flint Neighborhoods United. Ms. Lewis contacted the Governor and expressed an issue related to the PODs and the distribution process.

I was requested by MSP Capt Kelenske to contact MS Lewis and attempt to address her concerns.

She was concerned with the soldiers who are working the pods, that they may not have enough empathy for the plight of the residents of the City of Flint. She requested the opportunity to meet with the soldiers in the PODs.to tell them how Flint got to this point and let them know what the residents feel in regards to the Water Crisis, the city of Flint, and the state of Michigan.

I suggested to her that if she wrote out a letter that has the message she would like to get across, then MSP could look over the letter and provide it to all volunteers and paid staff in the State to read then she could get the message to everyone.

She has agreed, and will provide the letter as soon as she can. She agrees that this is a better forum for her wish and is satisfied with the outcome.

I will forward the Letter to Capt Kelenske as soon as I have it.

Robert A Seeley, LT COL, MI ANG

**Subject:** Apartment Testing

For a while now it has been unclear to me what the best process is for testing apartment complexes for lead. My assumption is that it would be futile for each unit to be tested separately because even if a tenant waited the 6 hours required, their neighbors would more than likely still utilize their water during that time, thus skewing the results. One problem that could be that results would come back lower than the actual lead count. Another effect would be the enormous waste of time and resources this would cause.

As of today I have received hundreds of samples from individual apartments with the Flint Housing Commission. I'm told that a representative of the Governor's office met with them at their request and these samples may be a result of that meeting. I am not aware of any DEQ involvement.

I would like to know what testing procedures are recommended in the case of apartment buildings and if the DEQ is part of that procedure.

Thanks.

Sincerely,
Melanie Poisson, Clerk

**Subject:** [Non-DoD Source] RE: POD & consolidated tracker emails

Good morning 2LT Benke

Generally throughout the day I receive the hourly email, there are times that an hour is missed by 1 or 2 of the PODs. The problem is the last hour or two that is not being received. I know there has been a time where the 2 email accounts for the SEOC were entered incorrectly. There was a zero (0) entered instead of a "O" for the SEOC. There are reports that need to go out in the morning which is why every hourly report is important. The consolidated report is being completed at night, so I know that reports are being sent. I just ask to make sure that the SEOC is also emailed the hourly reports from the end of the day, since it appears that we are being missed on those email or there becomes the "could not deliver". We have made sure that the email domains for everyone from the PODs and on this list have been entered as "never block sender", so hopefully the email issue will no longer happen. If there is a change in personnel at the PODs, please provide the email addresses, so that they can be entered as "never block sender" on our end.

Please let me know if there are any questions.

Thank
Sam

Samuel Jonker-Burke

**Subject:** POD & consolidated tracker emails

ALCON,

I just touched base with the POD NCOIC's and my NCO who builds the daily consolidated tracker. The POD's hourly reports should be going to the MSP emails this email is going to as well as a list of other military and civilian agencies who have requested them throughout the operation. The POD's have reported that the MSP emails sometimes kick back a 'could not deliver' type message but hopefully reconfirming the email spelling should resolve the issue. Let me know if there are any questions or concerns or if the trackers still do not make it to the correct personnel.

Subject: RE: Resource counts

Roger Sir,
Our hourly reports all go up throughout the day with the last counts per POD going up NLT 2130, but I'll make sure our NCO who consolidates the 5 POD trackers per hour sends up the consolidated report nightly. The consolidated tracker is going to be coming in late however, most likely around 2200, due to the amount of time it takes consolidate the final report. Let me know if you need anything else Sir.

Good Morning,

Ms. Burger needs to get our weekly expense report by Wednesday night so that she can input all financials into a report. This report goes to the Lieutenant Governor, State Budget Office, and individuals from the State House and Senate. She cannot operate off of a guess or an estimate.

Can you please have our people at the MDMVA who are tracking the expenditures for this operation contact Ms. Burger and coordinate the information she requires?

Thank You

ALCON,

Attached are my notes from Thursday, 28JAN16 for the Friday 29JAN16 SITREP. I will continue to keep the LEOC & SEOC LNO's informed as requested assets or services are delivered/complete. Let me know if you have any questions or concerns.

LTC Randall,

The LEOC has exhausted all of the local options for fulfilling my request for traffic control assets. Thus, if you could request assistance from MDOT for traffic cones & signs, that would help us greatly as stations 1, 5, & 8. Let me know if you need anything in specific from me to complete the request.

LTC Stemitz,

I visited and observed the stations yesterday and touched base with both the POD NCOIC's and soldiers working there to gather information on the public opinion towards the National Guard. Overall, it seems that the the community still has trust in us and is thankful for what we are doing for them. A few soldiers explained that they did have some people (less than 10%) complaining that they were not getting what they wanted and the blame had shifted to the POD workers, but, overall the public opinion is still good. Each station still has multiple citizens and businesses catering multiple meals a day for them to thank them for their hard work. I will continue to gather information in regards to public opinion and keep you informed of any downward changes.

**Subject:** RE: [Non-DoD Source] FW: Contact Needed Tonight

ALCON,

I concur with 1LT Roland in regards to the matter. All of the notes he has expressed are accurate. While we do appreciate input, guidance, and instruction from subject matter experts (SME's), myself and the rest of the command team would like to handle National Guard matters when possible rather than having an outside source give direction. While we understand we are not all knowing, allowing outside sources to begin giving instructions directly to the POD's can invite miscommunication and disorganization. It is a standard operating procedure (SOP), put out by myself, that if anyone else comes to the POD's other than myself, SSG Wedding, or my personnel in the LEOC, to give them operational guidance, the station NCOIC must contact me immediately so I can go the the POD and ensure the information/guidance being put out is both vetted and approved by myself and the appropriate authoritative agencies.

If Ms. Lewis or another representative will be going to the POD's, I need to be informed of who that SME will be, what direction/guidance they plan on giving, by whose authority are they giving it, from what source are they utilizing to give the guidance, and a timeline for when this guidance will be executed. This information is needed not to try to overexert our authority in regards to National Guard matters but rather to ensure that the guidance being given is, per our SOP, approved to be given by the appropriate authorities.

Essentially, what we are trying to avoid is unknown people coming into the POD's and giving us operational direction. Furthermore, we just want to ensure that all agencies involved are on the same page and that the information to be put out is visible to all parties. I will inform the POD NCOIC's that there may be new direction, or reinforcement of already occurring direction/procedures, coming out to them, but, I would still like myself and my representatives in the LEOC to be informed of the aforementioned key information before someone shows up to the POD's are starts telling my soldiers what to do. If anyone has any questions or concerns, please let me know and I will get back with you promptly.

**Cc:** msp-seocopsc@michigan.gov; msp-seocsdem@michigan.gov
**Subject:** RE: [Non-DoD Source] FW: Contact Needed Tonight

ALCON,

After reading below.....these are all questions that Soldiers already ask. I've spent weeks at the PODs and all of the PODs are engaging Flint residents on their:

*Filters
*Filter Replacement Cartridges (types, compatibility, and usage life)
*Applications on installments both on filters and replacement cartridges
*Lead test procedures
*And contact information for any question that they cannot answer at the PODs (including 2-1-1 for the additional help of plumber visits)

After speaking with Soldiers at POD 6 (Pierson Rd) they are very confused as to what Ms. Lewis is talking about. The Soldiers at POD 6 remember Ms. Lewis very well. They are very appreciative for her participation. But the Soldiers are

also confused on why she would think that they are not engaging the Flint Residents properly. I am being told that Ms. Lewis was educated in asking these questions by the Soldiers at POD 6.

Attached is a picture taken from a couple weeks ago of CPL King taking additional time to inform a Flint Resident in properly attaching a faucet filter. This resident said that she could not get the faucet to properly attach. CPL King went to Home Depot the day before and Home Depot gave CPL King a display floor model sink faucet. CPL King was able demonstrate to the resident on the proper install procedures. He fixed her issue without going to her house, or giving her the run around, or dishing out another filter she may have possibly had issues with.

As always the National Guard is here to help in anyway we can. There is no issue with anyone coming around to view and make suggestions in our procedures.

Just please take into consideration that on site constructive criticism during operations isn't as effective as it can be offline. And also, constructive criticism on policies/procedures that are already in place aren't received with open arms.

I personally think it would be best for the leadership of the National Guard to deal with this issue. If Ms. Lewis or anyone else has any concerns, they are more than welcome to contact LT Benke, SSG Wedding, SSG Gazzeny, or myself and we are more than capable of correcting any deficiencies in our procedures.

Gabe

From the *Gov Office*...

---

Today, we met with Carma Lewis, from the Neighborhood Engagement Hub group in Flint. We discussed several issues, among them interaction between National Guard members at PODs and Flint residents. She indicated she spent a few days at the Pierson Road fire station working with the guard members on what questions they should be asking residents. For example, if a resident says they don't need a filter, ask if they need a replacement cartridge/ explain that those need to be monitored and changed.

I asked her if she would be willing to go to every fire station to meet with the guard members and let them know the questions and answers that Flint residents have and need – and she said she would like to. Is this something we can make happen? I would also recommend we consider asking her to present to any new hires we may add at PODs in the future.

---

Please contact the below TONIGHT to discuss. I want to know the discussion points are so we are on the same page before we move forward.

From the Gov Office...

---

Today, we met with Carma Lewis, from the Neighborhood Engagement Hub group in Flint. We discussed several issues, among them interaction between National Guard members at PODs and Flint residents. She indicated she spent a few days at the Pierson Road fire station working with the guard members on what questions they should be asking residents. For example, if a resident says they don't need a filter, ask if they need a replacement cartridge/ explain that those need to be monitored and changed.

I asked her if she would be willing to go to every fire station to meet with the guard members and let them know the questions and answers that Flint residents have and need – and she said she would like to. Is this something we can make happen? I would also recommend we consider asking her to present to any new hires we may add at PODs in the future.

---

Please contact the below TONIGHT to discuss. I want to know the discussion points are so we are on the same page before we move forward.

**Subject:** RE: [Non-DoD Source] FW: Contact Needed Tonight
**Attachments:** CPL King.png

ALCON,

After reading below.....these are all questions that Soldiers already ask. I've spent weeks at the PODs and all of the PODs are engaging Flint residents on their:

*Filters
*Filter Replacement Cartridges (types, compatibility, and usage life)
*Applications on installments both on filters and replacement cartridges
*Lead test procedures
*And contact information for any question that they cannot answer at the PODs (including 2-1-1 for the additional help of plumber visits)

After speaking with Soldiers at POD 6 (Pierson Rd) they are very confused as to what Ms. Lewis is talking about. The Soldiers at POD 6 remember Ms. Lewis very well. They are very appreciative for her participation. But the Soldiers are also confused on why she would think that they are not engaging the Flint Residents properly. I am being told that Ms. Lewis was educated in asking these questions by the Soldiers at POD 6.

Attached is a picture taken from a couple weeks ago of CPL King taking additional time to inform a Flint Resident in properly attaching a faucet filter. This resident said that she could not get the faucet to properly attach. CPL King went to Home Depot the day before and Home Depot gave CPL King a display floor model sink faucet. CPL King was able demonstrate to the resident on the proper install procedures. He fixed her issue without going to her house, or giving her the run around, or dishing out another filter she may have possibly had issues with.

As always the National Guard is here to help in anyway we can. There is no issue with anyone coming around to view and make suggestions in our procedures.

Just please take into consideration that on site constructive criticism during operations isn't as effective as it can be offline. And also, constructive criticism on policies/procedures that are already in place aren't received with open arms.

I personally think it would be best for the leadership of the National Guard to deal with this issue. If Ms. Lewis or anyone else has any concerns, they are more than welcome to contact LT Benke, SSG Wedding, SSG Gazzeny, or myself and we are more than capable of correcting any deficiencies in our procedures.

---

LT Benke, You can go ahead and go to Home Depot and purchase the diesel fuel can with your military discount and tax exemption. I did confirm they only have a 5 gallon both online and in store and same thing with Grainger. Let me know if you have any problems.

Dana

**To:** Worrall, Dana (DMVA)
**Subject:** RE: [Non-DoD Source] RE: Fuel can

Dana,
Below is a good address where you can have items shipped. A 5 gallon can will work fine to if it is more expedient. The generators have a 30 gal tank so its going to take more than one filling anyways so a 5 gallon fuel can now is better than a 10 gal fuel can later.

2Lt Benke, Zachary

---

The largest that Home Depot carries in store are the 5 gallon fuel cans. I'm going to find out how soon they could have one shipped. If that doesn't work out I'll contact Grainger, but what is a good delivery address to assure that you receive it?

*Thanks,*

Dana

ALCON,

Kim, Dana and I just discussed on the phone the fuel issue. Dana and Kim will be purchasing a fuel can from the local Home Depot on Hill Rd that we will be able to pick up shortly. The big issue remaining is getting approval for the use of the fuel pump at station 5 and getting a key and code to use the the pump. To my understanding, Wendy, the city of Flint liaison in the LEOC has tried to contact the fire chief, Chief Cox, and has left a few voicemail's but has not received a response yet.

Utilizing the fuel at station 5 is by far the most logical option, especially since the MDOT & the LEOC & SEOC logistics sections have agreed that the fuel consumed by these generator lights needs to come form city resources. If the LEOC & SEOC could work to get resolution for this issue with the assistance of Chief Cox within a day or so, that would allow us to avoid running out of fuel for the generator lights at station 5 and having to come up with a more costly and inefficient temporary fuel supply. Let me know if there any questions of concerns in regards to this matter and I will respond promptly.

Also, Kim and Dana will be ensuring that the Hill Rd Home Depot is aware of the state contract that provides for discounted pricing to ensure that further purchases at the store are discounted appropriately.

**Subject:** RE: [Non-DoD Source] RE: Fuel can

Kim,
here is a link for the generator lights we are utilizing from MDOT:

Caution-Caution-http://www.wanco.com/products/detail.php?prd_id=90&type_id=4#details < Caution-Caution-http://www.wanco.com/products/detail.php?prd_id=90&type_id=4#details >

According to the unit specifications, the unit has a 30 gal tank and runs from 60 to 70 hours on that tank, thus, we can expect a minimum of 2 hours per gallon. The units run about 3 hours per night meaning that the units only need to be refuels once every 20 days, thus, we can expect to go through 60 gallons of diesel every 3 weeks for both units. This gives a baseline similar to MPG for a vehicle. I can create a sheet the tracks hours run & fuel consumed per day or week, depending on how possible it will be to notice a difference in the fuel gauge per day, so we can make sure the numbers spent on fuel match up with what our projected need is. I will call you shortly so we can discuss the matter.

**Subject:** RE: [Non-DoD Source] RE: Fuel can

Kim,
The fuel request has been made to the LEOC & SEOC. My suggested plan was to utilize the city diesel pump at fire station 5. That plan is being worked and the city of Flint liaison in the LEOC is trying to make contact with the fire chief to gain access to the fuel pump. We will, however, need a fuel can, regardless or not if we can use the pump at the fire

station. It has been passed around the SEOC & LEOC and the seemingly easiest way to get a fuel can is by local purchase.

**Subject:** Fuel can

Dana,

I am not sure if you aware that we are requesting use of the fire station 5 diesel pump to refill the generator lights MDOT has provided us for station 5. The LEOC City of Flint liaison is working to contact Fire Chief Cox to get access to the pumps but we will be needing a fuel can. My hope if that we can just go purchase an inexpensive fuel can. This seems like the easiest and most expedient option now that the request has had a few days to circulate the LEOC & SEOC. Please let me know if this purchase is approved so we can be proactive and purchase the fuel can, we will need it regardless of we get access to the fire station fuel pumps.

**Subject:** RE: [Non-DoD Source] RE: Fuel can

ALCON,

Kim, Dana and I just discussed on the phone the fuel issue. Dana and Kim will be purchasing a fuel can from the local Home Depot on Hill Rd that we will be able to pick up shortly. The big issue remaining is getting approval for the use of the fuel pump at station 5 and getting a key and code to use the the pump. To my understanding, Wendy, the city of Flint liaison in the LEOC has tried to contact the fire chief, Chief Cox, and has left a few voicemail's but has not received a response yet.

Utilizing the fuel at station 5 is by far the most logical option, especially since the MDOT & the LEOC & SEOC logistics sections have agreed that the fuel consumed by these generator lights needs to come form city resources. If the LEOC & SEOC could work to get resolution for this issue with the assistance of Chief Cox within a day or so, that would allow us to avoid running out of fuel for the generator lights at station 5 and having to come up with a more costly and inefficient temporary fuel supply. Let me know if there any questions of concerns in regards to this matter and I will respond promptly.

Also, Kim and Dana will be ensuring that the Hill Rd Home Depot is aware of the state contract that provides for discounted pricing to ensure that further purchases at the store are discounted appropriately.

**Subject:** RE: [Non-DoD Source] RE: Fuel can

Kim,
here is a link for the generator lights we are utilizing from MDOT:

http://www.wanco.com/products/detail.php?prd_id=90&type_id=4#details

According to the unit specifications, the unit has a 30 gal tank and runs from 60 to 70 hours on that tank, thus, we can expect a minimum of 2 hours per gallon. The units run about 3 hours per night meaning that the units only need to be refuels once every 20 days, thus, we can expect to go through 60 gallons of diesel every 3 weeks for both units. This gives a baseline similar to MPG for a vehicle. I can create a sheet the tracks hours run & fuel consumed per day or week, depending on how possible it will be to notice a difference in the fuel gauge per day, so we can make sure the numbers spent on fuel match up with what our projected need is. I will call you shortly so we can discuss the matter.

Can you please call me at my office (517) 481-7643. My concern is that we need to track the fuel usage somehow if the city intends to charge us for it. I don't have an issue with procurement of a fuel can. How many gallon can will be purchased and making sure it's tracked with all of the other items procured so it can be turned in at the end of the mission.

**Thank You,**

**Subject:** RE: [Non-DoD Source] RE: Fuel can

Kim,
The fuel request has been made to the LEOC & SEOC. My suggested plan was to utilize the city diesel pump at fire station 5. That plan is being worked and the city of Flint liaison in the LEOC is trying to make contact with the fire chief to gain access to the fuel pump. We will, however, need a fuel can, regardless or not if we can use the pump at the fire station. It has been passed around the SEOC & LEOC and the seemingly easiest way to get a fuel can is by local purchase.

The LEOC City of Flint liaison is working to contact Fire Chief Cox to get access to the pumps but we will be needing a fuel can. My hope if that we can just go purchase an inexpensive fuel can. This seems like the easiest and most expedient option now that the request has had a few days to circulate the LEOC & SEOC. Please let me know if this purchase is approved so we can be proactive and purchase the fuel can, we will need it regardless of we get access to the fire station fuel pumps.

**Subject:** RE: [Non-DoD Source] RE: Fuel can

Kim,
The fuel request has been made to the LEOC & SEOC. My suggested plan was to utilize the city diesel pump at fire station 5. That plan is being worked and the city of Flint liaison in the LEOC is trying to make contact with the fire chief to gain access to the fuel pump. We will, however, need a fuel can, regardless or not if we can use the pump at the fire station. It has been passed around the SEOC & LEOC and the seemingly easiest way to get a fuel can is by local purchase.

Are these lights to direct traffic or for lighting of parking area? My question would be is why is this our lane of responsibility and not the City of Flint? When were the lights delivered and who made the request? Has the fuel request been ran through the SEOC?

Kim
the lights that were purchased were small work lights to operate safer at station 5 MDOT issued 2 generator style light sets for temporary use out side of the building . those generator work lights use diesel fuel.

LT Benke:

It's my understanding we purchased lights for fire station 5. Are you stating these lights require diesel fuel to operate them? Can you please provide what the estimated usage of fuel is per day? We would want to have a process in tracking the purchase of fuel and the usage.

ALCON,

Attached are my notes from Thursday, 28JAN16 for the Friday 29JAN16 SITREP. I will continue to keep the LEOC & SEOC LNO's informed as requested assets or services are delivered/complete. Let me know if you have any questions or concerns.

LTC Randall,

The LEOC has exhausted all of the local options for fulfilling my request for traffic control assets. Thus, if you could request assistance from MDOT for traffic cones & signs, that would help us greatly as stations 1, 5, & 8. Let me know if you need anything in specific from me to complete the request.

LTC Stemitz,

I visited and observed the stations yesterday and touched base with both the POD NCOIC's and soldiers working there to gather information on the public opinion towards the National Guard. Overall, it seems that the the community still has trust in us and is thankful for what we are doing for them. A few soldiers explained that they did have some people (less than 10%) complaining that they were not getting what they wanted and the blame had shifted to the POD workers, but, overall the public opinion is still good. Each station still has multiple citizens and businesses catering multiple meals a day for them to thank them for their hard work. I will continue to gather information in regards to public opinion and keep you informed of any downward changes.

**Subject:** [Non-DoD Source] Boil water warning

Sir,
Due to the water main break there has been a boiled water warning issued for all of Flint, you may want to warn the POD's that demand for bottled water will probably increase drastically. The water filters can not/will not offer any protection from bacteria and would still need to be boiled. If they are experiencing a high volume of customers for bottled water they may want to request restock earlier rather than later.

Thank you

Sir, from our perspective here, we had no doubt that the soldiers were in the right. It was more of a case of getting info from "the horses mouth" so no one could say their concerns were not being addressed. I included you, the JOC, and the LT COL Randall more as a heads that this complain was out there (and coming down from the Governor's office), assuming you might be approached about it from more than one source.

**Subject:** RE: [Non-DoD Source] FW: soldiers at Fire Station 8

Sir,

The way I heard the information was similar (every story has 2 sides), yet with a different interpretation.

SSG Gazzeny had already informed me that he spoke with Ms. Ketchum when I got into work this afternoon. SSG Gazzeny was under the impression that the POD's distribution process was explained to Ms. Ketchum and that there wasn't an issue anymore.

The version of the incident that I heard was that Ms. Ketchum showed up to POD 8 and started yelling at SPC Dukes and demanding the water out of the back. That the water brand closest to the line for distributions was not good enough for her. That she order the Soldiers to stop doing what they were doing and fetch her the water from the back. SPC Dukes told her that he was sorry but there wasn't anything wrong with the cases of water that they passing out. Ms. Ketchum became upset and stormed out of the POD while being loud on her cell phone. SPC Dukes at that point thought that Ms. Ketchum left. She returned into the POD approximately 30 minutes later (once her requested pallet was to the front of the distribution assembly line). SPC Dukes gave Ms. Ketchum a case of water.

This is the first time that I am hearing anything about the size of the bottle being an issue.

SPC Dukes was unaware that Ms. Ketchum wanted a larger size bottle of water.

Regardless of the reasoning behind "Special Requests" at the PODs, I stand by the Soldiers decisions not to alter their operating process. I say this from both the operational and safety perspective. Once you disassemble a pallet of water, the cases become loose. It is not feasible nor safe to have loose cases of water being transported all over the PODs. It is not feasible nor safe to be moving loose pallets back and forth, especially when it's because someone doesn't like the size of their bottles. The PODs are maxed out for square footage.

If the Soldiers were to start passing out on requests, I would anticipate even more back ups and traffic accidents at the PODs. As it is now, there have been 4 POV traffic collisions in front of Station 8 within the last week. This is due to the back ups on Atherton with the large volume of residents that visit this POD. What the Soldiers have at the PODs are internal, functioning, SOPs that allow for both safe and fluid distribution of water and water filters.

Please follow up with NG on this and advise what the reasoning was behind this decision. This was routed through the Governor's Office.

Thanks

Capt

---

Case # S316404

Today I spoke with Staff Sgt. Gazzeny about a situation I had with his soldiers at Fire Station 8 in Flint (a water distribution center). I gave him the name of them (Dukes, Frick, and Hassey). He told me I would have to speak to someone over him because he had instituted the protocol that I am about to complain to you about.
Yesterday when I went to pick up some water, the soldiers would not let me have a case of 1 liter bottles because they could only open 1 pallet at a time and they were currently only passing out the 1/2 liter bottles. I had to wait until that pallet was gone before they decided that they would open a pallet of larger bottles. It's already a pain to have to go and stand in line for water. That they would not let me get the larger bottles was ridiculous, when they were sitting right there. If there are 3 different sizes (1/2 liter, 1 liter, and gallons) what is the big deal about making our lives easier and allowing us to pick from the 3? Is that really a huge deal to have 3 pallets open at once as opposed to only having 1 open at a time? Come on. It seems to me that they should be HELPING to make this time easier for Flint residents, not create more hassle for us. I would like to see this rule Gazzeny instituted rescinded and I would also request a response to this email. Thank you.

**Subject:** Station 8 plumbing

ALCON,

I was informed that station 8 is having a plumbing issue. Sewer waste water is backing up into their shower. If the LEOC could work with the City of Flint liaison to get a plumber over to station 8 ASAP so this issue does not escalate, that would be fantastic. Please respond with any traffic on the issue in this email chain so that all relevant parties can keep visibility on the issue. Let me know if there are any questions or concerns in regards to the matter. Station 8 NCOIC SGT Frick is also linked in the email so she can relay information as requested. Thanks to everyone for helping us resolve the myriad of issues the POD's are kicking up daily, we appreciate the assistance and I'm sure the incoming unit taking over for the 1-125 IN will also appreciate having a lot of the initial kinks in the operations worked out.

***Subject:*** RE: [Non-DoD Source] FW: soldiers at Fire Station 8

ALCON,

The fire station NCOIC's have each instituted SOP's and control measures to ensure that the operations run smoothly and provide for organization. Each day, the NCOIC's receive a few requests and complaints from Flint citizens who are generally upset at the situation, unappreciative of the resources and assistance being provided to them, and tell us how we, along with everyone else working to help the citizens of Flint and resolve the issues, should be doing our jobs.

I was informed by SGT Frick, the station 8 NCOIC, of this issue/complaint as soon as she sensed it may be an issue. I fully support her SOP's and operation. If the POD's are going to be advised to tailor their operations and SOP's to account for each persons individual request and complaint, the POD's run the risk of losing control over the distribution process, which, is a key element to the success of the water distribution operation.

All in all, I understand the compliant. It might seemingly seem "ridiculous" that she could not get the specific water she wanted based on her lack of knowledge of the POD SOP's and without understanding that these SOP's are in place for a reason. I apologize on behalf of the POD's for complaints and issues like this that arise. I am more than willing to explain the POD SOP's to anyone who would like to know.

Lastly, in regards to this specific compliant, station 8 provides a drive through water pick-up. Thus, only a certain amount of pallets are set outside and pulled from. By opening a pallet indoors before it is moved outside, it jeopardizes the integrity of the pallet thus making it a safety risk to move. Thus, when the complainant came inside for water from a specific pallet and was informed that she could not get water from that specific pallet, SGT Frick told her that she would open that pallet next so she could get the water she wanted if she was willing to wait. The complainant decided to wait for the specific water she wanted rather than taking the equally as good water that was available immediately. Thus, SGT Frick tried to accommodate the request as best as possible while maintaining the POD SOP.

If there are any questions or concerns in regards to this matter of further complaints, please direct all traffic on the matter to me rather than the LEOC. Again, I apologize for any grief this may have caused.

Case # S316404

Today I spoke with Staff Sgt. Gazzeny about a situation I had with his soldiers at Fire Station 8 in Flint (a water distribution center). I gave him the name of them (Dukes, Frick, and Hassey). He told me I would have to speak to someone over him because he had instituted the protocol that I am about to complain to you about.
Yesterday when I went to pick up some water, the soldiers would not let me have a case of 1 liter bottles because they could only open 1 pallet at a time and they were currently only passing out the 1/2 liter bottles. I had to wait until that pallet was gone before they decided that they would open a pallet of larger bottles. It's already a pain to have to go and stand in line for water. That they would not let me get the larger bottles was ridiculous, when they were sitting right there. If there are 3 different sizes (1/2 liter, 1 liter, and gallons) what is the big deal about making our lives easier and allowing us to pick from the 3? Is that really a huge deal to have 3 pallets open at once as opposed to only having 1 open at a time? Come on. It seems to me that they should be HELPING to make this time easier for Flint residents, not create more hassle for us. ALCON,

Attached are my notes from Thursday, 28JAN16 for the Friday 29JAN16 SITREP. I will continue to keep the LEOC & SEOC LNO's informed as requested assets or services are delivered/complete. Let me know if you have any questions or concerns.

LTC Randall,

The LEOC has exhausted all of the local options for fulfilling my request for traffic control assets. Thus, if you could request assistance from MDOT for traffic cones & signs, that would help us greatly as stations 1, 5, & 8. Let me know if you need anything in specific from me to complete the request.

LTC Stemitz,

I visited and observed the stations yesterday and touched base with both the POD NCOIC's and soldiers working there to gather information on the public opinion towards the National Guard. Overall, it seems that the the community still has trust in us and is thankful for what we are doing for them. A few soldiers explained that they did have some people (less than 10%) complaining that they were not getting what they wanted and the blame had shifted to the POD workers, but, overall the public opinion is still good. Each station still has multiple citizens and businesses catering multiple meals a day for them to thank them for their hard work. I will continue to gather information in regards to public opinion and keep you informed of any downward changes.

ALCON,

Attached are my notes from Wednesday, 27JAN16 for the Thursday 28JAN16 SITREP. I will keep the LEOC & SEOC LNO's informed as requested assets or services are delivered/complete. Station 5 has still not received a "new" pallet-jack from the warehouse. Once they receive their pallet-jack, the pallet-jack issue will be resolved. Let me know if you have any questions or concerns.

**Subject:** RE: 2Lt Benke Notes 08FEB16

ALCON,

The diesel issue is not resolved yet. The last information passed to me on it was that TF Flint received permission to utilize the diesel pumps at the fire station. Station 5, the station with the generator lights needing diesel, does have a operable diesel pump. Thus, while fuel cans would still be useful, we can wheel the generators over to the pumps to fill them. However, the issue now is getting our own code for the pump. The diesel pumps require a vehicle number and mileage entered as well as a key to operate. We cannot simply use the fire stations info as it would throw off their system/numbers, thus, we need a code of our own. If the LEOC & SEOC could work to get us that access and the logistics section could continue to work to get us fuel cans, that would solve our fuel issues for the generator lights at station 5.

Subject: [Non-DoD Source] RE: 2Lt Benke Notes 08FEB16

Can you verify that the fuel issue for the lights is taken care of. We received a SITREP stating that all the PODs have sufficient light. Is the fuel (diesel) issue worked out?

ALCON,

Attached are my notes from Thursday, 28JAN16 for the Friday 29JAN16 SITREP. I will continue to keep the LEOC & SEOC LNO's informed as requested assets or services are delivered/complete. Let me know if you have any questions or concerns.

LTC Randall,

The LEOC has exhausted all of the local options for fulfilling my request for traffic control assets. Thus, if you could request assistance from MDOT for traffic cones & signs, that would help us greatly as stations 1, 5, & 8. Let me know if you need anything in specific from me to complete the request.

LTC Stemitz,

I visited and observed the stations yesterday and touched base with both the POD NCOIC's and soldiers working there to gather information on the public opinion towards the National Guard. Overall, it seems that the the community still has trust in us and is thankful for what we are doing for them. A few soldiers explained that they did have some people (less than 10%) complaining that they were not getting what they wanted and the blame had shifted to the POD workers, but, overall the public opinion is still good. Each station still has multiple citizens and businesses catering multiple meals a day for them to thank them for their hard work. I will continue to gather information in regards to public opinion and keep you informed of any downward changes.

ALCON,

Attached are my notes from Thursday, 28JAN16 for the Friday 29JAN16 SITREP. I will continue to keep the LEOC & SEOC LNO's informed as requested assets or services are delivered/complete. Let me know if you have any questions or concerns.

LTC Randall,

The LEOC has exhausted all of the local options for fulfilling my request for traffic control assets. Thus, if you could request assistance from MDOT for traffic cones & signs, that would help us greatly as stations 1, 5, & 8. Let me know if you need anything in specific from me to complete the request.

LTC Stemitz,

I visited and observed the stations yesterday and touched base with both the POD NCOIC's and soldiers working there to gather information on the public opinion towards the National Guard. Overall, it seems that the the community still has trust in us and is thankful for what we are doing for them. A few soldiers explained that they did have some people (less than 10%) complaining that they were not getting what they wanted and the blame had shifted to the POD workers, but, overall the public opinion is still good. Each station still has multiple citizens and businesses catering multiple meals a day for them to thank them for their hard work. I will continue to gather information in regards to public opinion and keep you informed of any downward changes.

Sir,
I just got in touch with MSgt Whalen through office line 517-284-3683. The mil@mail.mil email is not compatible with thier system. ALT Email to reach him is "MSP-EOC-MDMVA@michigan.gov"
Confirmation. They are working the issue Fuel and aquiring fuel cans.

MSgt
Whalen,

Just touched base with my LNO in the LEOC. It sounds like my recommendation to use the fuel pump at station 6 is the plan for diesel for the MDOT generators. However, no plan has been established on getting fuel cans and a poring spout to transport and
utilize the fuel. SSG Gazzeny, the LEOC LNO working on the issue, is linked in this email as well so we can all open up a dialogue on this issue and keep it visible to all of us.
From what he just told me, the LEOC & SEOC are tracking the fuel can issue and
are trying to resolve it.

Also, the number you just called me on, 517-284-3020, is not receiving calls for some reason. I know SSG Gazzeny tried to call you earlier and when I just tried calling you back it went strait to a disconnected message.

Lets keep all of the traffic on this issue in this email so everyone stays in the loop. If either the LEOC or SEOC hear anything, get it into this email chain, and, as soon as the cans get to the station, I'll make sure to let everyone know. Let me know

if you have any questions of concerns.

**Subject:** Agency Events for the week of 2/8/16
**Importance:** High
**Auto forwarded by a Rule**

Please send the Planning Group a bullet list of important events that your agency will be participating in this week by noon on Monday February 8, 2016. (i.e. Meeting with community agencies to identify future POD sites or meet with federal partners to outline long term recovery).

We will be compiling a list on Monday afternoon for the Governor's office.

Thanks!

**Subject:** MDOT message boards

ALCON,

The electronic message boards from fire stations 3 & 6 have been removed and replaced with standard signage. A total of (4) message boards, (2) at each station, have been replaced by standard signs approximately 3ft x 2ft that read "SLOW DOWN - WATER POINT AHEAD." I do not foresee any issue with the new signage due to the areas already being know POD sites. Let me know if there are any questions in regards to the matter and I will respond promptly.

Subject: [Non-DoD Source] RE: Finanace

The person here who needs the information is

Burgerp@michigan.gov

She is not getting the information from MSP, and she is the one who is compiling all the financials for the operation.

If you could add her to the distribution for the financials, that would be great. Again, she needs the information by COB on Wednesday. You could also e-mail it to me and I will provide it to her.

Thanks

Rob

By the way, the word from the LEOC is that Hillary will be stopping by a POD at some point today. No one know what POD or when.

Subject: [Non-DoD Source] Finanace

Good Morning,

Finance is requesting a breakdown of our expenditures by COB on Wednesdays. Who do we have that is tracking our expenditures so that I may touch bases with them to get the information the State requires to forward to the Feds.

Currently they are operating of an estimate that you provided to them several weeks ago, but they would like more complete information.

Thank You.

ALCON,

Attached are my notes from Thursday, 28JAN16 for the Friday 29JAN16 SITREP. I will continue to keep the LEOC & SEOC LNO's informed as requested assets or services are delivered/complete. Let me know if you have any questions or concerns.

LTC Randall,

The LEOC has exhausted all of the local options for fulfilling my request for traffic control assets. Thus, if you could request assistance from MDOT for traffic cones & signs, that would help us greatly as stations 1, 5, & 8. Let me know if you need anything in specific from me to complete the request.

LTC Stemitz,

I visited and observed the stations yesterday and touched base with both the POD NCOIC's and soldiers working there to gather information on the public opinion towards the National Guard. Overall, it seems that the the community still has trust in us and is thankful for what we are doing for them. A few soldiers explained that they did have some people (less than 10%) complaining that they were not getting what they wanted and the blame had shifted to the POD workers, but,

overall the public opinion is still good. Each station still has multiple citizens and businesses catering multiple meals a day for them to thank them for their hard work. I will continue to gather information in regards to public opinion and keep you informed of any downward changes.

Hello,
Who from the finance department is requesting this? I have a pretty good breakdown of the hotel use.

I cc'd LT Rogers on this email, he's been dealing with the budget side. LT, should we give him the breakdown that I provided you for LTC Connelly?

CHAD D RANDALL

Subject: [Non-DoD Source] Finanace

Good Morning,

Finance is requesting a breakdown of our expenditures by COB on Wednesdays. Who do we have that is tracking our expenditures so that I may touch bases with them to get the information the State requires to forward to the Feds.

Currently they are operating of an estimate that you provided to them several weeks ago, but they would like more complete information.

Thank You.

Robert A. Seeley, LT COL, MI ANG
